

TRANSFER PROGRAMS

Transfer courses are designed to parallel lower-division offerings at four-year colleges and universities. Through the transfer curriculum, Glendale Community College students may complete freshman and sophomore requirements and transfer to the university with junior or upper division status. With careful planning, students may also complete graduation requirements for the Associate in Arts degree* at the same time that they are completing the Baccalaureate degree requirements.

A student may transfer a maximum of 70 units from a community college to campuses of either the University of California or the California State University systems. It is advised (and at some schools required) that students transfer with at least 60 transferable units to ensure that they are admitted to the four-year institution with junior or upper division status.

Glendale Community College offers transferable courses in the following subject areas:

ACCOUNTING	FIRE PROTECTION ADM. & TECHNOLOGY	PRE-PROFESSIONAL STUDIES:
ANTHROPOLOGY	FOREIGN LANGUAGE	CHIROPRACTIC

Planning to Transfer?

ASSIST is a computerized student-transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California.
