Glendale Community College reserves the right to modify its programs, tuition and fees, admission and graduation requirements, schedules and other policies, procedures and regulations stated in this catalog without notice. This catalog does not constitute a contract between the student and the college.
WE’RE GROWING WITH YOU...

Glendale Community College has served Glendale and the surrounding areas since 1927, providing quality academic and career education.

The college is now implementing a carefully designed plan to increase facilities as well as renovate and upgrade existing structures.

The Campus Development Committee (CDC) has planned all construction and remodeling to integrate functions, improve traffic flow and retain and emphasize the original Spanish architecture and unusual design features that could never be replaced.

Construction began with six tennis courts, including one tournament court with bleachers, and new parking lots that include the first-ever on-campus student parking.

The San Rafael Building was erected on the site of the old tennis courts. It centralizes student services such as counseling, financial aid, placement, transfer center and student health center. It also provides expanded instructional data processing facilities and computer-assisted instruction laboratories, additional classrooms, faculty offices, and a multi-media lecture hall with satellite closed-circuit TV downlink.

A new Adult Education Training Center facility in the south Glendale area serves residents of the south-central area interested in English as a second language, office skills instruction, and other non-credit programs previously offered in temporary buildings and rented spaces throughout the area.

The Child Development Center was constructed on the upper eastern part of the campus off Mountain Street. It houses programs for instruction in early childhood training and parenting, and a day care facility.

Remodeling of the Administration Building was completed in the fall of 1990 and the renovation of the Auditorium Building was completed in the fall of 1992.

Additionally, the college has added more student and staff parking on the northeast hill, plus a perimeter road linking Verdugo Road and Mountain Street to improve the flow of campus traffic and provide emergency vehicle access to the eastern portion of the campus.

The High Tech Center expansion & modernization project began in the fall of 1993, and the Library/Classroom addition and Multi-Use Lab Building in the summer of 1994.

Future plans include an upgrade of the fire protection and utility systems, an Aviation/Arts Building addition, remodel and addition to the science buildings, an Allied Health/Aviation Lab Building, indoor and outdoor PE facilities, renovations and additions to the Campus Center and Bookstore, a music wing addition to the Auditorium Building, a Culinary Arts Building, and a Parent Education/Human Development Building.
GLENDALE COMMUNITY COLLEGE

Glendale Community College was founded in 1927 to serve the needs of the people in the Glendale Union High School District which included La Crescenta, Glendale, and Tujunga. The school was founded as Glendale Junior College and from 1927 to 1929 conducted classes in the buildings of Glendale Union High School at Broadway and Verdugo in the City of Glendale. In 1929 the junior college moved to the Harvard School plant of the Glendale Union High School District where it remained until 1937. In this year a new plant, part of the present one, was completed and occupied. The year before, in 1936, the Glendale Junior College District was dissolved as such and became a part of the new Glendale Unified School District. The name of the school was changed to Glendale College in 1944. On July 1, 1970 Glendale College became a part of the Glendale Junior College District. On April 20, 1971 the Board of Education adopted a resolution changing the District name to Glendale Community College District.

On November 3, 1980, the Glendale voters approved a measure to establish separate Boards. In April 1981, the new members were added to the Board. The separation resulted in the creation of a Board of Trustees solely responsible for the governance of the Glendale Community College District.

In 1936 twenty-five acres were acquired for the present site of the college. The campus now consists of 100 acres and 15 permanent buildings. It is beautifully located on the slopes of the San Rafael Mountains overlooking the valleys in the Glendale area.

Glendale Community College has a college-credit enrollment of about 15,500 day and evening students, and approximately 8,000 others are reached through the adult education program, amnesty education, and specialized job training programs such as the Employment Training Panel (ETP), Job Training Partnership Act (JTPA), etc.

GENERAL INFORMATION

MISSION STATEMENT

"Glendale Community College is dedicated to the creation and preservation of an educational and cultural environment which meets the needs of a changing community. The College is committed to the philosophy that all individuals have inherent worth and dignity, and thus it offers a wide range of educational opportunities to all who can profit from community college instruction. Its programs are designed to awaken latent capacities and challenge recognized abilities in its diverse student population.

The College provides quality academic, vocational, cultural, basic skills education and remediation programs and services. These are designed to encourage the development of intellectual curiosity, creativity, critical thinking, effective communication, technical skills, and a basic understanding of the relationships between the past and the challenges of the present and future. The ultimate mission of the College is to help students form rewarding lives, productive for themselves and for society."

The College endorses the concept of the community college as an institution that serves in various and dynamic ways the educational, cultural, and economic needs of the community, where such activities are compatible with the College's primary mission.

Statements of the mission of Glendale Community College are disseminated through many channels of publicity, including the following:

a. The College Catalog and Semester Schedule of Classes
b. The Faculty Manual
c. Counselors who visit area high schools
d. Advisory committees that meet to assist in planning for vocational offerings
e. Presentation of purposes at meetings of the Board of Trustees, civic groups, professional organizations, service clubs, chambers of commerce, and other appropriate groups
f. Activities of the Job Placement Center include orientation of business and industrial personnel to the functions of the College.
g. Discussion with students in student development classes and in individual counseling sessions about the functions and purposes of community college education
h. Presentations to the Glendale Community College Patrons Club
i. Special programs for community groups
j. Personnel involved in the direction of the Adult Re-entry program engage in an extensive college orientation program for student groups and for groups within the community.

OBJECTIVES AND FUNCTIONS

Pursuant to its stated mission, Glendale Community College has one objective: education.

Six primary functions support this objective.

a. *Associate in Arts/Associate in Science*: Education toward the granting of AA/AS degree(s) is provided in accordance with approved graduation requirements. General education and major coursework form the core of the required curriculum, the balance being electives.
b. Education for meeting the lower division requirements of a university or a four-year college: The college offers many courses which are equivalent to those available in the freshman and sophomore years at the University of California, The California State University and other colleges and universities in the United States. A student with a satisfactory high school and community college record will receive full credit for all college and university level work done at Glendale Community College provided that the work meets the specific requirements of the college or university to which the student transfers.

c. Education beyond the high school level for vocational competence and/or occupational certification: Training programs are offered for many occupations in business and industry. Certificates are awarded upon completion of the requirements for the occupation-centered curriculums. Courses offered in these programs serve three groups of students: those training for entry-level positions; those preparing for advancement on the job; and those seeking to improve skills to meet new job requirements. Thus, students are offered a balance of technical and general education.

d. Pre-Collegiate Basic Skills: Educational programs prepare students for collegiate level work. Courses are designed to provide the student with basic skills instruction with emphasis on speaking, listening, reading, writing and computation.

e. Education beyond the secondary level for personal improvement: Recognizing the needs of post-secondary students for education which may lead neither to education in a higher institution nor to vocational preparation, Glendale Community College offers a diversity of courses which satisfy intellectual curiosity and provide knowledge about and appreciation of our diverse cultural heritage.

f. Non-Credit/Adult Education level: A comprehensive program includes basic education, courses leading to the high school diploma, citizenship, English as a second language, career and vocational classes, and courses that satisfy the many special interest needs of the community.

PROGRAMS AND SERVICES

A variety of programs and services implements and supports the objectives and functions stated above.

a. Counseling: Counseling services assist students in becoming personally integrated and self-reliant. To this end, counselors encourage students to explore their own needs and the satisfactions of those needs which may accrue from their educational experiences and their choices of life style. They provide a climate in which students make thoughtful, independent, decisions for educational and vocational goals. Working through individual interviews with students, small and large groups, and college orientation classes, they help students to become aware of their capabilities and to plan appropriately. They are involved, also, in such other support services as administration of the Extended Opportunity Programs and Services, financial aids, job placement, a broad testing program, tutoring, and correction of learning deficiencies. Glendale Community College offers seminars for the mature and older adults on their role in society.

b. Health Services: The Health Center provides first aid, primary health care, crisis counseling, health counseling, information and referral services.
c. **Basic education:** Students with specific learning problems or with grade or subject deficiencies in their high school record may make up such deficiencies and enter into a program leading to an A.A. degree and, if desired, to upper division standing at a four-year institution.

d. **Refresher education:** Members of the community have the opportunity to refresh, as well as to update their knowledge in classes offered at Glendale Community College.

e. **Continuing education:** Persons wishing late afternoon or evening classes may enroll in the Evening College program. Evening College courses parallel and expand the daytime offerings. The college also offers classes on Saturdays.

f. **General education for all members of the community:** The college offers wide and varied curriculum designed to promote the following objectives:

1. Development of communication and computational skills which form a base for training in critical thinking as exemplified in drawing sound conclusions from premises, making relevant judgments, and discriminating among values.

2. Knowledge of the cultural heritage as the accumulated record of the development of mankind.

3. Appreciation for aesthetic expression, excellence, and creativity as major values.

4. Foundation in knowledge, attitudes, and skills necessary for occupational employment.

5. Cultivation of habits which are essential to physical and emotional growth, citizenship, and societal responsibilities.

6. Development of an awareness of the influence of such environmental problems as population growth, land-use, and pollution on the quality of life through field observation and other experiences.

g. **Adult education:** A varied adult education program including high school diploma subjects, English as a second language, citizenship, parent preschool education, retirement seminars, and office skills, is offered by the Non-credit Education office.

h. **Community services:** The college also offers a fee-based program designed to provide public service in a wide variety of avocational, recreational, self-improvement and other career development subjects. None of these courses are offered for college credit. If you have received a traffic ticket, Traffic Violators School is held both weekends and weekdays.

i. **Education for creative use of leisure time:** The college encourages students to develop skills and an appreciation for creative use of leisure time.

j. **Preparation for the future:** The college urges students to become more sensitive to world crises created by a burgeoning population and by the increasing demands of people and nations upon resources. Students learn to approach these crises through the scientific method of the natural sciences and through the combined methods of the humanities and social sciences and co-curricular programs. It is important for students to realize that the structure of human society is changing and that new and different technologies will affect the transition.
k. Services to meet the unique needs of ethnic-minority students: The college is committed to cultural diversity within its student body achieved by recruitment of resident Americans of various national origins and by the acceptance of a significant number of foreign-visa students. Meeting the needs of these students realistically is an important function of the college.

ACCREDITATION

Glendale Community College is fully accredited by the Western Association of Schools and Colleges, and approved under the regulations of the California State Department of Education and the California Community Colleges.

ADVISORY COMMITTEES

Glendale Community College seeks advice about the programs and goals of the institutions. Individual citizens representing organizations, interests, and specific programs contribute their time to ensure that the college is meeting student, industry, and community needs.

ALCOHOL/DRUG ABUSE NOTIFICATION

The college is committed to achieving and maintaining a campus community that fosters personal and institutional excellence and strives to provide conditions under which the work of the college can proceed freely, with the highest standards of quality and institutional integrity. The harmful effects of substance abuse diminish the quality of our campus life.

To assist in achieving a campus free from the problems of substance abuse, the college has adopted policies prohibiting the unlawful manufacture, sale, distribution, possession, or use of controlled substances and alcohol on all college properties or at official functions, both on or off-campus. Any member or group of the campus community violating these policies and regulations will be subject to disciplinary action.

Prohibitions, Sanctions and Penalties

Section 5420.1 of the Glendale Community College District Board Policy prohibits the:

"Use, possession, offer to sell or distribute, arrange for sale or distribution, negotiate for sale or distribution, sell or distribute, or presence on campus while under the influence of alcoholic beverages, narcotics, or other legally controlled drugs, except expressly permitted by law."

A violation of the provisions of this policy, and/or relevant local, state, or federal law which prohibits the use, possession or sale of alcohol or other controlled substances may result in the imposition of specific sanctions as identified within the "Code of Student Conduct (Board Policy, Section 5420.1)." These sanctions or penalties include a verbal warning, a written reprimand, disciplinary probation, summary suspension, disciplinary suspension or expulsion.

Legal Sanctions

Numerous Federal, State and local statutes and ordinances relate to the manufacture, distribution, possession, or use of a controlled substance or alcohol and impose legal sanctions for both felony and misdemeanor convictions for violations. Drugs considered to be controlled substances are listed in Schedules I through V of the Controlled
Substances Act (29 U.S.C. 812) and are further defined by Regulations 21 CFR 1308.11 through 1308.15. Detailed information regarding these statutes, which may change over time, and copies of the Act and Regulations are available for review from the Student Activities Office in the Campus Center.

Drug-related penalties include the following:

- Simple possession of controlled substances: civil fines of up to $10,000 per violation, jail sentence, and denial of Federal benefits, such as STUDENT LOANS
- Manufacture, sale or distribution of all scheduled drugs: prison sentence for a FELONY
- Distribution or possession with the intent to distribute a controlled substance on College property: up to TWICE the prescribed sentence for the original offense and TWICE the prescribed parole time (required)
- Possession of one or more ounce(s) of marijuana for personal use: fine or jail time for a misdemeanor
- Possession of less than one ounce of marijuana: fine of up to $100
- Cultivation, possession for sale, or sale of marijuana: FELONY

In addition, it is a misdemeanor to sell, furnish, give, or cause to be sold, furnished or given away, any alcoholic beverage to a person under 21 or any obviously intoxicated person, and no one under 21 may purchase alcoholic beverages. It is also unlawful for any person under 21 to possess alcoholic beverages on any street or highway, or in any place open to the public.

Health Risks Associated with Alcohol and Drug Abuse

The abuse of alcohol and drugs can produce intoxication and physical symptoms such as hangovers, blackouts, impaired motor function, damage to the liver, stomach, intestine, cardiovascular system, brain and neurological systems, addiction and death. Alcohol and drugs are not only toxic to the body, but may also result in the transmission of infections associated with intravenous drug use such as HIV and hepatitis. Pregnant women risk fetal damage and birth defects including hyperactivity, neurological abnormalities, and development difficulties.

In addition to the above problems, the use of these substances can cause severe family, social and psychological problems, as well as intellectual impairment which may be permanent. Abuse of alcohol and drugs is a major cause of serious and fatal traffic accidents; alcohol-related accidents are the number one cause of deaths for persons aged 15-24. Chemical dependency is a disease that, if not arrested, is fatal.

Educational Program and Assistance—Where to Get Help

A list of “Chemical Dependency and Substance Abuse Referral Resources/Agencies,” as well as additional information on chemical dependency and substance abuse is available from the Health Center on the first floor of the San Rafael Building. If you have any questions regarding the College policies and regulations, please contact the Student Activities Office in the Campus Center.

ALUMNI ASSOCIATION

The Glendale College Alumni Association was established in 1988 as an organization of people who desire to serve and support Glendale Community College.
It is the purpose of the Glendale College Alumni Association to develop stronger relationships between friends and former students, and to support and promote the goals, activities, and interests of Glendale Community College. The Association fosters an awareness of Glendale College educational, cultural, and athletic events, including seminars, lectures, theatrical productions, concerts, musicals, dance, art festivals and sporting events. It is the goal of the Association to develop a spirit of friendship, communication and cooperation among the alumni through its newsletters, reunions and other social and community service activities. The Association supports and assists the Glendale College Foundation in its efforts to promote excellence and a superior scholastic environment.

The GC Alumni Association provides the vehicle to stimulate this support and to keep the community, alumni, and friends of GCC aware and involved. The Association’s intergenerational ties are of vital importance. There is a growing pride in being a part of the GCC family of supporters, and in giving back something to the college which has given so much to them.

The office of the GC Alumni Association is located in the Campus Center Building, lower level, room CC109. The telephone number is (818) 240-1000, ext. 5595.

**THE BAJA CALIFORNIA FIELD STUDIES PROGRAM**

Glendale Community College has developed a commitment to offering field classes and field trips in the Baja California peninsula, Republic of Mexico. The college maintains, since 1974, a facility in the Peninsula, the field station “Estación del Mar Cortés”, which serves as a headquarters for various curricular offerings of interest to its faculty and students. Over the years, course offerings in the areas of marine biology, history of Baja California, philosophy, psychology, health, geography, physical education, and geology have been offered. During the Fall and Spring semesters field trips are offered and during the Summer session field classes are taught.

In a setting that emphasizes field observation, the program aims to expose students to a pristine and complex natural environment coupled with a unique experience in the Mexican culture. Different areas of learning are integrated in a setting which results in memorable and long-lasting adventures in learning. Students and faculty participate in the planning and organization of each class. By living and learning together, a community of learners is created where the beauty and complexity of the human and natural world can be observed, studied and enjoyed.

Students interested in participating in any of the programs offered during the year should contact their counselors, the appropriate instructors, or the program coordinator in OT3 “2”, (818) 240-1000, ext. 5515, for application forms.

**COOPERATIVE EDUCATION**

Glendale Community College, under a state-approved plan, cooperates with local students, businesses and industries in the Cooperative Education-Work Experience program. Each community college in California has the responsibility within the limits of its resources to maximize and utilize all possible educational experiences which are advantageous to the students. One method is through the Cooperative Education-Work Experience program. Through the cooperation of business, industry, and government, students earn credit for supervised off-campus employment. Occupational Cooperative Education-Work Experience must be directly related to the student’s two year career
college program. Coordinated classroom instruction is included to help the student understand and appreciate the problems of business and industry. The student must maintain an enrollment of no less than seven (7) units including Cooperative Education.

EVENING COLLEGE

A full offering of late afternoon and evening college credit classes is provided by the Evening College. These courses parallel day courses in prerequisites, content, time devoted to preparation of assignments, and examinations. Attendance, registration and withdrawal rules, probation and dismissal regulations, scholarship standards, and requirements for graduation with the Associate in Arts degree and the Associate in Science degree are the same as for the day program. The regular facilities of the college, including the library, bookstore, auditorium, laboratories, counseling center, career center, and snack shop are available to Evening College students.

The teaching staff is made up of persons highly qualified to instruct these classes. Many members of the Evening College faculty teach on the regular day staff of Glendale Community College and of other colleges. Business and professional persons who have obtained proper teaching credentials also give the benefit of their knowledge and skills to the students.

Counseling services, in addition to advisement by the instructional staff, are available through the Counseling Center in the evening. Counseling appointments may be arranged by telephoning (818) 240-1000, ext. 5918.

Any student who complies with established registration procedures may enroll in Evening College classes.

G.E.D. TESTING

The General Education Development Tests (GED) can give you the opportunity to earn a high school equivalency certificate and may reduce considerably the number of elective courses required for a high school diploma. The GED Tests are five tests in the areas of Writing Skills, Social Studies, Science, Art & Literature, and Mathematics. The GED Test is given monthly at the Adult Community Training Center at 1122 E. Garfield Avenue, Glendale. For test dates and registration information please call (818) 243-3184. For information regarding optional preparation courses offered at the ACTC call (818) 240-1000 ext. 5686.

GLENDALE COLLEGE FOUNDATION, INC.

Glendale College Foundation, Inc., a non-profit organization, was incorporated in 1983 as a vehicle for the community to assist with the financial support of Glendale Community College. A thirty-five member Board of Directors, composed of local leaders, formulates the policies, goals, and directions of the Foundation.

Objectives of the Foundation are: (1) creating public awareness of the needs of the college; (2) promoting the College to business and industry and the greater Glendale Community; (3) raising funds for quality facilities and programs; and (4) establishing endowment funds for divisions and departments at the college.

Current activities include: (1) the distribution of funds to faculty for special projects; (2) sponsorship of the Glendale College Foundation Golf Classic; (3) sponsorship of the annual Glendale College Foundation Business Luncheon; (4) Solicitation of donations
for personalized tiles and tennis club memberships; (5) the sponsorship of various fund raising and public relations activities; and (6) sponsorship of various college activities.

Individuals who would like to make cash or in-kind contributions to the Foundation or who would like further information are invited to contact the Glendale College Foundation office in TC 102 or call (818) 551-5199.

INTERNATIONAL STUDENTS

Glendale Community College welcomes students from countries all over the world who desire to study in the United States. At any one time there are approximately 500 international students in attendance at Glendale Community College representing approximately 50 foreign countries. International students who desire to enter Glendale Community College may receive application materials from the International Students Center, San Rafael Bldg. In order to be admitted to Glendale Community College, international students must submit copies of all records of previous schools translated officially into English, submit results of the TOEFL, and complete certain health requirements. A $25 admissions application processing fee and a $117 deposit, which will be applied toward the first semester's tuition, are required. These fees are non-refundable. It should be noted that all requirements must be completed before a decision is made as to acceptance. Selection of international students is based upon previous school records, TOEFL scores, and the desire to have as many nationalities represented in the student body as possible. Special academic programs for international students are available.

All international students are assigned to an international student advisor who offers a wide range of assistance services.

NON-CREDIT ADULT EDUCATION

Adult Community Training Center

In the Fall of 1989, Glendale Community College was proud to open the new Adult Community Training Center. The Center, located at 1122 E. Garfield Ave., houses the Adult Education Office, Community Services Office, JTPA/GAIN, and the Office Skills Center classes, a Developmental Skills laboratory, and English as a Second Language classes.

Office hours are 8 a.m. to 9 p.m. Monday through Thursday, and 8 a.m. to 4:30 p.m. Friday. Staff may also be reached by calling (818) 243-3184.

Non-Credit Adult Education Courses

A separate program of non-credit adult education courses provides educational opportunities for those seeking personal and occupational improvements. Adult non-credit courses include business education, clothing, preschool parent education, G.E.D., English, basic education, history, government, mathematics, physical science, a wide range of classes for retired adults, and home arts. Other courses may be developed to meet the special needs of those desiring general interest studies. Classes are scheduled at various locations throughout the school district.

Included in its program is the opportunity to earn a high school diploma. The minimum requirements for a high school diploma from the Glendale Unified School District (grades 9-12) are as follows:
General Information

English (9, 10, 11) .............................................. (30 sem. hrs.) 3 cr.
World History .................................................... (10 sem. hrs.) 1 cr.
American History (11) ......................................... (10 sem. hrs.) 1 cr.
American Government (12) ..................................... (5 sem. hrs.) 1/2 cr.
Economics ............................................................ (5 sem. hrs.) 1/2 cr.
Science (10 or higher) .......................................... (20 sem. hrs.) 2 cr.
Mathematics (9 or higher) ....................................... (20 sem. hrs.) 2 cr.
Elective (including First Aid and Driver Education) ............... (90 sem. hrs.) 9 cr.

TOTAL ........................................................................ (190 sem. hrs.) 19 cr.

A minimum of 2 credits (20 semester hours) must be completed in residence. Courses completed at Glendale Community College Adult Education or Glendale Community College may be counted as courses completed in residence.

Further Sources of High School Credits

1. High school credits, applicable toward a diploma of high school graduation, may be earned by completing courses offered in the Adult Education program. High school elective credits may be earned by completing courses offered by the Adult Education Department of the Glendale Community College District; however, students who desire such credit must consult with an evening adult counselor to be sure that such credits will satisfy graduation requirements and must make this fact known to the instructor at the time of enrollment. Where there is no designation of credit allowance, credit may be earned at the rate of 1/2 credit (5 sem. hrs.) for a class that meets twice a week.

2. Credits toward a diploma of high school graduation may be earned in other accredited secondary schools and transferred to the Glendale College Adult Education Division. No credit will be allowed for correspondence or extension courses where the examinations have not been monitored or proctored by acceptable school officials or teachers.

3. Credits may be granted for work achievement having educational value provided the individual has been employed for a year or longer by the same employer in an activity which could be considered equivalent to, or parallel to, some high school subject; and original letters from the employer are submitted verifying the dates and length of employment, detailing the nature of the work performed, and rating the quality of the work completed. Not more than four credits (40 sem. hrs.) of work achievement credit may be counted toward high school graduation.

4. Credits may be granted for regular training courses completed at a military base during a term of military service, based on the recommendations of the American Council on Education, and for approved courses completed with the United States Armed Forces Institute.

5. Credits earned at Glendale Community College or at any other accredited college may be converted into high school credits by approval of the adult school, at the rate of three college units for one high school credit (10 sem. hrs.).

6. Credits may be granted according to the results of the General Educational Development Tests (G.E.D.) taken by those who qualify. Neither college nor high school
courses that have a content the same as, or are of a lower level than, courses already
taken and passed in the same subject area may be taken for high school credit. If there
is any question regarding the acceptability of a course, the student is to confer with a
counselor or the Dean of Non-Credit Education.

High School credits may not be earned through repetition of a subject for which credit has
been granted previously.

NON-DISCRIMINATION AND EQUAL OPPORTUNITY POLICY

Glendale Community College District is a multicultural community of people from
diverse racial, ethnic, linguistic and class backgrounds, national origins, religious and
political beliefs, physical and mental abilities, and sexual orientations. The activities,
programs, classes, workshops/lectures, and everyday interactions of this District are
enriched by our acceptance of one another, and we strive to learn from each other in an
atmosphere of positive engagement and mutual respect.

Implicit in this mutual respect is the right of each of us to live, study, teach, and work free
from harassment or denigration on the basis of race, age, religious preference, gender,
sexual orientation, color, national origin, or disability. Any violation of this right — verbal
or written abuse, threats, harassment, intimidation, or violence against person or property
— will be considered a violation of the principles of community that are an integral part
of the focus, goals, and mission of the Glendale Community College District.

Glendale Community College District is committed to providing an equal opportunity for
admissions, student financing, student support programs and activities, and employment
regardless of race, religious creed, color, age, sex, sexual orientation, national origin,
ancestry, marital status, medical condition, or disability in accordance with federal, state,
and local regulations. This Non-discrimination and Equal Opportunity Policy covers
admissions, access, and treatment in District programs and activities, and application for
and treatment in District employment.

An individual who feels that he or she has been unlawfully discriminated against should,
at the earliest possible time, discuss the matter with the appropriate District compliance
officer. The compliance officer will be able to explain the grievance procedure to the
student, employee, or other individual and will assist in processing the grievance, should
such a step be necessary.

**Title IX** represents the section of the Civil Rights Act of 1964 which requires equality
of opportunity for females in all educational endeavors. Its original application was
gearied to equal opportunity in physical education and sports; however, the impact of
Title IX is spread across all disciplines and all segments of the community colleges.
The Title IX Coordinator is Nancy Knight, Administration Building, room 125,
(818) 240-1000, ext. 5126.

**Section 504** is a part of the Rehabilitation Act which requires equality of opportunity
and access for handicapped individuals in both employment and educational oppor-
tunities. The section 504 Coordinator is Nancy Knight, Administration Building, room
125, (818) 240-1000, ext. 5126.

**Affirmative Action** is a means to ensure that the district complies with the Employ-
ment Opportunity Act, Civil Rights Act, and State Affirmative Action Plan which
require that the District not discriminate on the basis of race, religion, color, age, sex,
national origin, ancestry, physical handicap, medical condition, or marital status. The Affirmative Action Officer is Donald F. Averill, Administrative Annex, (818) 240-1000, ext. 5164.

**Academic Grievance** is a process provided to students who have a grievance regarding the manner in which they have been treated in the academic environment. For academic grievance, contact N. Arthur Rasmuson, Administration Building 106, (818) 240-1000, ext. 5104.

**American Disabilities Act** is Federal Civil Rights legislation that prohibits discrimination against individuals with disabilities in employment (Title I), public services and transportation (Title II), public accommodations (Title III) and telecommunications (Title IV). The American Disabilities Act Coordinator is Nancy Knight, Administration Building 125, (818) 240-1000, ext. 5126.

## STUDY ABROAD PROGRAMS

Glendale Community College believes it is essential for students today to cultivate an informed and sensitive awareness of all parts of the world in order to better co-exist with other nations and with people from cultures different from their own. In harmony with this belief, the college is following the guidelines developed by the Council on International Educational Exchange for the U.S. Department of State, which focus on expansion of student opportunities for study and work abroad.

In addition to annual programs in Baja California, the college plans to offer full semester programs in Mexico, France, England, Spain, Italy, and other countries that are of special interest to Glendale College students.

Interested students should phone (818) 240-1000, ext. 5143 or drop by Ad 145.

## TRANSFERS TO FOUR-YEAR COLLEGES AND UNIVERSITIES

Students may take programs at Glendale Community College which will qualify them for junior standing in most of the four-year colleges and universities. The requirements of colleges vary so greatly that it is not possible to prescribe a program of work which will apply to all of them. However, written agreements for both general education and major requirements have been established with many of the four-year colleges and universities in California.

Students should consult their counselor as to the availability of a written agreement. If an agreement is not available, students should consult the catalog of the college or university to which they intend to transfer. With the help of their counselor, they should choose their courses at Glendale Community College in accordance with the lower division (freshman and sophomore) requirements of the college or university of their choice as outlined in its catalog.

Catalogs of schools, colleges and universities are on file for reference purposes in the Career Center, the Library, and the Transfer Center. Students are urged to obtain catalogs directly from the college or university in which the individual is interested.

## VETERAN EDUCATION

Glendale Community College is approved as a degree-granting institution for the attendance of veterans and veteran’s dependents entitled to educational assistance. After
filing an application for admission, a veteran wishing to attend on one of the V.A. assistance bills should complete all necessary forms at the college Veterans Office.

The educational assistance allowance payable to Veterans is:

- Full time — 12 units or more
- 3/4 time — 9-11½ units
- 1/2 time — 6-8½ units
- 1/4 time — 3-5½ units

Continuing and returning students who were previously enrolled for V.A. assistance must submit to the college Veterans Unit, in the Office of Admissions and Records, each semester a Veteran's Intent-To-Register Agreement form if they wish to continue to receive assistance.

It is the veteran's responsibility to promptly notify the college Veterans Unit of any change of program which would affect his or her V.A. assistance.

Veterans taking a course which lasts less than a semester will be paid only for the actual enrollment period. Veterans must be enrolled in at least one additional unit of academic subjects than the number of units in which they are enrolled in Cooperative Education-Work Experience. Veterans will not receive benefits for enrollment in Cooperative Education-Work Experience 101.
COLLEGE SERVICES

MISSION AND PHILOSOPHY OF COLLEGE SERVICES

The primary mission of all educational institutions is learning. Glendale Community College recognizes that there are many activities and programs outside of the classroom which enhance the learning process. Consequently, numerous student services have been established to help students move toward the attainment of their goals.

College Services, by contributing to the overall educational process at the college, is committed to serving the special needs of a diverse student population. Thus, the variety and comprehensive nature of student services at the college is intended to support a multitude of concerns for a large and changing student enrollment.

The programs offered by College Services are designed to assist students in the decision-making process by helping them identify and clarify personal, career, and educational goals. The intent is to help students select options for improving the quality of their lives. Personal, career, and academic choices are not viewed as separate and disconnected entities but as inter-related issues, the combination and interaction of which determine the present and future quality of each individual's life experience.

College Services is committed to assisting students to attain their educational goals and personal development through a comprehensive program of student services. The major student support programs are:

**Enrollment Services**—Outreach and recruitment, admissions, orientation, assessment, counseling, advisement, educational planning, registration and record services to assist students in enrolling in the appropriate classes.

**Support Services**—Counseling services, learning assistance (writing lab, learning center, and tutoring center), adult re-entry programs, career guidance, job placement, veterans's services, transfer services, disabled student program, health services, and library services to help students develop goals, to plan for achieving desired results, and to support and contribute to student self-realization.

**Financial Services**—Financial aid, student employment, scholarships, and awards for students who need financial assistance.

**Activity Programs**—Athletics, student clubs, student government and student activities to broaden the students' involvement in college life.

To assist students in meeting their educational objectives, College Services is the primary advocate on the students' behalf to provide access for all persons who wish to attend the college: physical access to facilities on the campus; access to programs and services; and access to the required courses.

College Services promotes an atmosphere conducive to growth and special programs to eliminate educational, social, cultural, economic, and physical barriers to a person's education.

ADULT RE-ENTRY CENTER

The Adult Re-entry Center is open to all students at Glendale Community College as well as all interested persons in the community. It is staffed by specially-trained counselors to serve the counseling needs of returning students. The counseling services provide new and returning students an opportunity to develop a long range educational plan (SEP).
The staff is sensitive to the issues and concerns that relate to adult students. The Center is located in the San Rafael Building.

The Adult Re-entry Program has a major goal of providing students with the opportunity to expand views and increase their personal, academic, and vocational self-fulfillment in an educational environment which is both flexible and accessible. Special services offered in the Re-entry Program are focused on single parents and displaced homemakers. A mentoring program is also available. The Adult Re-entry Program also offers special college seminars as offered by the counselors. The seminars consist of vocational and educational exploration and decision making, personal development, study skills, stress management, career and job exploration, gender equity information, individual and group counseling concerning the problems of family responsibility, time management and academic pressures of mature students who have recently returned to college.

BOOKSTORE

The College Bookstore is located in the center of the campus. College textbooks, recommended books, school supplies, emblematic clothing, and notions are available. Receipts for purchases are stapled to the bookstore's return policy. The bookstore is open 7:45 a.m. to 7:15 p.m. Monday through Thursday and 7:45 a.m. to 3 p.m. Friday during the Fall and Spring semesters, with extended hours the first two weeks of each semester. During the Summer Session, it is open 7:45 a.m. to 1 p.m. Monday through Thursday with extended hours the first two weeks and the final week of the session (except Tuesday evenings). The bookstore will accept the following forms of payment:

1. Personal checks with a Glendale Community College picture I.D. and California driver's license or other picture I.D.
2. ATM/Debit card
3. MasterCard*
4. Visa Card*
5. Discover Card*

*Written authorization from cardholder is required.

CAMPUS CENTER

These facilities provide offices and conference rooms for the Associated Students as well as a place where student clubs and other organizations may meet for social and business functions. Arrangements for the use of the Campus Center may be made in the Student Activities Office, room CC 109 and cleared with the Master Calendar.

CAREER CENTER

It is important that students choose a major or course of study early in their educational experience. Glendale Community College students are facilitated in the career exploration process by the administration of appropriate standardized inventories, surveys, computerized systems and tests. Students are assisted in exploring their values, interests, and abilities for application to the world of work.

The staff provides individualized career counseling, as well as mini-workshops and classroom interaction.

The Career Center can help the student in the following areas:

1. Finding a college major.
2. How to do research and use career resources.
3. Career changes and career planning through the lifespan.
4. The decision making process in careers.
5. Choices for further academic training.
7. Resume writing and job interviewing.
8. Information interviews to test reality.
9. Certificate or transfer choices.
10. Women in non-traditional jobs; minority concerns.
11. Referral to community and college resources.
12. Provide a format for questioning in a positive, supportive environment.

The Career Center is located in the San Rafael Building, second floor. Call the Career Center at (818) 240-1000, ext. 5407 for day and evening hours.

COLLABORATIVE LEARNING

Another innovative program that the college offers its students is the Collaborative Learning workshops that are available each semester with selected courses. These workshops provide students with a structured way to study collaboratively under the supervision of an instructor or specially trained student leader to master course content at a higher level of understanding. Workshop participants who attend regularly usually increase their course grades. A list of workshop offerings is available in the current class schedule or through counseling services. The program coordinator is happy to answer questions about this free service in Verdugo Trailer "D" or PB109-A. The Collaborative Learning program is supported by the Tutoring Center.

DISABLED STUDENTS

Students who have a disability, or some health impairment which may interfere with their scholastic attainment are eligible for assistance or special services through Disabled Students Programs and Services. Such eligible students include those who, because of being hearing impaired, deaf, learning disabled, speech impaired, brain injured, blind, visually handicapped, mobility impaired, or otherwise health impaired, cannot succeed in college courses without some assistance or special services.

Students are counseled and assisted in the pursuit of academic, vocational and personal development goals. Our professional staff serves as liaison with on-campus resources and faculty members. Off-campus contacts are maintained with community referral agencies such as the State Department of Rehabilitation and other allied health professionals.

Support services and specialized instruction are provided to the students based on individual educational plans. Services include but are not limited to the following:

- Counseling
- Priority Registration
- Registration Assistance
- Mobility Assistance
- Special Parking
- Mobility Orientation
- Books on Tape
- Readers for the Blind
- Visual Aids
- Braille Materials

- Interpreters for the Deaf
- Note Takers
- Lip Reading Instruction
- Tutoring
- Examination Proctoring
- Specialized Assessment
- Learning Disabilities Program
- Communication Disabilities Program
- High Tech Center
- Equipment Loan
For information regarding any of these programs and services please call (818) 240-1000, ext. 5449 or come to the Disabled Students Center Office in the San Rafael Building, 8 a.m. to 4:30 p.m. Tuesday and Wednesday; 8 a.m. to 7 p.m. Monday and Thursday; 8 a.m. to 12 noon Friday.

EXTENDED OPPORTUNITY PROGRAM AND SERVICES

The Glendale Community College Extended Opportunity Program and Services (EOPS) was established at Glendale Community College in 1972 and is jointly funded by the State of California and the Glendale Community College District. EOPS provides programs and services designed to afford educationally and economically disadvantaged students the opportunity to participate fully in the educational program of the college.

The EOPS program at Glendale Community College provides grants to eligible students. The EOPS certificated counselors and the student personnel worker provide services related to enrollment procedures, obtaining financial aid, counseling, tutorial services, and university transition. The EOPS staff is also prepared to serve in many languages besides English (Arabic, Armenian, Farsi, Japanese, Spanish, Vietnamese).

In order to assist Glendale Community College achieve the goals of the Student Affirmative Action Plan, EOPS conducts an active student recruitment program in the multi-ethnic communities of the college service area.

FINANCIAL AID

The Financial Aid office assists students seeking financial help to pay for the costs of attending Glendale Community College. Money is provided to cover the cost of enrollment fees and/or tuition, books, transportation, and partial living expenses. Students may be working and still qualify for financial assistance. The Free Application for Federal Student Aid (FAFSA) must be used when applying for financial aid. Applying on time is critical, therefore, be sure to contact the Financial Aid office regarding deadlines. The completed FAFSA should be mailed to the federal processor after January 1, but no later than June 30, in order to ensure funds will be available for the beginning of fall semester in August. In addition, students must complete a Glendale Community College Supplemental Financial Aid Application and return it to the Financial Aid office with photocopies of all requested documents. Applications submitted after June 30 may still receive funds (if eligible), but they will be made available later in the semester.

The federal processor will forward a Student Aid Report (SAR) to the student. Students must read this document, follow any instructions, sign it, and bring it to the Financial Aid office as soon as possible. After reviewing the form, students will be notified regarding the next step in the process. It is important that all requested documentation be returned as soon as possible. Financial Aid awards are made only after a student’s file is complete. New students must submit an admission application and be assigned a Glendale College Student I.D. number before financial aid is offered.

On-time applicants (those with complete applications by June 30 and who have returned all requested materials) can expect to receive a financial aid award letter by July 15. Students receiving financial aid are expected to make satisfactory academic progress toward their educational goal. Please refer to the Satisfactory Academic Progress Policy in this catalog for more information.
The Financial Aid staff is here to assist you. Students often find applying for financial aid a difficult and confusing process. Those needing help or advice are encouraged to contact the Financial Aid office, located in the San Rafael Building, 2nd floor, or call (818) 240-1000, ext. 5916. In addition, during the spring we offer group sessions on how to complete the required paperwork. Please contact the office for scheduled times and dates.

**TYPES OF FINANCIAL AID**

**Board of Governors Enrollment Fee Waiver**

This waiver is available to California residents to cover resident enrollment and health fees. Students must demonstrate financial need and complete the Free Application for Federal Student Aid (FAFSA) or the Board of Governors Grant Application. The maximum grant is equal to the community college enrollment fee and the health services fee. Students already possessing a bachelor’s degree are ineligible to receive this grant; however, under special circumstances the Admissions and Records office can be petitioned to waive this restriction.

**Cal Grants**

The California Student Aid Commission offers three grants for which Glendale Community College students are eligible to apply. The deadline for these programs is in early March for the following year. Students interested in this program must meet the published deadline; no exceptions are made. To apply students must complete the Free Application for Federal Student Aid (FAFSA) and a GPA Verification form (both forms are available in the Financial Aid office).

**Federal Pell Grant Program**

Glendale Community College participates in the Federal Pell Grant Program which provides federal grants of up to a maximum of $2300 per year for students, depending upon the financial ability of the family and/or individual to contribute to the cost of higher education (as determined by a federal methodology). Applicants must be US citizens or eligible non-citizens and complete the Free Application for Federal Student Aid (FAFSA) and other required supplemental materials. All application materials are available in the Financial Aid office.

The Federal Pell Grant Program has no application deadline. Students may apply for a Pell Grant any time after January 1, 1994 until May 1, 1995.

**Federal Supplemental Educational Opportunity Grant (SEOG)**

Glendale Community College participates in the Federal Supplemental Educational Opportunity Grant program which provides federal grants to a maximum of $2,000 per year for students who qualify. The average full-time grant at Glendale Community College is $600. Applicants must be US citizens or eligible non-citizens and complete the Free Application for Federal Student Aid (FAFSA) and other required supplemental materials. All applications materials are available in the Financial Aid office.

**Federal Family Education Loan Program**

The Federal Subsidized Stafford Student Loan program is a federally supported loan available to needy students. Eligible Glendale Community College students may borrow
between $500 and $3,500 based on their need, year in school, and satisfactory academic progress. Students must be eligible for need-based aid to receive a Subsidized Stafford Loan. There is no repayment or interest accrual while a student is enrolled at least half-time. Six months after ceasing at least half-time enrollment, a variable interest rate (in 1993/94 this interest rate was 6.22%) begins to accrue and payments begin at a minimum of $50 per month. There is a maximum of 10 years to repay the loan. The interest rate of a Stafford Student Loan borrowed prior to October 1, 1993 will be different than noted above; please contact the lender for more information. The Federal Unsubsidized Stafford Student Loan program is available for students who do not demonstrate financial need. While the terms of the loan are similar to those noted above, interest accrual is immediate. Students may be eligible for an additional $4,000 through this program.

To apply for a loan under the Federal Family Education Loan Program a student must complete a Free Application for Federal Student Aid (FAFSA), a Stafford Loan application and Glendale Community College supplemental materials as well as attend an “entrance interview” with a member of the Financial Aid staff.

Short Term Emergency Loans

Emergency loans, not exceeding $50, are available to enrolled students. These loans are administered by the Student Activities office and are available only to those students awaiting disbursement of a financial aid award. To apply for a loan, a student must complete the Emergency Loan Application and be a member of the Associated Student Body (ASB). There is a $5 service charge for each loan. Funds are limited and therefore it may not be possible to grant all requests. A student may receive only one loan per semester.

Campus Employment/Federal College Work Study

See Job Placement Center

HEALTH CENTER

The Health Center is open Monday through Friday during most class hours. Services include first aid, health assessment, health counseling, information and referral. All services are confidential with specific legal exceptions. The Health Center is located on the first floor of the San Rafael Building.

A Registered Nurse is available when the Health Center is open. A physician may be seen by appointment. Specific services include blood pressure screening, TB skin tests, vision and hearing tests, pregnancy tests, immunizations, over-the-counter medications for minor problems, and health insurance assistance. The Health Center has extensive article files on health-related topics as well as a large pamphlet collection and audio and video tapes.

JOB PLACEMENT CENTER

The Job Placement Center is located on the 2nd floor of the San Rafael Building. Its mission is to provide ongoing, comprehensive assistance to all Glendale College students in obtaining on- and off-campus employment.

JPC staff assists students in finding off-campus positions related to their disciplines. Students are advised on application and interview techniques and resume writing. In addition to providing part- and full-time job listings, the center sponsors on-campus recruiting by interested businesses who wish to hire students.
Referrals for employment are given to students on the basis of their experience, training and ability to fulfill the requirements of the positions.

On-campus positions are also available for currently enrolled students. Glendale Community College participates in the Federal College Work Study program, and also has a program totally funded by the college. Positions are available in most areas of the college. Students interested the Federal Work Study program are required to apply for federal financial aid.

**LEARNING CENTER**

The Learning Center is a well-equipped professionally-staffed facility located in the Administration Building, room 232. Two types of materials are available for students:

1. Materials which have been placed there by faculty members for class assignments, such as videotapes, CD-ROM programs, or videodisks.
2. Materials for student development in reading, mathematics, writing, foreign languages, and other areas in the form of audio tapes, books, etc.

The Learning Center provides the following:

1. Classes in the Center—Self-paced, audio-tutorial classes are offered in spelling, study skills, grammar, and vocabulary.
2. Computer-assisted Instruction on 26 IBM microcomputers in writing, reading, and mathematics is offered to support classroom instruction or, after diagnostic screening, to assist students who request help in these areas.
3. Interactive Video—2 Macintosh computers with interactive video are available to support classroom instruction.

**LIBRARY**

The Glendale Community College Library plays a key role in the instructional program of the college. It is centrally located on the campus and serves the entire college community by emphasizing service and providing an environment to promote the individual learning and study needs of each student. A professional staff of librarians is available to assist students with research and study projects, and to provide reading guidance and instruction in use of library resources.

The library collection is designed to meet the curricular needs of students and faculty. The reference collection and print indexes are located on the first floor in addition to the reference desk, the circulation desk, the online catalog, and the CD-ROM periodical indexes. There are three study rooms on the first floor which are exclusively available for use by small groups of students. The reserve desk and periodical collection are located on the second floor. Individual study carrels, tables, and bookstacks are located on both floors. In addition to books and periodicals, the collection contains a variety of materials in other formats such as cassettes, pamphlets, records, and art prints.

A library guide is available free to students, faculty, and other library users. The guide includes a detailed floor plan of the building and information about library services, facilities, procedures, and staff.

**MATH/SCIENCE CENTER**

The Math/Science Center offers drop-in tutoring, and audiovisual assisted instruction for students of mathematics, chemistry, physics, and astronomy courses. The center,
located in PB 105, is open daily 8 a.m. to 6 p.m. (8 a.m. to 2 p.m. on Fridays); it is staffed
by faculty members and student tutors and is equipped with VCR’s.
Mathematics and physical science students are welcome; no appointment is necessary.

MATRICULATION SERVICES

Matriculation is a process which is designed to assist students in planning, choosing,
and achieving educational goals. The process brings the college and a student into an
agreement for the purpose of realizing the student’s educational goal through the
college’s established programs, policies, and requirements. The agreement acknowl-
edges responsibilities of both the college and the student to attain these objectives. The
primary purpose of matriculation is enhancing student success.

Listed below are the basic components of the matriculation partnership shared between
the college and the student.

The college agrees to provide:
• An admissions application process.
• An orientation to the college’s programs and services.
• An assessment of the student’s study skills, English language proficiency, computa-
tional skills, aptitudes, goals, learning skills, career aspirations, academic perfor-
mance, and need for special services.
• Counseling and advisement to develop an educational plan.
• Follow-up evaluation of each student’s progress in achieving an educational goal.

The student agrees to:
• Express at least a broad educational intent upon admission.
• Declare an educational goal before or during the term after which the student
completes 15 units.
• Attend class.
• Work diligently to complete course assignments.
• Demonstrate an effort to attain an educational goal.

The college is committed to student success, and with this in mind provides the
following matriculation services.

Admissions
For new students, the first step is applying for admission to Glendale Community
College. Students will be asked to provide the college with information about themselves
so the staff can provide them with the types of services needed to help them achieve their
goals and objectives. Some of this information is required by federal or state law, or
college policies. Other information will assist the college in determining whether the
student needs to be referred to orientation and assessment programs. It is important to
submit copies of high school transcripts and transcripts of any previous college work at
the time of admission.

Orientation
The orientation workshop, combining a short videotape with a presentation by a member
of the college staff, will give the student important information regarding the services,
programs and courses available through the college. At this time, a counselor will
explain the assessment program and will answer questions regarding assessment.
Orientation sessions are scheduled periodically throughout each year. A schedule of the
orientation sessions is available in the Admissions and Records office.

New and transfer students are required to participate in the orientation program.
Assessment

To help the students determine their skill levels in many academic areas including written English expression, reading, and mathematics, the college provides a comprehensive assessment program. Assessment scores assist the students and counselors to determine the appropriate courses for students to enroll in during the first semester.

Counseling and Educational Planning

One of the most important activities involved in the matriculation process is counseling and educational planning. Professional counselors are available to assist each new student in several areas:

1. Deciding upon an educational objective;
2. Determining the courses required to achieve this objective;
3. Determining the services needed to assist students in achieving their objective;
4. Assisting students in course selection appropriate to their goals.

The Student Educational Plan (S.E.P.)

It is important for all students to have a Student Educational Plan (S.E.P.). The S.E.P. serves as an outline of the preliminary educational program students will undertake. In addition, the S.E.P. identifies the students’ goals (i.e. transfer, A.A./A.S. degree, certificate, etc.) and refers them to support services, if needed.

Students are responsible for completing the S.E.P. before finishing their first year at Glendale Community College. After completing the S.E.P., students should review the plan with a counselor, particularly if they have decided to change their educational objective, college major, or if other factors concerning their education should change.

Completion of the S.E.P. is required during the student’s first year at the college. Students should make an appointment with a counselor to begin this process as soon as possible.

Follow-up

Counseling and teaching faculty provide a number of follow-up services to matriculated students. These services are designed to provide information regarding the students’ academic progress. Special services are provided to students on academic and/or progress probation, students in basic skills courses, and students who are undecided about their educational goal. Referrals are made to on- and off-campus services when appropriate.

Matriculation Appeals Procedure

A matriculating student has the right to challenge or appeal any step in the matriculation process. A petition for the waiver of a specific matriculation service or requirement may be filed for any of the following reasons:

1. Review of assessment/placement decisions — The student shall make an appointment to see the associate dean of Learning, Tutorial and Assessment services to discuss the results of the placement testing. The associate dean will determine whether the student should be offered an opportunity to “re-test” based upon mitigating factors affecting the student’s test performance.

2. Waiver of prerequisites — Students may challenge a course prerequisite on the grounds that it is not valid because it is not necessary for success in the course for which it is required; or because the student has the knowledge or ability to succeed
in the course despite not meeting the prerequisite. To request a prerequisite waiver, the student must complete the Glendale Community College Prerequisite Waiver form, and submit the document to the division chair responsible for the course. If the petition for a waiver is based upon the student’s contention that he/she has the necessary skills to succeed in the class, the student may be asked to submit evidence of this proficiency. The student may appeal the decision of a division chair to the executive vice president of instruction.

3. **Complaint of unlawful discrimination**—If a student feels that assessment, orientation, counseling, course prerequisites (or any other matriculation procedure or service) is being applied in a discriminatory manner, a petition may be filed with the dean of student services. The student will be notified, within five (5) working days of the receipt of the petition, regarding the college’s proposed response to the complaint and any additional steps which will be taken.

**Other Counseling Services**

In addition to educational planning services, the counseling staff of the college provides a variety of other counseling services to assist students.

1. **Career Counseling**
   
   The Career Center assists students in determining their academic majors, vocational or career goals. Most students require specific information about certificate, vocational and/or college preparation and career or job requirements. Often students need specialized counseling in seeing how their interests, skills, personal styles and values relate to an academic course of study. Career counseling helps students integrate their aspirations with the work world.

2. **University Transfer Counseling**

   Many students at the college aspire to transfer to a four-year college or university. All counselors at the college are prepared to assist students in preparing for their eventual transfer. It is particularly important for students to see a counselor periodically to review the requirements for transfer to the institution of their choice. In addition, the college’s Transfer Center can assist students in meeting with representatives of many of the local four-year institutions and can provide them with other important information.

3. **Disabled Student Programs and Services**

   Specialized support services and counseling are available in a number of offices on campus. The Disabled Student Services Program offers individual counseling services to students with disabilities. These services are provided to help with educational planning and to identify specific support services required to assist the student in achieving his/her educational goal.

4. **Extended Opportunity Program and Services**

   The Extended Opportunity Program and Services office also provides specialized counseling services related to enrollment procedures, financial aid, tutorial services and university transition. The EOPS staff is prepared to serve students whose primary language is not English (Arabic, Armenian, Farsi, Spanish and Vietnamese).

5. **Financial Aid**

   The Financial Aid office provides the student with counseling regarding his or her financial circumstances, and will assist the student in obtaining financial support needed to attend the college. Financial aid is available in a number of forms, including grants, loans and work-study programs.
6. Adult Re-entry Services

The Adult Re-entry Program provides academic, career and personal counseling services to adult students who are returning to formal education after a lapse of time. In addition, the program offers many classes and workshops designed to meet the interests and needs of the adult student.

Course Selection and Enrollment

At the time of registration students will be asked to select classes in which to enroll. However, prior to enrollment, it will be necessary for them to see a counselor and complete a study list, that is, a list of courses they are eligible to take which will lead toward the completion of their educational objective. It is to their advantage to see a counselor as soon as possible prior to the next semester, to work out the class schedule they would like to take for the next semester.

The process of enrolling in classes is explained in the orientation session. Students will also be provided with information from the Admissions and Records office regarding their date and time for registration, as well as the other requirements for completing this process.

Instruction and Progress Toward Goals

Students' active and diligent participation in their classes is the single-most important factor leading to their eventual academic success. Students are expected to attend all classes and to complete all course assignments in a timely fashion. To assist students in making progress toward their goal the college will provide them with a variety of support services, such as tutoring, other learning assistance activities, financial support (where applicable) and other forms of assistance to increase their educational development. Students are responsible for notifying the college of any specific needs they have, or of any change in their goal.

Periodically students may be contacted by the college to provide it with information regarding their progress towards completing their stated goals. This contact may involve a meeting with a counselor, or other staff member of the college, or it may take the form of written communication to the students regarding their progress. In either case, it is up to students to follow up on this communication so that the college may better serve them.

Completion of Student Goals

The college's goal is to assist in achieving the objectives students have for themselves. However, the students must determine when this is accomplished. They are responsible for notifying the college of any change in their goals or status as it relates to the college. The college can provide students with assistance to make changes as easy as possible. Students should feel free to contact any staff member to assist them during a period of transition when they are leaving the college for some other activity or environment.

SCHOLARSHIPS

Any student who has completed 12 units of college work may file an application for a scholarship/grant in the Scholarship Office, CC 109. Selection is made by the Glendale Community College Scholarship Committee or the donors on the basis of academic achievement, financial need, integrity of character, chances of success, and fulfillment of the particular criteria stipulated by the donors.
Aleta Rutter Memorial Scholarship
A scholarship is awarded to a student majoring in either art or art history. The recipient is nominated by the faculty of these departments. Funds for this scholarship have been donated in memory of Aleta Rutter, a former student at Glendale Community College.

Alpha Gamma Sigma Scholarship

A scholarship has been established by donations from the friends and relatives of Ted Connett, former English instructor who was instrumental in developing the Learning Center at Glendale Community College.

Tim Richards Foundation
One scholarship is awarded to a transferring or continuing disabled student.

Tuesday Afternoon Club Scholarship
Each year, the Tuesday Afternoon Club awards scholarships to outstanding students in botany, fine arts and general courses and who are transferring to an upper-division institution.

Verdugo Hills Women’s Council of Realtors scholarship
A scholarship is awarded every spring to a mature woman wishing to return to a career in business and preferably in the real estate field.
Walter R. Huber Art Scholarship
A scholarship has been established by Walter R. Huber to be awarded at the Fine Arts Festival in May. The award is made to a student in illustration.

Wayne Striker Memorial Scholarship
An annual scholarship is awarded to an outstanding second-year botany student as nominated by the Botany Department. The scholarship fund was established in memory of Wayne Striker, former botany student.

William H. Fell Memorial Scholarship
A scholarship has been established by the family and friends of William H. Fell in his memory. It is awarded to assist an outstanding engineering student while attending Glendale Community College.

William Wessly Memorial Scholarship
Three scholarships are awarded annually to students transferring to an upper division institution and planning a career in a medical or para-medical field. These scholarships were donated by the late Dr. William Wessly, a Glendale physician, in memory of Charlotte and Ernestine Rose Wessly. (Formerly Aesculapian Scholarship.)

Women’s Athletic Club Study Grant
The Women’s Athletic Club of Glendale awards a scholarship to an outstanding student in the graduating class who plans to make physical education a career.

TRANSFER CENTER
The Transfer Center is a counseling program designed to assist students with the process of transferring to four-year colleges and universities. The Transfer Center is especially committed to the goal of increasing the transfer rate of under represented students to institutions of higher learning.

The center provides counseling and advising, workshops, and transfer day and evening programs, maintains a library of catalogs, materials and applications for CSU, UC and private universities, and hosts university representatives who advise students.

The Transfer Center is very active in ongoing intersegmental efforts with local universities and has been involved in the articulation of services for Glendale Community College students and staff. The Transfer Center is located on the second floor of the San Rafael Building.

TUTORING CENTER
The Tutoring Center is a specialized service of the Learning Center. It is located in AD 232. The center assigns tutors to any student who feels the need for tutoring in any college subject. This is a free service for any Glendale Community College student.

The Tutoring Center provides:

1. In-Center Tutoring—Through the assistance of various funding programs, tutors are provided and appointments are made for tutoring in the Tutoring Center. Services include individual tutoring, study groups, group tutoring, review sessions, and labs. Programs are available for Glendale Community College/English as a second language student workers who choose to improve their communication skills. The tutoring service covers all subjects offered in the current schedule of classes. Emphasis is placed on using study skills and promoting collaborative learning
experience. Appointments are recommended. The atmosphere is congenial, and the tutoring coordinator or an aide is always there to greet you and offer assistance.

2. In-Class Tutoring—Funds from vocational education make it possible to provide tutoring in classrooms and labs for vocational and technical courses. The instructors request tutors for their class and the tutors work closely with the instructors to meet the specific needs of the subject.

3. Glendale Community College students who receive a recommendation from their instructors are eligible for paid tutoring positions. International students and members of the community are eligible for the volunteer tutoring program.

4. Tutor Training—Tutors are trained in a specially designed paraprofessional course, Student Development 150 - Tutor Training. Glendale Community College offers a 1-unit credit/no credit class. This provides the tutors with more understanding of the learning and teaching process. An International Tutoring Certificate is available to students who meet the requirements of the Glendale Community College Tutor Training Program. Certificates are earned in regular, master, and advanced levels.

**THE WRITING CENTER**

This one-on-one tutoring service offers students (on a first-come, first-served basis) help in writing for any purpose, including paragraphs, essays, business letters, research papers, and abstracts. Enrollment in an English course is not necessary. The Writing Center is open Monday through Friday (except during final exams). The current schedule is posted in AD232. The Writing Center is staffed by an instructional aide and English instructor, or student tutors who have demonstrated the ability to tutor writing up to the level of Freshman English (English 101). *Not a proofreading or an editing service.*

The Writing Center will assist student writers in terms of clarity, organization, and development.
STUDENT GOVERNMENT AND ACTIVITIES

The Associated Student Body of Glendale Community College is the official student organization. Numerous opportunities are provided students to participate in its activities. The Student Legislature is elected each semester and meets each Tuesday at 7 a.m. in the Campus Center, Room 112 for the purpose of discussing and determining policies, procedures, and expenditures of the student government. This meeting is open to all members of the Associated Student Body. A well-stocked bookstore is operated under the supervision of a business manager and any net income is used to promote the programs of the Associated Students.

A.S.B. MEMBERSHIP

The Student Services card is required of all students who participate in any activity, program or event which is financed in part or wholly by the Associated Students. In order that all students become acquainted with this regulation, those students not purchasing a Student Services card will be requested to sign a waiver form during the registration period, forfeiting the right to participate in A.S.B. sponsored activities.

The Student Services fee is $10 per semester for both day and evening students. This fee provides membership in the Associated Student Body and funds various college activities such as: a scholarship program, the emergency loan fund, the ASB Business office, the newspaper, intercollegiate athletics, and assemblies.

The membership fee for the Associated Student Body is set yearly by the Legislature of that Body. Inquiries concerning the fee should be directed to the office of the associate dean of Student Activities in CC 109.

ACTIVITY PERIOD

Activity periods are scheduled on Tuesday and Thursday from 12 noon to 1 p.m. These hours are reserved for club meetings, student committee meetings, student assemblies, and other all-college functions.

A master calendar is maintained in the Administrative Services office and all campus groups are required to register their activities one week in advance of the event.

ATHLETIC PROGRAM

A complete program of men’s and women’s athletics is sponsored by Glendale Community College. The College is a member of the Western State Intercollegiate Athletic Conference in football, men’s soccer, men’s and women’s basketball, men’s and women’s cross-country, men’s and women’s track and field, men’s and women’s tennis, men’s baseball and women’s volleyball. The college participates in most sports programs sponsored by the conference.

CAMPUS SPEAKERS AND DISTRIBUTION OF LITERATURE

Glendale Community College endeavors to promote the widest dissemination of opinion in harmony with state and federal regulations and district policies. Students who desire to present speakers on campus or distribute literature on campus may follow the procedures outlined for such activities. These procedures are available in the Student Activities office in CC 109 and cleared with the master calendar in Administrative Services.
CLUBS

Opportunity to render service to Glendale Community College or to pursue a special interest is provided through participation in the club program offered on the Campus. (An updated list of clubs is kept in the Student Activities office in CC 109.) All students are encouraged to affiliate with at least one organization.

HAZING

According to the State Education Code, Article VIII, no club, group, organization, or individual may participate in any activity that involves hazing. Hazing includes any method of initiation or any pastime of amusement which causes, or is likely to cause, bodily danger or physical harm to any student or other person attending any educational institution in this state.

Further, hazing also includes any act that tends to injure, degrade, or disgrace any fellow student attending Glendale Community College.

Glendale Community College students who participate in hazing of any kind shall be suspended from college for further discipline by authorities, and if they are members of an on-campus club, shall be suspended from the club of which they are members. Also, the club shall be placed on probation or suspended.

STUDENT MEDIA

The El Vaquero is the student newspaper of Glendale College. It is written and edited by journalism students and is published on most Fridays during the fall and spring semesters. It concentrates on campus and student-related issues, and is available free at news racks around the campus.

Students also have the opportunity to produce In Focus, a half-hour TV news magazine that airs periodically on Sammons Cable. Broadcast journalism majors gain hands-on experience in front of and behind the camera, as they learn about reporting, interviewing, anchoring, directing and editing.
ADMISSION AND REGISTRATION

ADMISSION REQUIREMENTS

Glendale Community College will admit any California resident possessing a high school diploma or the equivalent thereof.

Glendale Community College may admit any other California resident who is 18 years of age and older and who is determined to be capable of profiting from the instruction offered.

Non-residents, including international students, may be admitted. Information concerning residency may be found elsewhere in this catalog. For further information contact the Office of Admissions and Records.

APPLICATION

All applications for admission should be presented to the Office of Admissions and Records, Glendale Community College, 1500 N. Verdugo Road, Glendale, California 91208. The College will also process those received by mail.

ASSESSMENT

If a student is enrolling in any course that has a placement test prerequisite, the student must take assessment tests. Failure to take these tests will delay or prevent registration. Applicants are advised to take them at the earliest possible date. Register for exams in the Assessment Center (AD 232) at least one day prior to exam. No student will be admitted to the testing area without a picture I.D. or after a test begins.

Basic Arithmetic Proficiency
This test is required for Nursing applicants.

Chemistry Placement
This test is required for placement into Chemistry 101. It is not needed if the student has completed Chemistry 110 with a grade of "C" or better.

English Placement
This examination is one hour in length and similar in difficulty to material found in most newspapers and popular magazines. It includes both reading and written language sections. It is needed for placement into the nursing program and most English classes as well as many language, social science, speech, business, and humanities courses.

English as a Second Language (ESL) Placement
This exam is needed to qualify for initial placement into any ESL course. The exam includes reading comprehension, written grammar, listening comprehension, and a writing sample.

English as a Second Language (ESL) (Non-credit) Placement
This test is used to place students in non-credit ESL courses.

Mathematics Placement
All students who have not taken a mathematics course at Glendale Community College or other accredited institution are required to take a mathematics placement examination prior to enrolling in any mathematics course, except Mathematics 190. Students who have completed the appropriate prerequisite at another college or university must
have transcripts or other proof of satisfactory completion of the course prior to registering in a more advanced class.

The test is designed for initial placement only. Once placed in a Glendale College mathematics course, students advance in the sequence according to Glendale College course prerequisites.

**CATALOG RIGHTS**

**New Students**

When a new student first begins attending GCC, he or she will come under the catalog requirements in effect at that time; thus, a student who begins in spring 1995 semester will follow the requirements for graduation, G.E. certification for the CSU, and certificates of completion that are listed in the 1994-95 GCC catalog.

**Continuing Students**

1. A student remaining in continuous attendance in regular sessions at the campus of any California community college or in any combination of California community colleges and the California State University may, for the purpose of meeting graduation requirements or G.E. certification for the CSU, elect to meet the catalog requirements in effect at the time of beginning his or her continuous enrollment at the CSU or at a California community college.

2. Students may maintain their continuing student status for catalog purposes provided that they complete a course and earn units at GCC at least one semester during an academic year without missing two consecutive semesters.

**Returning Students**

1. Students who return to Glendale Community College and would normally be placed under the new catalog requirements in effect, may petition for their original catalog if the following conditions are met:

   a. Student has earned 45 semester units with a minimum GPA of 2.00 and these units are recorded on the student's official transcript at GCC. Units earned may reflect courses taken at GCC as well as courses taken at GCC and other institutions.

   b. Student has seen a counselor, has completed an SEP, and has officially declared a major and an educational goal (including transfer institution, if applicable).

**CLASS AUDIT POLICY**

A student may audit a class at Glendale Community College providing that the following conditions are met:

1. Auditors must be eligible for admission to the college as regularly enrolled students.

2. Enrollment for the purpose of auditing will be on a space available basis, and requires the approval of the instructor.
3. Priority in class enrollment shall be given to students desiring to take the course for credit; therefore, enrollment for audit purposes will not be permitted until Monday of the second week of instruction.

4. Once audit enrollment is completed, no student will be permitted to change his or her enrollment to receive credit. A student shall not be permitted to change his or her enrollment from credit to audit.

5. A non-refundable audit fee of $15 per unit shall be payable at the time of enrollment as an auditor. Auditors shall not be charged the enrollment fee for auditing a class. Students enrolled in 10 or more units will not be charged a fee for auditing up to three units.

6. No credit will be received for auditing a course. The college will not maintain any attendance or academic records.

CONTINUOUS ENROLLMENT

For purposes of admissions and registration, students maintain continuous enrollment by being enrolled in a minimum of one class for both Fall and Spring semesters. These students need not submit new applications for admission and will receive priority registration over new and returning students.

ELIGIBILITY FOR COURSES

It is the policy of the Glendale Community College District that every class offered, unless otherwise indicated in the official catalog and schedule of classes, shall be fully open to enrollment and participation by any person who meets the academic prerequisites of such class, and who is otherwise eligible for admission to and enrollment in the College. Students may occasionally have had outstanding experience in a given area which they may feel will substantially satisfy the stated prerequisite for a course. Where it is desired to offer such experience for the regular prerequisite, the student must have a petition approved to make such substitution. Once such a petition has been approved students may not later receive credit for a course for which they substituted the outside experience. Students who are considering developing a petition should first read the section on Credit by Examination.

Credit for lower level courses will not be granted if credits have been earned in higher level courses. Many courses have no stated prerequisite. Here students should realize that it may be assumed that they have previous successful experience with related subjects, they have the ability to read with speed and understanding, and they have the ability to express themselves in clear and concise English.

These factors are considered by counselors when assisting students with their Student Educational Plan (SEP) from which they will select courses as they make out their programs during the registration period.

A student with a poor scholastic record in any subject field should not expect to carry advanced work in that field.

FEES

All fees are subject to change by the state of California and the Glendale Community College District Board of Trustees.

Enrollment Fees: All resident students who have not received a baccalaureate degree or higher must pay the mandatory basic enrollment fee each semester or summer intersession
of $13 per unit. Students who have received a baccalaureate degree or higher must pay the differential enrollment fee of $50 per unit.

**Nonresident Tuition:** A nonresident tuition will be charged to students who are residents of other states, who are foreign nationals, or who have taken legal residence in California for less than one year. The tuition is $117 per semester unit and is paid in addition to the basic enrollment fee of $13 per unit.

**Health Services Fee:** A Health Services fee is required of all students. This fee provides various health services on the college campus, as well as an on-campus insurance policy. The fee is $10 per semester and $7 for the summer intersession.

**Student Services Fee:** The Student Services fee is $10 per semester for both day and evening students. This fee provides membership in the A.S.B. and funds various college activities such as: a scholarship program, the emergency loan fund, the college bookstore, the newspaper, inter-collegiate athletics, and instructional support units such as the Learning Center and the Tutorial Center.

**Student Photo I.D. Fee:** All new students are required to purchase a photo I.D. card. The card is issued when students register and is used at the library, offices in College Services, and instructional labs at the college. The cost is $6 for new cards as well as replacements.

**I.D. Card Validation Fee:** A $1 per semester or intersession fee is charged to update the student's I.D. card.

**Grade Marker Fee:** A $1 per semester or intersession is charged to cover the mailing of final grades and information regarding registration for the upcoming semester.

**Returned Checks:** A fee of $30 will be charged for all checks returned by the bank for insufficient funds, or stop payment.

Students are held responsible for any loss or breakage of college equipment. At the time of registration, students will have the expenses of purchasing textbooks, supplies, and other incidental costs.

## REFUNDS

To receive a refund for tuition and/or enrollment fees and Health Services fee, classes must be dropped or canceled within the first two weeks of instruction for the particular class.

Requests for refunds must be initiated by the student and will be processed according to the following schedule:

**Summer 1994** .... Drop by: June 9, 1994 ....... Refunds processed June 13 - June 16, 1994  
**Fall 1994** 
**Semester Length**. Drop by: Sept. 2, 1994 ....... Refunds processed Sept. 6 - Sept. 16, 1994  
**1st 8 & 9 Week** 
**2nd 8 & 9 Week** 
**Spring 1995** 
**Semester Length**. Drop by: Jan. 27, 1995 ..... Refunds processed Jan. 30 - Feb. 10, 1995  
**1st 8 & 9 Week** 
**2nd 8 & 9 Week** 
Courses .......... Drop by: Mar. 24, 1995..... Refunds processed April 3 - April 14, 1995
Refund request forms are available in the Student Business Services window in the lobby of the Administration Building. Student must present an I.D. card and a receipt showing payment of fees. There is a $10 refund processing fee.

REGISTRATION

Each student must officially register in classes chosen from a Student Educational Plan. These classes constitute the official program of the student. Changes to this program may be made by completion of a program change (add/drop) form.

All continuing students register according to the times published in the semester Schedule of Classes. To be classified as a continuing student the registrant must have been enrolled in the immediately prior semester or intersession.

All new and returning students register by appointment. The appointment time is issued by the Office of Admissions and Records at the time the Application for Admission is filed. To be classified as a returning student, the registrant must enroll in either a regular semester or an intersession after an absence of one or more semesters.

All continuing students may register by mail. For information concerning this process, consult the semester Schedule of Classes or call the Office of Admissions and Records, (818) 240-1000.

After the beginning of the semester, students may:

• enroll in open semester-length courses through the first week of the semester without the permission of the instructor;
• enroll in closed semester-length courses with the permission of the instructor through the third week of instruction; and
• enroll in courses less than 18 weeks provided that 15% of the class meetings have not been held.

No registrations or adds of semester-length classes are allowed after the end of the third week of instruction.

Enrollment in classes becomes official only when the student files the proper registration forms and pays the appropriate fees.

No student will be enrolled in a class and have a grade recorded subsequent to the completion of a given semester unless it is established that the procedures for enrolling set up by the College are proved to have failed.

RESIDENCE REQUIREMENTS

The following statement of the rules regarding residency is intended for general information only. More detailed information can be obtained from the Office of Admissions and Records.

At the time of application and at registration each student is required to verify residence information. Even though a student may be otherwise admissible to Glendale Community College, the student may be classified as a tuition-paying student in accordance with the residence requirements.

A "resident student" means any person who can verify physical presence in California for one year or more on the day preceding the first day of instruction of a semester or intersession during which the person proposes to attend, who can demonstrate intent to make California a home for other than a temporary purpose and, if classified as a non-resident in the preceding term, financial independence.
Alien Students: A student who is an alien may establish his or her residence if he or she is not precluded by the Immigration and Nationality Act from establishing domicile in the United States.

A “non-resident student” means any person who has had residence in California for less than one year on the day preceding the first day of instruction of a semester or intersession during which the person proposes to attend.

The residence requirements are applied as follows:

1. A “resident student” whose residence is in the Glendale Community College District which is composed of Glendale, Montrose, La Crescenta, Verdugo City and a small portion in the western part of La Canada Flintridge may attend Glendale Community College.

2. A “resident student” whose residence is in California but outside the Glendale Community College District and not in another community college district in California may attend Glendale Community College.

3. A “resident student” whose residence is in California and in a community college district other than the Glendale Community College District may attend Glendale Community College.

Residents of the Pasadena Area Community College District and the Los Angeles Community College District may attend classes at Glendale Community College without special permission.

4. A “non-resident student” may be admitted to Glendale Community College, but will be required to pay either an out-of-state or an international student tuition charge as appropriate to their circumstances. The tuition rates are established on a yearly basis. For information concerning the current rates please contact the Office of Admissions and Records.

In determining the place of residence the following rules are to be observed:*

1. There can be only one residence.

2. A residence is the place where one remains when not called elsewhere for labor or other special or temporary purpose, and to which he returns in seasons of repose.

3. A residence cannot be lost until another is gained.

4. The residence can be changed only by the union of act and intent.

5. A man or woman may establish his or her residence. A woman’s residence shall not be derivative from that of her husband.

6. The residence of the parent with whom an unmarried minor child maintains his or her place of abode is the residence of the unmarried minor child. When the minor lives with neither parent his or her residence is that of the parent with whom he or she maintained his or her last place of abode, provided the minor may establish his or her residence when both parents are deceased and a legal guardian has not been appointed.

7. The residence of an unmarried minor who has a parent living cannot be changed by his or her own act, by the appointment of a legal guardian, or by relinquishment of a parent’s right of control.

8. An alien, including an unmarried minor alien, may establish his or her residence, unless precluded by the Immigration and Nationality Act (8 U.S.C. 1101, et seq.) from establishing domicile in the United States.
9. The residence of an unmarried minor alien shall be derived from his or her parents pursuant to the provisions of subdivisions (f) and (g).

*California Education Code Section 68062

STUDENT RECORDS

Annually Glendale Community College informs students of the Family Educational Rights and Privacy Act of 1974, as amended; of the provisions of Sections 76200-76246 of the Education Code of the State of California; and of the provisions of Sections 54600-54630 of Title 5 of the California Administrative Code. These references, with which the institution intends to comply fully, were designated to protect the privacy of education records, to establish the right of students to inspect and review their education records, to provide the process by which students may challenge the accuracy of those records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Education Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

An institutional guide explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the guide may be found in the campus library as well as in the Office of Admissions and Records.

Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of Admissions and Records.

STUDENT RESPONSIBILITY

Glendale Community College provides its students with a wide variety of academic assistance and support services; however, it is the responsibility of each student to meet the requirements printed in the college catalog, the class schedule and college announcements.

The college establishes certain academic policies and requirements which must be completed before a degree or certificate can be granted. These include major and unit requirements, as well as verification of satisfying course prerequisites. Students also are responsible to see that they meet the admission requirements to the college or university of their choice if they elect to pursue an educational goal beyond their sophomore year. While counselors, faculty, administrators and staff will provide students with information and assistance, responsibility for meeting these requirements remains with the students.

To insure timely information and grade reports from the college, students must inform the Office of Admissions and Records of changes in personal data, including change of name and address. It is the student's responsibility to enroll properly for classes. A student who fails to enroll officially in a class will not be given credit for that class. While an instructor may drop a student for unsatisfactory attendance, it is the student's responsibility to withdraw officially from the college or drop classes when he or she stops attending and to observe established deadlines. Otherwise, "F" grades may be assigned.

Other areas regarding student responsibility are included in the catalog under sections for: Admission and Registration; and Scholarship Information and Regulations.
TRANSCRIPTS

Glendale Community College reserves the right to evaluate work completed in other colleges or universities if transcripts are submitted by an applicant. Transfers with acceptable grades will be granted advanced standing in-so-far as the work completely corresponds with that of Glendale Community College. Transfers accepted with previous college academic records below a "C" average will be placed on academic probation upon admission.

Transcripts should be sent directly from the high school or college to Glendale Community College. All transcripts become the property of Glendale Community College and will not be returned.

Upon the request of a student, a transcript of the student's record at Glendale Community College will be forwarded to a college or university, individual, firm, etc. providing that such student has no outstanding financial obligation to the college.
SCHOLASTIC INFORMATION AND REGULATIONS

ACADEMIC RENEWAL WITHOUT COURSE REPETITION

The following procedure provides an opportunity for students to obtain alleviation of previously recorded, substandard academic performance which is not reflective of subsequent demonstrated ability.

1. A student may request academic renewal (for not more than two consecutive semesters of work accomplished at Glendale Community College) through a petition to the Petitions Committee.

2. If and when the petition is granted, the student's permanent record will be annotated so that it is readily evident to all users of the record that no units for work taken during the disregarded term(s) even if satisfactory, will apply toward units for graduation or other unit commitment. However, all work will remain legible on the permanent record to insure a true and complete academic history.

3. Although none of the units completed during such semesters could count toward a degree, passing work could satisfy a major or general education requirement.

4. The student seeking academic renewal is responsible for presenting evidence to the effect that the previously recorded work was substandard academic performance (semester grade-point average less than 2.0) and is not reflective of more recently demonstrated academic ability.

5. Evidence of recent academic ability may include, but is not limited to, one of the following:
   a. 15 semester units with at least a 3.00 GPA
   b. 30 semester units with at least a 2.50 GPA
   c. 45 semester units with at least a 2.00 GPA

6. There must be at least 24 months between the end of the most recent academic renewal semester and the date of initiation of the request and such renewal.

7. A student may request academic renewal only once.

8. A student may repeat work taken during academic renewal semester only if such repetition is necessary to allow normal progression toward an acceptable educational objective.

9. A student must include all work, including academic renewal semesters, in computation of the cumulative grade-point average toward honors at graduation.

For further information regarding academic renewal contact the Office of Admissions and Records.

ATTENDANCE AND DROP POLICY

Students are expected to attend all class meetings. There are no authorized absences from class and irregular attendance may result in exclusion from classes.

It is the student's responsibility to register properly for classes. A student who fails to enroll officially in a class will not be given credit for that class.

Students also have the responsibility of officially withdrawing from college or dropping from class when they stop attending, and of observing established deadlines. Otherwise, "F" grades may be assigned.
It is the responsibility of each student to know the attendance and absence policy of each class in which he or she is enrolled. It is the responsibility of each instructor to inform his or her class of the attendance and absence policies at the beginning of each semester.

Students may be dropped from class for failure to attend all class meetings during the first week of instruction if they have not made prior arrangements with the faculty member. Students also may be dropped for continuous or cumulative absences for the number of hours an eighteen-week class is scheduled to meet in a two-week period.

CHANGE OF GRADES

The college recognizes the long-standing prerogative of faculty to set standards of performance and to apply them to individual students. Therefore, the instructor is considered to be the final authority in determining grades that are assigned to students and that appear on their permanent academic records. The following policies apply to changes of grades except for changes of Incomplete (I) and Withdrawal (W) grades.

1. In general, all course grades are final when filed by the instructor in the end-of-term course grade report. Each student is notified by mail of the grades earned during the term and these grades become a part of the official record.

2. A change of grade shall occur in cases of clerical error, administrative error, or where the instructor re-evaluates the student’s performance and discovers an error in the original evaluation. A clerical error is an error made by the instructor in calculating or recording the grade. A change of grade shall not occur as a consequence of the acceptance of additional work or re-examination beyond the specified course requirements.

3. A request for a grade change shall be initiated by the student affected or by the instructor within the next regular semester following the award of the original grade. If the instructor determines that there is a valid basis for the change, a Change of Grade form shall be used to notify the Office of Admissions and Records. If the instructor determines that there is not a valid basis for the change and denies the student’s request, the instructor’s decision, subject to the appeals process described below, is final.

4. The Change of Grade form completed and signed by the instructor, noting the basis for the change, shall be approved by the division chairperson prior to being accepted by the Office of Admissions and Records. Once the change of grade is processed, students shall be notified by the Office Admissions and Records.

Students have the right to formally appeal the final grade in a course. Appeals are limited to situations in which the student believes the grade was prejudicially, capriciously, or arbitrarily assigned. Appeals must first be directed to the instructor of the course, orally or in writing. If further action is necessary, the student should appeal in writing to the division chair and then to the executive vice president, instructional services. If the issue continues to remain unresolved, a written appeal can be directed to the college Judicial Board. (Students are referred to the College’s Grievance Policy and Procedures as stated in the catalog and available at all counselors’ offices and the Office of Admissions and Records.)

CLEARANCE OF OBLIGATIONS

Students or former students are expected to meet proper financial obligation due to the District. Pursuant to CALIFORNIA EDUCATION CODE, SECTION 72237, college services such as grades, transcripts, diplomas, registration privileges or any combination
thereof may be withheld from any student or former student who has not made satisfactory arrangements to meet his or her financial obligation to the District. When, in the judgment of the District, the financial obligation has been satisfied, college services will be reinstated.

**COURSE REPETITION**

Repetition of courses is subject to the following conditions:

1. A course may be repeated once only when the grade received was substandard ("D," "F," or "NC") or when a grade of "W" has been recorded. In instances where students may not repeat a course as a result of receiving one or more "W" grades, such students shall request waivers by petitioning to the College Petitions Committee. Such waivers shall be based on extenuating and verifiable circumstances which required the student to withdraw from the course.

2. In computing the grade-point average of a student who repeats with a "D" grade or better a course in which a "D" or "F" grade was received, only the most recently earned grade and grade points shall be used. After completion of a course, students should petition to have the Course Repetition Policy applied to their academic records. Nevertheless, the original grade on the academic record shall not be changed or eradicated.

3. Students may repeat courses in which they received grades of "A", "B", "C" or "CR" if it has been determined by the College Petitions Committee that a significant lapse of time has occurred since the student previously took the course. No additional units attempted or grade points are allowed for the repeated course.

4. Repetitions are permitted in specific classes in which skills or proficiencies are enhanced through supervised repetitions and practices, or where active participating experience in individual study or group assignments is the basic means by which learning objectives are achieved. Catalog descriptions of courses in which repetitions are permitted will include the number of repetitions permitted and/or the maximum number of units that may be earned through repetition. In no case may a course be repeated more than three times.

**CREDIT FOR ADVANCED PLACEMENT-EXAMINATIONS**

Glendale Community College recognizes the high level of achievement of the student who has successfully completed one or more Advanced Placement Examinations (completed at the secondary school level) as authorized by the College Entrance Examination Board (CEEB) and shall award credit based upon the criteria established by the college. Credit will be granted for a grade of 3, 4, or 5 (from a scale of 1 to 5). This credit is granted for degrees and certificates at Glendale Community College only. Students transferring to other colleges and universities should check with the receiving institution as to the awarding of credit.
Units for which credit is given pursuant to these examinations will not be counted in determining the 12 semester hours of credit in residence required for graduation.

**CREDIT BY EXAMINATION**

Upon consent of the instructor and under special circumstances students who are regularly enrolled in good standing, have completed 12 or more units in residence, and believe they are qualified by experience or previous training, may apply to take a special examination to establish credit in a course in which they are not formally registered.

Students may not petition for credit by examination if they enrolled in the course and received a letter grade of "I", "D" or "F". Students may not petition for credit by examination for a course if that course is at a lower level in the subject sequence than a course for which the student has already received credit through completion of the course.

Students may attempt Credit by Examination only once in a particular course. If a course has already been taken for credit, it is not repeatable for Credit by Examination.

Students wishing to challenge courses approved by examination must obtain the form "Petition for Credit by Examination" from their counselor and discuss eligibility according to criteria set up by the college. An interview must be requested with the instructor of the course at which time the students' qualifications for challenging the course will be determined and arrangements will be made for the examinations.

Units for which credit is given pursuant to these examinations will not be counted in determining the 12 semester hours of credit in residence required for graduation.
Courses open to Credit by Examination include the following:

- Accounting 105
- Administration of Justice 101, 108, 110, 116, 118, 120
- Allied Health (all)
- Aviation and Transportation 114 (Student must hold a Commercial Pilot Certificate)
- Aviation and Transportation 117 (Student must hold a Flight Instructor Certificate)
- Aviation and Transportation 119 (Student must hold a Private Pilot Certificate)
- Aviation and Transportation 120 (Student must hold a Private Pilot Certificate)
- Aviation and Transportation 122 (Student must have an Instrument Rating)
- Aviation and Transportation 125 (Student must have an Instrument Rating)
- Biology 127, 128, 132, 135, 146
- Chemistry 101, 102, 110
- Clothing and Textiles 105
- Computer Science/Information Systems 105, 110
- Cosmetology 111, 112
- Economics 101*, 102*
- Egyptian Hieroglyphs 101, 102
- Electronics and Computer Technology 101, 102, 103
- English 101*+
- Geology 101, 105, 110
- Health 101, 102, 104, 107, 109, 110
- History 107*, 108*, 117*, 118*
- Nursing (all)
- Office Administration 110, 215
- Political Science 101*, 105
- Psychology 101*
- Sociology 101*
- Tech. Ed. 140
- Technical Graphics 165, 166
- Television 101

NOTE: No student may earn more than 12 units by “examination” only.

*Available through CLEP.
+Available through CLEP. CLEP candidates must take College Composition with Essay.

College Level Examination Program Policy (CLEP)

The College Level Examination Program is designed to award academic credit to students who have completed 12 or more semester units in residence at Glendale Community College with a cumulative grade-point average of at least 2.0 and have gained the equivalency of college course work through means other than enrollment in a formal college program. Six (6) units of elective credit will be granted in each of five subject areas to students who achieve a percentile rank of fifty (50) of higher on each examination. The maximum credit is thirty (30) units. The five general areas are: English composition, humanities, mathematics, natural sciences and social sciences and history.

Glendale Community College also grants credit for many of the various subject examinations. For amount and type of credit awarded contact Admissions and Records or your counselor. Students transferring to other colleges and universities should check with the receiving institution as to the awarding of credit for both the general examinations and the subject examinations.

Units for which credit is given pursuant to these examinations will not be counted in determining the 12 semester hours of credit in residence required for graduation.
CREDIT FOR MILITARY TRAINING

Glendale Community College will recognize and grant credit to veterans for educational training completed in the armed forces provided such credit is not a duplication of work taken previously. College work completed through the United States Armed Forces Institute will be accepted. In order to receive credit for military training, veterans must petition for such credit and present authentic military service and training records including a copy of discharge papers.

Applicants desiring credit for military training will be required to provide appropriate documents before credit for military service can be granted. Credit awarded for military training will include subject credit for hygiene toward the Associate degree.

CREDIT/NO CREDIT COURSES

There are two categories of Credit/No Credit courses.

The first category consists of those courses which must be taken on a Credit/No Credit basis only. Courses which fall into this category include:

- Accounting 121
- Armenian 110, 111
- Chinese 110, 111, 112
- Computer Science/Information Systems 99, 108, 201, 202, 220
- English 181, 182, 183, 184, 185, 188, 189, 190, 191, 192
- English as a Second Language 115, 116, 177
- French 110, 111, 113
- German 110, 111
- Guidance (all except 189, 191)
- Internship 150
- Italian 110, 111
- Japanese 110, 111
- Korean 110, 111
- Mathematics 151, 152, 153, 190, 200, 201, 203, 204, 205, 207
- Music 140, 239
- Office Administration 135, 140, 201
- Russian 110, 111
- Spanish 110, 111, 117, 118
- Speech 150, 151, 152, 153
- Student Development 100, 102, 103, 104, 115, 120, 125, 126, 127, 128, 141, 142, 143, 144, 150, 155, 165

The second category consists of courses which may be selected at the student’s option. The student must utilize the Petition for Credit/No Credit Class and have it on file in the Office of Admissions and Records before Monday of the fifth week for a semester-length class or before Wednesday of the second week for all other classes.

Students electing to take classes on a Credit/No Credit basis participate in the class as a regular student. If the grade awarded by the instructor is “C” or higher, the course grade is recorded as “CR”. If the instructor-assigned grade is “D” or “F,” the course grade is recorded as “NC”.

All units earned on a Credit/No Credit basis in accredited institutions of higher education will be counted in satisfaction of Glendale Community College curriculum requirements.
Scholastic Information and Regulations

Units earned on a Credit/No Credit basis will not be used to calculate grade point averages. However, units attempted for which "NC" is recorded shall be considered in progress probation and dismissal procedures.

Students not on probation and enrolled for six or more units may designate one course for Credit/No Credit. The course designated must be outside of courses required for the student’s major. The number of Credit/No Credit units earned may not exceed twelve (12), exclusive of those earned in courses which are graded only on Credit/No Credit, with no more than one such course option during any semester or summer intersession.

Courses which may be selected by petition for Credit/No Credit follow:

- Accounting 105, 106, 110, 111, 120, 130, 150, 155, 160
- Administration of Justice (all except 160)
- Alcohol/Drug Studies 101, 110, 115
- Allied Health (all)
- Anthropology 101, 102, 103
- Architecture (all)
- Armenian 115, 116
- Art (all)
- Biology 127, 128, 131, 132, 135, 139, 140, 145, 146, 149
- Business Administration (all)
- Business General (all)
- Chemistry 110, 114, 143
- Child Development (all except 196)
- Clothing and Textiles (all)
- Computer Science/Information Systems (all except 99, 108, 201, 202, 220)
- Dance (all except 155, 160, 171)
- Economics 101, 102, 107
- Egyptian Hieroglyphs 101, 102
- Electronics and Computer Technology 111, 112, 212, 222
- English as a Second Language 123, 125, 133, 135, 141, 145, 151, 155
- Ethnic Studies 101, 102, 110, 111, 122, 124, 132, 164
- Family and Consumer Studies (all)
- Fashion (all)
- Finance (all)
- Fire Science (all)
- Food and Nutrition (all)
- Geography 110
- Geology 101, 105, 110
- German 125, 126
- Guidance 189, 191
- Health 101, 102, 104, 107, 109, 110
- Humanities 101, 102, 105, 110, 111, 117, 120, 125, 135
- Independent Studies 149
- Linguistics 101
- Management (all)
- Marketing (all)
- Mathematics 140, 141, 145, 146
- Music (all except 140, 239)
- Office Administration (all except 135, 140, 201, 246)
- Paleontology 101
Philosophy (all)
Photography (all)
Physical Education 120-286, (except 228) 288-295
Physical Science 131
Physics 110
Political Science 102, 106, 110, 111, 151
Psychology (all)
Real Estate (all)
Sign Language 101, 102, 103
Social Science 102, 103, 122, 124, 125, 126, 134, 136, 145
Sociology (all)
Spanish 115, 116, 125, 126, 127, 128
Special Projects 150
Speech 104, 105
Student Development 145
Technical Education 147
Technical Graphics (all except 164, 177)
Television 101, 102, 104, 111
Theatre Arts 101, 102, 103, 104, 107, 109, 110, 121, 122, 123, 130, 131, 134, 140, 151

FINAL EXAMINATIONS

At the end of each semester a special final examination schedule is followed. Students must attend all classes in accordance with the special schedule for that period. This arrangement permits the giving of final examinations in those classes which require them and the completion of the instructional program in the other classes. No student shall be excused from taking a final examination where such is required as part of a course.

GENERAL CONDUCT

Students are expected to maintain the highest standards of citizenship. In conformity with California State law the governing board of Glendale Community College has drawn up a statement of conduct and disciplinary procedures for Glendale College students.

These Standards of Student Conduct are stated below:

A student enrolling in Glendale Community College may rightfully expect that the faculty, administrators, and the legislature of the Associated Students of Glendale Community College will maintain an environment in which there is freedom to learn. This requires that there be appropriate conditions and opportunities for learning in the classroom and on the campus. As members of the college community, students should be encouraged to develop the capacity for critical judgment, to engage in sustained and independent search for truth and to exercise their rights to free inquiry and free speech in a responsible, non-violent manner.

Students shall respect and obey civil and criminal law, and shall be subject to legal penalties for violations of the laws of the city, county, state, and nation.

Student conduct at Glendale Community College must conform to the Glendale Community College Policy Standards of Conduct. Violations of such policy for which students are subject to disciplinary action include, but are not limited to, the following:

1. Failure to comply with directions of college officials acting in the performance of their duties
2. Dishonesty including, but not limited to, cheating, plagiarism, or knowingly furnishing false information to the college
3. Forgery, alteration, or misuse of college documents, records, or identification
4. Obstruction or disruption of teaching, research, administration, disciplinary procedures, or other college activities, including (but not limited to) its community service functions, or of other authorized activities on college premises
5. Physical abuse of any person on college-owned or controlled property or at college-sponsored or supervised functions or conduct which threatens or endangers the health or safety of any such person
6. Theft of or damage to property of the college or a member of the college community or campus visitor
7. Unauthorized entry to facilities or use of college supplies or equipment
8. Violations of college policies or regulations including campus regulations concerning student organizations, the use of college facilities or the time, place and manner of public expression
9. Violation of judicial and statutory standards of obscenity
10. Use, possession, distribution, or presence on a campus while under the influence of alcoholic beverages, narcotics, or other dangerous drugs, such as marijuana and lysergic acid diethylamide (LSD)
11. Possession while on the college campus, or at a college-sponsored function, of any item ordinarily considered to be a weapon, which might inflict bodily harm, or be used to threaten the health and safety of members of the college community, is prohibited. This does not apply to members of law enforcement agencies, such as police officers or other security personnel

Violations of the Standards of Student Conduct may lead to probation, suspension, or dismissal from the college in accordance with the disciplinary action adopted by the governing board of Glendale Community College and administered through a system of due process. Students who feel that their rights have been abridged or infringed upon have access to college-established grievance procedures (see Grievance Procedures).

**GRADES, GRADE POINTS, AND GRADE-POINT AVERAGE**

The standing of students in each course will be determined by class work and examinations. Grades will be reported and grade points allowed as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
<th>Grade Points per Unit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>Passing (less than satisfactory)</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failing (cannot be removed by examination)</td>
<td>0</td>
</tr>
<tr>
<td>CR</td>
<td>Credit (at least satisfactory — units awarded, not counted in GPA)</td>
<td>0</td>
</tr>
<tr>
<td>NC</td>
<td>No Credit (less than satisfactory or failing — units not awarded in GPA but included in computation of progress probation)</td>
<td>0</td>
</tr>
</tbody>
</table>

**Grade-Point Average**

The grade-point average is computed by dividing the total number of grade points earned by the numbers of units attempted. A "W" grade does not enter into computation of the grade-point average. Also, such computations do not include the unit value of courses for which "CR" or "NC" are recorded or for courses completed under the regulations established for credit by examination. If a course is repeated for the purpose of improving
previous substandard work, the units attempted and grade points earned are counted only once and according to the higher grade earned in the course. If the grade is the same in both cases, the units attempted and grade points will be counted only once. An “I” made up carries the grade points per unit appropriate to the grade given on makeup.

Non-Evaluative Symbols

Units for which the following grading symbols have been assigned will not be counted in the computation of the grade-point average.

I - Incomplete (Included in the computation of progress probation)
W - Withdrawn (Included in computation of progress probation)
IP - In Progress—To be used when class extends beyond the normal end-of-an academic term
RD- Report Delayed
MW- Military Withdrawal—The “MW” shall be assigned only for students who are members of an active or reserve military service, and who receive orders compelling a withdrawal from courses. Upon verification of such orders, this symbol may be assigned. (The “MW” shall not be counted in progress probation and dismissal calculations.)

An incomplete grade may only be given when an unforeseen emergency prevents a student from completing work in a course. The incomplete grade must be removed by the end of the sixth school week after the beginning of the semester subsequent to the one in which the incomplete grade was received, regardless of whether the student re-registers. The nature of the unforeseen emergency and the conditions for removal of the “I” shall be stated by the instructor in a written record. The record shall indicate the grade to be assigned in lieu of the removal of the “I”. The student and the Office of Admissions and Records must be furnished copies of the record. A final grade shall be assigned when the work stipulated has been completed and evaluated or when the time limit for completing the work has passed.

A student may file a petition to the Petitions Committee for a time extension due to unusual circumstances.

GRIEVANCE PROCEDURES

Preliminary Action—As a student enrolled at Glendale Community College, if you feel that you are being treated unfairly by a college staff member, and feel uncomfortable resolving the matter through informal discussion with the person involved, then you may take it to the appropriate division chair or administrator.

If you have a complaint against another student, you may take the complaint to the: Vice President, College Services; Dean, Student Services; Dean, Student Activities; or the Dean, Admissions and Records. You may determine who is the most appropriate administrator to see.

If you have a complaint against a faculty member, you may take the complaint to the Executive Vice President, Instructional Services. If your complaint is against a counselor, you may take the complaint to the Dean, Student Services.

If you have a complaint against a college administrator, you may take the complaint to the College Superintendent/President.
The administrator holding the informal hearing will: arrange a joint meeting with the persons involved to hear both sides of the complaint; insure that each side has ample opportunity to state its case; and attempt to resolve the matter through a compromise, negotiated settlement, or recommend that the person at fault make the necessary correction.

If you make a complaint and you are not satisfied with the solution obtained by the informal hearing, you may submit your signed complaint in writing to the chairman of the Glendale Community College Judicial Board.

**Formal Hearing** — The chairman of the Glendale Community College Judicial Board will convene a formal hearing within one week of the receipt of a written complaint. He or she will also determine the members from a list of persons who previously had been approved for membership in each case according to the type of grievance:

1. When a student is named as a defendant in a complaint, the Judicial Board will consist of two students, two faculty members, including the chairman, and one administrator.

2. When a faculty member or an administrator is named as the defendant in a complaint, the Judicial Board will consist of three faculty members, including the chairman, and two administrators.

At the formal hearing both sides will be permitted to submit evidence, present witnesses, testify, and cross examine. Each side may be represented by counsel of its own choosing. The person making the charge shall assume the burden of proof.

The hearing shall be closed to the public unless the defendant requests an open hearing.

After both sides have presented their cases and been excused, the Judicial Board will discuss the extent to which the complaint is proved. The Judicial Board will reach its decision and recommendation by majority vote on a motion made by a member.

**Disposition of the Case** — The Judicial Board may find that a grievance is: not proved; proved only in part but not completely; or proved, which is a confirmation that a grievance has occurred.

The Judicial Board recommendations will be referred to the Superintendent/President who will act upon them according to his or her best judgment within the responsibilities of his or her office.

**Appeals** — A student who received an unfavorable judgment may appeal the recommendation of the Judicial Board to the College Superintendent/President. The College Superintendent/President may reduce but not increase the recommendation of the Judicial Board.

**What Can You Grieve?** — The student grievance process is intended to evaluate the fairness of specific actions that are thought to be unfair, thereby causing a grievance. It does not replace the actions which may be taken by the faculty members and administrators in the normal performance of their duties.

The Glendale Community College Judicial Board will not have jurisdiction in cases which would involve an over-all evaluation of the professional competence of a faculty member or an administrator.

Additional details of the grievance policy can be obtained from your counselor, a division chair, the Vice President, College Services, or the Executive Vice President, Instructional Services.
HONORS

Honors at Entrance

Honors at Entrance is granted to selected graduates of accredited United States high schools who have obtained a 3.5 or higher in their sophomore and junior years and first semester of the senior year. The student must be a first semester freshman and be enrolled in the college full-time. Students must apply for Honors at Entrance and submit official copies of their high school transcripts to the Office of Admissions and Records. Grades in physical education and military science courses are not included when calculating the grade-point average.

Dean's Honors

A Dean's Honors List is published each semester. It includes all students whose semester grade-point average is 3.50 or higher in 12 or more units; 3.75 to 3.99 in 9 to 11.5 units; or 4.00 in 6 to 8.5 units, with grades of A, B or C.

Dean's Honors will be posted each semester to the students' permanent academic records.

Academic Honors at Graduation

Academic Honors are awarded to students at graduation who have achieved a grade-point average of 3.5 or above in all work at Glendale Community College and in all work attempted.

PETITIONS PROCEDURE

Students feeling in their case that there are circumstances warranting special consideration for adjustment or deviation from established procedures and policies of the college may file a petition with the Petitions Committee.

REMEDIAL COURSEWORK LIMIT POLICY

Glendale Community College offers remedial coursework through pre-collegiate basic skills courses in reading, writing, learning skills, study skills, mathematics, and English as a Second Language. These courses are designated as non-degree applicable credit courses.

A student's need for remedial coursework shall be determined by the student's counselor through the use of the appropriate assessment instruments. Once enrolled, no student shall attempt and/or receive more than 30 units of credit for remedial coursework at Glendale Community College.

The following students are exempted from the limitation on remedial coursework:

1. Students enrolled in one or more courses of English as a Second Language.
2. Students identified by the Disabled Student Program and Services as being eligible for their learning disability services.
3. After attempting and/or completing 30 semesters units of remedial coursework and showing satisfactory progress by maintaining a 2.00 cumulative grade-point average, students may be allowed additional units of remedial coursework upon petition to the College Petitions Committee. If a waiver of the 30 unit limit is granted, the committee will specify the additional course(s) in which the student may enroll as well as any other conditions which the student must meet to satisfy the waiver. Progress shall be monitored on a semester basis.
A student not exempted from the 30 unit limitation shall be dismissed from the credit program and referred to adult non-credit education courses. Upon successful completion of appropriate remedial coursework or upon demonstration of skills which will reasonably assure success in college-level courses, the student may request reinstatement to the credit program at the college in order to proceed with college-level coursework.

SCHOLARS PROGRAM

The Glendale Community College Scholars Program has been created to serve the needs of academically accomplished students, offering them the opportunity for more intensive study on a higher intellectual plane than is normally possible in most undergraduate programs. The Scholars option is based on an eight-course core curriculum that twenty-five students, selected from among the Scholars candidates, take together, thus developing a fraternity/sorority of intellectual inquiry and exploration. The curriculum stresses critical thinking, in-depth analysis of issues, and serious evaluation of problems. The Scholars are expected to get away from rote memorization and to remove the classical obstacles to critical thinking: prejudice, egocentricity, ethnocentricity, and vested interest.

Advantages of being a Scholar:

- Priority consideration for admission to the UCLA College of Letters and Science
- Priority consideration for admission to the University of California, Santa Cruz
- Guaranteed admission to the University of Southern California
- Guaranteed admission to Pepperdine University
- Priority registration for all classes
- Special academic counseling
- The designation of "President's Scholar" on transcripts

Eligibility for the Program:

- Minimum cumulative GPA of 3.0
- CGP of 60; ACT of 15; SAT score (combined) of 1000 with 450 minimum on either the verbal or math section
- A 500-word essay offering proof of superior writing ability
- Evidence of special competency or creativity
- Written recommendations

Note: All requirements listed above are used as guidelines and can be rescinded or adjusted at the discretion of the College Scholars Advisory Committee.

STANDARDS OF SCHOLARSHIP

Glendale Community College interprets a "C" average as a satisfactory scholarship standard—which means that the student should receive grade points equal to twice the number of units attempted.

Students who fail to maintain satisfactory scholarship may be placed on academic or progress probation and may be dismissed.

1. Academic Probation

A student will be placed on academic probation if the student's cumulative grade-point average for all units attempted at accredited postsecondary institutions is less than 2.0. Glendale Community College recognizes academic probationary status assigned by another college or university.
2. **Progress Probation**
   A student who has enrolled in a cumulative total of at least nine (9) units shall be
   placed on progress probation if the percentage of all units in which a student has
   enrolled at accredited postsecondary institutions for which grades of “W”, “I” and
   “NC” are recorded reaches or exceeds fifty percent (50%). Glendale Community
   College recognizes progress probationary status assigned by another college or
   university.

3. **Dismissal**
   a. A student on probation (academic, progress or a combination of both) who earns
      any form of probationary status during enrollment in two consecutive semesters
      of attendance shall be dismissed and shall not be reinstated until at least one
      semester has elapsed after the dismissal. An exception is made for students whose
      first dismissal occurs at the end of the fall semester. Students who re-enroll in the
      subsequent spring semester are allowed to continue pending the determination of
      their academic status at the end of the spring semester. Glendale Community
      College recognizes academic dismissal assigned by another college or university.
      Students dismissed from other colleges or universities must abide by the
      procedures for students dismissed from Glendale Community College with
      respect to seeking readmission after dismissal.
   b. A student having been readmitted on probation after academic dismissal must
      maintain a semester grade-point average of at least 2.0 and must not be placed on
      progress probation. If either the semester grade-point average falls below 2.0 or the
      student is assigned the progress probation status, that student will again be
      dismissed for one semester.

**Financial Aid Satisfactory Progress Policy**
In order to receive financial aid, a student must meet the Glendale Community College
Standards of Scholarship during all periods of enrollment. In addition, students are
expected to meet the following standards during periods of enrollment for which federal
or state financial assistance is received.

- **Full-time students** must complete 12 or more units per semester.
- **Three-quarter time students** must complete 9 to 11½ units each semester.
- **Half-time students** must complete 6 to 8½ units each semester.
- **Less than half-time students** must complete 1 to 5½ units each semester.

Students are allowed 72 degree applicable units within which to complete their educa-
tional objective including units earned during non-aided semesters.

These unit load standards apply to the Fall and Spring semesters. Summer session
requires 4 units for full-time, 3 units for three-quarter time, 2 units for half-time, and
1 unit for less than half-time.

For additional details contact Student Financial Services (2nd floor, San Rafael Build-
ing).

**UNIT OF WORK**

The credit value in semester units of each course is indicated after the title of the course
under “Course Descriptions.” Each unit represents one hour per week of lecture or
discussion, or a longer time in laboratory or other exercises not requiring outside
preparation. For each hour of lecture-discussion, two hours of preparation are assumed.
UNIT LIMITATIONS

The students' program of studies will vary according to their needs and objectives. Students registered in 12 or more units are classified as full-time students; those registered for less than 12 units are classified as part-time students. The academic load carried should be in line with the best combined judgment of the student and the counselor. The college recommends that students who are working 20 hours per week should carry no more than 10 units; 30 hours per week, no more than 8 units; and 40 hours per week, no more than 6 units. Individuals having health problems should make proportionate adjustments in their college programs.

A first semester student, one who has not completed at any college one semester of resident study of 12 semester units of credit or a quarter of resident study of 8 semester units of credit, should not register for more than 16 units plus one unit of music performance and a physical education activity. Students may not register in more than 19 semester units without special permission. These unit limitations apply to the total of day and evening college courses.

WITHDRAWAL/COURSE DROP POLICY

Once enrolled in courses, students are not considered to have dropped or withdrawn unless add/drop forms have been filed with the Office of Admissions and Records. Failure to attend class does not constitute withdrawal.

No notation will be made on the permanent academic record of a student who drops or is dropped from the course or from college:

- during the first two weeks of a semester-length course;
- during the first week of a course which is at least six weeks in length and less than a semester in length; or
- during the first 20% of a course which is less than six weeks in length

Students who drop or are dropped from semester-length courses after the second week and prior to the end of the tenth week will receive grades of “W” on their permanent academic records. The same notation will appear for students in eight and nine-week courses who drop after the end of the first week and by the end of the fifth week.

In order to receive a grade of “W” in a six-week summer intersession course, a student must drop by the end of the third week.

Courses that last less than eighteen weeks adhere to a pro rata schedule for deadlines.

Upon petition, students may drop or be dropped subsequent to the designated deadlines for extenuating circumstances. The petition must be received by the chairperson of the Petitions Committee within the first semester following the semester or term in which the course was scheduled. Extenuating circumstances are verified cases of accident, illness or other circumstances beyond the control of the student. Such withdrawals or drops shall be recorded as a “W.”

Students not dropped or withdrawn from courses during the periods and circumstances described above will not be eligible for a grade of “W” and must be assigned a letter grade in the “A” through “F” category, or “CR/NC” in those courses so designated.
GRADUATION REQUIREMENTS

The Associate degree is granted to persons who file a Petition for Graduation in the Office of Admissions and Records, who are not on academic probation, and who have completed a minimum of 12 of the last 18 semester units of the required college curriculum of 60 degree applicable semester units at Glendale Community College. The satisfactory completion of the required 60 semester units must include all of the following:

**Major**

1. A major leading to a well-defined objective. When a course(s) required for a specific major is also on the list of approved general education courses, the course(s) may be used to satisfy both major and general education requirements. The requirement for the Associate in Arts degree may be met by completing an 18 semester unit major in:

- Biological Sciences
- Business Administration
- Choreographic Studies and Dance Technique
- English
- Foreign Language
- Interdisciplinary Humanities
- Liberal Arts
- Mathematics
- Media/Communications
- Music
- Physical Education
- Physical Science
- Social Science
- Speech/Communications
- Theatre Arts
- Visual Arts

Courses meeting the specific major requirements are listed in the Catalog beginning on page 77.

The requirement for the Associate in Science degree may be met by completing a Glendale Community College certificate program of 24 semester units or more. The certificate program must be approved by the appropriate division as a satisfactory major for the Associate in Science degree. The certificate programs that satisfy the major requirement for the Associate in Science degree may be found in the Catalog beginning on page 81.

**American Institutions**

2. **Two semester units** in American Institutions are required. Courses which satisfy this requirement include Political Science 101, 105, 151**; Social Science 125-126**, 132**.

**State & Local Government**

3. **One semester unit** in State and Local Government is required. Courses which satisfy this requirement include Political Science 106, 151**; Social Science 125-126**, 132**.

**U.S. History**

4. **Two semester units** in American History are required. Courses which satisfy this requirement include Economics 111/History 116; History 110, 111, 117-118, 150, 151; Social Science 125-126**, 131.

**Mathematics**

5. Satisfactory evidence of proficiency in mathematics must be given. Proficiency may be demonstrated by completion of with a "C" or better grade, Mathematics 101, 115, 140 or Technical Education 143, or an equivalent course taken at any accredited college.
6. Three semester units of community and personal hygiene must be completed. Health 104 or equivalent will satisfy this requirement.

Physical Education

7. Two semester units of physical education activity classes and/or dance activity classes must be completed unless exempted by established policy.

First Aid

8. First-aid instruction. Health 101, 102 or 109 satisfy this requirement.

Multi-Cultural Awareness

9. Three semester units in Multi-Cultural Awareness are required. Courses which satisfy this requirement include Ethnic Studies 101, 102, 110, 111, 122, 124, 132, 164; Humanities 101, 102, 125; Philosophy 113, 114; Social Science 121, 122, 123. The courses in general education which satisfy this requirement are marked with an asterisk (*) and the three units earned in these courses may apply to the twenty-one (21) units required in general education. Students must complete a second course, necessary to reach the 21 unit total, from the area of general education that contains the completed Multi-Cultural Awareness course.

General Education

10. Twenty-one (21) semester units of general education including at least one course in each of the following areas:

a. Natural Science. At least one course (3 semester units) from physical science or from biological science must be selected:

   Anthropology 101; Astronomy 101, 102, 103; Aviation and Transportation 122; Biology 101, 102, 112, 115, 118, 120, 121, 122, 123, 125, 126, 127, 128, 129, 130, 131, 132, 133, 135, 137, 138, 139, 140, 145, 146, 149; Chemistry 101, 102, 103, 105, 106, 107, 110, 114, 115, 120, 121, 143; Geography 101; Geology 101, 102, 103, 104, 105, 110; Oceanography 115, 116; Paleontology 101; Physics 101, 102, 103, 105, 106, 110; Physical Science 131; Technical Education 145.

b. Social Science. Courses completed to satisfy requirements 2, 3, and 4 may not be used to fulfill the requirement in Social Science. At least one course (3 semester units) from the Social Sciences must be selected:

c. **Humanities.** At least two courses (6 semester units)—one from each of the two areas below must be selected.

1. **Interdisciplinary Humanities—three (3) semester units required:**

2. **Arts, Foreign Language, Literature and Philosophy—three (3) semester units required.**

**d. Language and Rationality.** At least two courses (6 semester units) from Language and Rationality must be selected.

1. **English Composition—three (3) semester units required.**
   - Evidence of proficiency in written English is required.
   - This requirement may be fulfilled by the completion of, with a "C" or better grade, English 101 or 120 or 131 or English as a Second Language 151 or Business-General 110 (3 units).

2. **Communication and Analytical Thinking—three (3) semester units required.**
   - Accounting 101, 102, 105, 106; Business Administration 120, 125; Business-General 101, 115; Computer Science/Information Systems 101, 110, 120, 125, 127, 128, 130, 135, 137, 140, 145, 150, 155, 156, 160, 165, 172, 180; Economics 107; English 104, 118; English as a Second Language 133, 141; Journalism 102, 107; Mathematics 100, 101, 102, 103, 104, 105, 107, 108, 110, 111, 112, 115, 128, 130, 135, 136, 138, 140, 141, 145, 146; Philosophy 117; Political Science 107; Psychology 107; Sociology 107; Speech 100, 101, 103, 104, 105, 107; Technical Education 143.

*This course satisfies requirement 9, Multi-Cultural Awareness.

**This course satisfies requirements 2, 3, and 4. (Both Social Science 125 and 126 must be completed to satisfy requirements 2, 3, and 4.)

***This course satisfies 2 and 3.
MAJOR REQUIREMENTS
FOR THE
ASSOCIATE IN ARTS DEGREE

The following is a list of the majors and their requirements that satisfy the Associate in Arts degree for Glendale Community College.

Please note that all courses used to satisfy the major for the Associate in Arts degree must be completed with a grade of “C” or better.

BIOLOGICAL SCIENCE

Required: Biology 101, 102; Chemistry 101, 102; Mathematics 101.

BUSINESS ADMINISTRATION

Required: Accounting 101 (or 105 and 106), 102; Business Administration 101, 110, 120; Computer Science/Information Systems 101, 102 (or 231 and 233); Economics 102; Mathematics 112; Marketing 105 or Management 101.

CHOREOGRAPHIC STUDIES AND DANCE TECHNIQUES

Required: Biology 120, 121; Dance 111, 116, 121, 130, 131 or 132, 135 or 136, 140; Theatre Arts 103.

ENGLISH

Required: English 105-106 or English 109-110.

*A maximum of 6 units of English 103 and 112 combined may be counted toward the 18 units required.

FOREIGN LANGUAGE

Required: A minimum of 18 units in one of the following options:

Option 2: French 101, 102, 103, 104, 105, 106, 124, 125, 126.

Option 3: Ten (10) units in one foreign language and eight (8) in another.

INTERDISCIPLINARY HUMANITIES

Required: A minimum of 18 units in one of the following options:

Option 1: East-West Culture and Civilization
- Required: Humanities 101, 102, and either Humanities 105 or 110.
- Select 9 units from at least 3 of the following disciplines: Anthropology 101; Art 108, 109; Ethnic Studies 124, 164; History 107, 119, 120, 132, 135; Humanities 115; Philosophy 113, 114, 116, 119, 120, 121; Political Science 101, 111.

Option 2: Creativity
- Select 6 units from: Humanities 106, 117, 120.
- Select 3 units from: Humanities 105, 110.
• Select 9 units from at least 3 of the following disciplines: Anthropology 101; Art 150, 160, 186; Biology 123; Dance 176, 179, 187, 193, 198; English 103, 111, 130; Ethnic Studies 101; French 105, 106; Philosophy 116, 117; Spanish 105, 106; Theatre Arts 103, 104, 109, 121, 123, 134.

**Option 3: American Responses to Other Cultures**
• Select 9 units from: Humanities 105, 110, 111, 125.
• Select 9 units from at least 3 of the following disciplines: English 111, 124, 126, 127, 128; Ethnic Studies 101, 102, 110, 132, 164; French 124, 125, 126; Geography 102; German 125, 126; History 103, 104, 111, 113, 114, 119, 120, 121, 131, 132, 135; Philosophy 121, 122; Social Science 121, 122, 123, 134; Sociology 102, 105; Spanish 124, 126, 127, 128.

**LIBERAL ARTS**

Required: English 101 and 102†, or English 101 and 104.

• Select 3 units from: Mathematics 100, 102, 103, 110, 111, 112, 135, 136.
• Select 9 units from the Arts and Humanities with at least one course in the Arts and one course in the Humanities:

**ARTS**

**HUMANITIES**

• Select 9 units from at least 2 different disciplines from the Social and Behavioral Sciences:
Anthropology 102, 103; Economics 101, 102, 105, 111; Geography 102, 105, 110; Ethnic Studies 101, 102, 110, 111, 122, 124, 132, 164; Journalism 101; Political Science 101, 102, 103, 110, 111; Psychology 101, 103, 104, 106, 109, 113, 115; Sociology 101, 102, 104, 105; Social Science 121, 122, 123, 124, 131, 132, 134, 136.

• Select 7 units in the Biological and Physical Sciences with at least one course in the Biological Sciences and at least one course in the Physical Sciences. At least one course must include a laboratory (indicated with a *):

**BIOLOGICAL SCIENCES**
Anthropology 101; Biology 101*, 102*, 112*, 115*, 120*, 121*, 122*, 123, 125, 126*, 127, 128*, 132, 135*.

**PHYSICAL SCIENCES**

**NOTE:** With careful planning the completion of the Liberal Arts major will satisfy most of the Associate in Arts degree requirements. See a counselor for details and assistance.

† Courses designated with a "†" may be counted in one area only.
MATHEMATICS
Required: Mathematics 103, 104, 105, 107, 108.

MEDIA/COMMUNICATIONS
Required: A minimum of 18 units in one of the following options:

Option 1: Journalism
- Required: English 101; Journalism 101, 102, 103*, 104*, 106, 107, 120; Independent Study 149**.

- A maximum of 9 units of Journalism 103 and 104 combined may be counted toward the 18 units required.

- A maximum of 6 units in Independent Study 149 may be counted toward the 18 units required.

Option 2: Television

MUSIC
Required: Music 104, 105, 107, 108, 125, 126.
Complete 2 of the following courses: Music 160, 161, 162, 163.
Complete 2 units from the one of the following: Music 138 or 140.
Four semesters of continuous enrollment in a performing ensemble.

PHYSICAL EDUCATION
Required: Biology 115 or 120-121; Health 101, 104; Physical Education 120, 125, 128.
Complete 1.5 units in each of the following:
- a. a racket sport
- b. a team sport
- c. an individual sport
- d. dance.

PHYSICAL SCIENCE
Required: A minimum of 18 units from courses chosen from at least 2 of the following 3 categories:

Category 1: Physics 101, 102, 103, 105, 106
Category 2: Chemistry 101, 102, 103, 105, 106
Category 3: Astronomy 101, 102, 103; Geology 101, 102, 103, 104, 105, 110; Oceanography 115; Paleontology 101.

SOCIAL SCIENCE
Required: A minimum of 18 units from the following:

1. Select courses to satisfy each of the following 3 areas:
   - American Institutions: Political Science 101, 105, 151; Social Science 125-126, 132.
   - State and Local Government: Political Science 106, 151; Social Science 125-126, 132.
   - American History: Economics 111 or History 116; History 110, 111, 117, 118, 150, 151; Social Science 125-126, 131.
2. Select 12 units from the following:
   Anthropology 102; Economics 102; Geography 102; Philosophy 101;
   Psychology 101; Sociology 101; Social Science 121.

**SPEECH/COMMUNICATION**

Select 1 course in each of the following 3 areas:
1. Speech 100, 103
2. Speech 104, 106, 107
3. Psychology 101; Theatre Arts 103

**THEATRE ARTS**

Required: A minimum of 18 units in one of the following options:

**Option 1: Theatre Arts**
- Required: Dance 140; English 101; Speech 101; Theatre Arts 102, 103, 105, 109, 121, 123, 131.
- Electives: Art 101, 102; English 102, 125, 126; Humanities 117; Dance 101, 134; Speech 105; Theatre Arts 101, 104, 110, 122, 130, 134.

**Option 2: Acting**
- Required: Dance 140, 141; English 101 or 120; Speech 101, 105, 106; Theatre Arts 102, 103, 104, 105, 107, 109, 131.
- Electives: Art 101, 102; English 102, 125, 126; Humanities 117; Dance 101, 134, 145; Theatre Arts 110, 122, 134.

**VISUAL ARTS**

Required: A minimum of 18 units in one of the following options:

**Option 1: Art History**
- Required: Art 101, 102, 130.

**Option 2: Two Dimensional**
- Required: Art 101 or 102, 130, 150.
- Select 3 courses from: Art 131, 151, 152, 160, 164, 170, 174; Photo 101.

**Option 3: Advertising Art**
- Required: Art 101 or 102, 130, 134.
- Select 3 courses from: Art 135, 136, 137, 140, 150, 156; Photo 101.

**Option 4: Three Dimensional**
- Required: Art 101 or 102, 130, 138.
- Select 3 courses from: Art 152, 180, 181, 186, 187, 190.

**Option 5: Photography**
- Required: Art 101 or 102; Photo 101
- Select 4 courses from: Photo 103, 105 or 108, 109 or 110; Art 130 or 134 or 138.
ASSOCIATE IN SCIENCE MAJORS AND CERTIFICATE PROGRAMS

Certificate Programs are primarily business and technical programs for students desiring education beyond high school. These programs provide opportunities for students to prepare themselves for a wide variety of careers. In most cases these programs are planned without regard to transfer schools; however, many courses are transferable to four-year colleges or universities if students change their educational goals.

1. Certificates of Completion shall be issued upon request by the Office of Admissions and Records to students who qualify for them by completing one of the occupation-centered curriculums. The student must have an average grade of "C" in all courses constituting the certificate program.

2. To be eligible for the Certificate a student must complete a minimum of 18 semester units of required courses.

3. At least twelve units of the required courses must be completed at Glendale Community College.

ACCOUNTING

The accounting curriculum provides comprehensive training for career employment as accountants.

These courses are required: Accounting 101 (or 105 and 106), 102; Business Administration 120; Business-General 110, 140; Computer Science/Information Systems 101, 102*; Economics 101, 102.

A minimum of 5 units must be selected from the following list of recommended courses: Accounting 120, 130, 150, 160; Business Administration 101, 125, 160; Business-General 150; Computer Science/Information Systems 115, 140, 170, 180, 185, 190, 210; Economics 105, 107; Finance 150; Internship 150; Mathematics 101, 111.

*or Computer Science/Information Systems 110.

ADMINISTRATION OF JUSTICE

The required core courses (18 units) are: Administration of Justice 101, 103, 110, 117, 118, 120 and 134.

In addition, a minimum of 9 units must be selected from the following: Administration of Justice 107, 108, 111, 113, 114, 116, 129, 130.

It is further recommended that students take Psychology 114 and/or Speech 101.

ADVERTISING ART

The Advertising Art Certificate curriculum combines fundamental fine arts courses with those of a technical nature to provide a comprehensive course study in visual communication. The program is intended to prepare students to communicate ideas and information using any visual medium. Advertising design students learn that by creating effective visual communication they make information accessible and comprehensible and give visual order, identification, and meaning to the many ideas existing within society.
This program is designed for the student's entry into the profession in a variety of areas: salaried "in-house" artist for an agency, printing house or design studio artist, part-time or hourly artist for firms specializing in graphic art areas, or free-lance artist.

These courses are required: Art 102, 130, 131, 134, 135, 136, 137, either Art 140 or CS/IS 206 (or equivalent), 150; CS/IS 123 (Quark Xpress recommended); Photography 101; and 3 units from either Art 101 or 107.

A minimum of 3 units must be selected from the following: Art 101, 107, 138, 152, 156, 157, 170, 174.

**SPECIALIST IN ALCOHOL/DRUG STUDIES**

The program is designed to provide academic preparation and field experience for individuals employed, or preparing for employment, as alcohol and drug abuse specialists in public and private agencies. To earn a certificate the student must complete the core courses and selected courses from each section as designated, for a total of 38 units.

Core Curriculum: (9 units):
Alcohol/Drug Studies 101, 103, 105.

Behavioral Courses (6 units):
Select six units from: Psychology 101, 108, 110, 114; Social Science 121; Sociology 101*.

Skill Courses (9 units):
Select nine units from: Alcohol/Drug Studies 110, 111, 112, 113, 114, 115**.

Field Experience (6 units):
Alcohol/Drug Studies 150 and 151.

Field Placement (8 units):
Alcohol/Drug Studies 152 and 153.

*Three units required from Psychology 101, 108 or Sociology 101.

**Three units required from Alcohol/Drug Studies 110, 111 or 112.

**ARCHITECTURAL DRAFTING AND DESIGN**

This curriculum prepares a student to enter employment as an architectural draftsperson in the building construction field.

These courses are required: Architecture 101, 102, 103, 105, 120, 125, 130, 135; Art 120, 121, 150; Drafting 141; Technical Education 140, 142*.

The following courses are recommended: Art 130; Cooperative Education 102; Technical Education 146.

*The units earned for this course may not be applied toward the 60 units for graduation.

**ART**

For the students who are interested in art as a career, the following courses are required:

Two-dimensional art: Art 101, 102, 130, 131, 150, 152, 160.
Select 3 units from: Art 138, 180, 186.
Select 3 units from: Art 164, 170, or Photography 101.
ART HISTORY

The curriculum listed below is designed to prepare the student to be an art museum docent.

These courses are required: Art 103, 104, 105, 106, 107; Humanities 115; Speech 101.

A minimum of 3 units must be selected from the following recommended courses: Art 108, 109, 112, 113, 116, 118.

AVIATION AND TRANSPORTATION—Aviation Administration

Aviation Administration is for those who wish to enter civil aviation work as clerks, agents, station and traffic managers, or fixed base operators.

These courses are required: Aviation and Transportation 120, 128; Business Administration 101; English 101; Psychology 101; Speech 101.

A minimum of 4 units must be selected from the following: Aviation and Transportation 121, 122, 123, 124, 125, 126, 127, 129, 131, 132, 134, 136; Accounting 101 (or 105 and 106), 102, 110; Computer Science/Information Systems 101, 105; Economics 101, 102.

AVIATION AND TRANSPORTATION—Flight Attendant

These courses are required: Aviation and Transportation 120, 129*, 132; Psychology 101, 110; Speech 101.

A minimum of 8 units must be selected from the following: Aviation and Transportation 121, 122, 123, 124, 125, 126, 127, 128, 131, 134, 136; Cooperative Education 102; Geography 105.

NOTE: This certificate will not satisfy the major requirement for the Associate in Science degree.

*Students following the Flight Attendant Program should take Aviation and Transportation 129 prior to Aviation and Transportation 120.

AVIATION AND TRANSPORTATION—Aircraft Powerplant Maintenance and Overhaul (FAA Powerplant License)

These courses are required: Aviation and Transportation 141, 142, 143, 144.

NOTE: This certificate will not satisfy the major requirement for the Associate in Science degree.

AVIATION AND TRANSPORTATION—Aircraft Powerplant Maintenance and Overhaul (FAA Powerplant and Airframe License)

This program is designed for those students who wish to complete the work for the "A" and "P" certificates in the shortest possible time. Required courses: Aviation and Transportation 141, 142, 143, 144, 145, 146.

NOTE: The Associate of Science degree may be obtained in approximately three years along with the combined "A" and "P" course which requires four semesters by taking additional subjects required for graduation during the last two semesters.

AVIATION AND TRANSPORTATION—PILOT TRAINING

Training offered in this field:

1. Instruction: For those who wish to complete two years of college to become eligible to enter civil aviation as professional pilots
2. Basic Pilot Training: Prepares the student for the FAA Private Pilot Airplane written examination for the Private Pilots License. Required course is Aviation and Transportation 120.

3. Advanced Pilot Training: A program designed to give private pilots adequate aeronautical knowledge and experience necessary to enter the field as commercial pilots with an instrument rating as their career. To enter this program, it is required the student satisfactorily complete Aviation and Transportation 120*.

These courses are required: Aviation and Transportation 120, 121, 122, 123, 124, 125, 126, 127.

These courses are recommended: Aviation and Transportation 134, 136.

*Aviation and Transportation 120 may be taken credit by exam.

BANKING

Not Offered.

BOOKKEEPING

The bookkeeping curriculum has been designed for students who wish to become bookkeepers in private industry or government service, and for students interested in managing a small business. Students who wish to transfer as business majors should take the accounting curriculum.

These courses are required: Accounting 101 (or 105 and 106) (or 110), 120, 130; Business Administration 101, 120; Business-General 110, 135, 140 (2 units).

A minimum of 5 elective units must be selected from the following list of recommended courses: Accounting 150, 160; Business Administration 110; Computer Science/Information Systems 101, 102, 105, 110, 201, 230, 232; Finance 140, 150; Internship 150; Marketing 105; Mathematics 101.

BUSINESS ADMINISTRATION

This certificate prepares students to participate in the world of business by presenting material representative of many different business disciplines. Various options are available to match the interest of the student.

CORE CURRICULUM

Required courses for the core curriculum: Accounting 101 (or 105 and 106) (or 110); Business Administration 101, 120; Business-General 110; Computer Science/Information Systems 230 (or 101).

OPTIONS

General Business Option

This option is intended for students interested in the medium or large business environment.

Required courses: Core curriculum; Business Administration 110; Finance 140 or 150; Management 101; Marketing 105.
Small Business Option
This option is intended for the student with an interest in owning or operating a small business.

Required courses: Core curriculum; Accounting 130 or Business Administration 175; Business Administration 110; Management 165; Marketing 105.

Financial Planning and Investment Option
This option is intended for the student interested in the business aspects of financial planning.

Required courses: Core curriculum; Accounting 150; Finance 101 or 110 or 150, 140, 161.

International Business Option
This option is intended for the student who wants to be involved with international operations — importing, exporting, or establishing a business overseas.

Required courses: Core curriculum; Marketing 105; Management 165 and any two courses from: Business Administration 170, 175, 176, 180.

NOTE: Other than the core courses, a course may not be used for more than one option on a single certificate. Substitutions for some of the above classes may be made with department approval.

CERAMICS
This certificate is designed for those students wishing to prepare for employment in the commercial ceramic industry as lab technicians. Emphasis in the coursework is on job-related skills such as production forming techniques, glaze formulation and application, patterning and decorating techniques, and kiln loading and firing. The program is also well suited for those desiring to set up their own production studios to work as independent artists.

These courses are required: Art 130, 138, 150, 186, 187, 188, 190, 191, 192; Accounting 110; Chemistry 110 or 143 or Art 195; Photography 101.

These courses are recommended: Art 101, 102, 180, 189, 193, 195.

CHILD DEVELOPMENT/TEACHING
The Child Development/Teaching curriculum is designed to prepare students to teach in nursery school, Head Start child development centers, preschool classes and day care centers. Three options are presented—Infant/Toddler, Nursery School and School Age Extended Care based on the same core classes: Child Development 135, 140, 141 and lab, 142.

Child Development/Teaching—Nursery School
These courses are required: Child Development 135, 138, 140, 141 and lab, 142, 151, either 152 or 158, 155; English 127.

A minimum of 3 units must be selected from the following: Child Development 136, 137, 143, 147, 156; Health 109.

Child Development/Teaching—Infant Toddler
These courses are required: Child Development 135, 138, 140, 141 and lab, 142, 147, 155; English 127.
A minimum of 6 units must be selected from the following: Child Development 136, 137, 143, 151, either 152 or 158, 156; Health 109.

**Child Development/Teaching — School Age Extended Care**

These courses are required: Child Development 135, 136, 137, 140, 141 and lab, 142, 155; English 127.

A minimum of 3 units must be selected from the following: Child Development 138, 143, 147, 151, either 152 or 158, 156; Health 109.

**CHOREOGRAPHIC STUDIES AND DANCE TECHNIQUE**

The curriculum is designed for those students who plan careers in commercial and concert dance.

The following courses are required (19 units): Dance 101, 111, 112 or 113, 115, 116, 121, 122 or 123, 130, 131 or 132, 135, 136.

A minimum of 6 units must be selected from the following elective courses: Art 102, 125, 130; Dance 140, 141, 145, 160; Health 110; Humanities 117, 120; Music 101, 135, 230, 236, 237; Physical Education 294; Theatre Arts 101, 103, 104, 109, 123, 134.

**NOTE:** Students must earn a minimum of 1 unit in each required class.

**CLERICAL TRAINEE**

This certificate helps to prepare students for an entry-level clerical or secretarial position in a general office setting.

The student will complete the required courses and choose elective courses for a total of 18 units.

**Core Curriculum**

Business General 101*, 110; Office Administration 101, 205**, 254

*Or a satisfactory score on the English Placement Examination

**Minimum speed of 40 wpm is required for this certificate. If present typing speed exceeds 40 wpm, substitute Office Administration 210 or Office Administration 215 or 3 units of course work from the list below.

**Elective Courses**

The student will choose 3 to 9 units from this list to complete a minimum of 18 units:

Business General 135, 140, 150; Computer Science/Information Systems 115; Office Administration 105, 110, 120, 140, 201, 256.

**NOTE:** This certificate does not satisfy the major requirements for the Associate in Science degree. Substitutions for some of the above classes may be made with department approval in the event of previous experience, problems regarding class offerings, or student’s interest in specialized areas such as medical or legal offices.

**COMPUTER INFORMATION SYSTEMS**

**LARGE SYSTEM COMPUTING OPTION**

This curriculum is designed for those students interested in business data processing as an occupational area. To earn a certificate the student must complete the required CORE courses, and choose other courses from the additional courses list to total 32 units.
Certificate Programs

Core Curriculum
Business-General 110; Computer Science/Information Systems 101, 130 or 140, 170 or 172, 190.

Additional Courses
Business Administration 110; Computer Science/Information Systems 110, 117, 130, 135, 137, 140, 145, 150, 155, 156, 165, 170, 172, 180, 185, 195, 210; Internship 150

NOTE: Courses taken more than three years before the granting of the certificate must have the approval of the division chair for acceptance.

PROGRAMMING OPTION
This curriculum is designed for those students interested in programming in typical languages as an occupational area. To earn a certificate, the student must complete the required CORE courses, and choose other courses from the Additional Courses list to total 32 units.

Core Curriculum
Business-General 110; Computer Science/Information Systems 101, 110, 120 or 135 or 145, 130 or 140.

Additional Courses:
Business Administration 110; Computer Science/Information Systems 115, 120, 127, 128, 130, 135, 137, 140, 145, 150, 155, 156, 160, 165, 170, 172, 180, 185, 190, 195; Internship 150

NOTE: Courses taken more than three years before the granting of the certificate must have the approval of the division chair for acceptance.

MICROCOMPUTER OPTION
This curriculum is designed for those students interested in a career working with microcomputers. To earn a certificate, the student must complete the required CORE courses, and choose other courses from the additional courses list to total 32 units.

Core Curriculum
Business-General 110; Computer Science/Information Systems 101, 110, 172 (or 201 and 202), 190, 230 (or 232).

Additional Courses:
Accounting 120, 130; Business Administration 110; Computer Science/Information Systems 102, 115, 117, 120, 127, 128, 130, 135, 137, 156, 160, 165, 172, 180, 185, 201, 202, 210, 230, 232; Internship 150

NOTE: Courses taken more than three years before the granting of the certificate must have the approval of the division chair for acceptance.

COMPUTER NUMERICAL CONTROL TECHNICIAN
This certificate is designed to prepare the student as an industrial Computer Numerical Control Technician, which is an occupation listed under the manufacturing technology curriculum established by the Southern California Aerospace Industry Education Council.

The following courses are required: Computer Science/Information Systems 101, 110; Drafting 129, 130, 141; Electronics and Computer Technology 103, 104, 110*, 113, 205; Machine Technology 101, 110; Materials and Processes 146; Student Development 126.
Additionally, students are recommended to have completed basic English communications skills, general mathematics through trigonometry (e.g. Technical Education 142\textsuperscript{**} & 143 or equivalent), general science (e.g. Technical Education 145 or equivalent), and Metallurgy 150 or Metals 150.

*or higher level

**The units earned for this course may not be applied toward the 60 units for graduation.

**COMPUTER OPERATIONS TECHNICIAN**

The student completing this certificate will have a basic knowledge of large scale computer systems in a business environment. To earn a certificate the student must complete the CORE courses totaling 19 units.

**Core Curriculum**

Business-General 110, Computer Science/Information Systems 101, 130 (or 140), 170 (or 172), 190.

**NOTE:** This certificate does not satisfy the major requirements for the Associate in Science degree. Courses taken more than three years before the granting of the certificate must have approval of the division chair for acceptance.

**COMPUTER PROGRAMMING TECHNICIAN**

The student completing this certificate will have a basic knowledge of programming. To earn a certificate the student must complete the required CORE courses totaling 18 units.

**Core Curriculum**

Business-General 110, Computer Science/Information Systems 101, 110, 130 (or 140), 135 (or 145).

**NOTE:** This certificate does not satisfy the major requirements for the Associate in Science degree. Courses taken more than three years before the granting of the certificate must have approval of the division chair for acceptance.

**COMPUTER SCIENCE**

This program is designed for those students interested in computer science as an occupational area. To earn a certificate, the student must complete the required CORE courses, and choose other courses from the Additional Courses list to total 32 units.

**Core Curriculum**

Business-General 110; Computer Science/Information Systems 101, 130; Electronics and Computer Technology 103, 110

**Additional Courses:**

Business Administration 110; Computer Science/Information Systems 120, 125, 135, 137, 150 (or Mathematics 130), 156, 160, 165, 170, 172, 185, 190, 210; Electronics and Computer Technology 101, 102, 104, 201, 202; Internship 150; Mathematics 111

**NOTE:** Courses taken more than three years before the granting of the certificate must have the approval of the division chair for acceptance.

**COMPUTER SOFTWARE TECHNICIAN**

This program is designed to train students to meet the rapidly growing need for qualified hardware/software design technicians, having a blend of hardware skills and software skills. To earn a certificate, the student must complete the required CORE courses, and choose other courses from the Additional Courses list to total 32 units.
Certificate Programs

Core Curriculum
Computer Science/Information Systems 101, 110 or 135, 190; Electronics and Computer Technology 103, 110, 112

Additional Courses:
Business Administration 110; Business-General 110, Computer Science/Information Systems 110, 120, 130, 135, 137, 150, 160, 201, 202; Electronics and Computer Technology 101, 102, 104, 110, 201, 203, 204

NOTE: Courses taken more than three years before the granting of the certificate must have the approval of the division chair for acceptance.

COSMETOLOGY

Glendale Community College has contracted with a Glendale beauty college for the provision of cosmetology instruction to registered Glendale Community College students. The completion of Cosmetology 111, 112, 113, and 114 provides 1,600 hours of theory and practice required by the State of California Cosmetology Act and by the Board of Cosmetology for licensing as a Cosmetologist. The 1,600 hours may be completed in four semesters; or a combination of three semesters and one ten-week summer session; or a combination of two semesters and two ten-week summer sessions.

These courses are required: Cosmetology 111, 112, 113, 114.

Recommended elective: Cooperative Education 102

DESKTOP PUBLISHING

This certificate is designed to train students in the use of Desktop Publishing tools and allow the student to develop the use of those tools in an applied area of their choice. The student must complete all CORE courses totaling 8-10 units and then choose an additional 8-10 units to complete a total of 18 units in their choice of applied areas. Applied areas include print, video, audio, and multimedia offerings to allow the student flexibility in course selection.

Core Curriculum
Computer Science/Information Systems 101 (or 105), 123, 124

Additional Courses
Art 130, 131, 134, 135, 136, 137, 140; Computer Science/Information Systems 111 (or Television 111), 127, 128, 206; Journalism 102, 103, 107

NOTE: This certificate does not satisfy the major requirements for the Associate in Science degree.

DIETARY SERVICE SUPERVISOR

These courses are required: Food and Nutrition Studies 111, 112, 113, 116, 118, 125; Cooperative Education 102; Management 110.

A minimum of four units must be chosen from the following recommended courses:
ESL 133; English 191; Business-General 135; Food and Nutrition Studies 117, 119, 203, 207; Management 115; Special Projects 150.

DRAFTING/ELECTRO-MECHANICAL DESIGN

This course of study provides basic and advanced training in technical drawing and design with an emphasis on electro-mechanical design. ANSIY 14.5 and other military standards are presented along with computer aided drafting and design (CADAM).
These courses are required: Drafting 131, 132, 133, 134, 141 (CADAM); Engineering 103; Materials and Processes 146; Metallurgy 150 or Metals 150; Technical Education 140, 142*, 143, 145.

Elective units from the following list are recommended: Electronics and Computer Technology 110; Machine Technology 101; Welding 121.

* The units earned for this course may not be applied toward the 60 units for graduation.

**ELECTRONICS AND COMPUTER TECHNOLOGY**

**CORE CURRICULUM**

These courses are required: Computer Science/Information Systems 110, 201; Electronics and Computer Technology 100, 101, 102, 103, 104, 113, 201, 203, 210; Student Development 126; Technical Education 140.

The following courses are required for each individual certificate of completion.

**Electronics Engineering Technician**

Core Curriculum; Drafting 130, 141; Electronics and Computer Technology 202

**Computer Systems Technician**

Core Curriculum; Computer Science/Information Systems 115; Electronics and Computer Technology 112, 204, 212

**Automation Systems Technician**

Core Curriculum; Computer Integrated Manufacturing 101, 102, 201; Drafting 129.

**RECOMMENDED ELECTIVES**

Recommended electives for E.E.T. are: Computer Integrated Manufacturing 101, 102; Electronics and Computer Technology 112, 113, 203, 204, 222; Materials and Processes 146; Technical Education 145.

Recommended electives for C.S.T. are: Computer Integrated Manufacturing 101; Computer Science/Information Systems 180; Drafting 130, 141; Electronics and Computer Technology 112, 113, 202.

Recommended electives for A.S.T. are: Drafting 130, 141; Electronics and Computer Technology 113, 202, 203; Machine Technology 101, 110; Management 130; Materials and Processes 146; Technical Education 145.

**APPRENTICE ELECTRONICS TECHNICIAN**

These courses are required: Computer Integrated Manufacturing 101; Drafting 130; Electronics and Computer Technology 103, 110, 113; Student Development 126; Technical Education 142*.

**NOTE:** This certificate does not satisfy the major requirements for the Associate in Science degree.

* The units earned for this course may not be applied toward the 60 units for graduation.

**ENGINEERING -**

(See DRAFTING/ELECTRO-MECHANICAL DESIGN)

**ESCROW**

This curriculum is designed for either those students who are preparing to serve as escrow processing specialists or those students who are upgrading their skills in that field.
These courses are required: Real Estate 101, 140, 150, 250, 251; Computer Science/Information Systems 105 or 115.

Two elective courses must be chosen from: Accounting 101 (or 105 and 106) or 110; Business Administration 101, 120, 125, 160; Business-General 110, 130; Real Estate 120, 130, 160, 161, 190, 252, 253, 275.

**FASHION DESIGN**

Fashion Design is a program designed for those students interested in fashion design as a career. Courses offered include training as pattern makers, designers, layout workers, sample makers, drapers, fitters and cutters, and includes knowledge of textile merchandise and selling techniques of fashion goods.

These courses are required: Fashion 100, 103, 104, 105, 106, 107, 108 or 109, 123, 125; Clothing and Textiles 105.

Elective units from the following list are recommended: Art 130; Business-General 101; Cooperative Education 102; Clothing and Textiles 101; Drafting 203 or Fashion 203; Theatre Arts 123.

**FIRE TECHNOLOGY**

These courses are required (3 units in each course): Fire Technology 101, 103, 104; Administration of Justice 117.

In addition, a minimum of 12 units must be selected from the following: Fire Technology 105, 107, 108, 109, 110, 111, 112, 114, 151.

The following courses are recommended: Administration of Justice 101, 103, 107; Speech 101.

**FOOD SERVICE MANAGEMENT**

This course of study provides basic and advanced training designed to prepare students for employment in various positions in the food service industry.

These courses are required: Food and Nutrition Studies 111, 112, 113, 116, 117, either 120 or 122, 124, 125, 201, 203, 207, 214.

Elective units from the following are recommended: Cooperative Education 102; Food and Nutrition Studies 110, 118, 120, 122, 141; Management 101; Psychology 101.

**INSURANCE**

Not Offered.

**INTERNATIONAL BUSINESS SPECIALIST**

The International Business Specialist Certificate presents the business concepts necessary to compete in the international global marketplace. It prepares students to import, export, and/or establish an overseas business presence. This program is designed expressly for both the individual entrepreneur and the established company executive.

These courses are required: Management 165; Marketing 105.

Choose two of the following: Business Administration 170, 175, 176, 180.
Six additional units must be selected from the following group of courses, for a minimum of 18 units: Accounting 101 or 110; Business Administration 101, 110, 120, 130, 170, 175, 176, 180; Business-General 110; Computer Science/Information Systems 101 or 105.

NOTE: This certificate does not satisfy the major requirements for the Associate in Science degree.

**JOURNALISM**

These courses are required: English 101, 102, 105, 106; Journalism 101, 102 and either 103 or 104.

A minimum of 3 units must be selected from the following: Economics 101; History 107, 108, 109, 110; Political Science 101.

Recommended electives: Cooperative Education 102, Journalism 106, 107.

**MACHINE AND MANUFACTURING TECHNOLOGY**

**Machinist Option:**
These courses are required: Drafting 129; Machine Technology 101, 102, 103, 104, 111; Metallurgy 150 or Metals 150.

A minimum of 6 units from the following list are recommended: Cooperative Education 102; Machine Technology 109, 112; Technical Education 142* or equivalent; Welding 117, 118.

**Manufacturing Technician Option:**
These courses are required: Computer Integrated Manufacturing 101, 102, 201; Computer Science/Information Systems 105; Electronics and Computer Technology 110; Machine Technology 107*, 111.

NOTE: The Manufacturing Technician Option will not satisfy the major requirements for the Associate in Science degree.

* The units earned for this course may not be applied toward the 60 units for graduation.

**MANAGEMENT**

These courses are required: Accounting 101 (or 105 and 106); Business Administration 101, 120; Business-General 135; Computer Science/Information Systems 101 or 105; Management 101; Management 145 or Speech 100 or 101; Management 150 or Business-General 110 or English 101; Management 110 or Business Administration 110.

Elective units from the following list are recommended: Management 115, 130, 165.

**MANUFACTURING ENGINEERING**

These courses are required: Computer Integrated Manufacturing 101, 102, 201; Computer Science/Information Systems 105; Drafting 129, 141; Electronics and Computer Technology 110; Machine Technology 107*; Management 130; Metals 150; Quality Control 103; Technical Education 140, 142*.

*The units earned for this course may not be applied toward the 60 units for graduation.

**MARKETING**

This curriculum is designed for those who plan careers in activities such as marketing, marketing research, public relations, selling, retail selling, retail store management, advertising, and a sole proprietorship.
These courses are required: Accounting 101 (or 105 and 106) (or 110); Business Administration 101, 120; Business-General 135; Computer Science/Information Systems 101 or 105; Marketing 105, 110, 115, 120.

Elective units from the following list are recommended: Business-General 101, 110; Computer Science/Information Systems 110.

**MARKETING SPECIALIST**

This curriculum is designed for students who need the marketing basics, and are planning beginning careers in marketing, advertising, retailing and sales.

These courses are required: Business Administration 101, 120; Marketing 105, 110, 115 (or Speech 100), 120.

**NOTE:** This certificate does not satisfy the major requirements for the Associate in Science degree.

**MEDICAL ADMINISTRATIVE SERVICES**

This curriculum is designed for those students who are preparing for a position in offices of physicians, medical clinics, hospitals, and allied facilities. The student will complete the required courses in addition to the CORE courses. Additional courses will be selected from the elective list to complete the program.

**CORE CURRICULUM**

These courses are required: Business Administration 110; Business-General 101*, 105, 110; Computer Science/Information Systems 115, or 105 and 201; Office Administration 182, 185 (or 101), 190, 254A.

**OPTIONS**

**Medical Front Office**

Required courses: Core Curriculum; Business-General 135, 140 (2 units), Office Administration 205 (3 units).

**Medical Transcription**

Required courses: Core Curriculum; Business-General 135; Office Administration 195, 215 (3 units).

**Medical Secretary**

Required courses: Core Curriculum; Office Administration 110, 140** (1 unit), 210, and Office Administration 125 or Business-General 150 (3 units)

*or a satisfactory score on the English Placement Examination.

**Minimum shorthand speed requirement of 80 wpm. Office Administration 140 may be waived if this requirement is met.

**NOTE:** Substitutions for some of the above classes may be made with department approval in the event of previous experience or problems regarding class offerings.

**MICROCOMPUTER REPAIR TECHNICIAN**

These courses are required: Electronics and Computer Technology 103, 104, 110, 112, 113, 212; Computer Science/Information Systems 201; Independent Studies 149.

**NOTE:** This certificate will not satisfy the major requirement for the Associate in Science degree.
MICROCOMPUTER SOFTWARE OPERATOR

The student completing this certificate will possess a basic knowledge of microcomputer operation and capabilities. To earn a certificate the student must complete the required CORE courses totaling 19 units.

CORE CURRICULUM

Business-General 110; Computer Science/Information Systems 101, 110, 190, 172 (or both 201 and 202), 230 or 232.

NOTE: This certificate does not satisfy the major requirements for the Associate in Science degree. Courses taken more than three years before the granting of the certificate must have the approval of the division chair for acceptance.

MUSIC

This curriculum provides basic training in music. The courses are divided into four categories: core classes, instrumental and vocal classes, performing ensembles, and electives.

Core Classes (9 units are required): Music 101, 102, 104, 105, 107, 108, 120 or 125 and 126.

Instrumental and vocal classes (6 units are required, 2 units from each of the following groups):

1. Music 135, 136, 137, 156, 157, 158
2. Music 138, 140
3. Music 160, 161, 162, 163

Electives (5 units are required): Music 127, 128, 129.

NOTE: In addition to these two courses, any course listed under core classes, instrumental and vocal classes, or performing ensembles, may be used for elective units provided that they are not being applied to required units within their own categories.

NURSING

REGISTERED NURSING PROGRAM

I. ADVANCED PLACEMENT PROGRAMS

Glendale Community College offers two advanced placement programs for LVN’s seeking to advance to the R.N. level.

PLAN A—Qualifies the student for:
- Associate degree from Glendale Community College
- Writing the licensing examination to become an R.N.
- Recognition for having completed an accredited R.N. program
- Recognition as a Glendale Community College R.N. graduate with all the associated rights and privileges thereof
- Licensure by endorsement in all other states

PLAN B—Qualifies the student to meet the Board of Registered Nursing requirements for taking the licensing examination only by requiring 30 units of nursing and science. The student who elects to take this program is not:
• Recognized as a graduate of an accredited R.N. program
• Recognized as Glendale Community College R.N. graduate
• Qualified for licensure by endorsement in every state

II. ADN GENERIC PROGRAM

Qualifies the student for:
• Associate degree from Glendale Community College
• Writing the licensing examination to become an R.N.
• Recognition for having completed an accredited R.N. program
• Recognition as a Glendale Community College R.N. graduate with all the associated rights and privileges there of
• Licensure by endorsement in all other states

A. ADMISSION REQUIREMENTS

PLAN A
Completion of an accredited VN program or equivalent
Completion of the following courses with a grade of ‘C’ or better:
Take nursing standardized tests in nursing
Pass the college entrance English placement and arithmetic tests at the minimum pre-set levels.

*English 101; Human Anatomy; Human Physiology; *Humanities (6 units),
English 102 is recommended; Microbiology; *Multicultural course; *Psychology 101; *Speech 100 or 101 or 103

PLAN B—30 Unit Option
Completion of an accredited VN program or equivalent and VN license required
Completion of the following courses with a grade of “C” or better:
Human Physiology; Microbiology
Take NLN standardized tests in nursing
Take Comparative Guidance and Placement Examination

ADN GENERIC PROGRAM
Take NLN standardized tests in nursing
Take the Comparative Guidance and Placement Examination
Completion of the following courses with a grade of “C” or better:

*English 101; Human Anatomy; Human Physiology; *Humanities (6 units),
English 102 is recommended; Microbiology; *Multicultural course; *Psychology 101; *Speech 100 or 101 or 103

*These courses may be taken concurrently with the first year nursing courses.

B. COURSE REQUIREMENTS

1. ASSOCIATE DEGREE

Any course or courses satisfying the American History, American Institutions, and State and Local Government requirements. Mathematics proficiency is required (see Index for graduation requirements).

NOTE: A student may write the California State Board Examination prior to completion of course requirements for Associate degree. (Students should consult counselor for information regarding state license.)
2. CERTIFICATE
   a. PLAN A
      Nursing 211, 213, 215, 219, 221
   b. PLAN B - (30 unit option)
      Nursing 215, 217, 219, 221
   c. ADN GENERIC PROGRAM
      Nursing 101, 103, 105, 107, 109, 211, 213, 215, 219, 221

C. TRANSFER AND CHALLENGE POLICY/PROCEDURE
   Students with prior educational experience in health care acquired within the last five years will be provided opportunity to obtain credit.

1. TRANSFER:
   a. Transfer credit is given for equivalent courses required by this program taken at any accredited college, university or nursing school in which a grade of “C” or better has been received.

2. CREDIT BY EXAMINATION:
   a. Students wishing to challenge courses approved for credit by examination must follow the procedure as outlined in the college catalog under Credit by Examination.
   b. The maximum allowable number of credit by examination units with a grade of “CR” that may be applied toward graduation requirements shall be limited to 12 units.
   c. Challenge examinations for the following nursing courses have a theory test (written): Allied Health 101, 103, 105, 107, 112, 113, 114, 116, 118, 134; Nursing 103 and 217. A theory test must be passed with a grade of “C” or better in order to receive credit.
   d. Challenge examinations for the following nursing clinical courses have a performance test (practicum): Allied Health 108, 122, and 123. Clinical practicum must be passed with 100% accuracy according to provided performance checklist.
   e. Challenge examinations for the following nursing courses have a theory test (written) and a performance test (practicum): Allied Health 233, 234, 240 and 245; Nursing 101, 105, 107, 109, 211, 213, 215, 219, 221.
   f. Students may challenge a course only once.
   g. Only those students currently enrolled in the program may request credit by examination.

3. CREDIT FOR GRADUATES OF DIPLOMA SCHOOLS
   a. Thirty (30) semester units of credit will be granted to graduates of Diploma Schools of Nursing under the following conditions:
      1. The student has a valid current California Certificate as a licensed registered nurse obtained by examination or on the basis of reciprocity with another state.
      2. The student has completed at least 12 units of credit with “C” or better average at Glendale Community College.
   b. Candidates for the Associate of Arts or Science degree are exempt from Health Education and Physical Education as general education requirements.
c. Candidates may take additional nursing courses for credit only upon approval of the Allied Health Department.

4. CREDIT FOR COURSES COMPLETED AT HOSPITAL BASED INSTITUTIONS

Students transferring from hospital based institutions must complete thirty (30) units with a "C" or better grade-point average at Glendale Community College before they can apply for a maximum of 15 units of transfer credit.

VOCATIONAL NURSING

Vocational nursing is a twelve month program. Satisfactory completion of the program, with a grade of "C" or better, leads to the Glendale College Vocational Nursing Pin and Certificate, and to the California State Board Examinations in Vocational Nursing.

These courses are required: Allied Health 101, 103, 105, 107, 108, 112, 113, 114, 116, 118, 122, 123; Psychology 101 and 106 or its equivalent.

TRANSFER AND CHALLENGE POLICY

See RN Transfer Challenge Policy above.

OFFICE ADMINISTRATION

This certificate prepares students with the skills and abilities for a career at both the operational and managerial levels required in today’s office.

CORE CURRICULUM

Required courses for the core curriculum: Business Administration 110; Business-General 101**, 105, 110, 135; Office Administration 101, 254A.

**or a satisfactory score on the English Placement Examination.

OPTIONS

Administrative Assistant

This option is intended for students who desire to become part of an administrative support staff, and work in any number of office environments, large or small.

Required courses: Core Curriculum: Accounting 101 (or 105 and 106) or 110; Business Administration 101 or Office Administration 162; Business-General 150; Computer Science/Information Systems 105 or 115; Management 145; Office Administration 210, 256A

Executive Secretary

This option is intended for students who wish to become top-level secretaries and perform a full-range of secretarial duties for middle management to high-level members of executive staff.

Required courses: Core Curriculum; Accounting 110; Computer Science/Information Systems 115; Office Administration 110, 125, 140**, 215, 256A

**minimum speed requirement of 80 wpm.

Secretary

This option is intended for students who wish to become multifunctionalsecretaries and work in any number of office environments, large or small.
Required courses: Core Curriculum; Business-General 140; Computer Science/Information Systems 115, or 105 and 201; Office Administration 120 or Business-General 150**; Office Administration 105, 110, 210, 256A
**minimum speed of 70 wpm.

General Office
This option is intended for students who wish to prepare for employment in a variety of office environments as clerk typists, department assistants, junior secretaries, accounting clerks, or receptionists.

Required courses: Core Curriculum; Accounting 110; Business-General 140; Computer Science/Information Systems 201; Office Administration 105, 110, 205

Legal Secretary
This option is intended for students who wish to become legal secretaries and work in a law firm, in a legal department of a corporation, or in a government organization.

Required courses: Core Curriculum; Computer Science/Information Systems 105 or 115; Office Administration 162, 165, 215**; 256A
**Minimum typing speed of 60 wpm is required.

NOTE: Substitutions for some of the above classes may be made with department approval in the event of previous experience or problems regarding class offerings.

OFFICE ASSISTANT (BILINGUAL)
Not Offered.

PHOTOGRAPHY
These courses are required: Accounting 110; Art 101, 102, 130; Photography 101, 103, 105, 108, 109, 110.

Select a minimum of three units from the following elective courses: Art 104, 106, 107, 108, 109, 112, 113, 116, 118, 134, 150; Journalism 101; Photography 107.

REAL ESTATE
In the Real Estate curriculum, special attention is given to the California license requirements. As of January 1, 1986, (1) A salesperson must take the real estate principles course before taking the state salespersons licensing examination and 2 other courses within 18 months of passing the examination and (2) an applicant for the broker’s license must have taken the eight (8) real estate courses required of the Real Estate Certificate before taking the State Broker Examination.

The following courses are required: Real Estate 101, 120, 130, 140, 150, 160, 190, 250. Recommended courses include the following: Accounting 101 (or 105 and 106) or 110; Business Administration 101, 120, 125; Business-General 135; Business-General 110 or English 101 or English 102; Economics 101, 102; Marketing 110, 115; Office Administration 205, 210; Real Estate 110, 125, 161, 251, 275.
RECREATION LEADERSHIP

These courses are required: Health 102, 104, 107, 110; Physical Education 120; Recreation Leadership 109.

A minimum of 13 units must be selected from the following: Administration of Justice 101 or 118; Art 101 or 102 or 112; Biology 121, 122; Music 120, 230 or 231; Psychology 101 or 110; Speech 101.

Recommended electives: Cooperative Education 102; Physical Education 124, 125, 126, and additional courses in basketball, dance, soccer, softball, tennis, and volleyball.

TELEVISION PRODUCTION

The Television Production curriculum is designed to prepare students for a career in the television industry. Typical entry level positions would be Production Assistant or Assistant Editor. The program is also suited for those desiring employment as independent video producers/directors. Three options are presented - Mass Media, Videography, and Corporate Television.

MASS MEDIA OPTION

These courses are required: Television 101, 102, 104, 107; English 112; Journalism 101, 106; Theatre Arts 101.

A minimum of 3 units must be selected from the following: Cooperative Education 102 (2 units); Internship 150 (3 units); Journalism 102; Marketing 122; Speech 100; Television 111; Theatre Arts 140.

VIDEOGRAPHY OPTION

These courses are required: Television 101, 102, 104, 107; English 112; Art 125, 130; Photography 101.

A minimum of 3 units must be selected from the following: Art 131; Cooperative Education 102 (2 units); Internship 150 (3 units); Photography 103; Television 111; Theatre Arts 134.

CORPORATE TELEVISION OPTION

These courses are required: Television 101, 102, 104, 107; English 112; Business Administration 101; Marketing 120.

A minimum of 3 units must be selected from the following: Art 130; Cooperative Education 102 (2 units); Internship 150 (3 units); Office Administration 201; Psychology 114; Television 111.

THEATRE ARTS—GENERAL CERTIFICATE

These courses are required: English 101 or 120; Speech 101; Theatre Arts 102, 103, 105, 109, 121, 123, and 131.

Elective units from the following list are recommended: Art 101, 102, 130, 131, 152; English 102, 115, 120, 121, 125, 126; Humanities 117; Dance 101, 134, 140, 141, 145; Speech 105; Theatre Arts 101, 104, 106, 110, 122, 130, 134.
WELDING, OCCUPATIONAL (COMBINATION WELDER)

Occupational welding is a two-year program designed to prepare the student for entry into the welding field as a combination welder, skilled in metallic arc, tungsten inert gas, flux cored wire, metal inert gas welding, plasma arc cutting, oxy-fuel welding, cutting and brazing of common metals. The emphasis will be on obtaining a welding certification at the completion of the required courses.

These courses are required: Drafting 129; Welding 121, 122, 123, 124, 125 (1 unit); Metallurgy 150 or Metals 150.

Elective units from the following list are recommended: Machine Technology 101 or 105; Materials and Processes 146; Mathematics 151*; Technical Education 142*; Welding 125.

* The units earned for this course may not be applied toward the 60 units for graduation.
GENERAL EDUCATION REQUIREMENTS
FOR GRADUATION FROM COLLEGES AND UNIVERSITIES

It is important for students who plan to transfer to a four-year college or university at the close of their community college studies to decide early which college they will enter. Having decided this, they should plan their program in accordance with the requirements of that institution.

In general, students who are eligible for admission to a university at the time of twelfth year graduation are admitted to that institution after completion of community college work provided they have maintained a satisfactory record in all work taken since twelfth grade.

Ordinarily students with high school deficiencies (i.e. course work, GPA, SAT/ACT etc.) are not permitted to transfer to a four-year college or university in advanced standing until they have proven their ability to do college work. The requirements for college and university entrance with advanced standing vary significantly. Students should contact their counselor or the Transfer Center for these requirements.

The following are the General Education requirements for some of the four-year colleges and universities in this area. Requirements for additional colleges and universities are available from your counselor or the Transfer Center.

Agreements concerning transferability are constantly being updated, therefore the student is cautioned to check with a counselor or the Transfer Center for exact transfer information. Some University of California (UC) transfer credit may be limited; consult a counselor or the Transfer Center for additional information.
INTERSEGMENTAL GENERAL EDUCATION
TRANSFER CURRICULUM

Valid through Spring 1995

The Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or University of California system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements.

Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower division, general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses fulfilling CSU’s general education requirements or those of a particular UC campus.

The course requirements for all areas must be completed before the IGETC can be certified. All courses must be completed with grades of “C” or better.

AREA 1—ENGLISH COMMUNICATION

CSU - 3 courses, one from each group below.
UC - 2 courses, one each from group A and B.

GROUP A: ENGLISH COMPOSITION
(1 course, 3 semester units)
English 101

GROUP B: CRITICAL THINKING—ENGLISH COMPOSITION
(1 course, 3 semester units)
English 104

GROUP C: ORAL COMMUNICATION (CSU ONLY)
(1 course, 3 semester units)
Speech 101

AREA 2—MATHEMATICAL CONCEPTS and QUANTITATIVE REASONING
(1 course, 3 semester units)

AREA 3—ARTS and HUMANITIES
(At least 3 courses, 9 semester units)
At least one course from the Arts and one from the Humanities.

ARTS COURSES:
Music 101, 102, 110, 120+, 125+, 126+, 128
Theatre Arts 101, 102, 107

HUMANITIES COURSES:
English 102, 105, 106, 107, 108, 109, 110, 111, 114, 115, 116, 122, 123, 124, 125, 126, 128, 130
French 121, 124, 125, 126
German 125, 126
Humanities 101, 102, 105, 106, 110, 111, 115, 117, 120, 125
Philosophy 101, 113, 114, 116, 119, 120, 121, 122
Spanish 124+, 125+, 126+, 127, 128
AREA 4—SOCIAL and BEHAVIORAL SCIENCES
(At least 3 courses, 9 semester units)
Courses from at least two disciplines or an interdisciplinary sequence.

Anthropology 102, 103
Economics 101, 102, 105+, 111* (same as History 116)
Ethnic Studies 101, 102, 110, 111, 122, 124, 132, 164
Geography 102, 105, 110
Journalism 101
Political Science 101, 102, 103, 110, 111
Psychology 101, 103, 104, 106, 109 (same as Sociology 105), 113, 115
Social Science 121, 122, 123, 124, 131+, 132+, 134, 136* (same as History 136)
Sociology 101, 102, 104, 105 (same as Psychology 109)

AREA 5—PHYSICAL and BIOLOGICAL SCIENCES
(At least 2 courses required, 7-9 semester units)
One Physical Science course and one Biological Science course; at least one
must include a laboratory.

PHYSICAL SCIENCE COURSES: (Laboratory courses are underlined)
Astronomy 101, 102
Chemistry 101+, 102+, 103, 105, 106, 110+, 120+, 121+
Geography 101
Geology 101+, 102, 103, 105, 110+
Oceanography 115
Paleontology 101
Physical Science 131+
Physics 101+, 102+, 103+, 105+, 106+, 110+

BIOLOGICAL SCIENCES: (Laboratory courses are underlined)
Anthropology 101
Biology 101, 102, 112, 115+, 120+, 121+, 122+, 123, 125+, 126, 132+, 135

LANGUAGE OTHER THAN ENGLISH (UC REQUIREMENT ONLY)
Proficiency equivalent to two years of high school in the same language.
Armenian 101+, 115+; French 101; German 101; Italian 101; Japanese 101;
Russian 101; Spanish 101+, 115+.

CSU GRADUATION REQUIREMENT IN U.S. HISTORY,
CONSTITUTION AND AMERICAN IDEALS
(Not part of IGETC; may be completed prior to transfer.)

American Institutions: Political Science 101, 105; Social Science 125-126,
132
American History: Economics 111; History 110, 111, 116, 117-118, 150,
151; Social Science 125-126, 131
State and Local Government: Political Science 106; Social Science 125-126,
132

NOTE: Courses used to meet this requirement may not be counted as part of the IGETC.

+ INDICATES THAT TRANSFER CREDIT MAY BE LIMITED BY UC OR CSU OR BOTH. PLEASE
CONSULT WITH A COUNSELOR.
* COURSES DESIGNATED WITH AN ASTERISK MAY BE COUNTED IN ONE AREA ONLY.

NOTE: IGETC MUST BE COMPLETED AND CERTIFICATION MUST BE REQUESTED PRIOR
TO ATTENDANCE AT A UC OR CSU.
THE CALIFORNIA STATE UNIVERSITY
GENERAL EDUCATION REQUIREMENT

This list of courses from which 39 units must be selected for certification has been submitted to the California State University and is effective for students entering Glendale Community College for the summer 1987 session and thereafter. All courses completed Fall, 1993 and thereafter must be completed with grades of "C" or better.

History and Constitution Requirement
All students seeking a baccalaureate degree are required by California law to demonstrate competence in the Constitution of the United States, in American History, including the study of American Institutions and Ideals, and in the principles of state and local government established under the Constitution of the State of California. In accordance with Ex. Order 405 the following requirements are satisfied as indicated:

American Institutions:
Political Science 101, 105; Social Science 125-126, 132

American History:
Economics 111; History 110, 111, 116, 117-118, 150, 151; Social Science 125-126, 131

State and Local Government:
Political Science 106; Social Science 125-126, 132

Breadth Requirement
Breadth Requirement courses which the president of Glendale Community College or his designated officer will certify as meeting the intent expressed in Executive Order No. 595 are listed below. Students will complete a minimum of thirty-nine (39) units from this list. No more than thirty (30) units may be certified Areas B-D inclusive.

A. COMMUNICATION IN THE ENGLISH LANGUAGE AND CRITICAL THINKING
(9 units)

- English 101 (Required)
- Speech 101 (Required)
- English 104, 118
- Humanities 105, 110
- Philosophy 117
- Speech 100, 103, 104

B. PHYSICAL UNIVERSE AND ITS LIFE FORMS (9 units)
Select one course from each of the following: Biological Sciences, Physical Sciences, and Mathematics. One Science course (either Biological or Physical) must include a laboratory activity.

BIOLOGICAL SCIENCE:

- Anthropology 101
- Biology 101*, 102*, 112*, 115*, 120*, 121*, 122*, 123, 125, 126*, 127, 128*, 130*, 132, 135*, 137*

*Denotes laboratory activity.
PHYSICAL SCIENCE:
Astronomy 101, 102*, 103
Chemistry 101*, 102*, 103*, 105*, 106*, 107*, 110*, 114*, 120*, 121*
Geography 101
Geology 101, 102, 103, 104, 105, 110*
Oceanography 115
Paleontology 101
Physical Science 131*
Physics 101*, 102*, 103*, 105*, 106*, 110
Technical Education 145
*Denotes laboratory activity.

MATHEMATICS:

C. ARTS, LITERATURE, PHILOSOPHY AND FOREIGN LANGUAGE (9 units)
Courses must be selected from 3 of 4 areas. One course must be selected from the Arts.

ARTS:
English 103
Humanities 117**, 120**
Music 101, 102, 104, 105, 107, 108, 110, 120, 125, 126, 128
Theatre Arts 101, 102

LITERATURE:
French 121, 124, 125, 126
German 125, 126
Humanities 101, 102, 106, 111, 115, 117**, 120**, 125
Spanish 124, 125, 126, 127, 128
Speech 106
Theatre Arts 107

PHILOSOPHY:
Philosophy 101, 112, 113, 114, 116, 119, 120, 121, 122

FOREIGN LANGUAGE:
Armenian 101, 102, 115, 116
French 101, 102, 103, 104
German 101, 102, 103, 104
Italian 101, 102, 103, 104
Japanese 101, 102
Latin 101, 102, 103, 104
Linguistics 101
Russian 101, 102
Spanish 101, 102, 103, 104, 115, 116
**May be used in only one (1) area.
D. SOCIAL, POLITICAL AND ECONOMIC INSTITUTIONS (9 units)
Courses must be selected from 2 of 3 areas.

SOCIAL:
   Anthropology 102, 103
   Ethnic Studies 101, 102, 110, 111, 122, 124, 132, 164
   Geography 102, 110
   Journalism 101
   Psychology 101, 103, 104, 115
   Social Science 101, 121, 122, 123, 124, 136**
   Sociology 101, 102

POLITICAL:
   Political Science 102, 103, 109, 110, 111

ECONOMIC:
   Economics 101, 102, 105
   Geography 105

**May be used in only one (1) area.

E. LIFELONG UNDERSTANDING AND SELF-DEVELOPMENT (3 units)
   Dance (all courses) (1 unit only)
   Food and Nutrition Studies 125
   Health 102, 104
   Physical Education (all courses) (1 unit only)
   Psychology 105, 106, 108, 109, 110, 113, 131
   Recreation Leadership 105
   Social Science 134
   Sociology 104, 105, 131
UNIVERSITY OF SOUTHERN CALIFORNIA

GENERAL EDUCATION REQUIREMENTS
Effective August 1, 1993 through July 31, 1995

General Education requirements at USC are divided into two skill levels and nine areas of study. The number of courses required in the areas of study and the method of meeting the skill levels are determined by a student’s major and degree being sought.

Use this listing together with the document “Transferring to USC” to determine what you should take from the courses in this list. No course of less than 2 2/3 semester units will fulfill a G.E. requirement.

Students entering college in Fall 1993 or thereafter (at USC or elsewhere) must meet USC’s Diversity requirement. A course marked below with the abbreviation MULTI has been approved as meeting this requirement as well as the general education category in which it is placed.

I. Composition Skill Level: Two semesters of college composition and a passing score on USC’s Skill Level Examination. For other means of meeting this requirement, see the G.E. Addendum.

ENGLISH: 101; 102; 104

II. Foreign Language Skill Level: Completion of the third semester of a college-level foreign language with a passing grade, or pass USC’s placement examination at a level equivalent to third semester competency. Students who do not finish their third semester before transferring to USC must take USC’s placement examination to determine their level of competency. If a student’s test score indicates placement in Level II of the foreign language and a course in Level II has already been completed, the student will be required to repeat the course at USC for no additional credit. It is recommended that if your major requires the foreign language skill level and if you have started taking a foreign language, you should complete the requirement before transferring to USC.

III. As of Summer 1992, the Mathematics Skill Level requirement has been eliminated. Some majors, e.g. General Studies in the School of Education, Music Recording in the School of Music, Business, Accounting, Engineering and the sciences, still require mathematics courses as part of the degree. For complete information, consult the USC Catalog or call the specific department at USC.
IV. Areas of Study

A. The Natural World

If you started college in Fall 1986 or later, your science courses should be chosen from the following lists. If your major requires a lab science, the courses marked with an "*" meet the lab requirements. If you started college prior to Fall 1986, your science requirements may be different. Consult with USC's Office of Admissions.

1. Natural World Earth Sciences
   ASTRONOMY: 101 (with 102*)
   GEOGRAPHY: 101
   GEOLOGY: 101, 102, 103, 105(*), 110(*)
   OCEANOGRAPHY: 115
   PALEONTOLOGY: 101

2. Natural World Life Sciences
   ANTHROPOLOGY: 101
   BIOLOGY: 101(*), 102(*), 112(*), 115(*), 120(*), 121(*), 122(*), 123, 125
   (with 126*), 127 (with 128*), 130(*), 132, 135(*)

3. Natural World Physical Sciences
   ASTRONOMY: 101 (with 102*)
   CHEMISTRY: 101(*), 102(*), 103(*), 105(*), 106(*), 110(*), 120(*), 121(*)
   PHYSICAL SCIENCE: 131

- Some courses are listed for credit in two categories. Credit for only one category will
  be assigned.
- Only two courses counted toward the major will also fulfill general education
  requirements.
- No more than 12 units of pass/no pass credit may be applied to general education
  requirements.
- In no case may a student count more than two courses from any one department to
  fulfill general education requirements in the Areas of Study.
TRANSFER PROGRAMS

Transfer Programs are for students planning to transfer to a university or a four-year college with full junior standing. Students planning to transfer with junior standing may, with thoughtful planning, complete the graduation requirements for the Associate in Arts degree* by taking courses in the lower division which will also satisfy the Baccalaureate degree requirements.

Courses listed acceptable for the major and the lower division General Education Requirement are sent to the transfer institutions for verification.

Agreements concerning transferability are constantly being updated, therefore the student is cautioned to check with a counselor or the Transfer Center for exact transfer information. Some University of California (UC) transfer credit may be limited; consult a counselor or the Transfer Center for additional information.

*See Graduation Requirements.

  - **Soc 101**: Intro 3

### HISTORY

#### CSU, LOS ANGELES

**B.A. History**
- Hist 107-109: Civilization 3-3-3
- Hist 117-118: History of US 3-3

**Multiple Subject Credential Option:**
See GCC counselor.

#### CSU, NORTHRIDGE

**B.A. History**
- Choose 1 from:
  - Hist 101: Western Europe 3
  - Hist 102: Western Europe 3
  - Hist 107: Civilization 3
  - Hist 108: Civilization 3
  - Hist 109: Civilization 3
- Choose 1 from:
  - Hist 117: History of US 3

----

### Hist 118
History of US 3

Choose 1 from:
- Hist 103: Latin America 3
- Hist 119: Far East 3
- Hist 120: Far East 3

Choose 1 from:
Any course listed above or any GCC history course articulated with a CSUN history course.

### HOME ECONOMICS

#### CSU, LOS ANGELES

**B.A. Home Economics Program Under Revision**

#### HUMANITIES

#### CSU, NORTHRIDGE

**B.A. Humanities**
- Art 101 OR 102: Survey Art Hist 3
- Music 120: Hist/Appr Music 3
- Any Foreign Language 101 & 102 5-5

### INDUSTRIAL ARTS

#### CSU, LOS ANGELES

**B.A. Industrial Arts**
- Draft 131: Tech Drafting 5
- OR
  - Engr 101: Engr Drawing 3
  - ECT 101: Elect CIR I (DC) 3
  - Mgmt 155: Indust Safety 3
  - Photo 101 or 102: Intro or Drkrm 3-3

### INDUSTRIAL TECHNOLOGY

#### CSU, LOS ANGELES

**B.S. Industrial Technology**

**Aviation Administration Option:**
- CS/IS 101: Intro to CIS 5
Twenty-one units of Aviation courses

**Printing Management Option:**
- Acctg 101-102: Accounting I & II 5-5
- Bus Ad 120: Bus Law I 3
- Econ 101-102: Micro-Macro 3-3

**Production Technology Option:**
- Math 100: College Algebra 3
- Mgmt 155: Industrial Safety 3
- CS/IS 120: Basic II 2
- Chem 120: Fundamentals 5
- Select 8 semester units from the following:
  - Draft 131: Tech Drafting 5
Transfer Programs

OR
Engr 101  Engr Drawing  3
ECT 101  Basic Elect I  4

COURSE DESCRIPTIONS

Courses are listed in numerical order under department headings, which are in alphabetical order. Each course is listed by number with the course title and the number of units. Following each course description are the number of hours of lecture and laboratory and prerequisites of the course. Transferability of the course is indicated for institutions to which students tend to matriculate. Whether or not all courses described will be offered during the present academic year will depend on the student enrollment.

COURSE PREREQUISITES/COREQUISITES/RECOMMENDED PREPARATION

Prerequisites
"Prerequisite means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program."

Students are expected to have satisfied the prerequisite requirements as stated in this catalog for all courses. All prerequisite classes must have been completed with a satisfactory grade. "Satisfactory grade means that, for the course in question, the student's academic record has been annotated with the symbol A, B, C, or CR."

Corequisites
"Corequisite means a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course."

Classes listed as corequisites must have been either completed or be taken concurrently.

Recommended Preparation
"Recommended preparation means a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program."

Recommended preparation is a prerequisite that is not required but has been judged by individual departments to be important to success in the course.

Equivalent: Whenever "equivalent" is listed as an alternative prerequisite, it is understood to indicate knowledge and/or skills learned through personal experience, education, and/or training equivalent to listed prerequisite courses. The criteria for such equivalency are established by each instructional discipline to ascertain whether there has been sufficient mastery of the content of the academic prerequisite.

Note: Title 5, Section 55534 (a) permits a student to appeal a course prerequisite based on the unavailability of the required course (see waiver of prerequisites).

DEGREE AND TRANSFER CREDIT

Not all courses offered at Glendale Community College award Associate in Arts and/or Associate in Science degree credit. Courses that do not award credit toward the AA/AS degrees contain the statement "non-degree applicable" in their course description and may not be counted toward the 60 unit requirement for graduation. All students completing non-degree applicable courses prior to Fall 1990 will continue to receive graduation credit for these courses. Transfer credit is noted at the end of each course description. The note "UC" means the course is transferable to the University of California, all campuses. The note "CSU" means the course is transferable to the California State University, all campuses. The note "USC" means the course is transferable to the University of Southern California. Agreements concerning transfer-
ability are constantly being updated, therefore the student is cautioned to check with a counselor or the Transfer Center for exact transfer information. Some University of California (UC) transfer credit may be limited; consult a counselor or the Transfer Center for additional information.

CALIFORNIA ARTICULATION NUMBER (CAN)

Glendale Community College participates in the California Articulation Number System. The California Articulation Number System (CAN) identifies some of the transferable, lower division, introductory (preparatory) courses commonly taught within each academic discipline on California college campuses.

The list of courses from campuses which have qualified to participate in the CAN system is available in the Articulation Office. The system assures students that CAN courses on one participating campus will be accepted "in lieu of" the comparable CAN course on another participating campus. For example: CAN Econ 2 on one campus will be accepted for CAN Econ 2 on another participating campus. Each campus retains its own numbering.

CAN numbers are listed parenthetically after each course description in this catalog.

VARIABLE UNITS

Certain courses in this catalog have variable units indicated and specify the maximum number of units that may be acquired by repetitive enrollment in the class. Students who complete variable unit classes and earn less than the maximum units as indicated may repeat those classes only until the maximum indicated units have been earned.

OPEN ENROLLMENT

Unless specifically exempted by statute, every course, course section, or class for which average daily attendance is to be reported for state aid shall be open for enrollment and participation by any person who has been admitted to the college and who meets the prerequisites of such courses.

ACCOUNTING

101-PRINCIPLES OF ACCOUNTING I 5 Units
Accounting 101 introduces students to the use of accounting information, and to analysis using accounting and financial concepts and terminology. The course covers financial accounting, dealing with such topics as the accounting cycle, revenue and expense recognition, internal control, external reporting requirements, and asset, liability, and owners' equity valuation. Accounting information is presented from the user's viewpoint. Ethical issues and open-ended exercises requiring critical judgment and narrative response by students may be used throughout the course. Lecture 5 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Accounting 106 with a grade of "C" or better. Transfer credit: CSU, UC, USC (CAN BUS 2)

102-PRINCIPLES OF ACCOUNTING II 5 Units
Accounting 102 continues student development in the analytical use of financial and accounting concepts. The course covers external financing decisions, evaluating corporate performance and strategy using financial indicators, and the statement of cash flows, and managerial accounting. Ethical issues and open-ended exercises requiring critical judgment and narrative response by students may be used throughout the course. Lecture 5 hours. Prerequisite: Accounting 101 or 106 or equivalent. Transfer credit: CSU, UC, USC
105-INTRODUCTORY ACCOUNTING I  2½ Units
Accounting 105 covers the accounting equation, the theory of debit and credit, the accounting cycle for service and merchandising businesses, the use of special journals and the preparation of trial balances and simple financial statements. Lecture 3 hours. Prerequisite: None. Note: Accounting 105 and 106 together cover the same material as Accounting 101. This course may not be taken for credit by students who have completed Accounting 101. Transfer credit: CSU

106-INTRODUCTORY ACCOUNTING II  2½ Units
Accounting 106 is a continuation of Accounting 105. The topics covered include deferrals and accruals, receivables and payables, cash control and the voucher system, inventory systems, fixed assets, payroll, systems analysis and accounting concepts and principles. Lecture 3 hours. Prerequisite: Accounting 105. Note: Accounting 105 and 106 together cover the same material as Accounting 101. This course may not be taken for credit by students who have completed Accounting 101. Transfer credit: CSU

110-BASIC ACCOUNTING I  4 Units
Accounting 110 is an introductory course in bookkeeping including study of the accounting equation, the theory of debit and credit, accounting devices, working papers and business forms, and the preparation of balance sheets and income statements. Lecture 4 hours, laboratory 1 hour. Recommended Preparation: Business-General 135. (Business-General 135 may be taken concurrently.) Note: Recommended for students who do not intend to transfer to a four-year college. No credit will be allowed for Accounting 110 if taken concurrently with Accounting 101 or after completion of Accounting 101 or Accounting 102 with "C" grade or better.

120-COMPUTERIZED ACCOUNTING SYSTEMS  4 Units
Accounting 120 provides students with computer skills required for employment in the field of computerized accounting. This course provides an introduction to accounting application software for bookkeepers, accountants, and business managers. Lecture 3 hours, laboratory 3 hours. Prerequisite: Accounting 101 or 110. Transfer credit: CSU

121-ADVANCED COMPUTERIZED ACCOUNTING  1 Unit
Accounting 121 is an advanced course allowing students to prepare sophisticated practice sets from assorted accounting software. Lecture 1 hour, laboratory 3 hours (9 weeks). Prerequisite: Accounting 120 or equivalent. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

130-PAYROLL ACCOUNTING  3 Units
Accounting 130 is in-depth and practical instruction in payroll accounting. It offers an opportunity for the student to learn essential concepts of payroll and to master these concepts thoroughly by completing a wide variety of realistic activities. It covers payroll laws, payroll calculations, paying and recording payroll, federal and state payroll taxes and returns and payroll systems, manual and computerized. Lecture 3 hours, laboratory 1 hour. Recommended Preparation: Eligibility for Business-General 101; Accounting 101, 110 or experience in accounting.

150-PRINCIPLES OF INCOME TAXATION  3 Units
Accounting 150 is a course that focuses on the analysis and preparation of tax returns, itemized deductions, and a technical proficiency in Federal tax law as it applies to the individual. This course provides the foundation of knowledge required for tax practitioners. Lecture 3 hours. Prerequisite: None. Note: This course may be taken 4 times; a maximum of 12 units may be earned.

155-VOLUNTEER INCOME TAX ASSISTANCE  2 Units
Accounting 155 is a course that teaches and then applies the fundamental knowledge of income tax preparation. With the assistance of the instructor and Internal Revenue agents, students will assist low income and disadvantaged citizens in the community in the preparation of Federal tax forms. Lecture 1½ hours, laboratory 1½ hours. Prerequisite: None. Note: The course is designed for non-professionals.

160-ADVANCED INCOME TAXATION  3 Units
Accounting 160 covers the tax effects of accounting methods, rental and royalty income, business income and expenses, mechanisms for realizing income such as corporations and partnerships, and minimization of taxes through
tax planning. This course is of assistance to tax practitioners, individuals seeking an overview of the various methods of taxation, and those planning to take the Enrolled Agents examination given by the I.R.S. Lecture 3 hours. Prerequisite: Accounting 150 or equivalent. Note: This course may be taken 4 times; a maximum of 12 units may be earned. Transfer credit: CSU

**ADMINISTRATION OF JUSTICE**

Classes in Administration of Justice are offered in the Evening College Program for students interested in preparing for careers in a wide variety of fields related to law enforcement, corrections, private security, and judicial procedures. Special short term seminars are also offered periodically. A Certificate of Completion may be earned.

**101-INTRODUCTION TO THE ADMINISTRATION OF JUSTICE 3 Units**

Administration of Justice 101 covers the history and philosophy of administration of justice in America; recapitulation of the system; identification of the various sub-systems, role expectations, and their interrelationships; theories of crime, punishment, and rehabilitation; ethics, education, and training for professionalism in the system. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (CAN AJ 2)

**103-CONCEPTS OF CRIMINAL LAW 1-3 Units**

Administration of Justice 103 is a study of the legal definition of crime and defenses; purposes and functions of the substantive criminal law; historical foundations; the limits of the criminal law; focus upon the case study approach. Lecture 3 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

**107-COMMUNITY RELATIONS 1-3 Units**

Administration of Justice 107 focuses on the in-depth exploration of the roles of administration of justice practitioners and their agencies. Through interaction and study, the student becomes aware of the interrelationships and role expectations among the various agencies and the public. Principal emphasis is placed upon the professional image of the system of administration of justice and the development of positive relationships between members of the system and the public. Lecture 3 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

**108-CONTEMPORARY POLICE OPERATIONS AND ISSUES 1-3 Units**

Administration of Justice 108 is designed to develop basic understandings and a reasonable degree of skill with reference to the
following problems and issues: responsibilities, power, and duties of the patrol officer; discretion; patrol procedures; field interrogation; preliminary handling of field problems; stake-outs; arrest procedures; vehicle code and transportation of prisoners; special police problems; moral and legal aspects of firearm usage. The course covers contemporary issues in police operations such as patrol efficiency, crime prevention, corruption, recruitment, training and stress management. Lecture 3 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

110-PRINCIPLES AND PROCEDURES OF THE JUSTICE SYSTEM 1-3 Units
Administration of Justice 110 presents an in-depth study of the role and responsibilities of each segment within the administration of justice system: Law enforcement, judicial, corrections. A past, present, and future exposure to each subsystem procedure from initial entry to final disposition and the relationship each segment maintains with its system members. Special emphasis is on the judicial processes. Lecture 3 hours. Prerequisite: Administration of Justice 101. (Administration of Justice 101 may be taken concurrently.) Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, USC

111-CRIME AND DELINQUENCY IN AMERICAN SOCIETY 3 Units
Administration of Justice 111 consists of the study of deviant behavior as it relates to the definition of crime; crime statistics, theories of crime causation; offenses, typologies. Lecture 3 hours. Prerequisite: Administration of Justice 101.

113-INTRODUCTION TO AMERICAN CORRECTIONAL SYSTEMS 3 Units
Administration of Justice 113 presents an overview of the American Correctional Systems. The course surveys the nature and function of corrections in America and its relationship to the justice system. The offender is traced from judicial sentencing through release. Some of the current issues covered are prison unrest, punishment, jail reform, juvenile corrections, probation, parole, recidivism and correctional training. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151.

114-TRAFFIC CONTROL 1-3 Units
Administration of Justice 114 comprehensively covers the study of the principles and practices of accident investigation including the purposes of investigation, selective enforcement procedure and data use, hit-and-run accidents, determination of speed from skid marks, the nature and use of the intoxication testing devices, and field practice in actual cases. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

116-CRIMINAL INVESTIGATION 1-3 Units
Administration of Justice 116 focuses on the fundamentals of investigation; crime scene search and recording; collection and preservation of physical evidence; scientific aids; modus operandi; sources of information; interviews and interrogation; follow-up and case preparation; mechanical truth devices; truth serums; crime laboratory. Lecture 3 hours. Recommended Preparation: Administration of Justice 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

117-CRISIS INTERVENTION 1-3 Units
Administration of Justice 117 is designed to provide those skills necessary to deal with interpersonal conflict. The course addresses some of the interpersonal problems creating stress, conflict and anger and reviews some of the basic psychological techniques used in dealing with interpersonal problems. Specifically, the course familiarizes the student with intervention techniques in attempt suicides, death/injury notifications, domestic situations, disputes between landlord and tenants, and intervention techniques with crime victims. The course covers recommended techniques in dealing with job related stress. A review of theoretical concepts and practical role playing situations provides the framework for the course. Lecture 3 hours. Prerequisite: Eligibility for English 120 or ESL 151. Note: This course may be taken 2 times; a maximum of 6 units may be earned.
118-YOUTHFUL OFFENDERS  1-3 Units
Administration of Justice 118 reviews the organization, functions, and jurisdiction of juvenile agencies; the processing and detention of juveniles; juvenile case disposition; juvenile statutes and court procedures. There are discussions on selected delinquency theories and a review of current correctional methods utilized in the treatment and control of juvenile delinquency in America. Lecture 3 hours. Prerequisite: Administration of Justice 101. (Administration of Justice 101 may be taken concurrently.) Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

120-LEGAL ASPECTS OF EVIDENCE 1-3 Units
Administration of Justice 120 is concerning the origin, development, philosophy, and constitutional and procedural considerations affecting arrest, search, and seizure; kinds and degrees of evidence and rules governing admissibility; judicial decisions interpreting individual rights and case studies. Lecture 3 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

129-SPECIAL CRIMES AND DANGEROUS DRUGS  1-3 Units
Administration of Justice 129 is designed to give all levels of law enforcement officers a fundamental understanding of narcotic addiction and the effects of hypnotic drugs as these factors are involved in the daily routine of police work review of the principles of detecting and investigating special crime offenses. The course also focuses on gambling, confidence games, loansharking, prostitution, and other crimes associated with organized crime activity. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may be taken 2 times; a maximum of 6 units may be earned.

130-LAW ENFORCEMENT SUPERVISION AND MANAGEMENT  1-3 Units
Administration of Justice 130 provides an overview of the basic concepts, problems, issues, and concerns of a contemporary police organization. The four major areas the course examines and evaluates are: the preparation of the individual officer for future promotional examinations, the current major police supervisory principles and ideologies, the proven techniques and skills required in the practice of sound supervision in police service, and a survey of management theory. Lecture 3 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned.

134-REPORT WRITING  1-3 Units
Administration of Justice 134 encompasses a survey of report writing and Records and Identification Bureaus. A study to aid police officers to analyze what they see, and to make a permanent and coherent record of facts to be used in criminal prosecution and administration procedures. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may be taken 2 times; a maximum of 6 units may be earned.

153-ARREST AND FIREARMS  1½-2 Units
Not offered.

155-FIREARMS TRAINING  ½-1½ Units
Administration of Justice 155 is presented to fulfill the requirements of the P.C. 832 Module II training specifications. Lecture 1-3 hours, laboratory 2-5 hours. Prerequisite: Administration of Justice 204 or 205 and a passing score on Module I and III of the P.O.S.T. examination to meet requirements of P.C. 832. Recommended Preparation: Eligibility for English 120 or ESL 151 or equivalent. Note: This course may be taken 3 times; a maximum of 4½ units may be earned.

160-SCHOOL PEACE OFFICER TRAINING  2 Units
NON-DEGREE APPLICABLE
Administration of Justice 160 fulfills the requirements of the P.C. 832.2 specifications for training school peace officers. Lecture 6 hours. (6 week class) Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

201-SUPERVISORY TRAINING  ½-2 Units
Administration of Justice 201 is designed primarily but not exclusively for students employed as peace officers or private security officers. The content benefits those persons who need retraining or wish to develop specific job skills. The schedule incorporates topics encompassing leadership theory and legal issues pertinent to the supervisory process; spe-
cial focus on personnel evaluation and training; personnel assessment exercises are provided. In order to meet state certification, all seminars must meet for a minimum of 24 hours or 1½ units. Lecture 8-32 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

202-ORAL AND WRITTEN COMMUNICATION ½-2 Units
Administration of Justice 202 is designed primarily but not exclusively for students employed as peace officers or private security officers. The content benefits those persons who need retraining or wish to develop specific job skills. This program covers the advanced techniques of narrative report writing, court testimony, and the principles of interviewing and interrogation. In order to meet state certification, the class must meet for a minimum of 24 hours or 1½ units. Lecture 8-32 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

203-CHILD ABUSE AND SEX CRIMINAL ½-2 Units
Administration of Justice 203 is designed primarily but not exclusively for students employed as peace officers or private security officers. The course benefits those persons who need retraining or wish to develop specific job skills. The content examines advanced investigative techniques in child abuse and sex crimes. This program focuses on offender profiles and causative factors, analyzes pertinent legal issues and domestic violence investigation. In order to meet state certification, all seminars must meet for a minimum of 24 hours or 1½ units. Lecture 8-32 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

204-SEARCH AND FIREARMS ½-2 Units
Administration of Justice 204 is designed primarily but not exclusively for students employed as peace officers or private security officers. The course benefits those persons who need retraining or wish to develop specific job skills. This program examines the role of law enforcement in society with emphasis on probable cause, rights of the accused, case law review, search and seizure issues, offender control and firearms. The content fulfills the state prerequisite for certification as a peace officer. The course may be taken for 24 hours or 40 hours. Lecture 8-40 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

205-ADVANCED FIELD OFFICER COURSE ½-2½ Units
Administration of Justice 205 is designed primarily but not exclusively for students employed as peace officers or private security officers. The course benefits those persons who need retraining or wish to develop specific job skills. This program updates the field officer on selected police skills and procedures, and also examines the problem of stress as it relates to the practice of law enforcement. The course must be taken for a minimum of 24 hours. Lecture 8-40 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 7½ units may be earned.

206-DECISIONAL LAW ½-2 Units
Administration of Justice 206 is designed primarily but not exclusively for students employed as peace officers or private security officers. The course benefits those persons who need retraining or develop specific job skills. This is an advanced program updating the officer on search and seizure issues, and examines police civil liability and other legal topics pertinent to the law enforcement process. In order to meet state certification, all seminars must meet for a minimum of 24 hours or 1½ units. Lecture 8-32 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

207-NARCOTICS AND DRUGS ½-2 Units
Administration of Justice 207 is designed primarily but not exclusively for students employed as peace officers or private security officers. The program benefits those persons who need retraining or wish to develop specific job skills. This course updates the field officer on the classification and investigation of illegal narcotics. Special focus on PCF, and current review of treatment programs. In order to meet state certification, all seminars must meet for a minimum of 24 hours or 1½ units. Lecture 8-32 hours. Prerequisite: Administration of Justice
101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

208-ROBBERY AND HOMICIDE ½-2 Units
Administration of Justice 208 is designed primarily but not exclusively for students employed as peace officers or private security officers. The course benefits those persons who need retraining or wish to develop specific job skills. This program examines technical procedures in robbery and homicide investigations; role of crime laboratory. Lecture 8-32 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

209-MAJOR THEFTS ½-2 Units
Administration of Justice 209 is designed primarily but not exclusively for students employed as peace officers or private security officers. The program content benefits those persons who need retraining or wish to develop specific job skills. This course updates the officer on investigation procedures in fraud, burglary, forgery, and special focus on confidence games. In order to meet state certification, all seminars must meet for a minimum of 24 hours or ½ units. Lecture: 8-32 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

210-GANG RELATIONS ½-2 Units
Administration of Justice 210 is designed primarily but not exclusively for students employed as peace officers or private security officers. The content benefits those persons who need retraining or wish to develop specific job skills. This program analyzes the problem of gang violence. The course focuses on the identification of gangs, and the legal and social issues involved. Lecture 8-32 hours. Prerequisite: Administration of Justice 101 or equivalent. Note: This course may be taken 3 times; a maximum of 6 units may be earned.

211-PRIVATE SECURITY BASIC TRAINING 3½ Units
Not offered.

212-BUSINESS SECURITY AND LOSS PREVENTION MANAGEMENT 3 Units
(Also listed as Management 212)
Administration of Justice 212 presents an overview of security management issues confronting business. The content of the course is divided into the following areas: the role of private security in the business environment, the relationship between security and business management, law and security, crime in the workplace, crime prevention theory and practice, risk management issues, and information security issues. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Management 212. Transfer credit: CSU

ALCOHOL/DRUG STUDIES

101-ALCOHOL/DRUG ABUSE AND DEPENDENCY 3 Units
Alcohol/Drug Studies 101 is the study of the history of alcohol use in various cultures, its acute and chronic effects on the human body, and the development of alcohol/drug dependency and related disorders. The course addresses the consequences of dependency on the individual, the family system, and society, with special emphasis on several ethnic and cultural populations. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

103-CHEMICAL DEPENDENCY: INTERVENTION, TREATMENT, AND RECOVERY 3 Units
Alcohol/Drug Studies 103 is designed to introduce students to the process of recovery from chemical dependency and familiarize them with the essential tools and techniques necessary in helping the chemical dependent person to bring about a positive life style change during the rehabilitation process in order to establish a lasting and productive recovery. Lecture 3 hours. Prerequisite: Alcohol/Drug Studies 101. (Alcohol/Drug Studies 101 may be taken concurrently.) Transfer credit: CSU

105-PHARMACOLOGY: ALCOHOL AND OTHER DRUGS 3 Units
(Formerly Alcohol/Drug Studies 102)
Alcohol/Drug Studies 105 is the study of the fundamental principles of the action of alcohol and other drugs on the human body. The pharmacological and physiological implications of tolerance, habituation, and excessive consumption is discussed, and the physiological and medical effects of alcohol on the human body
during the various stages of psychosexual development are presented. Lecture 3 hours. **Prerequisite:** Alcohol/Drug Studies 103. **Transfer credit:** CSU

**110-COUNSELING TECHNIQUES/ CASE MANAGEMENT** 3 Units

Alcohol/Drug Studies 110 is designed to develop an understanding of a variety of personality theories as applied to the unique life style of the chemically dependent person and to provide an overview of theory and application in counseling individuals afflicted with this disorder. Lecture 3 hours. **Prerequisite:** Alcohol/Drug Studies 105. **Recommended Preparation:** Psychology 101, 108, or Sociology 101. **Transfer credit:** CSU

**111-COUNSELING THE CHEMICAL DEPENDENT’S FAMILY** 3 Units

Alcohol/Drug Studies 111 is designed to develop an awareness of individual and family dynamics within the chemically dependent family and to develop an understanding of family systems theory and personality theories as applied to the treatment of the family unit. Lecture 3 hours. **Prerequisite:** Alcohol/Drug Studies 105. **Recommended Preparation:** Psychology 101, 108, or Sociology 101. **Transfer credit:** CSU

**112-GROUP LEADERSHIP AND THE GROUP PROCESS** 3 Units

Alcohol/Drug Studies 112 is an introduction to the dynamics of group interaction and function of the counselor as a facilitator. The emphasis of this course is on the group process in the “here and now” as a method of bringing about behavioral change. The course includes a strong experiential component. Lecture 3 hours. **Prerequisite:** Alcohol/Drug Studies 105. **Recommended Preparation:** Psychology 101, 108, or Sociology 101. **Transfer credit:** CSU

**113-CHEMICAL DEPENDENCY AND HUMAN SEXUALITY** 3 Units

Alcohol/Drug Studies 113 explores the symbiotic relationship of alcohol and drug abuse to sexual pathology and deviation. Clinical research involving alcohol/drug dependency, and sexual dysfunction, and deviation are reviewed and discussed. Strategies of sex therapy and psychotherapy are presented, along with specific intervention and treatment techniques. Lecture 3 hours. **Prerequisite:** Alcohol/Drug Studies 105. **Recommended Preparation:** Psychology 101, 108, or Sociology 101. **Transfer credit:** CSU

**114-SPECIAL POPULATIONS** 3 Units

Alcohol/Drug Studies 114 is an exploration of the social, cultural, and psychological consequences of ethnic background as contributing factors in the misuse of alcohol and drugs. The changing role of women in society, stress-producing factors in marriage, and the abuse of alcohol/drugs in the adolescent and elderly populations are studied. The lack of choice as to status, categorization within society, and structural adaptations of Blacks, Chicanos, Indians, and other ethnic and racial minorities are also explored. Lecture 3 hours. **Prerequisite:** Alcohol/Drug Studies 105. (Alcohol/Drug Studies 105 may be taken concurrently.) **Transfer credit:** CSU

**115-ADULT CHILDREN OF CHEMICAL DEPENDENT FAMILIES** 3 Units

Alcohol/Drug Studies 115 explores the effects of alcohol/drug dependency and other severe psychological disorders within the dynamics of the family system. The effects of emotional and physical deprivation, violence, and child abuse are examined. Affective behavioral patterns and core issues are discussed, and various treatment modalities are presented. Lecture 3 hours. **Prerequisite:** Alcohol/Drug Studies 103. **Transfer credit:** CSU

**150-ALCOHOLICS ANONYMOUS AND RECOVERY** 3 Units

Alcohol/Drug Studies 150 is designed to provide students with an opportunity to observe, experience and evaluate Alcoholics Anonymous and a variety of self-help groups involved in the community continuum of care in the treatment of alcohol/drug dependency and related disorders. The Alcoholics Anonymous “twelve step” program of recovery as a method of developing sobriety is studied in depth. Lecture 3 hours, practicum 2 hours. **Prerequisite:** None. **Transfer credit:** CSU

**151-COMMUNITY NETWORKING** 3 Units

Alcohol/Drug Studies 151 is designed to provide students with an opportunity to survey and evaluate a variety of service agencies, programs, and facilities involved in the community continuum of care in the treatment of alcohol/drug dependency and related disor-
condition and diagnosis. Lecture 4 hours. **Prerequisite:** Admission to the Nursing Program. **Corequisite:** Allied Health 103, 105, 107, 108.

103-BASIC PHARMACOLOGY FOR NURSES
(Also listed as Nursing 103)

2 Units

Allied Health 103 provides the vocational nursing student with an introduction to the principles of pharmacology. Emphasis is placed on the computational skills required for the safe administration of commonly ordered medications, the knowledge of federal and state regulations which pertain to the administration of medications, and the responsibilities of the nurse. Drugs are discussed in relation to classification, indication for use, desired outcomes and adverse reaction on all age groups, contraindications and nursing implications. The nursing process is used to assist the student integrate the knowledge and skills necessary to understand the relationship between the patient, drug therapy and the nurse. Lecture 2 hours. **Prerequisite:** Admission to the Nursing Program.

105-LIFE SCIENCE

3 Units

Allied Health 105 is a study leading to understanding of the basic concepts in the physical sciences and the normal anatomical and physiological functioning of the human body. This application of broad general principles in caring for medical and surgical patients of all ages is stressed. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151.

107-MEDICAL-SURGICAL NURSING

4 Units

Allied Health 107 is the study of the normal anatomical, physiological functions as well as pathological conditions of the human body, utilizing a systems approach. Emphasis is placed on the study of basic concepts and general principles applicable in caring for medical and surgical patients. Lecture 4 hours. **Prerequisite:** Admission to the Nursing Program. **Corequisite:** Allied Health 101, 103, 108.

108-CLINICAL NURSING

6 Units

Allied Health 108 focuses on the application of theoretical principles and concepts of holistic patient care learned in the didactic setting for Nursing Fundamentals and Medical-Surgical Nursing. Clinical laboratory 18 hours. **Prerequisite:** Admission to the Nursing Program. **Corequisite:** Allied Health 101, 103, 105, 107.
112-MEDICAL-SURGICAL NURSING  4 Units
Allied Health 112 is a study of the anatomical and physiological functions of the body. All content is present utilizing Selye and Maslow in relation to the adult patient and various stages of Erikson’s psycho/social development. Emphasis is placed on the study of basic concepts and basic principles applicable in caring for adult patients. Lecture 4 hours. Prerequisite: Allied Health 101, 103, 105, 107, 108. Corequisite: Allied Health 114, 116, 118, 122.

113-MEDICAL-SURGICAL NURSING  4 Units
Allied Health 113 is a study of the normal anatomical and physiological functioning of the human body utilizing a systems approach. Included are broad general principles in caring for medical and surgical patients. A methodological approach is utilized in studying pathological conditions amenable to medical-surgical correction incorporating nursing principles and procedures unique to specific body systems. Lecture 4 hours. Prerequisite: Allied Health 101, 103, 105, 107, 108. Corequisite: Allied Health 123.

114-OBSTETRICS AND CARE OF THE NEWBORN  2 Units
Allied Health 114 is designated to prepare the student nurse to undertake his/her role in providing safe and effective care for the woman during pregnancy, parturition and puerperium, as well as care of the newborn in health and disease. To emphasize family-center care, the student is provided opportunities to teach, support and to help prepare the mother and father to assume their new roles as parents. Lecture 2 hours. Prerequisite: Allied Health 101, 103, 105, 107, 108. Corequisite: Allied Health 112, 116, 118, 122.

116-INTRODUCTORY PEDIATRICS  2 Units
Allied Health 116 utilizes the nursing process to focus on the study of normal development from infancy to adolescence; basic needs of children using Maslow's Hierarchy; implications of stress of children and their families; common pathological conditions with emphasis on contagious diseases and their control; as well as common traumatic injuries of childhood. Stressors that influence adaptive and maladaptive behaviors are also discussed. Lecture 2 hours. Prerequisite: Allied Health 101, 103, 105, 107, 108. Corequisite: Allied Health 122.

118-BASIC NUTRITION  2 Unit
Allied Health 118 focuses on the principles of optimal nutrition and their application to the life cycle. Stress is placed on the selection of foods required to meet the psychological, physiological and socioeconomic needs of an individual. Lecture 2 hours. Prerequisite: Admission to the Nursing Program.

122-CLINICAL NURSING  7 Units
Allied Health 122 focuses on the application of scientific knowledge and the development of critical thinking skills in providing nursing care to any age group regardless of their conditions or illnesses. All content is presented utilizing Selye, Maslow, and various stages of Erikson’s psycho/social development. Basic principles and content introduced in Allied Health 101, 103 and 108 are reinforced and further developed. Application of broad general principles in caring for patients of all ages is incorporated. Clinical laboratory 21 hours. Prerequisite: Allied Health 101, 103, 105, 107, 108. Corequisite: Allied Health 112, 114, 116.

123-CLINICAL NURSING  5 Units
Allied Health 123 is a continuation of Allied Health 122. It focuses on the application of the theoretical knowledge of nursing principles and concepts that are unique to specific systems of the human body throughout their life cycle. Clinical laboratory 24 hours (11 weeks). Prerequisite: Allied Health 101, 103, 105, 107, 108. Corequisite: Allied Health 113.

134-MENTAL HEALTH AND EMOTIONAL ILLNESS  3 Units
Allied Health 134 deals with some of the basic concepts of the mental health-mental illness continuum. The purpose of the course is to help nursing students deal with adaptive and maladaptive behavior in interpersonal relations and acquire the necessary knowledge to care for emotional components of behavior in patients of all ages. Communication skills, both verbal and non-verbal, are stressed. Lecture 3 hours. Prerequisite: Satisfactory completion of Semester I.

Vocational Nursing and Registered Nursing Program

108-CLINICAL NURSING  5-6 Units
Allied Health 108 focuses on the application of theoretical principles and concepts of holistic
patient care learned in the didactic setting for Nursing Fundamentals and Medical-Surgical Nursing. Clinical laboratory 15-18 hours. **Prerequisite:** Admission to the Nursing Program. **Corequisite:** V.N. students must concurrently take Allied Health 101, 103, 105, 107. R.N. students must concurrently take Allied Health 101 and 103.

### 112-MEDICAL-SURGICAL NURSING 3-4 Units

Allied Health 112 is a study of the anatomical and physiological functions of the body focusing on Roy's Adaptation model incorporating Maslow and Selye. All content is present utilizing Selye and Maslow in relation to the adult patient and various stages of Erikson's psycho/social development. Emphasis is placed on the study of basic concepts and basic principles applicable in caring for adult patients. **Lecture 3-4 hours.** **Prerequisite:** V.N. students: Allied Health 101, 103, 105, 107, 108. R.N. students: Allied Health 101, 103, 108. **Corequisite:** V.N. students must concurrently take Allied Health 114, 116, 118, 122. R.N. students must concurrently take Allied Health 114, 116, 122 or 101, 103, 108

### 114-OBSTETRICS AND CARE OF THE NEWBORN 2 Units

Allied Health 114 is designated to prepare the student nurse to undertake his/her role in providing safe and effective care for the woman during pregnancy, parturition and puerperium, as well as care of the newborn in health and disease. To emphasize family-center care, the student is provided opportunities to teach, support and to help prepare the mother and father to assume their new roles as parents. **Lecture 2 hours.** **Prerequisite:** V.N. students: Allied Health 101, 103, 105, 107, 108. R.N. students: Allied Health 101, 103, 108 **Corequisite:** V.N. students must concurrently take Allied Health 112, 116, 118, 122. R.N. students must concurrently take Allied Health 116 and 122.

### 116-INTRODUCTORY PEDIATRICS 2 Units

Allied Health 116 utilizes the nursing process and Roy’s Adaptation to focus on the study of normal development from infancy to adolescence; basic needs of children using Maslow’s Hierarchy; implications of stress of children and their families; common pathological conditions with emphasis on contagious diseases and their control; as well as common traumatic injuries of childhood. Stressors that influence adaptive and maladaptive behaviors are also discussed. **Lecture 2 hours.** **Prerequisite:** V.N. students: Allied Health 101, 103, 105, 107, 108. R.N. students: Allied Health 101, 103, 108. **Corequisite:** V.N. and R.N. students must concurrently take Allied Health 122.

### 122-Clinical Nursing 4-7 Units

Allied Health 122 focuses on the application of scientific knowledge and the development of critical thinking skills in providing nursing care to any age group regardless of their conditions or illnesses. All content is presented utilizing Selye, Maslow, and various stages of Erikson's psycho/social development and Roy's Adaptation model.

Basic principles and content introduced in Allied Health 101, 103 and 108 are reinforced and further developed. Application of broad general principles in caring for patients of all ages is incorporated. Clinical laboratory 12-21 hours. **Prerequisite:** V.N. students: Allied Health 101, 103, 105, 107, 108. R.N. students: Allied Health 101, 103, 108. **Corequisite:** V.N. and R.N. students must concurrently enroll in Allied Health 112, 114, 116.

### 205-Pharmacology 3 Units

Not offered.

### 210-Cardiac Monitoring 3 Units

Not offered.

### 215-Fluid and Electrolyte Balance 1½ Units

Not offered.

### 220-Infection Control in the Hospital 1½ Units

Not offered.

### 231-Human Development and Nursing Process I - General Concepts 2 Units

Allied Health 231 is the study of general concepts relevant to the registered nursing practice. These concepts are necessary for the integration of nursing process in clinical nursing. Lecture, seminars 2 hours; independent studies and field trips. **Prerequisite:** Admission to the Nursing Program.

### 233-Mental Health Nursing 6 Units

Allied Health 233 focuses on the dynamics of patients undergoing acute and chronic psychosocial stress. Nursing process and inter-
viewing skills are presented within a framework of total mental health team management. Roles of the various team members are examined along with a variety of treatment modalities. The causes of stress are explored from a variety of theoretical perspectives. The student is encouraged to undertake self-exploration and develop a concept of man which includes adaptation and human need fulfillment. The course provides the student with knowledge and understanding of the interrelatedness of environmental factors which affect the health-illness continuum. Major mental health problems are explored along with appropriate nursing interventions. Lecture 7 hours, laboratory 14 hours. (9 weeks) Prerequisite: Completion of the first year R.N. curriculum or admission to the second year Career Ladder Nursing Program.

234-MATERNAL-CHILD HEALTH NURSING 6 Units

Allied Health 234 is the second rotation of maternity and pediatric nursing. The emphasis of this course is on deviations and nursing care during pregnancy, labor, delivery, post partum and new born period. Acute childhood illnesses and nursing care are also part of this course. Utilizing the nursing process Maslow's Hierarchy of Human Needs, Erikson's Psychosocial Stages of Man and Roy's Adaptation Model as the guides, students are prepared to provide safe and effective care for the patient and supportive care to the family. Emphasis is on physiological care when integrating emotional, cultural, and social aspects of patient care. Opportunities are provided to students to visit local community health care facilities providing services to pregnant clients and children as well as families. Lecture 7 hours, laboratory 14 hours. (9 weeks) Prerequisite: Completion of the first year R.N. curriculum or admission to the second year Career Ladder Nursing Program.

240-NURSING PROCESS AND NURSING MANAGEMENT 6 Units

Allied Health 240 is the study and application of selected nursing concepts in relation to the impact of health problems and needs of the individual, family and community. It focuses on the acute and chronic medical-surgical health problems including assessment and management of care. The aspects of pharmacology, diet therapy and fluid and electrolytes are integrated. Lecture 7 hours, clinical laboratory 15 hours, (9 weeks) Prerequisite: Completion of the first year R.N. curriculum or completion of the V.N. curriculum.

245-NURSING PROCESS AND NURSING LEADERSHIP 6 Units

Allied Health 245 is the study and application of selected nursing concepts as they relate to the care of medical-surgical conditions in acute clinical settings. The students are also provided beginning leadership and management experiences. Interdisciplinary teamwork, teaching, and collaborative planning are major experiences. The aspects of pharmacology, diet therapy and fluid and electrolytes are integrated. Lecture 7 hours, clinical laboratory 15 hours. (9 weeks) Prerequisite: Completion of the first year R.N. curriculum or completion of the V.N. curriculum.

246-PROFESSIONAL ADJUSTMENTS AND NURSING LEADERSHIP 1 Unit

Not offered.

250-CHILDREN'S ATTENDANT 3 Units

Not offered. Transfer credit: CSU

Registered Nursing Program

101-FUNDAMENTALS OF NURSING 5 Units

Nursing 101 is the first nursing course in the Registered Nurse Program. The course focuses on the study of basic nursing knowledge, attitudes, and psychomotor skills necessary in promoting, maintaining, and restoring health. Emphasis is on identifying the conceptual framework of the program, application of the nursing process, and fundamentals of nursing. Lecture 6 hours, clinical laboratory 12 hours (nine weeks). Prerequisite: Admission to the Registered Nursing Program. Transfer credit: CSU, USC

103-BASIC PHARMACOLOGY FOR NURSES 2 Units (Also listed as Allied Health 103)

Nursing 103 provides the registered nursing student with an introduction to the principles of pharmacology. Emphasis is placed on the computational skills required for the safe administration of commonly ordered medications, the knowledge of federal and state regulations which pertain to the administration of medications, and the responsibilities of the nurse. Drugs are discussed in relation to classification, indication for use, desired outcomes and adverse
reaction on all age groups, contraindications and nursing implications. The Nursing Process is used to assist the student integrate the knowledge and skills necessary to understand the relationship between the patient, drug therapy and the nurse. Lecture 2 hours. **Prerequisite:** Admission to the Nursing Program. **Transfer credit:** CSU, USC

105-INTRODUCTION TO MEDICAL-SURGICAL NURSING I 5 Units

Nursing 105 is a continuation of Nursing 101. The course focuses on the study of basic nursing skills and concepts to promote, maintain, and restore health. Emphasis is on application of the nursing process, communication, introductory medical-surgical nursing, and the care of the gerontic patient/client. Lecture 6 hours, clinical laboratory 12 hours (nine weeks). **Prerequisite:** Successful completion of Nursing 101. **Transfer credit:** CSU, USC

107-MEDICAL-SURGICAL NURSING II 4½ Units

Nursing 107 involves care of adults experiencing health problems related to the gastrointestinal system, endocrine and immune systems, sexual and reproductive systems, and the sensory system. Emphasis is placed upon the study and application of basic concepts and basic principles in caring for medical and surgical patients. Lecture 4 hours, clinical laboratory 15 hours (nine weeks). **Prerequisite:** Admission to the R.N. Program and successful completion of Nursing 105. **Transfer credit:** CSU, USC

109-MEDICAL-SURGICAL NURSING III 4½ Units

Nursing 109 involves the study of nursing care of hospitalized patients with respiratory, cardiovascular, dermatologic, hematopoietic, and neoplastic disorders, including fluid and electrolyte and acid base imbalances. Emphasis is placed on the study and application of basic concepts and basic principles in caring for medical and surgical patients. Lecture 4 hours, clinical laboratory 15 hours (nine weeks). **Prerequisite:** Admission to the R.N. Program and successful completion of Nursing 107. **Transfer credit:** CSU, USC

211-OBSTETRIC NURSING 4 Units

Nursing 211 is the study of basic nursing care during pregnancy, labor delivery, postpartum, and newborn periods. Knowledge and skills in the nursing care of obstetric patients with complications and of high risk newborns are emphasized. The student is prepared to provide safe and effective care for the patient and supportive care to the family. Emphasis is on physiological care which integrates emotional, cultural, and social aspects of patient care. Opportunities are provided for students to visit local community health facilities devoted to the needs of pregnant patients' families. Lecture 7½ hours, clinical laboratory 13½ hours (six weeks). **Prerequisite:** Satisfactory completion of the first year nursing courses or admission to the second year Career Ladder Nursing Program. **Transfer credit:** CSU, USC
213-PEDIATRIC NURSING 4 Units
Nursing 213 is the study of basic nursing care related to childhood diseases. This course prepares the student to provide safe and effective care for the patient and supportive care for the family utilizing the nursing process. Emphasis is on the physiological care that integrates the emotional, cultural, and social aspects of patient care. Opportunities are provided for students to visit local community health facilities devoted to the needs of sick children and their families. Lecture 7 ½ hours, clinical laboratory 13½ hours (six weeks). Prerequisite: Satisfactory completion of first year nursing courses or admission to the second year Career Ladder Nursing Program. Transfer credit: CSU, USC

215-MENTAL HEALTH/PSYCHIATRIC NURSING 4 Units
(Formerly Allied Health 233)
Nursing 215 focuses on the dynamics of adult clients undergoing acute and chronic psychosocial stress. The nursing process, including interviewing skills, is presented within a framework of total mental health team management. The roles of the various team members are examined, along with a variety of treatment modalities. The causes of stress are identified from various theoretical perspectives. The student is encouraged to undertake self-exploration and develop a concept of man that includes adaptation and human need fulfillment. The course provides the student with knowledge and understanding of the interrelatedness of environmental, cultural, and ethnic factors affecting adaptation along the health-illness continuum. Lecture 7½ hours, laboratory 13½ hours (six weeks). Prerequisite: Completion of the first year R.N. Curriculum or admission to the second year Career Ladder Nursing Program. Transfer credit: CSU, USC

217-LVN-RN BRIDGE COURSE 2 Units
(Formerly Allied Health 231)
Nursing 217 is the study of general concepts related to registered nursing practice. These concepts are necessary for the integration of the nursing process into clinical nursing. Lecture 4½, laboratory 4½ hours (six weeks). Prerequisite: Admission to the second year Career Ladder Nursing Program. Transfer credit: CSU

219-NURSING PROCESS AND PATIENT CARE MANAGEMENT 5 Units
(Formerly Allied Health 240)
Nursing 219 is the study and application of selected nursing concepts and knowledge in relation to their impact on the health problems and needs of the individual, family, and community. It focuses on the pathophysiological aspects of the acute and chronic medical-surgical health problems, including the assessment and management of care. Pharmacology, nutrition and diet therapy, fluid and electrolytes, ethical and legal issues, patient teaching and communication skills are integrated. Lecture 5 hours, clinical laboratory 15 hours (nine weeks). Prerequisite: Completion of the First Year R.N. Curriculum. Completion of the Vocational Nursing Curriculum. Transfer credit: CSU, USC

221-NURSING PROCESS AND NURSING LEADERSHIP 5 Units
(Formerly Allied Health 245)
Nursing 221 is the study and application of selected nursing concepts as they relate to the care of clients with selected acute medical-surgical conditions. Clinical aspects of pharmacology, diet therapy, and fluid and electrolytes are integrated. Students are also provided beginning leadership and management experiences. Interdisciplinary teamwork, teaching, and collaborative planning are major experiences. Lecture 5 hours, clinical laboratory 15 hours (nine weeks). Prerequisite: Completion of the First Year Nursing Curriculum or completion of the V.N. Curriculum. Transfer credit: CSU, USC

ANATOMY
See BIOLOGY 120

ANTHROPOLOGY

101-PHYSICAL ANTHROPOLOGY 3 Units
Anthropology 101 is a study of human genetics; the relationship of humans to the animal world; evolutionary theory; fossil humans; racial differentiation, classification, and distribution; and current and ongoing evolution. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (CAN ANTH 2)

102-CULTURAL ANTHROPOLOGY 3 Units
Anthropology 102 is a study of the origin and development of human cultures and includes description of the material culture as well as social organization. It includes description of the material kinship patterns, political systems,
religious beliefs and insights gained through linguistic study. The emphasis is placed on recent and contemporary tribal societies. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (CAN ANTH 4)

103-ARCHAEOLOGY 3 Units
Anthropology 103 is a general course in archaeology for beginning students. The material covered includes professional opportunities, methods of locating and digging sites, preserving and restoring artifacts, and methods of dating artifacts. Pre-history is traced through the various Stone Ages in the Old World into recorded historical times, emphasizing famous classical sites. Attention is similarly given to pre-history in the Americas. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (CAN ANTH 6)

ARCHITECTURE

101-DRAFTING AND BASIC DESIGN 3 Units
Architecture 101 is a study in the fundamentals of drafting techniques used in architectural drawing, and the basic design procedure relative to good residential planning. The course studies residential building codes, drafting of working drawings, scale drawing of construction details, framing concepts, and proper dimensioning techniques. Lecture 2 hours, laboratory 4 hours. Prerequisite: Art 130. (Art 130 may be taken concurrently.) Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Required for architecture majors. Recommended for art majors. Transfer credit: CSU

102-ARCHITECTURAL DRAFTING AND DESIGN 3 Units
Architecture 102 is the study of the design of the single family dwelling with emphasis on the ranch type structure. Discussion covers the latest construction innovations, framing techniques, scale detail drawing, and the drafting of working drawings. Study explores in greater detail the applicable building codes pertinent to residential construction, modular construction, solar planning, insulation requirements, orientation, and other facets of construction. Lecture 2 hours, laboratory 4 hours. Prerequisite: Architecture 101. Transfer credit: CSU

103-DESCRIPTIVE GEOMETRY 3 Units
Architecture 103 is an applied science treating of graphic representation of lines, planes, surfaces, and solids. Architectural applications are used for subject matter. Simple shades and shadows. Lecture 2 hours, laboratory 4 hours. Prerequisite: One year of architectural or mechanical drawing or Architecture 101 or Engineering 101. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Required for architecture majors. This course may not be taken for credit by students who have completed Engineering 103. Transfer credit: CSU, UC, USC

105-PERSPECTIVE GRAPHICS 3 Units
Architecture 105 is a course in technical perspective. Skills are developed in drawing of various architectural subjects and their shadows, rendering in various media, sketching in people, objects and landscape background and foreground. Lecture 2 hours, laboratory 4 hours. Prerequisite: Art 130, 150, and 151. (Art 151 may be taken concurrently.) Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Required for architecture majors. This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

120-ARCHITECTURAL DESIGN I 3 Units
(Formerly Architecture 109)
Architecture 120 presents a study of the numerous considerations required to build a two story dwelling, a two story apartment complex, or a retail building. Discussion will cover fundamentals of design, building code considerations, and techniques of construction. Lecture 2 hours, laboratory 4 hours. Prerequisite: Architecture 101 and 105. Note: This course may not be taken for credit by students who have completed Architecture 109. Transfer credit: CSU

125-ARCHITECTURAL DESIGN II 3 Units
(Formerly Architecture 109)
Architecture 125 presents a study of the numerous considerations required to build a typical two story single family home, a typical two story apartment complex, or a small store. Discussion will review fundamentals of design, building code considerations, techniques of construction, and will introduce working drawings and construction detail. Additional work will include beam loading calculation, heating, insulation, sound proofing, sanitary
systems, soil problems, presentation techniques, and model building techniques. Lecture 2 hours, laboratory 4 hours. Prerequisite: Architecture 120. Note: This course may not be taken for credit by students who have completed Architecture 109. Transfer credit: CSU

130-ARCHITECTURAL DESIGN III 3 Units
(Formerly Architecture 110)
Architecture 130 is a study of the concepts of basic commercial building construction. Emphasis will be placed on the basic planning and design of a small commercial building of concrete block construction. Current construction techniques, and applicable building codes will be covered. Lecture 2 hours, laboratory 4 hours. Prerequisite: Art 130 and Architecture 125. Note: This course may not be taken for credit by students who have completed Architecture 110. Transfer credit: CSU

135-ARCHITECTURAL DESIGN IV 3 Units
(Formerly Architecture 110)
Architecture 135 is a study of the concepts of basic commercial building construction. Emphasis will be placed on the basic planning and design of a small commercial building of concrete block construction. Current construction techniques, and applicable building codes will be covered. Lecture 2 hours, laboratory 4 hours. Prerequisite: Architecture 130. Note: This course may not be taken for credit by students who have completed Architecture 110. Transfer credit: CSU

141-INTERIOR DESIGN 3 Units
(Also listed as Art 141)
Architecture 141 begins with the study of the floor plan and architectural background and moves through the selection and arrangement of furniture, floor, and window treatments, lighting, and accessory planning. Emphasis is placed on the use of design elements such as color, line, shape, texture, pattern, space, and their interaction with one another in the interior environment. Lecture 3 hours. Recommended Preparation: Art 130. Note: This course may not be taken for credit by students who have completed Art 141. Transfer credit: CSU

191-ARCHITECTURAL ENGINEERING DRAFTING AND DESIGN 5 Units
Architecture 191 is discussion and preparation of working drawings for major structures. The course is a study of practices common to the construction of commercial reinforced concrete buildings; the relationship of plumbing, heating, ventilating, electrical, and air conditioning systems in the various areas of the structure; drawing changes of typical views, integrating and detailing them in the completed set of drawings; understanding and satisfying the requirements of the architect; studying the realities of the successful draftsperson; the application of the current building code; and the cost factors affecting revisions. Lecture 3 hours, laboratory 6 hours. Prerequisite: Art 130. (Art 130 may be taken concurrently.) Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

192-ARCHITECTURAL ENGINEERING DRAFTING AND DESIGN (Residential) 5 Units
Architecture 192 is discussion and preparation of working drawings for brick and concrete block structures. The course is a study of practices common to the construction of commercial buildings; the relationship of plumbing, heating, ventilating, electrical, and air conditioning systems. Drawing changes of typical views; studying and satisfying the requirement of the architect. Lecture 3 hours, laboratory 6 hours. Prerequisite: Architecture 191. Transfer credit: CSU

193-PROFESSIONAL DRAFTING FOR ARCHITECTURE (Commercial & Multiple Dwelling Projects) 5 Units
Architecture 193 covers Analysis and Workshop Development of Coordinated Construction Drawing Units for standard elements of building in major framing and finishing systems and materials. Lecture 3 hours, laboratory 6 hours. Prerequisite: Architecture 192 or equivalent. Recommended Preparation: Art 130, 150, 151. Transfer credit: CSU

194-ARCHITECTURAL ENGINEERING DESIGN (Commercial) 5 Units
Architecture 194 is a class project in the preparation of a complete set of working drawings from given specifications, including various presentation media stressing the group concept in architectural design. Lecture 3 hours, laboratory 6 hours. Prerequisite: Architecture 193. Recommended Preparation: Architecture 105. Transfer credit: CSU
ARMENIAN

101-BEGINNIGN ARMENIAN I  5 Units
Armenian 101 covers the Armenian alphabet, its letters and their sounds, and the fundamentals of Armenian grammar. Students are taught to pronounce correctly, to acquire a practical vocabulary, and to understand, read, write and speak simple Armenian. Lecture 5 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Not open to students with oral proficiency or who have attended schools where Armenian was the language of instruction. This course may not be taken for credit by students who have completed Armenian 115 or 116. Transfer credit: CSU, UC, USC

102-BEGINNING ARMENIAN II  5 Units
Armenian 102 continues the development of fundamental language skills, including comprehension, reading of simple texts in poetry and prose, and writing with a fair degree of grammatical correctness. The course teaches the speaking of everyday Armenian, and also prepares the student for more advanced work in the language. Lecture 5 hours. Prerequisite: Armenian 101 or equivalent. Note: This course may not be taken for credit by students who have completed Armenian 115 or 116. Transfer credit: CSU, UC, USC

110-BASIC CONVERSATIONAL ARMENIAN I  2 Units
NON-DEGREE APPLICABLE
Armenian 110 is an introduction to Armenian with emphasis on developing essential skills in communication. The verbal active method is used, stressing oral expression. The course develops a working knowledge of reading and writing Armenian, and also introduces the student to Armenian culture. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

111-BASIC CONVERSATIONAL ARMENIAN II  2 Units
NON-DEGREE APPLICABLE
Armenian 111 continues the improvement of communication skills acquired in Armenian 110. It further develops language skills, including the reading and comprehension of simple texts; gives a broader idea of the structure of language; and attempts to generate interest in the Armenian culture and further study. Lecture 2 hours, laboratory 1 hour. Prerequisite: Armenian 110 or equivalent. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

115-ARMENIAN FOR THE ARMENIAN SPEAKING I  5 Units
Armenian 115 provides intensive training in oral and written Armenian for students who already have a familiarity with the language but little and/or no formal instruction in it. Thus, structure of the language, basic grammar, spelling rules, vocabulary, composition, and oral communication are included. Lecture 5 hours. Prerequisite: Fluency in Armenian. Note: This course may not be taken for credit by students who have completed Armenian 101 or 102. Transfer credit: CSU, UC

116-ARMENIAN FOR THE ARMENIAN SPEAKING II  5 Units
Armenian 116 is a continuation of Armenian 115. Emphasis is on reading comprehension, composition, oral communication, spelling rules, intensive vocabulary, and a more advanced study of the structure of the language. Lecture 5 hours. Prerequisite: Armenian 115. Transfer credit: CSU, UC

ART

ART HISTORY

101-SURVEY OF ART HISTORY I  3 Units
Art 101 is a survey of architecture, painting, and sculpture from their origins in prehistoric times to early Gothic periods of western culture. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC (CAN ART 2)

102-SURVEY OF ART HISTORY II  3 Units
Art 102 is a survey of architecture, painting, and sculpture from the Renaissance to modern times. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC (CAN ART 4)

103-ANCIENT ART  3 Units
Art 103 is a survey of the architecture, painting and sculpture from their origins in prehistoric time through their development in ancient Egypt and Mesopotamia. The impact of these works on today's art is also considered. Lecture 3 hours. Recommended Preparation: Art 101. Transfer credit: CSU, UC, USC
104-GREEK AND ROMAN ART  3 Units
Art 104 provides an in-depth study of the architecture, painting, and sculpture of ancient Greece and Rome. The influence of the philosophy and politics of the period is considered. The student will examine the impact of the culture, styles, and art forms of the Classical World upon the Twentieth Century. Lecture 3 hours. Recommended Preparation: Art 101. Transfer credit: CSU, UC, USC

105-MEDIEVAL ART  3 Units
Art 105 is a survey of the architecture, painting, and sculpture of the period between ancient Rome and the Renaissance. It introduces the student to the philosophical ideas, economic trends, and political events that produced the art of the period. Lecture 3 hours. Recommended Preparation: Art 101. Transfer credit: CSU, UC, USC

106-RENAISSANCE/BAROQUE ART  3 Units
Art 106 is a survey of the art, sculpture, architecture, religious ideas, economic trends, and politics that reflect the life of the fourteenth through eighteenth century Europe and their effect on our time. Lecture 3 hours. Recommended Preparation: Art 102. Transfer credit: CSU, UC, USC

107-MODERN ART  3 Units
Art 107 is a survey of the growth of Nineteenth and Twentieth Century trends in painting, sculpture, and architecture in Europe and the United States. It explores the relationship between contemporary art and our historical and social values. Lecture 3 hours. Recommended Preparation: Art 102. Transfer credit: CSU, UC, USC

108-ART OF THE EASTERN WORLD I  3 Units
Art 108 is a survey of the sculpture, painting, and architecture of India, China, Japan, Korea, and Persia from prehistoric times to 1200 A.D. It includes an introduction to the religious, philosophical, social and political ideas which influenced the art of these regions and times. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

109-ART OF THE EASTERN WORLD II  3 Units
Art 109 is a survey of the sculpture, painting, and architecture of India, China, Southeast Asia, Japan, and the Islamic expansion in the Near East and Spain. The philosophical, social, and political ideas that produced Oriental Art from 1200-1850 will also be considered. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

110-ART/MUSIC APPRECIATION  (Also listed as Music 110)  3 Units
Art 110 is a team-taught course which provides a comparative historical overview of western art and music from the prehistoric era to the present. This introductory course presents influential figures in each period and analyzes important influences on their work. The relationship between music and art is explored, along with changing trends in thought and techniques. Lecture 3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Music 110. Transfer credit: CSU, UC, USC

112-ART OF THE AMERICAS I (Before 1600)  3 Units
Art 112 is a study of the Art of the Pre-Columbian (Inca, Maya, Aztec), Mexico, and South American cultures. American Indian art (especially Southwest Indian). Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

113-ART OF THE AMERICAS II (1600 to the Present)  3 Units
Art 113 is the study of the art of the United States, Canadian, Mexican, South American cultures and their European origins. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

116-PRIMITIVE ART  3 Units
Art 116 is an introduction to the art of primitive Africa, Australia, New Guinea and North America. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

118-WOMEN IN VISUAL ARTS  3 Units
Art 118 is an introduction to the history of women as artists in European and American traditions. Women's roles in non-Western cultures will also be discussed as well as images of women in art. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

120-HISTORY OF ARCHITECTURE I  3 Units
Art 120 is a survey course of architectural styles from their origin in prehistoric times to the Gothic period. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC
121-HISTORY OF ARCHITECTURE II  3 Units
Art 121 is a survey course of architectural styles from the Renaissance to the present. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

124-SOUTHERN CALIFORNIA ART MUSEUMS  1 Unit
Not offered. Transfer credit: CSU

125-HISTORY OF MOTION PICTURES  3 Units
Art 125 is the historical and aesthetic introduction to the appreciation of motion pictures through the analysis of audio and visual techniques which can make the film an expressive means of communication. Selected motion pictures will be screened. Lecture 3 hours. Prerequisite: None. Note: Each week students will be required to see one film chosen from the instructor's list of pertinent films available on television and in local theaters. Transfer credit: CSU, UC, USC

DESIGN

130-DESIGN I  3 Units
Art 130 is an introduction to the structure of two-dimensional art. This course provides fundamental understanding and control of the elements of design and the principles by which they can be related to solving design problems. The course is basic for art students and will be helpful to students in related fields. Lecture 2 hours, studio 2 hours. Prerequisite: None. Note: Students receiving a score of 4 or 5 on the Advanced Placement Examination (CEEB) in Studio Art may be given credit for Art 130 and Art 150 at Glendale Community College contingent upon approval of their portfolio by the art faculty. Transfer credit: CSU, UC, USC

131-DESIGN II  3 Units
Art 131 is advanced study in two-dimensional art structure. The study is developed in a series of problems. Some problems will concentrate on advanced color study; some on space manipulation, some on understanding (through practice) the current concepts at work in the fine and decorative art fields. Whenever possible problems will reflect directions dominating the current art scene. Lecture 2 hours, studio 2 hours. Prerequisite: Art 130. Transfer credit: CSU, UC, USC

132-LETTERING  1 Unit
Art 132 is the fundamental study of letter forms, including the Roman, Gothic, and calligraphic styles. Students learn a short history of lettering and typography and solve problems in the forming and spacing of letters with the use of Speed Ball lettering tools. Lecture 1 hour, laboratory 1 hour. Recommended Preparation: Art 130. Note: Recommended for architecture and graphic design majors and all art majors as a foundation for more advanced work in the art department. Transfer credit: CSU

134-ADVERTISING DESIGN I  3 Units
Art 134 is an applied design course, oriented primarily towards design in advertising. Special emphasis is placed on those elements, techniques, and psychological aspects of design peculiar to advertising. Layout techniques, lettering typography, and the psychological use of color are stressed. Lecture 2 hours, studio 2 hours. Prerequisite: Art 130. (Art 130 may be taken concurrently.) Recommended Preparation: Art 150.

135-ADVERTISING DESIGN II  3 Units
Art 135 is a continuation of Art 134. Typography, printing methods, advanced one-page layout, and illustration are stressed. Lecture 2 hours, studio 2 hours. Prerequisite: Art 134. Recommended Preparation: Art 131, 138, 151, 152, 160, 164.

136-ADVANCED ADVERTISING DESIGN I  3 Units
Art 136 is an advanced advertising design course which includes the theory and practice in various phases of advertising. Design for television, packaging, brochure design and layout, magazine design, and multiple page layout are emphasized, as are problems in production for off-set printing. Lecture 2 hours, studio 2 hours. Prerequisite: Art 135.

137-ADVANCED ADVERTISING DESIGN II  3 Units
Art 137 is the study of advanced practices in advertising design. Emphasis is on independent work and problem solving. The course includes the art of advertising display and problems in preparing camera-ready art work with two-, three-, and four-plate prints. Lecture 2 hours, studio 2 hours. Prerequisite: Art 136.

138-THREE-DIMENSIONAL DESIGN  3 Units
Art 138 offers the study of space and form relationships expressed three dimensionally in line, plane, volume, texture and color, and the interaction of these basic design elements.
Experiences are provided in various materials appropriate to three dimensional considerations with emphasis on design concepts and mastery of technical skills. This course is required for art majors and recommended for students of graphic and industrial design, architecture, interior and environmental design, stage design, and related fields. Lecture 2 hours, studio 2 hours. Recommended Preparation: Art 130. Transfer credit: CSU, UC, USC

140-PASTE-UP AND LAYOUT 1 Unit
Art 140 presents the methods and techniques of paste-up and layout. The course develops the ability to layout various media for the graphics and desk top publishing industry. This will include flyers, brochures, newsprint and technical illustrations. The student will design and use photo layouts, discover the principles of color separations, and learn the techniques that develop professional paste-up skills for employment in business or industry. Lecture 2 hours, laboratory 2 hours. (9 week class) Recommended Preparation: Art 130 or 134. Note: This course may be taken 3 times; a maximum of 3 units may be earned. This course may not be taken for credit by students who have completed Technical Graphics 178.

141-INTERIOR DESIGN 3 Units
(Also listed as Architecture 141)
Art 141 begins with the study of the floor plan and architectural background and moves through the selection and arrangement of furniture, floor, and window treatments, lighting, and accessory planning. Emphasis is placed on the use of design elements such as color, line, shape, texture, pattern, space, and their interaction with one another in the interior environment. Lecture 3 hours. Recommended Preparation: Art 130. Note: This course may not be taken for credit by students who have completed Architecture 141. Transfer credit: CSU

144-COLOR THEORY AND APPLICATION 3 Units
Not offered. Transfer credit: CSU, USC

148-CALLIGRAPHY I 3 Units
Not offered.

149-CALLIGRAPHY II 3 Units
Not offered. Transfer credit: CSU

DRAWING

150-DRAWING I 3 Units
Art 150 is a basic drawing course dealing with the fundamentals of pictorial organization. The various means of representing the three-dimensional aspects of forms on a flat surface are emphasized. Drawings for this course are normally size 18" x 24" unless otherwise specified for special projects. Lecture 2 hours, studio 2 hours. Recommended Preparation: Art 130. Note: Students receiving a score of 4 or 5 on the Advanced Placement Examination (CEEB) in Studio Art may be given credit for Art 130 or 150 at Glendale Community College contingent upon approval of their portfolio by the art faculty. Transfer credit: CSU, UC, USC (CAN ART 8)

151-DRAWING II 3 Units
Art 151 is a second semester drawing course designed to enable students to further their abilities in drawing forms in depth, composition, and various drawing techniques. Lecture 2 hours, studio 2 hours. Prerequisite: Art 150. Transfer credit: CSU, UC, USC

152-LIFE DRAWING I 3 Units
Art 152 is a beginning course in drawing the figure from life. Quick drawings, as well as progressively longer drawings are done to explore the relationship of movement to form. Emphasis is placed on personal expression and interpretation as well as on proportion and structure. Special studies in artistic anatomy are also developed. This course is recommended for all art majors. Lecture 2 hours, studio 2 hours. Prerequisite: Art 150. (Art 150 may be taken concurrently.) Recommended Preparation: Art 130. Transfer credit: CSU, UC, USC

153-LIFE DRAWING II 3 Units
Art 153 is the continuation of basic studies in drawing the figure from life. Further emphasis and attention is given to arrangement and compositional studies incorporating the figure. Expressive use of media for drawing the figure is explored. Lecture 2 hours, studio 2 hours. Prerequisite: Art 152. Transfer credit: CSU, UC, USC

154-ADVANCED LIFE DRAWING I 3 Units
Art 154 is the continuation of basic studies in drawing the figure from life. Emphasis on using the figure in compositions. Stress on the creative use of the figure. Drawings should
extend beyond “studies” and become personal statements. Increases emotional expression in drawings. May do one or more problems in three dimensions. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 153. **Transfer credit:** CSU, UC, USC

155-ADVANCED LIFE DRAWING II 3 Units
Art 155 is the continuation of basic studies in drawing the figure from life. Figure compositions are stressed. Students are encouraged to use the figure in creative and expressive drawings. A major project will be required - this may follow an avenue of individual interest. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 154. **Transfer credit:** CSU, UC, USC

156-ILLUSTRATION I 3 Units
Art 156 is designed to acquaint the student with various types of illustration such as book, movie poster, editorial, spot, and magazine story. Emphasis is placed on learning a number of specific techniques which will enable the student to work quickly while achieving a professional look. A variety of media will be explored. The focus of this course is fine arts rather than technical or product illustration. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 130, 150, 151. (Art 151 may be taken concurrently.) **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU

157-PORTFOLIO PREPARATION 3 Units
Art 157 is designed to help art majors with preparation of a professional level portfolio or "book" to be used for application to an upper division art school or for employment interviews. Students will develop and sharpen their interview skills and learn how to produce an effective resume. Lecture 2 hours, studio 2 hours. **Prerequisite:** None. **Transfer credit:** CSU

**PAINTING**

160-PAINTING I 3 Units
Art 160 develops skill, technique, and composition in drawing and painting, using media such as oils and acrylics. Problems include representation and abstraction. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 150. (Art 150 may be taken concurrently.) **Recommended Preparation:** Art 130. **Transfer credit:** CSU, UC, USC (CAN ART 10)

161-PAINTING II 3 Units
Art 161 is the application of principles, theories and techniques of drawing and painting to problems of still life, figure, landscape, and non-objective painting. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 160. **Transfer credit:** CSU, UC, USC

162-ADVANCED PAINTING I 3 Units
Art 162 applies the principles of art in drawing and painting for the more advanced student. Contemporary concepts in painting are explored. Individual assignments are given which emphasize personal interpretation and expression. Lecture 2 hours, studio 2 hours. **Prereq-
uisite: Art 161. Recommended Preparation: Art 151. Transfer credit: CSU, UC, USC

163-ADVANCED PAINTING II 3 Units
Art 163 is a continuation of Art 162. Special problems are assigned to the student on an individual basis. Painting problems may include figure painting and the figure in relation to architectural forms. The student is encouraged to work from imagination as well as from direct visual experience. Field trips to museums and galleries are included in the course of instruction. Lecture 2 hours, studio 2 hours. Prerequisite: Art 162. Transfer credit: CSU, UC, USC

164-WATER COLOR I 3 Units
Art 164 is a study of the water color medium and techniques. The problems of painting are directed with a regard for the special qualities of water color. Class problems include various approaches to landscape painting, still life, and figure painting. Other problems emphasizing abstraction and non-objective painting are explored. Outdoor painting trips are used to help gain experience and skill in landscape painting. Lecture 2 hours, studio 2 hours. Prerequisite: Art 150. (Art 150 may be taken concurrently.) Recommended Preparation: Art 130. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

165-WATER COLOR II 3 Units
Art 165 is a continuation of the study of water color painting for the more advanced student. The application of general principles and theories of painting in reference to the special qualities of the water color medium is expanded. Class problems include experimentation of a variety of techniques and stylistic approaches. Individual interpretation and expression are encouraged. Lecture 2 hours, studio 2 hours. Prerequisite: Art 164. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

PRINTMAKING

170-PRINTMAKING I 3 Units
Art 170 is an introduction to various printing processes including linoleum cuts, woodcuts, engraving, drypoint, etching, and aquatint. Creative personal approaches to printmaking are encouraged. Technical and expressive qualities of the various media are explored. Lecture 2 hours, studio 2 hours. Prerequisite: Art 130 or 150. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

171-PRINTMAKING II 3 Units
Art 171 is a more advanced course than Art 170; this course explores various approaches and techniques of intaglio printing with special emphasis on color printing. Lecture 2 hours, studio 2 hours. Prerequisite: Art 170. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

172-LITHOGRAPHY I 3 Units
Art 172 is an introduction to the techniques and methods of lithography using metal plates as well as stone. This first semester course in lithography deals primarily with black and white as the graphic foundation for lithography. The student is encouraged to explore the creative possibilities of the medium and its wide variety of expressive qualities. Lecture 2 hours, studio 2 hours. Prerequisite: Art 171 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

173-LITHOGRAPHY II 3 Units
Art 173 is a continuation of Art 172. This course explores various approaches to color printing involving multiple plates as well as stones. Lecture 2 hours, studio 2 hours. Prerequisite: Art 172 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

174-SILK SCREEN PRINTING 3 Units
Art 174 is an introduction to silk screen printing. The course includes preparation of equipment, various methods of stencil preparation, printing on paper and cloth and printing with a variety of paints and dyes. The first two or three problems are designed for all beginning students. The following projects provide options for choice. Students may choose an option that relates to their personal interests and career plans. The range of these optional project choices will include fine arts, graphic arts, decorative arts, and artist craftsman type projects. In the second semester, students are encouraged to do more challenging projects. Each new project provides a gain in the student’s command of screen printing techniques.
Individual interests are used to personalize the instruction to the maximum. Lecture 2 hours, studio 2 hours. **Recommended Preparation:** Art 130. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**175-SILK SCREEN PRINTING**  3 Units
Art 175 is an advanced study of silk screen printing. The course includes the preparation of specialized equipment and research and experimentation to encourage creative use of the medium. Challenging problems are selected which relate to the personal interests of each student. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 174. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**176-SILK SCREEN TEXTILE PRINTING**  1 Unit
Not offered. **Transfer credit:** CSU

**177-AIR BRUSH I**  1 Unit
Art 177 is designed to develop the ability of the student to use the ingredients, methods, and techniques of air brush from start to finish. Though the course does not require skilled art application, it deals with the fundamentals of design, layout, lines, dots, shading, black and white water color, types of frisket, and paper. Students will have the opportunity to use two types of air brushes and to learn about other available types. Lecture 1 hour, laboratory 3 hours. (9 week class) **Recommended Preparation:** Art 130 and Art 150 or Art 134. **Note:** This course may be taken 3 times; a maximum of 3 units may be earned.

**178-AIR BRUSH II**  1 Unit
Art 178 teaches the advanced operation and use of the air brush. The course introduces color into the designs and uses the basic knowledge obtained in Art 177. Students develop the skills of blending and selecting color, creating texture, and focusing on creative design to achieve the desired results. Lecture 1 hour, laboratory 3 hours. (9 week class) **Prerequisite:** Art 177. **Note:** This course may be taken 3 times; a maximum of 3 units may be earned.

**SCULPTURE**

**180-SCULPTURE I**  3 Units
Art 180 is a series of sculptural problems in relief and in the round, which leads the student through exploratory investigations of various media and techniques, such as clay modeling, plaster, and stone carving, construction and assemblage. Emphasis is on problems of historical and contemporary interest and importance. This course is recommended for art majors and pre-dental, industrial design, and stage design students. Lecture 2 hours, studio 2 hours. **Recommended Preparation:** Art 130 and 138. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC (CAN ART 12)

**181-SCULPTURE II**  3 Units
Art 181 allows the student to continue explorations into the sculptural discipline. The learner will study in depth a series of sculptural problems, including modeling the complete figure in clay, building threedimensional forms with plaster and wire armature, carving in hard stone such as alabaster, carving in wood, construction and assemblage, and mixed media. Emphasis is on mastery of technique, further development of aesthetic and conceptual consideration, and self-motivation. The instructor works with each student on an individual basis to provide technical and conceptual assistance. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 180 **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**CERAMICS**

**186-CERAMICS**  3 Units
Art 186 is an introductory study in the field of ceramics. Students will learn various forming techniques, with an emphasis on wheel-throwing and the production of functional pottery forms. Surface techniques such as texturing, underglazing, slip decoration, glaze application, and the use of lusters are explored. Lecture 2 hours, studio 2 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**187-CERAMICS**  3 Units
Art 187 is a continued study of the fundamentals of the ceramic process that explores various slab construction and wheel-throwing techniques. Wheel-throwing skills are sharpened by concentrated exercises to increase the size, speed, and production quality. Students will select and formulate glazes of their own choice, and the firing process will be studied in greater detail. Lecture 2 hours, studio 2 hours. **Prerequisite:** Art 186. **Transfer credit:** CSU, UC, USC
188-ADVANCED CERAMICS I 3 Units
Art 188 emphasizes advanced work on the potter’s wheel with consistency and accuracy of results. The awareness of three-dimensional forms and surface pattern are heightened by individual and group critiques. The students work toward a more individual statement by further experimentation with a variety of clay bodies, glazes, and firing techniques. They design and execute multiples and sets. Under supervision the students assist in loading and firing of kilns. Lecture 2 hours, studio 2 hours. Prerequisite: Art 187. Transfer credit: CSU, UC, USC

189-ADVANCED CERAMICS II 3 Units
Art 189 is a course designed for the advanced student who wishes to pursue an individual direction in depth. Students propose a semester outline, concentrating on specific techniques, materials, and firing procedures. Upon instructor approval of the proposal, students are expected to work independently, formulating personal clay bodies, glazes and working techniques. Reading and research assignments will be made where applicable. Lecture 2 hours, studio 2 hours. Prerequisite: Art 188. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU, UC, USC

190-CERAMIC HANDBUILDING 3 Units
Art 190 is an introduction to basic ceramic hand-building techniques and processes. Traditional methods of forming, joinery and construction are introduced. Students will learn to design and analyze functional and non-functional objects. The class explores traditional hand-built pottery, as well as contemporary, expressive hand-built forms. Lecture 2 hours, studio 2 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

191-ADVANCED CERAMIC HANDBUILDING 3 Units
Art 191 allows students to explore complex problems of design and construction. They work with the ceramic medium in conjunction with other materials while exploring possibilities of designing for architecture. In-depth studies of surface design and decorative techniques are included. Lecture 1 hour, studio 3 hours. Prerequisite: Art 190. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

192-EARTHENWARE 3 Units
Art 192 is an intermediate course in ceramics dealing specifically with earthenware, or low-fired ceramics. A variety of forming techniques are studied, including slab, coil, and wheel. Students experiment with earthenware, clay bodies, glazes, underglazes, and slips. Specific projects will include nerikomi (colored clay inlay), majolica (onglaze painting), and overglaze (lusters, china paints, and decals). Students learn how to load and fire an electric kiln. Lecture 2 hours, studio 2 hours. Prerequisite: Art 186 or 190. Recommended Preparation: Art 130. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

193-RAKU 3 Units
Art 193 is an introductory course in ceramics dealing exclusively with the raku firing process. Projects are drawn from a variety of forming methods including coil, slab, pinch, and wheel, which will be fired by the Japanese raku process. Students will also prepare raku clays and glazes to use in the execution of their projects. Lecture 2 hours, studio 2 hours. Prerequisite: Art 186 or 190. Recommended Preparation: Art 130. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: UC, USC

195-GLAZE CALCULATION 3 Units
Art 195 is an introduction to basic glaze and clay calculation. The students learn to calculate molecular weights, empirical formula, unity formula, and batch formula. Students use general glaze theory with calculating procedures to analyze and substitute (or create from beginning) glazes and clay bodies. The course involves simple arithmetical computations and includes certain ceramic laboratory skills and safety precautions for handling chemicals. This course prepares the vocational student for employment in the ceramic industry. Lecture 2 hours, studio 2 hours. Prerequisite: Art 187 or 191. Note: This course may be taken 2 times; a maximum of 6 units may be earned.

INTERIOR DESIGN,

FASHION SKETCHING,
See Fashion 123

See also PHOTOGRAPHY
101-ELEMENTS OF ASTRONOMY 3 Units
Astronomy 101 is a survey of current knowledge regarding the physical universe, presented in non-technical language. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

102-OBSERVATIONAL ASTRONOMY 2 Units
Astronomy 102 maps the sky by means of bright stars and constellations. Small telescopes will be used for observing celestial objects. Lecture 1 hour, laboratory 3 hours. Prerequisite: Astronomy 101. Transfer credit: CSU, UC, USC

103-TOPICS IN MODERN ASTRONOMY 3 Units
Astronomy 103 is designed for students who have completed a survey course in astronomy. This course deals with recent developments in astronomy. Specific topics covered are exploration of the solar system with spacecraft, general relativity and black holes, active galaxies and cosmology. Lecture 3 hours. Prerequisite: Astronomy 101. Transfer credit: CSU, UC, USC

AVIATION AND TRANSPORTATION

Students enrolling in some Aviation and Transportation courses will be required to purchase certain tools and equipment to meet the requirements of those courses. Students wishing to obtain tool and equipment lists in advance of registration should contact the appropriate instructor or department chair.

101-INTRODUCTION TO AUTOMOTIVE TECHNOLOGY 1 Unit
NON-DEGREE APPLICABLE
Aviation and Transportation 101 is an overview course to familiarize the student with the history, nomenclature, operation, and construction of the modern automobile. Emphasis will be placed on general mechanical concepts and related physical principles such as maintenance procedures, purchasing of parts and service. Lecture and laboratory 3 hours. (8 weeks) Prerequisite: None. Note: This course may be taken 3 times; a maximum of 3 units may be earned.

102-AUTOMOTIVE TUNE-UP 1 Unit
NON-DEGREE APPLICABLE
Aviation and Transportation 102 is designed to cover theories of design and operation of ignition and fuel system and components; techniques of engine trouble-shooting and tune-up procedures using both simple and specialized equipment. Vehicle emission control devices will be included in this class. Lecture and laboratory 3 hours. (8 weeks) Prerequisite: Aviation and Transportation 101 or equivalent. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

103-AUTOMOTIVE ELECTRICAL SYSTEMS 1 Unit
NON-DEGREE APPLICABLE
Aviation and Transportation 103 is designed to introduce the trainee to the automotive electrical systems. Each of the four principle circuits will be studied with reference to the general purpose of the circuit, the identification of component parts that make up the circuit, and relationship of one circuit to another as they function together in the automobile. Lecture and laboratory 3 hours. (8 weeks) Prerequisite: Aviation and Transportation 101 or equivalent. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

104-AUTOMOTIVE CHASSIS AND SUSPENSION SYSTEMS 1 Unit
NON-DEGREE APPLICABLE
Aviation and Transportation 104 is designed to acquaint the trainee with the various automotive suspension systems. Emphasis will be placed on the types of systems the trainee will encounter most frequently and the names and functions of the components of each system. Lecture and laboratory 3 hours. (8 weeks) Prerequisite: Aviation and Transportation 101 or equivalent. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

117-AVIATION INSTRUCTOR COURSE 3 Units
Aviation and Transportation 117 is a course of ground instruction designed for the student who wishes to become an aviation flight instructor. Teaching theory, and types and methods of instruction an effective instructor will use are discussed. Analysis and performance of flight maneuvers are stressed. Lecture 3 hours. Prerequisite: Aviation and Transportation 119 and 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate.
119-PRACTICAL FLIGHT CONCEPTS  3 Units
Aviation and Transportation 119 is a ground training course designed for the student who is receiving flight training to gain experience necessary to meet the qualifications of a Private Pilot with an Airplane rating. The course covers the practical flight concepts a pilot may encounter in most flight situations. Lecture 3 hours. Prerequisite: Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate.

120-BASIC AERONAUTICS  5 Units
Aviation and Transportation 120 prepares the student for the Private Pilot Written Examination, and is taught under Federal Aviation Administration approved Private Pilot Ground School Certificate HH8S190Q. The course covers powerplant operations, radio procedures and radio navigation, meteorology, and enroute navigation procedures common to the private pilot. Lecture 5 hours. Prerequisite: None. Transfer credit: CSU

121-Navigation  3 Units
Aviation and Transportation 121 introduces the student to the aspect of dead-reckoning and pilotage navigation using the aeronautical chart. Composite navigation and vector analysis using the flight computer familiarizes the student with the practical features of navigation. Lecture 3 hours. Prerequisite: Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate. Transfer credit: CSU

122-METEOROLOGY  3 Units
Aviation and Transportation 122 presents the basic principles of meteorology with emphasis placed on the physical laws that operate in the atmosphere, particularly as they affect aircraft flight. Weather maps, reports, and forecasts and their interpretation are stressed. Lecture 3 hours. Recommended Preparation: Aviation and Transportation 120. Transfer credit: CSU

123-AIRCRAFT STRUCTURE AND AERODYNAMICS  3 Units
Aviation and Transportation 123 provides the pilot with the necessary understanding of the aerodynamics of the aircraft and of the construction techniques and processes involved in the building of aircraft. This course meets the requirements for Commercial Pilots in the study of aircraft. Lecture 3 hours. Prerequisite: Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate. Transfer credit: CSU

124-RADIO PROCEDURES AND FLIGHT REGULATIONS  3 Units
Aviation and Transportation 124 is designed to provide the commercial pilot student with the necessary knowledge of radio navigation, radio-telephone communication procedures, and Federal Aviation Regulations required to pass the Federal Aviation Administration Commercial Pilot Written Examination. Lecture 3 hours. Prerequisite: Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate. Transfer credit: CSU

125-INSTRUMENT PROCEDURES AND RADIO NAVIGATION  3 Units
Aviation and Transportation 125 introduces the student to the use of radio navigation, weather briefing, advanced navigation, standard instrument approaches, procedures and Federal Aviation Regulations pertaining to instrument flight. Students are prepared for the Federal Aviation Administration Instrument Pilot Written Examination. Lecture 3 hours. Prerequisite: Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate. Recommended Preparation: Concurrent enrollment in Aviation and Transportation 131. Transfer credit: CSU

126-AIRCRAFT POWERPLANTS  3 Units
Aviation and Transportation 126 introduces the student to aircraft powerplants, their construction, operation, maintenance, and servicing as they apply to the pilot. This course meets the requirements of the Federal Aviation Administration for Commercial Pilots in the study of aircraft engines. Lecture 3 hours. Prerequisite: Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate. Transfer credit: CSU

127-FLIGHT TRAINING MANEUVERS  3 Units
Aviation and Transportation 127 presents in detail the procedures and methods for conducting the maneuvers required for the safe, skillful operation of the airplane. The performance and application of the various maneuvers required
by the Federal Aviation Administration for the Private and Commercial Pilot Flight Tests will be examined. Lecture 3 hours. **Prerequisite:** Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate. **Transfer credit:** CSU

**128-AIRPORT OPERATIONS** 3 Units

Aviation and Transportation 128 is an analytical lecture course of study which acquaints the student with practical airport administration problems that exist today. Completion of this course will enable the student to perform and function effectively in any of the many diversified airport operations.

Course coverage includes airport development, site selection, local advertising, financial considerations and benefits to the community. Aviation safety within the confines of the airport, airport maintenance, familiarization with the Federal Aviation Administration and Federal Air Regulations governing airports as well as the National Transportation Safety Board. Lecture 3 hours. **Recommended Preparation:** Aviation and Transportation 120 and 130. **Transfer credit:** CSU

**129-FLIGHT ATTENDANT I** 3 Units

Aviation and Transportation 129 prepares men and women for the highly competitive flight attendant positions and travel careers in the airlines and travel industry. Lecture 3 hours. **Recommended Preparation:** Aviation and Transportation 120. (Aviation and Transportation 120 may be taken concurrently.)

**130-AIR TRANSPORTATION** 3 Units

Aviation and Transportation 130 introduces the student to the development of air transportation, problems in commercial air transportation, commercial aircraft, organization and functions of the airlines, regulations, airline routes in the United States and the pilot qualifications, schedules and services, revenue sources and potential operating overhead. The importance of airports, airways, advertising, and public relations is stressed. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU

**131-AIR TRAFFIC CONTROLLER** 5 Units

Aviation and Transportation 131 prepares students for the Federal Aviation Administration Control Tower Operator Written Examination and assists them in the requirements necessary to apply for the position of Air Traffic Control Specialist, and is of value to those students preparing for the position of Dispatcher, Meteorologist, Commercial Pilot, and positions concerned with aircraft operations. Student and private pilots will find this course informative; students preparing for their Instrument Rating will receive much valuable information which will assist them in preparing for the written examination and the flight check. Lecture 6 hours. **Prerequisite:** Aviation and Transportation 120 or successful completion of the Private Pilot Written Examination or a Private Pilot Certificate.

**132-FLIGHT ATTENDANT II** 3 Units

Aviation and Transportation 132 prepares men and women for the highly competitive flight attendant positions and travel careers in the airline and travel industry. Lecture 3 hours. **Prerequisite:** Aviation and Transportation 129. **Recommended Preparation:** Aviation and Transportation 120. (Aviation and Transportation 120 may be taken concurrently.)

**134-HISTORY OF AMERICAN AVIATION TO 1940** 3 Units

Aviation and Transportation 134 introduces the student to American aviation history and how it has affected the nation politically, socially, economically and culturally. Of special interest is the study of aviation in California and the Los Angeles/Glendale area. Coverage of early aviation focuses also on women and minorities. Lecture 3 hours. **Prerequisite:** None.

**136-AVIATION PSYCHOLOGY** 3 Units

Aviation and Transportation 136 acquaints the professional pilot and flight attendant with an overview of aviation psychology. The influence of psychological factors on aviation safety, and the aviation professional's personal and occupational life is examined. Topics include human factors, human error, motivation and leadership, aviation stress management, group dynamics, attitudes and persuasion, assertiveness training, aircraft accident analysis, passenger psychology, career development, training, flight physiology, self-assessment, family and relationship issues, communications, ethics in professional aviation, and applications in space technology. Lecture 3 hours. **Prerequisite:** None.
141-AIRCRAFT POWERPLANT MAINTENANCE AND OVERHAUL 8 Units
Aviation and Transportation 141 consists of theoretical study and practical application of powerplant overhaul procedures, non-destructive testing, precision inspection, cooling systems, exhaust systems, lubrication systems, and Federal Aviation Administration Regulations. The course content is based on standards required for Federal Aviation Administration certificated schools. Approved Federal Aviation Administration Maintenance Technician School No. CL 9T064R. Lecture 15 hours, laboratory 15 hours. **Recommended Preparation:** English 177. **Note:** This class meets 6 hours per day, 5 days per week. The completion of Aviation and Transportation 141, 142, 143, and 144 qualifies students for industry employment as maintenance and overhaul technicians and prepares them practically and theoretically to successfully obtain the Federal Aviation Administration Powerplant Rating. **Transfer credit:** CSU

142-AIRCRAFT POWERPLANT MAINTENANCE AND OVERHAUL 8 Units
Aviation and Transportation 142 consists of practical application and theoretical study of electrical systems, magnetos, generators and starting systems. In addition, physical science and mathematics are studied as part of the Federal Aviation Administration General Test requirements. The course content is based on standards required for Federal Aviation Administration certificated schools. Approved Federal Aviation Administration Maintenance Technician School No. CL 9T064R. Lecture 15 hours, laboratory 15 hours. **Recommended Preparation:** English 177. **Note:** This class meets 6 hours per day, 5 days per week. The completion of Aviation and Transportation 141, 142, 143, and 144 qualifies students for industry employment as maintenance and overhaul technicians and prepares them practically and theoretically to successfully obtain the Federal Aviation Administration Powerplant Rating. **Transfer credit:** CSU

144-AIRFRAME MAINTENANCE AND OVERHAUL 8 Units
Aviation and Transportation 144 consists of theoretical study and practical application of aircraft drawing, fabrication and installation of fluid lines and fittings, engine indicating systems, engine and airframe fire detection systems, aircraft weight and balance, aircraft welding, and maintenance forms and records. The course content is based on standards required for FAA certificated schools. Approved Federal Aviation Administration Maintenance Technician School No. CL 9T064R. Lecture 25 hours, laboratory 5 hours. **Prerequisite:** Aviation and Transportation 143. **Note:** This class meets 6 hours per day, 5 days per week for 9 weeks. The completion of Aviation and Transportation 141, 142, 143, 144 qualifies students for industry employment as maintenance technicians and prepares them practically and theoretically to successfully obtain the Federal Aviation Administration Powerplant Rating. **Transfer credit:** CSU

145-AIRFRAME MAINTENANCE AND OVERHAUL 8 Units
Aviation and Transportation 145 consists of theoretical study and practical application of structural repairs to aircraft including woodwork, riveting, layout practices and repairs to metal structures, hydraulic and pneumatic systems, landing gear systems and airframe anti-icing and de-icing systems. The course content is based on standards required for FAA certificated schools. Approved FAA Maintenance Technician School No. CL 9T064R. Lecture 10 hours, laboratory 20 hours. **Prerequisite:** Aviation and Transportation 144 or a Federal Aviation Administration Powerplant Technicians
Certificate. Note: This class meets 6 hours per day, 5 days per week for 9 weeks. The completion of Aviation and Transportation 145 and 146 qualifies students for industry employment as maintenance and overhaul technicians and prepares them practically and theoretically to successfully obtain the Federal Aviation Administration Airframe Rating. Transfer credit: CSU

146-AIRFRAME MAINTENANCE AND OVERHAUL 16 Units
Aviation and Transportation 146 consists of practical applications and theoretical study of structural repairs to aircraft, including dope and fabric, composites and plastics, fuel systems, control systems, rigging, cabin atmosphere control systems, Federal Aviation Administration forms, inspections and flight line maintenance. The course content is based on standards required for Federal Aviation Administration certificated schools. Approved Federal Aviation Administration Maintenance Technician School No. CL 9T064R. Lecture 10 hours, laboratory 20 hours. Prerequisite: Aviation and Transportation 145 or a Federal Aviation Administration Powerplant License. Note: This class meets 6 hours per day, 5 days per week. The completion of Aviation and Transportation 146 qualifies students for industry employment as maintenance and overhaul technicians and prepares them practically and theoretically to successfully obtain the Federal Aviation Administration Airframe Rating. Transfer credit: CSU

147-HELIÇOPTER MAINTENANCE 4 Units
Aviation and Transportation 147 provides instruction in rotary wing aerodynamics, main rotors, tail rotors, transmission and drive components. Field maintenance and servicing procedures are covered along with rotor system track and balancing. Lecture 4 hours, laboratory 2 hours. Prerequisite: Aviation and Transportation 143 or a powerplant or airframe license.

150-AIRCRAFT STRUCTURES 4-8 Units
Aviation and Transportation 150 is a course to prepare the student for employment in the aircraft industry in the area of structural construction and repair. Lecture 12 hours, laboratory 18 hours. Prerequisite: Aviation and Transportation 143 or one year aircraft maintenance experience or equivalent.

| BIOLOGY |
| 101-GENERAL BIOLOGY 4 Units |
| Biology 101 is the first half of a one-year course designed for biological science majors. It covers fundamental biological principles and processes from the philosophy of the scientific method through molecular biology, cell structure and function, to basic anatomy and physiology of vascular plants and mammalian vertebrates. Lecture 3 hours, discussion 1 hour, laboratory 2 hours. Prerequisite: Chemistry 101. Transfer credit: CSU, UC, USC |

102-GENERAL BIOLOGY 5 Units
Biology 102 is a continuation of the study of fundamental biological processes. The course includes genetics from Mendelian through molecular, gene regulation and developmental processes, evolutionary biology, systematics, chemosynthetic theories of the origin of life, population, and ecological principles. Lab is essentially a separate course involving a student research project on Drosophila genetics and an extensive 5 kingdom survey. Lecture 3 hours, discussion 2 hours, laboratory 4 hours. Prerequisite: Biology 101 and Chemistry 101. Transfer credit: CSU, UC, USC

112-MICROBIOLOGY 4 Units
Biology 112 is a study of life using microorganisms (algae, bacteria, molds, protozoa, viruses, and yeasts) as prototypes. The course includes microbial biochemistry, genetics, cellular and ultracellular activities, applied uses, and pathogenicity of these forms of life. In the laboratory students will also identify one unknown microbial organism. Lecture 3 hours, discussion 1 hour, laboratory 3 hours. Prerequisite: Chemistry 101, or 110, or 120. Transfer credit: CSU, UC, USC

115-HUMAN BIOLOGY 4 Units
Biology 115 is an introductory course covering biological principles as they apply to the human body. The central theme is the structure and function of the human organism. Topics covered will include: human evolution, the human species in the environment, cells, tissues, the major body systems, heredity, and the major human conditions and diseases. A weekly laboratory will allow students the opportunity to gain practical experience in the techniques necessary to study the health sciences. Lecture 3 hours, discussion 1 hour,
laboratory 2 hours. **Recommended Preparation:** High school biology. **Note:** This course may not be taken for credit by students who have completed Biology 120 or 121. **Transfer credit:** CSU, UC, USC

**118-PRINCIPLES OF BIOLOGY** 3 Units

Biology 118 is a television survey course covering the major concepts in biological science. The emphasis is on the dynamic processes and inter-relationships occurring in the living world. This course is designed for students majoring in fields other than the biological sciences. Lecture and discussion, 3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Biology 122.

**120-HUMAN ANATOMY** 5 Units

Biology 120 comprehensively covers the systems of the human body. The laboratory includes the study of tissues using the microscope and a detailed study of the human skeleton. Dissections on the cat muscles and blood vessels, sheep brain, and cow eye, as well as the human cadaver, are included to illustrate comparative parts of human anatomy. Lecture 3 hours, discussion 2 hours, laboratory 4 hours. **Recommended Preparation:** Biology 115 is strongly recommended for students with a limited background in the biological sciences. **Note:** Primarily for nursing, physical education, and health science majors. **Transfer credit:** CSU, UC, USC (CAN BIOL 10)

**121-INTRODUCTION TO PHYSIOLOGY** 4 Units

Biology 121 studies the functions of the systems of the human body. Course format includes lecture and extensive lab activity including EEG, EKG, spirometry, urinalysis, blood analysis, etc. Physiology is required for nursing students and is elective for others. Lecture 3 hours, discussion 1 hour, laboratory 2 hours. **Prerequisite:** Biology 120 and Chemistry 101, 110, or 120. **Transfer credit:** CSU, UC, USC

**122-INTRODUCTION TO BIOLOGY** 4 Units

Biology 122 is designed to give an overview of the biological sphere of life and an elementary working knowledge of the fields studied. It takes a liberalized approach to the study of five kingdoms of living organisms. The emphasis is on the dynamic processes and functional interrelationships between which shape and influence the world. The problems facing the planet today will be emphasized. Primarily for students majoring in fields other than the biological sciences. Lecture 3 hours, discussion 1 hour, laboratory 2 hours. **Recommended Preparation:** Eligibility for English 120 is strongly recommended. **Note:** This course allows only 1 unit of credit for those students completing Biology 118. **Transfer credit:** CSU, UC, USC

**123-EVOLUTION** 3 Units

Biology 123 deals with the emergence and development of life. Evidences for and against the theory of evolution are discussed with topics including mechanisms and theories of evolution, biogeography, origins of life (including extra terrestrial possibilities), genetics, the emergence of primates and humans, cooperation, competition, racism, and war. The future of evolution, humans, and civilization concludes the course. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**125-MARINE BIOLOGY** 3 Units

Biology 125 is an introduction to biology based on the study of marine ecosystems. The course examines the major principles of biology through the study of the life forms of the ocean and their adaptations to the marine environment. The course covers such topics as the ocean habitat, functions of life, systematics, evolution, trophic relationships, productivity, adaptations to the environment. Emphasis is placed on understanding our local marine habitats and current environmental issues. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**126-FIELD AND LABORATORY INVESTIGATIONS IN MARINE BIOLOGY** 1 Unit

Biology 126 is a study of the structure and function of marine biological communities through first-hand field and laboratory experiences. Visitation to various marine habitats will include the rocky intertidal, the sandy beach, the estuary, wharf pilings and floats, the sand dune areas, and offshore deepwater islands. Laboratory investigations emphasize the study of live marine organisms. Field studies examine the organisms in relation to their natural environment. Students develop a field journal of investigations of the various marine habitats. Laboratory/field work 3 hours. Field trips totaling 9 hours are required. **Prerequisite:** Biology 125. (Biology 125 may be taken concurrently.) **Note:** Field trips require student contribution for meals and transportation. **Transfer credit:** CSU, UC, USC
127-ECOLOGY AND CONSERVATION  3 Units
Biology 127 is an introduction to organismic, population, and community ecology with emphasis on the interaction between organisms and their environment with respect to energy flow and ecosystems dynamics. The course also introduces the student to the various aspects of natural resource management including forestry practices, wildlife management, hydrology, soils, and energy resources. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

128-ECOLOGY AND CONSERVATION LABORATORY  1 Unit
Biology 128 is offered as a practical supplement to Biology 127. Ecology and conservation allows the student to apply concepts and theory presented in Biology 127 to practical field situations. Students learn environmental monitoring and analysis techniques along with research data analysis and interpretation. Laboratory 3 hours. Prerequisite: Biology 127 (Biology 127 may be taken concurrently). Transfer credit: CSU, UC, USC

129-DIRECTED STUDIES IN MARINE ECOLOGY  (See Note)
Biology 129 is a course emphasizing individual investigation of the natural marine environment through field and laboratory studies. Students examine the inter-relationship between marine organisms and their habitats by special projects dealing with a particular problem. Library research, a scientific paper, and an oral presentation of the directed studies are an integral part of the course. Field studies investigate various localities during different semesters; such as, Baja California, the Channel Islands, the northern California coast, and local marine habitats. 3-9 hours field and laboratory study. Prerequisite: Biology 125 or Biology 101 and 102. Note: Three hours are required for each unit earned. The course may be taken for one, two, or three units according to the schedule. The course may be repeated for a maximum of 6 units. Field trips require student contribution for meals and transportation. Transfer credit: CSU, UC, USC

130-NATURAL HISTORY OF SOUTHERN CALIFORNIA  4 Units
Biology 130 is the ecological studies of alpine to lower desert and aquatic communities. Emphasis is placed on laboratory investigation of the types, distribution, and diversity of plants and animals within each community. Environmental factors such as climate, soils, and landforms are integrated with community studies. Lab studies are reinforced through two overnight field trips to desert or mountain areas. (See current class schedule.) Lecture 3 hours, laboratory 3 hours. Recommended Preparation: A course in either high school or college biology or equivalent. Note: Overnight field trips will require student contribution for meals and transportation. Transfer credit: CSU, UC, USC

131-NATURAL HISTORY FIELD STUDIES  1-3 Units
Biology 131 offers individual and group investigation of the biological environment and the impact of human activities upon it. The course format includes discussion sessions as well as field studies. Students examine the inter-relationship between biological organisms and their habitats by special projects dealing with a particular problem. Library research, a scientific paper, and/or an oral presentation of the directed studies may be a part of the course. Field studies investigate a variety of world localities. The cost of land and air arrangements is borne by each student, and are kept to a minimum while still providing clean and comfortable lodging. 3-9 hours field and laboratory study. Prerequisite: A biology or ecology course in high school or college, or the equivalent. Note: Three hours are required for each unit earned. The course may be taken for one, two, or three units according to the schedule. This course may be taken 4 times; a maximum of 6 units may be earned. Transfer credit: CSU

132-INTRODUCTION TO MARINE SCIENCE  3 Units
Biology 132 serves as an introduction to oceanography, marine biology, and the related marine technologies. Topics covered include sea floor topography and geologic processes, water circulation, and the diversity of marine organisms and their physiological and ecological adaptations to the marine technologies dealing with the development and utilization of marine biological and geological resources. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

135-INTRODUCTION TO BOTANY  4 Units
Biology 135 is an introductory course covering biological principles as they apply to the plant
world. The central theme is the importance of plant structure and variation in life on earth. Topics covered include plants and human affairs, plant cells, photosynthesis, the role of plants in ecological cycles, and a survey of the earth’s plant forms. Lecture 3 hours, discussion 1 hour, laboratory 2 hours. Recommended Preparation: high school biology. Transfer credit: CSU, UC, USC

137-FIELD BOTANY 5 Units
Biology 137 is a study of the plant materials and the ecology of the plant communities of Southern California. Two weekend field trips are included. Lecture 3 hours, discussion 2 hours, laboratory 4 hours. Prerequisite: None. Transfer credit: CSU

138-HORTICULTURE 3 Units
Biology 138 is a study of the names and requirements of exotic and native plants used in ornamental horticulture in the Los Angeles area. Basic principles and practices in propagation, pruning, diseases, and insect control as well as extensive laboratory work with living specimens in the greenhouse are elements included in this course. Field trips to local nurseries and parks are planned. Lecture 2 hours, discussion 1 hour, laboratory 1 hour. Prerequisite: None. Transfer credit: CSU

139-PLANT PROPAGATION 3 Units
Biology 139 is the study and practice of growing plants from seed and by asexual methods for commercial or home use. Propagation methods, structures, plant pests and diseases, and control of the plants being propagated are discussed. Laboratory work in seeding, transplanting, cutting, budding, and grafting are done by the student. Lecture 2 hours, discussion 1 hour, laboratory 2 hours. Prerequisite: None. Transfer credit: CSU

140-LIVING WITH INSECTS 3 Units
Not offered.

145-BIOLOGY OF BIRDS 2 Units
Biology 145 is a nine-week introductory course dealing with the identification, classification, ecology, anatomy, and behavior of birds. Course study emphasizes the natural history of local birds as well as representative bird groups from around the world. Lecture 3 hours, laboratory, see Note. Prerequisite: None. Note: Several laboratory sessions are required with each session lasting five hours. (See current schedule of classes.) Transfer credit: CSU

146-MARINE MAMMALS 2 Units
Biology 146 is an eight-week introductory course dealing with the identification, classification, ecology, anatomy, and behavior of marine mammals. Course study emphasizes the natural history of local marine mammal species as well as representative marine mammal groups from the oceans of the world. Lecture 3 hours, laboratory, see Note. Prerequisite: None. Note: One field session lasting three days and two field sessions lasting one day each are required. (See current schedule of classes for location and dates of field session.) Transfer credit: CSU

149-TOPICS IN LIFE SCIENCE 4 Units
Not offered.

BUSINESS ADMINISTRATION

101-INTRODUCTION TO BUSINESS ORGANIZATION AND MANAGEMENT 3 Units
Business Administration 101 orients students to the field of business, introducing, in survey form, the functions, characteristics, organization, and problems of business. The course serves as a foundation for later specialized study, and directs the thinking of students to possible careers. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

110-HUMAN RESOURCES IN BUSINESS 3 Units
Business Administration 110 aids future employees, as well as present employees, in understanding and utilizing human relations concepts as they apply to the business environment. Topics will cover such areas as morale, personal efficiency, personality, motivation, communication, decision making, job adjustment, leadership, and other areas related to the personnel component of organizations. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Students with no prior business experience should complete Business Administration 101 or Office Administration 101 before taking this course. This course counts toward social science units required for graduation. Transfer credit: CSU

120-BUSINESS LAW I 3 Units
Business Administration 120 is a study of law as it influences business conduct, including growth of law and recent changes, especially the new Uniform Commercial Code, and principles of contracts, bailments, and agency. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

125-BUSINESS LAW II 3 Units
Business Administration 125 deals with the law of sales, negotiable instruments, partnerships, corporations, and trade regulation. Lecture 3 hours. Prerequisite: Business Administration 120 or equivalent. Transfer credit: CSU, UC, USC

130-ENTREPRENEURSHIP 3 Units
Business Administration 130 covers all aspects of venture creation, from product/service creation and evaluation to the start-up strategies, legal and financial aspects of a new business. Actual business plans will be developed around new products and services conceived by aspiring entrepreneurs. Students will create and provide an implementation plan for a feasible new venture. Lecture 3 hours. Prerequisite: Business Administration 101 or Management 101. Recommended Preparation: Accounting or bookkeeping courses, or experience. Transfer credit: CSU

151-THEATRE MANAGEMENT 3 Units
(Also listed as Theatre Arts 151)
Business Administration 151 is designed to provide an introduction to economic and managerial aspects of American theatre, especially as they apply to professional resident theatre and nonprofessional community and educational theatre organizations. It is assumed that students have a background in theatre history and production but that they are comparatively untutored in economics and business administration. Lecture 3 hours. Recommended Preparation: Concurrent enrollment in Theatre Arts 131. Note: This course may not be taken for credit by students who have completed Theatre Arts 151. Transfer credit: CSU

160-INSURANCE PRINCIPLES 3 Units
Not offered.

170-INTRODUCTION TO INTERNATIONAL BUSINESS 3 Units
Business Administration 170 gives an overview of basic issues with which someone involved in international business must deal. These include deciding on a business organization for foreign operations, establishing banking relationships, raising capital, currency exchange, marketing in a foreign environment, with particular emphasis on Pacific Rim, Western European and South American markets, import-export regulations, and problems with locating manufacturing abroad. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

175-INTERNATIONAL BUSINESS IN THE PACIFIC RIM 3 Units
Business Administration 175 prepares students to do business in the Pacific Rim and other Asian countries. Each of these countries is analyzed from the perspective of a potential international business trader. The business considerations of governmental, social, economic, and geographic systems are discussed. This
approach will allow the student to better target specific business opportunities for importing, exporting, and/or establishing an overseas presence. A major part of this course will be a discussion of the business aspect of the cultural views and practices necessary to do business in these countries. The prevailing international negotiation techniques will be analyzed. Lecture 3 hours. Prerequisite: None. Note: Students are expected to have a strong background in business and an interest in participating in the global economy. It is recommended that those students without practical business experience first complete Business Administration 101 and 170. Transfer credit: CSU

176-INTERNATIONAL BUSINESS IN LATIN AMERICA 3 Units

Business Administration 176 prepares students to do business with the various countries of Latin America. This course analyzes various Latin American countries from the viewpoint of a potential international business trader. The business considerations of governmental, social, economic, and geographic systems are discussed, allowing the students to better target specific business opportunities for importing, exporting, and/or establishing an overseas presence, under the existing trade laws or the proposed free trade agreement. A major part of this course is a discussion of the business aspect of the cultural views and practices necessary to do business in Latin America. Lecture 3 hours. Prerequisite: None. Note: Students are expected to have a strong background in business and an interest in participating in the global economy. Practical business experience, especially in international business, is the best background for this course. However, it is recommended that those students without practical business experience first complete Business Administration 101 and 170. Transfer credit: CSU

180-PRINCIPLES OF IMPORTING AND EXPORTING 3 Units

Business Administration 180 prepares students to participate in the global economy through importing and/or exporting activities. Topics presented include ways to locate products to import or export, import/export marketing strategies, import/export pricing and distribution channels, international payment transfers, import/export financing, procedures used in shipping and receiving international goods, and strategies for successful importing and exporting. Lecture 3 hours. Prerequisite: None. Note: Students are expected to have a strong background in business and an interest in participating in the global economy. It is recommended that those students without practical business experience first complete Business Administration 101 and 170. Transfer credit: CSU

BUSINESS—GENERAL

101-ENGLISH FOR BUSINESS 3 Units

Business-General 101 is a course designed to help secretarial and business students achieve proficiency in grammar, punctuation, vocabulary, syllabication, and sentence structure. Lecture 3 hours. Recommended Preparation: English 191 or ESL 141. Note: This course allows one unit of credit for students who have completed English 101 and two units of credit for students who have completed English 120 or 131.

105-BUSINESS VOCABULARY AND SPELLING 2 Units

Business-General 105 is designed to develop spelling ability and effective usage of general and specialized vocabulary used in modern business communications and to develop competency and understanding when using the dictionary. Lecture 2 hours. Recommended Preparation: Eligibility for Business-General 101 or English 120. Note: Required for all entering shorthand students and for all office occupations certificate programs. Concurrent enrollment in Business-General 101 or Business-General 120 is recommended for secretarial students.

110-Written BUSINESS COMMUNICATIONS 1-3 Units

Business-General 110 is a technical writing course for students completing programs in business (or other vocational areas). The course prepares students to accomplish tasks or solve problems through the written word. The mechanics, strategies, and process of composition, as well as creative and critical thinking skills, are applied to a variety of exercises that simulate typical events in business. Techniques for creating effective business letters, information summaries, proposals, and reports are covered, including research sources presented in the appropriate style and format. Lecture
3 hours. **Prerequisite:** Business-General 101 or eligibility for English 101. **Recommended Preparation:** Business-General 105. **Transfer credit:** CSU

115-LANGUAGE FOR BUSINESS—CROSS CULTURAL 4 Units
Not offered.

120-LANGUAGE FOR BUSINESS—BILINGUAL 5 Units
Not offered.

130-BUSINESS MATHEMATICS 1-2 Units
Not offered.

135-COLLEGIATE BUSINESS MATHEMATICS 3 Units
Business-General 135 is a complete course in mathematical topics needed for success in modern business. These topics include algebraic manipulation, payroll, cash and trade discounts, simple and compound interest, installment buying, interpretation of financial reports, taxes, insurance, annuities, and stocks and bonds. This course offers students a solid preparation for entering courses in accounting, management, retailing, marketing, or office administration; and is a requirement of the core courses for certificate programs. Also, the need for skills in business mathematics becomes apparent for most students when they apply for their first permanent job. The pre-employment mathematics test often eliminates a large number of applicants from further consideration for employment. This course will help students to increase their chances of success on pre-employment tests. Lecture 3 hours. **Prerequisite:** None. **Note:** Maximum of 3 units of credit awarded to students for Business-General 130 and 135.

140-ELECTRONIC CALCULATORS 1-2 Units
Business-General 140 develops skill in the operation of the ten-key electronic display/printing calculator. Students will apply calculating machine skills to actual business problems. The course also prepares transferring accounting students to take any machines proficiency tests required at four-year institutions. Lecture 1½ hours, laboratory 1½ hours. **Prerequisite:** None. **Note:** Recommended for all business majors. **Transfer credit:** CSU

150-ABC SHORTHAND 1-3 Units
Business-General 150 integrates the principles of notetaking with a phonetic system of briefhand for classroom and vocational use. Adaptable for notetaking in college classes, offices, business conferences, seminars, interviews, and for research report writing. Notetaking should be of interest to (a) all business majors who do not enroll in the secretarial programs, (b) majors in other subject areas where a great deal of notetaking is essential, and (c) business and professional people who must attend conferences and meetings and who prepare reports, speeches, articles, and research papers. Lecture 3 hours. **Recommended Preparation:** Eligibility for Business-General 101 or English 120.

165-CONSUMER EDUCATION 3 Units
Not offered.

170-INSURANCE SPECIALIST TRAINING 3 Units
Not offered. **Transfer credit:** CSU

175-COMMERCIAL INSURANCE 3 Units
Not offered.

---

**CHEMISTRY**

101-GENERAL CHEMISTRY 5 Units
Chemistry 101 is a course in fundamental chemistry designed to set forth the most important facts and theories with which chemistry is concerned. Basic laws and chemical calculations are stressed. Lecture 3 hours, discussion 2 hours, laboratory 4 hours. **Prerequisite:** All three of the following must be satisfied.

1. Eligibility for English 120 or ESL 151.
2. One of the following:
   a) Mathematics 101, or
   b) One and one-half years of algebra in high school with a grade of "C" or better.
3. One of the following:
   a) Chemistry 110 or
   b) One year of high school chemistry (which included regularly scheduled laboratory work) with a grade of "C" or better and a satisfactory score on the Chemistry Placement Exam. **Transfer credit:** CSU, UC, USC (CAN CHEM 2)

102-GENERAL CHEMISTRY 5 Units
Chemistry 102 is a continuation of the study of the basic concepts of general chemistry introduced in Chemistry 101, with an emphasis on the theory and technique of qualitative analysis. Lecture 3 hours, discussion 2 hours, laboratory 4 hours. **Prerequisite:** Chemistry 101. **Transfer credit:** CSU, UC, USC (CAN CHEM 4)
103-QUANTITATIVE ANALYSIS  4 Units
Chemistry 103 emphasizes the principles and techniques of quantitative analysis, including calibration, volumetric, gravimetric and spectrometric procedures. A large number of illustrative examples is solved. Lecture 2 hours, discussion 2 hours, laboratory 4 hours. Prerequisite: Chemistry 102. Note: Chemistry 103 is required of pre-medical students. Chemistry 103 is recommended for majors in chemistry, physics, pharmacy, mining engineering, geology, metallurgical or petroleum engineering, sanitary and municipal engineering, certain agriculture and public health curricula, and medical technologists. Transfer credit: CSU, UC, USC (CAN CHEM 12)

105-ORGANIC CHEMISTRY  5 Units
Chemistry 105 is an introductory study of the compounds of carbon, including the preparation, properties, and reactions of both aliphatic and aromatic hydrocarbons, halogen derivatives, alcohols, and ethers. Methods of synthesis are stressed, and reaction mechanisms and modern structural principles are introduced. Lecture 3 hours, discussion 2 hours, laboratory 4 hours. Prerequisite: Chemistry 102. Note: Required of pre-medical and pre-dental students; recommended for majors in chemistry, petroleum engineering, sanitary and municipal engineering, and pharmacy; and for certain home economics, public health, and agriculture majors. Transfer credit: CSU, UC, USC

106-ORGANIC CHEMISTRY  5 Units
Chemistry 106 is a study of the preparation, properties, and reactions of aliphatic, and aromatic acids, amines, aldehydes, ketones, carbohydrates, heterocyclic compounds, amino acids and proteins. Analysis as well as synthesis of compounds is stressed. Lecture 3 hours, discussion 2 hours, laboratory 4 hours. Prerequisite: Chemistry 105 or an equivalent course with 6 weekly hours of laboratory discussion. Transfer credit: CSU, UC, USC

107-INTRODUCTORY BIOCHEMISTRY  3 Units
Not offered. Transfer credit: CSU, UC, USC

110-ELEMENTS OF GENERAL CHEMISTRY  5 Units
Chemistry 110 is a basic course in the fundamental principles, laws, and computations of chemistry emphasizing the descriptive phases and including a brief introduction to the chemistry of the carbon compounds. Lecture 4 hours, discussion 1 hour, laboratory 2 hours. Prerequisite: Mathematics 141 or one year of algebra in high school. Transfer credit: CSU, UC, USC

114-THE CHEMICAL ENVIRONMENT  4 Units
Chemistry 114 is a college-level course in chemistry for non-chemistry majors. The term environment is used in the broadest sense, including, for example, foods, drugs, biomolecules, metals, plastics, fertilizers, pesticides, fossil fuels, technology, the earth, water, atmosphere, and pollution. Fundamentals of chemistry including kinetic theory, structure, bonding, reactions, energetics, and nomenclature are developed to provide a framework for interpretation of environmental phenomena. Scientific thinking is analyzed and related to everyday thought. The strengths and limitations of science are considered, with some exposure to social and philosophical implications. Current events in science are emphasized. Elementary mathematical concepts are introduced as needed. Written reports are required. Field trips may be required. Lecture 3 hours, laboratory 3 hours. Prerequisite: None. Transfer credit: CSU

115-CHEMISTRY FUNDAMENTALS FOR NURSES  3 Units
Chemistry 115 is a course in fundamental chemistry for nurses (lecture only) designed to give the basic concepts of chemistry necessary for the nursing profession. Lecture 3 hours. Prerequisite: Concurrent enrollment in Allied Health 101, 103, 105, 107, and 108 if not completed previously, or anticipated acceptance into the Vocational Nursing Program.

120-FUNDAMENTALS OF COLLEGE CHEMISTRY (Inorganic)  5 Units
Chemistry 120 is a course in the fundamentals of chemistry with the emphasis on health science related examples. This course and Chemistry 121 are designed for health science (e.g. nursing), home economics, physical therapy, and other majors that need a year of college chemistry that includes inorganic, organic and biochemistry. Chemistry 120 will cover inorganic chemistry. Chemistry 120 does not involve the level of mathematical applications that are found in Chemistry 101. Lecture 4 hours, discussion-laboratory 3 hours. Prerequisite: Mathematics 141 or one year of algebra
in high school. Note: This course is not for science majors. At Glendale Community College, Chemistry 120 satisfies the Prerequisite for Chemistry 121 only. Transfer credit: CSU, UC, USC (CAN CHEM 6)

121-FUNDAMENTALS OF COLLEGE CHEMISTRY
(Organic and Biochemistry) 5 Units
Chemistry 121 is the second half of the year sequence and covers the fundamentals of organic and biochemistry. Lecture 4 hours, discussion-laboratory 3 hours. Prerequisite: Chemistry 120. Note: This course is not for science majors Transfer credit: CSU, UC, USC

143-INTRODUCTION TO CHEMISTRY 4 Units
An introductory course emphasizing the essential principles of chemistry with a descriptive survey of chemical facts. Reference is made to industrial and practical home chemistry. Lecture 3 hours, discussion 1 hour, laboratory 2 hours. Prerequisite: None. Note: Recommended as a foundation course for either Chemistry 110 or Chemistry 101. This course will satisfy the chemistry requirement for many schools of nursing.

136-THE CHILD FROM FIVE TO TWELVE 3 Units
Child Development 136 considers the growth and development of the school-age child emphasizing the interrelationships of mental, physical, and social abilities with the accompanying changes in attitudes and behaviors. Observations of the school age child are included. This course meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children's centers and applies to the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries and infant centers. Lecture 3 hours. Prerequisite: Child Development 135. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (Ch. Dev. 135 & 136, CAN H EC 14)

137-SCHOOL AGE CHILDREN IN CHILD CARE 3 Units
Child Development 137 examines needs and concerns relating to school-age child care. It provides background in the guidance of children ages 5-12, through knowledge of developmental ages and stages. Students discover the kinds of group programs which exist in the community, and analyze the quality environments and activities which safeguard the growth of children. Lecture 3 hours. Prerequisite: Child Development 136. Transfer credit: CSU

138-CHILD HEALTH 3 Units
Child Development 138 seeks to analyze the responsibilities of the home, the school, and the community for health protection. The characteristics of good health and the recognition of the symptoms of communicable diseases are examined. The habits and attitudes essential for physical and mental health of teachers, parents and children are studied. The course meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children's centers and applies to the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries, and infant centers. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU
140-PRINCIPLES AND PRACTICES IN PRESCHOOL EDUCATION  3 Units
Child Development 140 includes studies of the selection and arrangement of equipment and materials for groups of young children, appropriate curriculum in the areas of art, music/movement, science, and stories. Special emphasis is made in the importance of relevant play activities. Behavior of the preschool child in a group situation is studied through weekly observations at nursery schools, and the role of the preschool teacher is examined. This course meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children’s centers; and, also meets the requirements of the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries and infant centers. Lecture 3 hours. Prerequisite: Child Development 135. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

141-FIELD PRACTICE IN A PRESCHOOL PROGRAM  3 Units
Child Development 141 enables the student to participate in the entire routine of a child development center - first as an observer and then as a teacher’s aide. Questions arising from field practice experiences are discussed and research is done. This course satisfies the particular requirement of a field work course of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children’s centers; and, also meets the requirements of the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries, and infant centers. Lecture 2 hours, laboratory 3 hours. Prerequisite: Child Development 135, 140, and verification of TB clearance. Corequisite: Students must enroll in the laboratory section concurrently each semester. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

142-HOME, SCHOOL, AND COMMUNITY RELATIONS  3 Units
Child Development 142 explores the responsibilities of the home, the school, and the community to each other. The students develop a resource file which includes the locations and services of various community agencies - voluntary, private, and public. This course meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children’s centers; and, also meets the requirements of the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries, and infant centers. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

143-SUPERVISION AND ADMINISTRATION OF CHILD CARE CENTERS  3 Units
Child Development 143 explores the role of a child development center meeting the needs of children and their families. Particular emphasis is given to the establishing, licensing, staffing, and equipping of a children’s center with curricula appropriate to children of different ages, capacities, and interests. This course meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children’s centers; and applies to the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries, and infant centers. Lecture 3 hours. Prerequisite: Child Development 135 and 141 or equivalent including teaching experience. Transfer credit: CSU

147-WORKING WITH INFANTS AND TODDLERS  3 Units
Child Development 147 is designed to provide specialization in the milestones of infant and toddler development, and the various programs currently available. Students consider principles of care-giving, and learn appropriate play activities and materials necessary to enhance early childhood education. Observation of infants and toddlers is required, both in the classroom and outside in the community. Lecture 3 hours. Prerequisite: Child Development 135. Transfer credit: CSU

151-CREATIVE ACTIVITIES FOR PRE SCHOOL CHILDREN  3 Units
Child Development 151 provides teaching techniques and opportunities to personally experience creative activities geared to the young
child. It focuses on integrating these activities into the curriculum and encouraging the preschool children to explore and enjoy learning from their environment. Creative areas include: arts and crafts, carpentry, blocks, dramatic play, science, and cooking. Lecture 3 hours. **Prerequisite:** Child Development 140. (Child Development 140 may be taken concurrently.) **Note:** This course meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day centers, and other publicly funded children’s centers and applies to the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries and infant centers. **Transfer credit:** CSU

### 152-MUSIC FOR YOUNG CHILDREN 3 Units

Child Development 152 explores musical experiences appropriate to the development of the infant, the preschool child, the elementary school child, and the exceptional child. It meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children’s centers and applies to the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries, and infant centers. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU

### 155-CHILDREN WITH SPECIAL NEEDS 3 Units

Child Development 155 provides skill in identifying normal and special development of children, and includes methods of management and teaching techniques which prove helpful in working with children with special needs. A humanistic view of the whole child and the valuing and supporting of his/her rights is emphasized. Parents of exceptional or special children are considered, along with educational services and community agencies. Lecture 3 hours. **Prerequisite:** Child Development 135. (Child Development 135 may be taken concurrently.) **Note:** This course meets the requirements of the California Commission of Teacher Preparation and Licensing for teachers of child development centers, extended day care centers, and other publicly funded children’s centers and applies to the California Administrative Code, Title 22 for teachers and directors of state licensed preschools, day nurseries and infant centers. **Transfer credit:** CSU

### 156-TEACHING CHILDREN OF VARIOUS CULTURES 3 Units

Child Development 156 is designed to develop teacher competence in using cultural diversity for class enrichment and in developing the identity of individual children. Lecture 3 hours. **Prerequisite:** Child Development 135. **Transfer credit:** CSU

### 158-MOVEMENT DEVELOPMENT-INFANT/PRESCHOOL 1-2½ UNITS

(Also listed as Dance 158)

(Formerly Child Development 196)

Child Development 158 provides an opportunity for the student interested in teaching the movement aspect of child development to gain the knowledge and techniques necessary through practical application and discussion. Students learn how to present aspects of creative movement experiences through dance and movement exploration based techniques. Lecture ½-1½ hours, laboratory 1½-3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Dance 158. **Transfer credit:** CSU

### 159-MOVEMENT DEVELOPMENT-5-7 YEARS/7-12 YEARS 1-2½ UNITS

(Also listed as Dance 159)

(Formerly Child Development 197)

Child Development 159 provides an opportunity for the student interested in teaching the movement aspect of child development to gain the knowledge and techniques necessary through practical application and discussion. Students learn how to present aspects of creative movement experiences through dance and movement exploration based techniques. Lecture ½-1½ hours, laboratory 1½-3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Dance 159. **Transfer credit:** CSU
### CHINESE

#### 110-BASIC CONVERSATIONAL
**CHINESE I**

<table>
<thead>
<tr>
<th>Unit</th>
<th>NON-DEGREE APPLICABLE</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td></td>
</tr>
</tbody>
</table>

Chinese 110 is an introduction to the Chinese language (Mandarin) with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. This course develops a working knowledge of reading and writing as well, and includes the use of tapes, cassettes, and films. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 4 units may be earned.

#### 111-BASIC CONVERSATIONAL
**CHINESE II**

<table>
<thead>
<tr>
<th>Unit</th>
<th>NON-DEGREE APPLICABLE</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td></td>
</tr>
</tbody>
</table>

Chinese 111 is a continuation of basic conversational Mandarin Chinese. It teaches the students to communicate on an advanced level and provides them with the ability to read and write for further study. The classroom activities emphasize conversational repetition and oral expression. Reading and writing will be introduced on a limited basis. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** Chinese 110 or equivalent. **Note:** This course may be taken 2 times; a maximum of 4 units may be earned.

#### 112-BASIC CONVERSATIONAL
**CHINESE III**

<table>
<thead>
<tr>
<th>Unit</th>
<th>NON-DEGREE APPLICABLE</th>

<tbody>
<tr>
<td>2</td>
<td></td>
</tr>
</tbody>
</table>

Chinese 112 is a continuation of Chinese 111. The student learns more advanced skills of reading and writing Chinese characters. The classroom activities consist of two parts: first, recognizing characters and using them in sentences; second, writing characters in correct stroke order. Chinese calligraphy and advanced conversational Mandarin are included. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** Chinese 111 or equivalent. **Note:** This course may be taken 2 times; a maximum of 4 units may be earned.

### CLOTHING & TEXTILES

#### 101-CLOTHING

<table>

<tbody>
<tr>
<td>3</td>
<td></td>
</tr>
</tbody>
</table>

Computer Integrated Manufacturing 101 provides a comprehensive study in the fundamentals of robotics and related technology. Specific areas of concentration include power and positioning, robot actuators and motors, motion control, microcontroller and microprocessor technology and programming concepts, communication interfacing, data acquisition, sensors, voice synthesis, and industrial applications. Laboratory work comprises experimental work with CIM Lab robots. Lecture 2 hours.
laboratory 4 hours. Recommended Preparation: Technical Education 142, Electronics & Computer Technology 103 and 110 or equivalent. Transfer credit: CSU

102-AUTOMATION AND PRODUCTION CONTROLS 3 Units
Computer Integrated Manufacturing 102 introduces the student to electronic control of automation systems; emphasizing the terms, principles and techniques used in automated manufacturing processes. Programmable logic control applications are analyzed in central system industrial design and instrumentation. Lecture 2 hours, laboratory 4 hours. Prerequisite: Computer Integrated Manufacturing 101 or equivalent industrial experience. Transfer credit: CSU

201-CIM SYSTEM CONCEPTS 3 Units
Computer Integrated Manufacturing 201 is a course in computer integrated manufacturing (CIM) concepts. It is an applied course in programming, operation, and production control of automated work cells within the CIM manufacturing lab module, emphasizing total system integration. Lecture 3 hours. Prerequisite: Computer Integrated Manufacturing 101, 102; Machine Technology 107, 111. Transfer credit: CSU

105-COMPUTER CONCEPTS 3 Units
Computer Science/Information Systems 105 is a survey course designed to introduce concepts and applications to students with no previous exposure to computing. It is directed toward students who want a single survey course in computer concepts, and who may be using a computer in a work situation. Lecture 3 hours, laboratory 1 hour. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course is not intended for MIS or CS majors and may not be taken for credit by students who have completed Computer Science/Information Systems 101. Transfer credit: CSU

99-ORIENTATION TO COMPUTER SKILLS ½ Unit
NON-DEGREE APPLICABLE
Computer Science/Information Systems 99 is designed to provide orientation in laboratory procedures to students wishing to have access to the computer laboratories. Lecture 1 hour. Prerequisite: None. Corequisite: Concurrent enrollment in any class at Glendale Community College.

101-INTRODUCTION TO COMPUTER AND INFORMATION SYSTEMS 5 Units
Computer Science/Information Systems 101 is an in-depth study course designed to present the concepts and technology of processing information to students who plan to continue their studies in business information systems or computer science or who plan to work in the field. Two-hour lecture/discussion sections are held in micro-computer equipped classrooms, where instructors teach application software, including word processing, spreadsheet and database packages. Lecture 5 hours. Recommended Preparation: English 191 or ESL 141. Transfer credit: CSU, UC, USC

102-BUSINESS COMPUTER APPLICATIONS 2 Units
Computer Science/Information Systems 102 is specifically intended for students who wish to transfer to a business program in a four-year university. The course is problem oriented and solves advanced business problems with commonly-used software packages in word processing, spreadsheets, and databases as well as the DOS operating system and the BASIC programming language. The knowledge gained in this course allows students to compete effectively in the rigorous computer environment demanded by upper-level business courses. Lecture 2 hours, laboratory 1 hour. Prerequisite: Accounting 101, 102; Computer Science/Information Systems 101. Recommended Preparation: Eligibility for English 120. (Accounting 102 may be taken concurrently.) Transfer credit: CSU

107-ADAPTED COMPUTER TECHNOLOGY 3 Units
Computer Science/Information Systems 107 is designed to instruct disabled students in the use of adapted computer technology and use of specially designed software to enhance basic skill acquisition. Lecture 2 hours, laboratory 3 hours. Prerequisite: Students must meet Title V eligibility requirements for Disabled Student Programs and Services. Note: This course may be taken 4 times; a maximum of 12 units may be earned. Transfer credit: CSU
108-ADAPTED COMPUTER LABORATORY 1-2 Units
Computer Science/Information Systems 108 is designed for the disabled student who has completed the regular Adapted Computer Technology but who must use adapted technologies to efficiently access the computer. Individualized projects will be developed and implemented. Laboratory 3-6 hours. Prerequisite: Computer Science/Information Systems 107 or demonstration of comparable knowledge and skills. Students must meet Title V eligibility requirements for Disabled Student Programs and Services. Note: This course may be taken 4 times; a maximum of 8 units may be earned.

110-INTRODUCTION TO PROGRAMMING 3 Units
Computer Science/Information Systems 110 is a course in programming computers using the BASIC programming language. The course teaches the student to define the problem, outline the solution (via flowcharting or equivalent technique), code and debug the program and develop documentation. Lecture 2 hours, laboratory 3 hours. Prerequisite: Eligibility for Computer Science/Information Systems 101 and Mathematics 101. Note: Students with no prior computer experience are advised to take Computer Science/Information Systems 101 before attempting Computer Science/Information Systems 110. This course may be satisfied by Credit-by-Examination. Transfer credit: CSU, UC, USC

111-INTRODUCTION TO INTERACTIVE MULTIMEDIA 3 Units (Also listed as Television 111)
Computer Science/Information Systems 111 familiarizes students with the techniques of multimedia, combining the latest in video and computer technologies. Topics include interactive videodiscs, HyperCard, desktop video, computer animation, and virtual reality systems. Students create projects on computers. Lecture 2 hours, laboratory 4 hours. Recommended Preparation: English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Television 111. Transfer credit: CSU

115-MICROCOMPUTER APPLICATIONS 4 Units
Computer Science/Information Systems 115 is intended to acquaint students with the capabilities of microcomputer systems and their software. Emphasis is placed on familiarization with the commonly used aspects of general applications packages. Students are taught the skills necessary to solve realistic problems using readily available existing software. Lecture 3 hours, laboratory 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

117-PLANNING FOR COMPUTERS IN BUSINESS 3 Units
Not offered. Transfer credit: CSU

120-BASIC PROGRAMMING II 3 Units
Not offered. Transfer credit: CSU, UC, USC

123-DESKTOP PUBLISHING 2 Units (Also listed as Marketing 123)
Computer Science/Information Systems 123 is intended to acquaint the student with currently available desktop publishing technology. Students compose and create flyers, brochures and newsletters as well as explore the use of graphics programs. Students develop the skills necessary to plan, install and maintain a desktop publishing system. This course does not teach basic design concepts, but rather provides the student with new production tools. Lecture 2 hours, laboratory 1 hour. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Marketing 123. This course may be taken 3 times using different hardware or software; a maximum of 6 units may be earned. Transfer credit: CSU

124-ADVANCED DESKTOP PUBLISHING 3 Units
Computer Science/Information Systems 124 is designed to acquaint students with the advanced features of publishing software in order to produce quality printed graphics material. Students compose and create a four-page magazine or newsletter using state-of-the-art graphic design tools. Lecture 3 hours. Prerequisite: Computer Science/Information Systems 123 or two years of professional Desktop Publishing experience. Note: This course may be taken 2 times if different software is used; a maximum of 6 units may be earned. Transfer credit: CSU
125-DISCRETE STRUCTURES FOR COMPUTING 5 Units
Computer Science/Information Systems 125 is a course in discrete mathematics which furnishes a strong foundation of mathematical tools for modeling problems in computer science for the computer science major. Topics include logic operations, combinatorics, undirected and directed graphs, Boolean algebra, algebraic systems, and finite state automata and Turing machines. Lecture 5 hours. Prerequisite: Mathematics 101 or a satisfactory score on the Mathematics Placement Examination. Transfer credit: CSU, UC, USC

127-INTRODUCTION TO HYPERCARD 3 Units
Computer Science/Information Systems 127 is a programming language for the Macintosh. It allows students to create new ways to retrieve, organize, individualize, and present information. Cards are organized into stacks, the equivalent of files, which may be linked together in various ways. The scripting part of HyperCard is HyperTalk, whose most obvious advantage is its flexibility. The language is useful for many things from creating calendars to preparing slide presentations and animation. Lecture 3 hours. Recommended Preparation: Student should be familiar with the Macintosh. Transfer credit: CSU

128-HYPERCARD STACK DEVELOPMENT 3 Units
Computer Science/Information Systems 128 is an extension of CS/IS 127. It includes stack design and scripting in greater depth. While languages such as Pascal are similar to the scripting part of HyperCard (HyperTalk), HyperCard also easily controls other media. Lecture 3 hours. Prerequisite: Computer Science/Information Systems 127 or equivalent. Transfer credit: CSU

130-INTRODUCTION TO COMPUTER SCIENCE WITH PASCAL 4 Units
Computer Science/Information Systems 130 is a course in programming, algorithm development and problem-solving using the Pascal language with a structured approach. It includes a study of the syntax and data structures of the language with applications in science, engineering, and industry. The course is suitable either for students planning to transfer or those wishing to develop a marketable skill. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 101 and 110 or equivalent or Mathematics 128; or one year of full-time, professional experience. Transfer credit: CSU, UC, USC

135-PROGRAMMING IN C 4 Units
Computer Science/Information Systems 135 is a course in programming using the C language. The C language is an easily transportable language with uses in applications programming for real-time, business, and image processing systems, as well as systems programming. Types, operators, control flow functions and program structure pointers and arrays will be covered in the programming assignments. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent and Computer Science/Information Systems 130 or two years of full-time, professional experience using a block structured language. Transfer credit: CSU, UC, USC

137-ADVANCED C AND C++ PROGRAMMING 4 Units
Computer Science/Information Systems 137 applies the full range of C and C++ programming tools to problems in data base design, interactive and non-interactive graphics, and the interface between the C language and various operating systems. It also provides an opportunity for students working with other types of computing problems or programming environments to specify work of their own choosing within the scope of the course. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 135 or 1 year of C programming in the workplace. Transfer credit: CSU, UC, USC

140-COBOL PROGRAMMING 4 Units
Computer Science/Information Systems 140 presents the elements and capabilities of COBOL (common business oriented language), using a structured approach. COBOL programming applies to most common computer system configurations and business problem-solving applications. The course includes rules for COBOL words, statements, divisions, literal, editing, and other features. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent. Computer Science/Information Systems 110 or Mathematics 130 or two years of full-time, professional programming experience.
Recommended Preparation: Accounting 101 or 110. Transfer credit: CSU, UC, USC (CAN CSCI 8)

145-COBOL PROGRAMMING II 4 Units
Computer Science/Information Systems 145 is a further study of elements in COBOL, a computer language for business, stressing a structured approach. It includes such advanced techniques as file structures, report writing, table creation, sorts, data structures, data checking, and common programming problems. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent and Computer Science/Information Systems 140 or two years of full-time, professional programming experience in COBOL. Transfer credit: CSU, UC, USC

150-FORTRAN PROGRAMMING 3 Units
Computer Science/Information Systems 150 is a course in programming computers in the FORTRAN language for those who plan to be programmers or for those whose work may be related to computer applications in business, education, or industry. Lecture 2 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent and Computer Science/Information Systems 110 or one year of full-time, professional programming experience. Note: This course may not be taken for credit by students who have completed Mathematics 130. Transfer credit: CSU, UC, USC

155-PROGRAMMING IN ADA 4 Units
Computer Science/Information Systems 155 is a course in programming in the ADA language. ADA is a modern, block structured language which is required by the U.S. Department of Defense (DOD). This course provides the necessary skills for the student to be a productive ADA programmer. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 110 or equivalent, and Computer Science/Information Systems 130 or two years of full-time, professional programming experience using a block structured language. Transfer credit: CSU, UC, USC

156-INTRODUCTION TO EXPERT SYSTEMS 3 Units
Computer Science/Information Systems 156 presents the integration of current concepts of knowledge representation, deduction, and inference making in expert systems. This field is the most visible application of artificial intelligence. It includes a survey of current available application packages with references to programming in LISP and PROLOG. Lecture 3 hours, laboratory 1 hour. Prerequisite: Computer Science/Information Systems 101. Transfer credit: CSU

160-MICROCOMPUTER ASSEMBLY LANGUAGE 4 Units
Computer Science/Information Systems 160 offers students an introduction to programming and the basic design of software for microcomputers. It is intended to develop an understanding of the underlying principles of computer logic. Students will learn to write and to modify programs to suit their needs by examining general principles that may be applied to the processor for a specific microcomputer. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent, and two semesters of programming beyond Computer Science/Information Systems 110; or two years of full-time professional programming experience. Note: This course may be taken 3 times, using different software or hardware; a maximum of 12 units may be earned. Transfer credit: CSU, UC, USC

165-VAX ASSEMBLY LANGUAGE 4 Units
Computer Science/Information Systems 165 introduces the student to the world of assembly language programming using the DEC VAX computer, the most popular minicomputer in current industrial use. A detailed discussion of the language and the VAX architecture is presented. This course is intended for the computing professional and/or the serious computer student. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent, and two semesters of programming beyond Computer Science/Information Systems 110; or two years of full-time professional programming experience. Transfer credit: CSU, UC, USC

170-LARGE COMPUTER OPERATING SYSTEMS 4 Units
Computer Science/Information Systems 170 is designed to acquaint the student with the standard large scale operating system. Topics include control language, file structures, input/output techniques, virtual memory, multi-programming/processing concepts, memory allocation, security and inter-program transfer and communication. Lecture 3 hours, laboratory 3
hours. Prerequisite: Computer Science/Information Systems 101 or equivalent, and two semesters of programming beyond Computer Science/Information Systems 110; or two years of full-time professional programming experience. Note: This course is presently being taught using the VAX VMS operating system. Transfer credit: CSU, UC, USC

172-THE UNIX OPERATING SYSTEM 4 Units
Computer Science/Information Systems 172 discusses the various features of the UNIX operating system. This operating system was developed by Bell Labs and is becoming an industry standard in modern computer systems. This course is taught by using the UNIX O/S in both a Sun3 and VAX computing environment. Lecture 3 hours, laboratory 3 hours. Prerequisite: Computer Science/Information Systems 120, 130, 140 or Mathematics 130 or equivalent. Transfer credit: CSU, UC, USC

180-SYSTEMS ANALYSIS 3 Units
Computer Science/Information Systems 180 is a study of systems and procedures, design of a system, its implementation and installation, and finally its operation, evaluation, and modification. Includes analysis of various existing applications in business and industry. Lecture 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent, and one of the following courses: Computer Science/Information Systems 120, 130, 140; or two years of full-time professional programming experience. Recommended Preparation: Business Administration 101 and either Accounting 101, 102, or 110. Transfer credit: CSU

185-DATABASE MANAGEMENT 3 Units
Computer Science/Information Systems 185 is a course designed to acquaint the student with the elements of data base management which creates file structures to reduce the time and cost of writing programs to store and retrieve information. Topics include mass storage devices, access methods, and the relationship of files to the total system. Particular emphasis is placed on the on-line data base management system and its relationship to the operating system. Lecture 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent, and two semesters of programming beyond Computer Science/Information Systems 110; or two years of full-time professional programming experience. Transfer credit: CSU

190-NETWORKING AND TELECOMMUNICATIONS 3 Units
Computer Science/Information Systems 190 is a course designed to acquaint the student with the essential elements of networking and telecommunications used in Local Area, Wide Area, intermediate, and Internet Network environments. Lecture 3 hours. Recommended Preparation: A knowledge of the Macintosh computer and MS or IBM DOS. Transfer credit: CSU

195-SOFTWARE ENGINEERING 3 Units
Computer Science/Information Systems 195 presents a formal, engineering approach to the design, coding, testing, implementation, and maintenance of software. It is presented in a project oriented environment so the principles are learned through their application in software projects. Lecture 3 hours. Prerequisite: Computer Science/Information Systems 180, 130 and one other programming course; or significant professional programming experience using a block structured programming language such as C, Pascal, ADA or PL/I. Transfer credit: CSU

201-INTRODUCTION TO MS-DOS 1 Unit
Computer Science/Information Systems 201 is an introduction to MS-DOS and the operating system used in the IBM Personal Computer. It covers DOS commands, utilities, disk management, and managing the PC. Instruction includes both floppy and hard disk drives. No prior computer experience is necessary. Lecture 2 hours, laboratory 1 hour. (9 weeks) Prerequisite: None.

202-ADVANCED MICROCOMPUTER OPERATING SYSTEMS 1 Unit
Computer Science/Information Systems 202 is an advanced course in MS-DOS and the operating system used in the IBM Personal Computer. It covers advanced DOS commands, technical aspects of DOS, and hard disk management. Instruction includes both floppy and hard disk drives. Lecture 2 hours, laboratory 1 hour. (9 weeks) Prerequisite: Computer Science/Information Systems 201 or a working knowledge of MS-DOS

206-MACINTOSH BASICS 1 Unit
Computer Science/Information Systems 206 provides students with a basic introduction to the Macintosh Operating System. Topics covered include the skills necessary for managing
the desktop, using the mouse and pull-down menus, creating and manipulating folders, files, and windows, and other standard operations used in every Macintosh application. Lecture 2 hours (9 weeks). Prerequisite: None.

208-WINDOWS BASICS 1 Unit
Computer Science/Information Systems 208 provides students with a basic introduction to the Windows environment. Topics covered include the skills necessary to manage the desktop, to use the mouse and pull-down menus, to create and manipulate folders, files, and windows, and other standard operations used in every Windows application. Lecture 2 hours (9 weeks). Prerequisite: None.

210-COMPUTER OPERATIONS 3 Units
Computer Science/Information Systems 210 studies the use, operation, and capabilities of computer systems. Students will learn to operate a mainframe computer and peripheral equipment, with major emphasis on scheduling, data flow, and distribution of reports and maintenance. Lecture 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent. Recommended Preparation: Accounting 101 or 110. Transfer credit: CSU

220-WORD PROCESSING FOR WRITERS 1 Unit
Computer Science/Information Systems 220 is a course designed to benefit students who are required to write essays or term papers. The course will train students in the use of a computer, enabling them to edit their writing easily and thus encourage a more finished product. It will also allow instructors to demand a higher standard of writing because of the ease of implementing changes. Lecture 1½ hours, laboratory 1½ hours. (8 weeks) Prerequisite: None. Note: This course may be taken 3 times; a maximum of 3 units may be earned.

230-APPLICATIONS SOFTWARE/SPREADSHEETS 1½ Units
Computer Science/Information Systems 230 introduces students to microcomputer spreadsheet programs. Students learn to produce application models of moderate complexity. Lecture 3 hours. (9 weeks) Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Students with no previous microcomputer experience are advised to take Computer Science/Information Systems 101 or 105 before taking this course. This course may be taken 4 times using different software or hardware; a maximum of 6 units may be earned.

231-APPLICATIONS SOFTWARE/ADVANCED SPREADSHEETS 1½ Units
Computer Science/Information Systems 231 is a continuation of Computer Science/Information Systems 230 and is intended to teach the student the use of advanced microcomputer spreadsheet software for business applications. Advanced functions and the use of macros will be covered. The content of this course differs each time it is offered. Students who repeat the course will therefore gain additional skills and knowledge. Lecture 3 hours. (9 weeks) Prerequisite: Computer Science/Information Systems 230 or equivalent. Note: This course may be taken 4 times using different software or hardware; a maximum of 6 units may be earned.

232-APPLICATIONS SOFTWARE/DATABASE SYSTEMS 1½ Units
Computer Science/Information Systems 232 is intended to teach the student the use of microcomputer database system software for business applications. Files will be created, data manipulated, output formatted, and reports produced for a variety of applications. The content of this course differs each time it is offered with a different software package and students who repeat the course will therefore gain additional skills and knowledge. Lecture 3 hours. (9 weeks) Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Students with no previous microcomputer experience are advised to take Computer Science/Information Systems 101 or 105 before taking this course. This course may be taken 4 times using different software or hardware; a maximum of 6 units may be earned.

233-APPLICATIONS SOFTWARE/ADVANCED DATABASE SYSTEMS 1½ Units
Computer Science/Information Systems 233 is a continuation of Computer Science/Information Systems 232 and is intended to enable the student to use the structured programming language capability of database system software for the solution of complex problems. Files and menus will be created, data manipulated, output formatted, complex Boolean logic employed and reports produced for a variety of applications. The content of this course differs each time it is offered with a different software package and students who repeat the course will therefore gain additional skills and
knowledge. Lecture 3 hours. (9 weeks) Prerequisite: Computer Science/Information Systems 232 or equivalent experience. Note: This course may be taken 4 times using different software or hardware; a maximum of 6 units may be earned.

250-WORD PROCESSING SYSTEMS 1 1/2 Units
Computer Science/Information Systems 250 will enable students to develop competency in operating a microcomputer using word processing software. Hardware used in this course will be either IBM compatible or MacIntosh. Word processing software offered will be WordPerfect, Microsoft Word, WordStar, etc. Skills learned in this course include basic operating system commands and the creating, editing, printing, and storing of simple documents. Lecture/Discussion 5 hours. (9 weeks) Recommended Preparation: Eligibility for Business-General 110 and concurrent enrollment in or completion of Office Administration 201 or 205. Note: This course may be taken 4 times, using different software or hardware; a maximum of 6 units may be earned. Transfer credit: CSU

COOPERATIVE EDUCATION

101-GENERAL WORK EXPERIENCE
Not offered.

102-OCcupATIONAL WORK EXPERIENCE
(See Note)
Cooperative Education 102 presents the extension of occupational learning opportunities and career awareness programs for students through employment in occupational fields for which their college majors are designed. It is applicable for benefits from the Veterans Administration. Units of credit for each class are determined on the basis of the number of hours the student works each week and the satisfactory completion of the coordinating class, which meets one hour a week as indicated in the semester schedule of classes. The worker may be a handicapped student, an unpaid supervised volunteer, or a regularly paid employee. The number of hours worked weekly are prorated as follows: five to nine hours receive one unit of credit; ten to fourteen hours receive two units of credit; fifteen to nineteen hours receive three units of credit; twenty or more hours receive four units of credit. Students may enroll for one to four units in Cooperative Education 102. A student must maintain a minimum unit load of seven or more units including Cooperative Education. No more than sixteen units may be earned during the student’s life-long enrollment in a community college. In the event the worker’s job is irregular or is terminated before the end of a semester, each seventy-five hours of paid work equate to one semester unit of credit if the requirements of the coordinating class are completed with a passing grade. For volunteer workers the one unit ratio is reduced to sixty hours a semester, and for handicapped workers the one unit ratio requirement is reduced to fifty hours a semester. Meeting by arrangement*, with appropriate written assignments and concurrent employment of five or more hours in a job related to stated major or career goal. Weekly or monthly time sheets shall be turned in to the instructor as announced. Note*: Veterans receiving Veterans Educational Assistance required to meet weekly. Prerequisite: Be enrolled in a college program of no less than seven (7) units including Cooperative Education and concurrent employment for a minimum of five (5) hours per week. Summer Session requires at least one other class in addition to Cooperative Education. The employment must be directly related to the student’s two year career college program. Note: The college is responsible for complete control of the planned program of activities and does not delegate this authority to officials of the job establishment. Units are based on the number of hours worked per week. (a) 5-9 hours + 1 unit; (b) 10-14 hours + 2 units; (c) 15-19 hours + 3 units; (d) 20 or more hours + 4 units. Credit for Summer Session is granted upon successful completion of one (1) unit for 75 hours of Cooperative Education, being enrolled in at least one other class, and meeting all other program requirements. This course may be taken 4 times. A maximum of 16 units may be earned.

COSMETOLOGY

Students are granted one unit of credit for each 40 hours of lecture and laboratory attendance each semester for a maximum of 16 units and a total of 48 units for the entire 1,600 hours as required by the Board of Cosmetology for licensing as a Cosmetologist. The completion
of Cosmetology 111, 112, 113, and 114 qualifies students to take the Cosmetology State Board Examination. The student must attend a minimum of 25 hours per week for 10 units and a maximum of 40 hours per week for 16 units.

111-ELEMENTS OF COSMETOLOGY

(See Note)

Cosmetology 111 is the introduction to study of basic sciences of the hair, skin, scalp, sanitation, sterilization and hygiene recognition of conditions of the skin, scalp and hair. Preparation training in theory and practical operation. Practical application of skills in shampooing, curl construction, basic hair cutting, comb-out procedures, responsibilities as a receptionist, ethics of the profession, as well as personal hygiene. Lecture and laboratory 25/40 hours. Prerequisite: High school graduation or possession of G.E.D. (General Educational Development) and a satisfactory score on the Cosmetology Placement Examination. Note: This course may be taken 3 times; a maximum of 16 units may be earned.

112-BASIC COSMETOLOGY

(See Note)

Cosmetology 112 studies the theory and application of permanent waving, all phases of hair coloring. Modern methods of hair shaping and hair styling shall be practiced on models. This course also offers practice on fellow students. Lecture and laboratory 25/40 hours. Prerequisite: Cosmetology 111. Students transferring from another state-approved school may enter Cosmetology 112 providing 400 hours have been completed. Note: This course may be taken 3 times; a maximum of 16 units may be earned.

113-INTERMEDIATE COSMETOLOGY

(See Note)

Cosmetology 113 is an in-depth study course designed to present a review of all requirements as set forth by the State Board of Cosmetology. Instruction in the science of permanent waving, hair coloring, and creating a hair style with further course of study in electrical facial, and electrical scalp treatments. Lecture and laboratory 25/40 hours. Prerequisite: Cosmetology 112. Students transferring from another state-approved school may enter Cosmetology 113 providing 800 hours have been completed. Note: This course may be taken 3 times; a maximum of 16 units may be earned.

114-ADVANCED COSMETOLOGY

(See Note)

Cosmetology 114 is the study and application of advanced methods of all phases of cosmetology as performed in a salon, corrective hair coloring, salon management, and preparation for the State Board Examination. Lecture and laboratory 25/40 hours. Prerequisite: Cosmetology 113. Students transferring from another state-approved school may enter Cosmetology 114 providing 1,200 hours have been completed. Note: This course may be taken 3 times; a maximum of 16 units may be earned.

DANCE

It is recommended that a variety of activities be taken during a student's attendance at Glendale Community College. Courses in dance satisfy the physical education requirement. Dance classes may be taken four (4) times unless otherwise noted. All classes are coeducational unless otherwise noted.

Most Dance courses were renumbered in Spring, 1994. Use the following list to find new course numbers.
101-INTRODUCTION TO DANCE ½-2½ Units  
(Formerly Dance 181)
Dance 101 presents a wide variety of concrete experiences in movement relative to the acquisition of concepts for a structure of understanding of dance as an art form. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

110-BALLET TECHNIQUE I ½-2½ Units  
(Formerly Dance 187)
Dance 110 provides practical experience, through exercise and discussion, to enable the student to develop a basic knowledge of the necessary physical and mental discipline in ballet technique. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

111-BALLET TECHNIQUE II ½-2½ Units  
(Formerly Dance 188)
Dance 111 provides practical experience, through exercise and discussion, to develop further a knowledge of the physical and mental discipline in ballet technique at the intermediate level. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: Dance 110 or equivalent. Transfer credit: CSU, UC, USC

112-BALLET WORKSHOP: HISTORICAL OVERVIEW 1-2 Units  
(Formerly Dance 189)
Dance 112 provides an opportunity for technical development with emphasis given to varied styles and training methods that develop performance abilities to meet the current professional demands of ballet. Emphasis is on historic and traditional forms of ballet. Lecture ½-1½ hours, laboratory/studio 1½-2½ hours. Prerequisite: Dance 111 or equivalent. (Dance 111 may be taken concurrently.) Note: This course may be taken 4 times; a maximum of 8 units may be earned. An audition may be required. No more than 16 units may be earned from any combination of Dance 112, 113, or 189. Transfer credit: CSU

113-BALLET WORKSHOP: REPertoire 1-2 Units  
(Formerly Dance 189)
Dance 113 provides an opportunity for technical development with emphasis given to varied styles and training methods of selected contemporary choreographers. Lecture ½-1½ hours, laboratory/studio 1½-2½ hours. Prerequisite: Dance 111 or equivalent. (Dance 111 may be taken concurrently.) Note: This course may be taken 4 times; a maximum of 8 units may be earned. An audition may be required. No more than 16 units may be earned from any combination of Dance 112, 113, or 189. Transfer credit: CSU

115-MODERN DANCE TECHNIQUE I ½-2½ Units  
(Formerly Dance 179)
Dance 115 provides an opportunity for personal development in modern dance technique. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

116-MODERN DANCE TECHNIQUE II ½-2½ Units  
(Formerly Dance 180)
Dance 116 provides an opportunity to extend the student's knowledge of modern dance technique. It provides greater technical detail for the personal development and control of the body needed in advanced modern dance production. Lecture: ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: Dance 115 or equivalent. Transfer credit: CSU, UC, USC

120-JAZZ TECHNIQUE I ½-2½ Units  
(Formerly Dance 176)
Dance 120 provides an opportunity to learn the functions of the body, in relationship to music; the opportunity to develop and condition the body for jazz dance; and the opportunity to meet the demand for professional dance in theatre today. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

121-JAZZ TECHNIQUE II ½-2½ Units  
(Formerly Dance 177)
Dance 121 provides an opportunity to further the student's knowledge of jazz dance; study more technical detail in the development and conditioning of the body for jazz, and to further meet the demands for professional dance in theatre today. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: Dance 120 or equivalent. Transfer credit: CSU, UC, USC

122-JAZZ WORKSHOP: VIDEO ½-2½ Units  
(Formerly Dance 178)
Dance 122 provides an opportunity to further the student's knowledge of jazz dance, to study more technical detail in the development and conditioning of the body for jazz, to develop
performance values, and to further meet the demands of current professional dance and theatre, film, and television, using current video techniques. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. **Prerequisite:** Dance 121 or equivalent. (Dance 121 may be taken concurrently). **Note:** This course may be taken four times; a maximum of 10 units may be earned. An audition may be required. No more than 20 units may be earned from any combination of Dance 122, 123, or 178. **Transfer credit:** CSU, UC, USC

**123-JAZZ WORKSHOP:**
**REPERTOIRE**
½-2½ Units
(Formerly Dance 178)

Dance 123 provides an opportunity to further the student's knowledge of jazz repertoire, to study more technical detail in the development and conditioning of the body for jazz, to develop performance values, and to further meet the demands of current professional dance. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. **Prerequisite:** Dance 121 or equivalent. (Dance 121 may be taken concurrently.) **Note:** This course may be taken four times; a maximum of 10 units may be earned. An audition may be required. No more than 20 units may be earned from any combination of Dance 122, 123, or 178.

**130-CHOREOGRAPHY**
½-2½ Units
(Formerly Dance 193)

Dance 130 provides the student the opportunity for further advancement in knowledge and practical movement experience in the choreographic aspect of the dance as an art form. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. **Prerequisite:** Dance 101 or equivalent. **Transfer credit:** CSU, UC, USC

**131-MASTER CLASS: SERIES**
1-2½ Units
(Formerly Dance 185)

Dance 131 is a course designed to give the serious student a working knowledge of dance in the entertainment industry. It provides opportunity for the further development of technical excellence and style in various commercial dance forms. It provides an inside look at film, television, and stage work. The student prepares for entrance into the commercial dance field with information about agents, auditions, unions, wardrobe, classes, and other general details needed for participating in professional dance in Los Angeles. Lecture ½-2 hours, laboratory/studio 1½-3 hours. **Prerequisite:** One of the following: Dance 110, 115, 120, or equivalent. **Note:** This course may be taken 4 times; a maximum of 10 units may be earned. An audition may be required. No more than 20 units may be earned from any combination of Dance 131, 132, or 185. **Transfer credit:** CSU

**132-MASTER CLASS:**
**ARTIST-IN-RESIDENCE**
1-2½ Units
(Formerly Dance 185)

Dance 132 is a course designed to give the serious student a working knowledge of dance in the entertainment industry. It provides opportunity for the further development of technical excellence and style in a commercial dance form through extended study with a choreographer-in-residence. Opportunity for participation in a completed choreographic presentation is provided. Lecture ½-2 hours, laboratory/studio 1½-3 hours. **Prerequisite:** One of the following: Dance 110, 115, 120, or equivalent. **Note:** This course may be taken four times; a maximum of 10 units may be earned. An audition may be required. No more than 20 units may be earned from any combination of Dance 131, 132, or 185. **Transfer credit:** CSU

**134-DANCE PRODUCTION WORKSHOP**
½-2½ Units
(Formerly Dance 182)

Dance 134 offers experience in understanding the principles that govern movement, ability to control the body as an instrument of expression, and understanding of the use of space, time, and force factors related to the basic principles that govern art forms. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. **Prerequisite:** Dance 130 or equivalent. **Transfer credit:** CSU, UC, USC

**135-DANCE PRODUCTION—REPERTOIRE**
½-3 Units
(Formerly Dance 184)

Dance 135 provides practical experience in utilization of knowledge and understanding of dance as an art form. Opportunity is provided for student participation in dance productions choreographed by faculty and alumni. Lecture ½-2½ hours, laboratory/studio 1½-5½ hours. **Prerequisite:** One of the following: Dance 112, 113, 116, 122, 123 or equivalent. **Note:** This course may be taken four times; a maximum of 12 units may be earned. An audition may be required. No more than 24 units may be earned from any combination of Dance 135, 136, or 184. **Transfer credit:** CSU
136-DANCE PRODUCTION—STUDENT CHEOREGRAPHY  ½-3 Units  
(Formerly Dance 184)  
Dance 136 provides practical experience in utilization of knowledge and understanding of dance as an art form. Opportunity is provided for student choreography and participation in dance productions. Lecture ½-2½ hours, laboratory/studio 1½-5½ hours. Prerequisite: One of the following: Dance 112, 113, 116, 122, 123 or equivalent. Note: This course may be taken 4 times; a maximum of 12 units may be earned. An audition may be required. No more than 24 units may be earned from any combination of Dance 135, 136, or 184. Transfer credit: CSU

140-MOVEMENT FOR THEATRE I  1 Unit  
(Formerly Dance 183)  
Dance 140 provides the student the opportunity to study stage movement, physical characterization and mime as related to theatre. The students will increase their knowledge through practical application of the movement aspects of theatre. Lecture ½ hour, laboratory/studio ½ hour. Prerequisite: None. Corequisite: Theatre Arts 103. Transfer credit: CSU, UC, USC

141-MOVEMENT FOR THEATRE II  1 Unit  
(Formerly Dance 191)  
Dance 141 provides the opportunity for advanced study of stage movement and introduces a comparison of stage, film and video movement techniques. Lecture ½ hour, laboratory/studio 1½ hours. Prerequisite: Dance 140 or equivalent. Corequisite: Theatre Arts 104. Transfer credit: CSU, UC, USC

145-MOVEMENT FOR MUSICAL THEATRE  ½-2½ Units  
(Formerly Dance 186)  
Dance 145 provides an opportunity for studying the problems of stage movement, character movement, and dance movement as related to theatre. Attention is also given to the demands placed upon the student who wishes to participate in stage performance. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

150-PHYSICAL REINTEGRATION  1-2½ Units  
(Formerly Dance 195)  
Dance 150 is an experimental movement class for students with learning disabilities and/or minor physical limitations. Areas covered include exploration of body image awareness and integration of sensory modalities with motor processes. Also included is orientation and relaxation with the integration of both into the student's daily life through dance movement. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: This course is only for students who have a professionally verified neurological and/or physiological disability. Note: Verification of disability must be on file in the Disabled Student Center. Transfer credit: CSU, UC, USC

158-MOVEMENT DEVELOPMENT—INFANT/PRESCHOOL  1-2½ Units  
(Formerly Dance 196)  
(Also listed as Child Development 158)  
Dance 158 provides an opportunity for the student interested in teaching the movement aspect of child development to gain the knowledge and techniques necessary through practical application and discussion. Students learn how to present aspects of creative movement experiences through dance and movement exploration based techniques. Lecture ½-1½ hours, laboratory/studio 1½-3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Child Development 158. Transfer credit: CSU

159-MOVEMENT DEVELOPMENT—5-7 YEARS/7-12 YEARS  1-2½ Units  
(Formerly Dance 197)  
(Also listed as Child Development 159)  
Dance 159 provides an opportunity for the student interested in teaching the movement aspect of child development to gain the knowledge and techniques necessary through practical application and discussion. Students learn how to present aspects of creative movement experiences through dance and movement exploration based techniques. Lecture ½-1½ hours, laboratory/studio 1½-3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Child Development 159. Transfer credit: CSU

160-INTERNATIONAL WORKSHOP  ½-2½ Units  
(Formerly Dance 198)  
Dance 160 gives dance students an opportunity to learn the techniques of internationally-known dance masters. The seminar also gives students
the chance to experience other cultures and interact with dance students from many nations. Tours through the host country are an integral part of this course. Opportunity is also provided for student participation in a dance performance. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU

164-RHYTHMIC AEROBICS ½-2½ Units
(Also listed as Physical Education 164)
Dance 164 offers vigorous exercise set to contemporary music. The course is designed for students wishing to develop or maintain aerobic fitness while also learning about the physiology of fitness. Routines of rhythmic exercise are designed to develop or maintain cardiovascular endurance and body flexibility. The course is designed for students at all levels of fitness. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

171-CHOREOGRAPHY TECHNIQUES FOR SCHOOL SPIRIT LEADERS 1 Unit
Dance 171 provides an opportunity for students to gain knowledge and technical skills in the choreography and techniques of pep arts through practical application and discussion. Emphasis is placed on leadership training, personal and professional development. Lecture ½ hour, laboratory/studio 1½ hours. Prerequisite: None. Transfer credit: CSU

194-STRUCTURAL DYNAMICS AND STRETCH ½-2½ Units
(Also listed as Physical Education 194)
Dance 194 provides practical experience through exercise in conjunction with discussion periods to enable the student to develop a knowledge of body-mind interaction in the area of athletics. The student learns how to influence and control this interaction, with regard to pain and energy flow, suppleness, relaxation, stretch and strength factors. Lecture ½-1½ hours, laboratory/studio 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

DATA PROCESSING,
See COMPUTER SCIENCE/INFORMATION SYSTEMS

DRAFTING

129-MACHINE TRADES
BLUEPRINT READING 2 Units
Drafting 129 is a study of the fundamentals of orthographic drawing to develop the student's ability to understand and utilize the information presented on a blueprint. Such areas as size dimensional systems, tolerancing, SI metrics, value engineering and related industrial terminology are presented to strengthen the student's ability to interpret an engineering drawing. Lecture 2 hours, laboratory 1 hour. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: A recommended course for basic drafting review and non-drafting majors. This course may not be taken for credit by students who have completed Drafting 132, 133, 134 or Engineering 104. Transfer credit: CSU

130-ELECTRICAL/ELECTRONICS DRAWING 2 Units
Drafting 130 is primarily intended for the student majoring in Electronics Computer Technology (ECT). It provides an introduction to the fundamentals of drafting and technical drawing with specific applications to ECT standards and devices. Students who satisfactorily complete this course are considered to have acquired the minimum drafting skills necessary for entry-level ECT technicians. Lecture 2 hours, laboratory 1 hour. Recommended Preparation: Drafting 129 or equivalent. (Drafting 129 may be taken concurrently.) Note: This course is not intended for engineering or drafting majors. This course may not be taken for credit by students who have completed Drafting 131 or Engineering 101.

131-TECHNICAL DRAFTING 5 Units
Drafting 131 is a basic course in drafting consisting of the techniques used in the use of instruments for technical drawing, orthographic projection and visualizing in three dimensions, revolutions, sections, primary and secondary auxiliary views, isometric drawing, types of fasteners, springs, oblique drawing, freehand drawing and sketching. Lecture 3 hours, laboratory 6 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Students must register for the full number of hours for which the course is scheduled. Transfer credit: CSU
132-TECHNICAL DRAFTING AND DIMENSIONAL TOLERANCING  5 Units
Drafting 132 is a course in advanced drafting specializing in tolerancing, dimensional systems, S1 metrics, military standards, and true positional tolerancing. Emphasis is placed upon individual and group design efforts in piping, structural and mechanical design projects. Lecture 3 hours, laboratory 6 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** Students must register for the full number of hours for which the course is scheduled. **Transfer credit:** CSU

133-ELECTRO-MECHANICAL PACKAGING AND DESIGN  5 Units
Drafting 133 is a course in electro-mechanical packaging. Specializing in electronic drafting, printed circuit design, basic packaging, cabling and military standards. Emphasis is placed on the actual design and construction of various electronic packages in both individual and group design projects. Lecture 3 hours, laboratory 6 hours. **Prerequisite:** Drafting 132. **Note:** Students must register for the full number of hours for which the course is scheduled. **Transfer credit:** CSU

134-ADVANCED MECHANICAL PACKAGE DESIGN  5 Units
Drafting 134 is a course in tool design and strength of materials and advanced electro-mechanical packaging. Emphasis is placed on various individual and group design projects, covering piping, fixture design, package design, and mechanical design. Students are responsible for the complete design, drawings and all related paper work for each project. Lecture 3 hours, laboratory 6 hours. **Prerequisite:** Drafting 133. **Note:** Students must register for the full number of hours for which the course is scheduled. **Transfer credit:** CSU

Drafting 141 or equivalent college level courses or equivalent industrial experience. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU

141-FUNDAMENTALS OF COMPUTER-AIDED DRAFTING AND DESIGN  3 Units
Drafting 141 is an introductory course in Computer-Aided Drafting and Design systems. Fundamental operational applications will be presented which will enable the students to expand their knowledge of Computer Graphics into other course structures which will require further knowledge as part of their course of instruction. Lecture 2 hours, laboratory 4 hours. **Prerequisite:** Drafting 131 or Engineering 101 or Architecture 101 or 191. **Transfer credit:** CSU

203-COMPUTER PATTERN MAKING AND GRADING  2 Units
(Also listed as Fashion 203)
Drafting 203 introduces the digitizing of pattern shapes used in the apparel manufacturing industry. Original patterns are designed for an apparel related grouping. Patterns are graded up and down in size by creating a grade scale. A lay-out marker is created. Lecture 1 hours, laboratory 3 hours. **Recommended Preparation:** Drafting 130, Fashion 103 or equivalent, and eligibility for English 120 or ESL 151. **Note:** This course may not be taken for credit by students who have completed Fashion 203. This course may be taken 2 times; a maximum of 4 units may be earned.

**ECONOMICS**

101-PRINCIPLES OF MICROECONOMICS  3 Units
Economics 101 is a fundamental course in microeconomic analysis. It covers price theory, economic scarcity, consumer behavior, market equilibrium and disequilibrium, production costs, theory of the firm, market structures and income distribution. Other optional topics include the history of economic thought, externalities, market failure, international economics. The course will emphasize analytical problem solving and mathematical methods wherever possible. Lecture 3 hours. **Prerequisite:** Economics 102. **Transfer credit:** CSU, UC, USC (CAN ECON 4)
102-PRINCIPLES OF MACROECONOMICS 3 Units
Economics 102 is a fundamental course in economic analysis. Emphasis is placed on theories of output determination, consumption, investment, inflation, unemployment, and fiscal and monetary policy. Other selected topics may include international balance of payments, growth and development, and urban problems. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (CAN ECON 2)

105-THE AMERICAN ECONOMY 3 Units
Economics 105 provides an introduction to the American economy, a foundation for understanding it and the problems that it faces. The course provides a description of the important institutions of our system and an analytical approach to the understanding of the basic economic problems generally suited for non-business majors. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: No credit will be granted for Economics 105 if Economics 101 and 102 have been taken previously. Transfer credit: CSU, UC, USC

107-INTRODUCTION TO STATISTICS 3 Units
(Also listed as Political Science 107, Psychology 107, Sociology 107)
Economics 107 is an introduction to the theory of probability and the methodology of statistical analysis. Methods of classifying and describing natural events in quantitative terms will be considered. The course will emphasize both descriptive and inferential techniques of analyzing scientific data. Lecture 3 hours. Recommended Preparation: Mathematics 141 and eligibility for English 101. Note: A maximum of three units may be earned for Economics 107, Political Science 107, Psychology 107, Sociology 107, or Mathematics 136. Transfer credit: CSU

111-ECONOMIC HISTORY OF THE UNITED STATES 3 Units
(Also listed as History 116)
Economics 111 is a history of the economic development of the United States from its settlement to the present. Emphasis is placed on the growth and development of economic institutions, slavery, reconstruction, work, the industrial revolution, workers’ movement, and U.S. imperialism. This course meets the California State requirement in American History. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed History 116. Transfer credit: CSU, UC, USC

EDUCATIONAL MEDIA TECHNOLOGY

103-MEDIA EQUIPMENT OPERATION AND TECHNIQUES 3 Units
Educational Media Technology 103 is an introduction to the operating principles and utilization of media equipment, materials, and facilities. Students will gain hands-on experience as technician trainees by participating in laboratory experience in the Media Services Department where they will learn to operate and maintain such media equipment as public address systems, record players, tape recorders, projectors, cameras and other instructional materials. Lecture 2, laboratory 4 hours. Prerequisite: None.

EGYPTIAN HIEROGLYPHS

101-BEGINNING HIEROGLYPHS 3 Units
Egyptian Hieroglyphs 101 presents the fundamentals of hieroglyphic writing and Egyptian grammar. The aim of the course is to train students in the reading and writing of simple hieroglyphs. The course includes reading, translation of simple ancient Egyptian prose as well as exercises to illustrate each new point of grammar. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU

102-BEGINNING HIEROGLYPHS 3 Units
Egyptian Hieroglyphs 102 presents the fundamentals of hieroglyphic writing and Egyptian grammar. The aim of the course is to train students in the reading and writing of simple hieroglyphs. The course includes reading, translation of simple ancient Egyptian prose as well as exercises to illustrate each new point of grammar. Lecture 3 hours. Prerequisite: Egyptian Hieroglyphs 101. Transfer credit: CSU
ELECTRONICS AND COMPUTER TECHNOLOGY

100-TECHNICAL MATHEMATICS FOR ELECTRONICS 4 Units
Electronics and Computer Technology 100 is designed to offer the student a comprehensive study in the mathematics specifically used in the electronics and computer technology field. Phases covered include application of algebra, DC circuit analysis, AC fundamentals, simultaneous equations, AC circuit analysis, complex numbers, logarithms, and computer number systems. Lecture 3 hours. Prerequisite: None.

101-ELECTRONICS CIRCUITS I (DC) 4 Units
Electronics and Computer Technology 101 offers a modern approach to electronics theory that is more compatible with the needs of industry. The study of DC theory and principles are integrated with computer-assisted problems using BASIC programming language. The use of matrices to solve elementary problems is introduced. Fundamental theorems are developed in lecture and put into practice in the laboratory. The laboratory develops the basic skills needed in using meters, power supplies, along with wiring and assembling DC circuits. Lecture 3 hours, laboratory 3 hours. Recommended Preparation: Mathematics 101 or equivalent and eligibility for English 120 or ESL 151. Note: Computer Science majors, students pursuing the Software Technician certificate, and other Electronics and Computer Technology students anticipating enrollment in other Computer and Information courses, must satisfactorily complete Computer Science/Information Systems 101 prior to enrollment in Computer Science/Information Systems 110. Transfer credit: CSU

102-ELECTRONICS CIRCUITS II (AC) 4 Units
Electronics and Computer Technology 102 is an extension of the principles of DC electronics applied to AC circuit problems. The extension of BASIC programming is used to solve complex AC circuits. The laboratory further develops equipment skills, introducing the use of oscilloscopes and signal generators. Lecture 3 hours, laboratory 3 hours. Prerequisite: Electronics and Computer Technology 101 and Computer Science/Information Systems 110 or equivalent. Transfer credit: CSU

103-INTRODUCTION TO DIGITAL LOGIC 4 Units
Electronics and Computer Technology 103 is an introduction to digital systems, number systems, Boolean Algebra, logic techniques, logic gates, multivibrator circuits, counters, multivibrators, programming and codes. Construction and development of TTL logic, using integrated circuits. Lecture 3 hours, laboratory 3 hours. Recommended Preparation: Mathematics 141 or equivalent and eligibility for English 120 or ESL 151. Transfer credit: CSU
104-INTRODUCTION TO MICROPROCESSORS 4 Units
Electronics and Computer Technology 104 introduces the characteristics, architecture, and operation of microprocessors, introducing peripheral interfacing techniques. Lab develops skills in microprocessor peripheral interfacing and assembly language programming. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** Electronics and Computer Technology 103 or equivalent. **Transfer credit: CSU**

105-BASIC INTEGRATED CIRCUIT THEORY 3 Units
Not offered.

110-BASIC ELECTRICITY—ELECTRONICS 4 Units
Electronics and Computer Technology 110 presents a survey of the basic principles of electronics (for non-electronics majors). It is designed to provide the students with an understanding of the basic principles of electronic circuits and their applications. Lecture 3 hours, laboratory 3 hours. **Recommended Preparation:** Mathematics 141 or equivalent and eligibility for English 120 or ESL 151. **Note:** This course may not be taken for credit by students who have completed Electronics and Computer Technology 101 and/or 102.

112-MICROCOMPUTER TROUBLESHOOTING AND REPAIR 4 Units
Electronics and Computer Technology 112 is a course designed to give the student a comprehensive foundation in the methods of microcomputer repair at the board as well as the component level. Also included in this course will be the methods and operation of related test equipment, computer diagnostics and component failure analysis. This course will emphasize hands-on experience with practical applications. Lecture 3 hours, laboratory 3 hours. **Recommended Preparation:** Electronics and Computer Technology 103 and 110.

113-HIGH-RELIABILITY SOLDER, WIRE WRAP, AND PRINTED CIRCUIT BOARD REWORK AND REPAIR TECHNOLOGY 4 Units
Electronics and Computer Technology 113 is a comprehensive course providing functional training in the concepts of high-reliability soldering, solder extraction, and electronics component removal/replacement, including terminal interconnections using wire-wrap techniques, and specialized high-technology industrial equipment. This course also encompasses rework, repair, and modification of electronic printed circuit boards. Additionally, automated industrial wave solder processes are studied. Laboratory work emphasizes hands-on experience in detailed applications using specialized industrial work stations, and automated industrial wave solder processes equipment. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 8 units may be earned. Students who have taken Electronics and Computer Technology 111 will receive only 2 units of credit for Electronics and Computer Technology 113.

201-SOLID STATE DEVICES 4 Units
Electronics and Computer Technology 201 encompasses the study of Solid-State semiconductor theory, including diode rectifiers, filtered power supplies, transistor and FET amplifiers, IC oscillators, and thyristor devices. Laboratory experiments will consist of constructing solid-state circuits, and performing circuit analysis and diagnostics of electronic parameters using state-of-the-art digital electronic test equipment. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** Electronics and Computer Technology 102 or equivalent. **Transfer credit: CSU**

202-INTEGRATED CIRCUIT ELECTRONICS 4 Units
Electronics and Computer Technology 202 is a comprehensive study and applied analysis of linear integrated circuit (IC) electronics technology. Lab develops skills in constructing, testing, and analyzing operational amplifier, differentiator and integrator, voltage and current regulator, oscillator and function generator, active filter, converter, and phase-lock loop IC circuits, using advanced electronics test equipment. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** Electronics and Computer Technology 201 or equivalent. **Transfer credit: CSU**

203-MICROCOMPUTER TECHNOLOGY I 4 Units
Electronics and Computer Technology 203 presents the basic principles of microcomputer integrated circuit technology. It is designed to provide the students with an understanding of the basic principles of integrated circuit microprocessor technology and its applications in 8-bit computers. Lecture 3 hours, laboratory
3 hours. **Prerequisite:** Electronics and Computer Technology 104 or equivalent. **Transfer credit:** CSU

### 204-MICROCOMPUTER TECHNOLOGY II

**4 Units**

Electronics and Computer Technology 204 is a continuation of Electronics 203. Principles of integrated circuits, microcomputers, mnemonics, interfacing, and application will be covered, emphasizing 16-bit and 32-bit computers. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** Electronics and Computer Technology 203 or equivalent. **Transfer credit:** CSU

### 206-BASIC ELECTRONICS I

**1-3 Units**

Electronics and Computer Technology 206 is a basic course in electronics, introducing fundamental concepts of direct current (DC); applying Ohm’s Law; explaining series, parallel, and combination DC circuits; electrical power; concepts of alternating current (AC), and a survey of electronic systems. Lecture 3 hours, laboratory 1 hour. **Prerequisite:** None. **Corequisite:** ESL 177

### 207-BASIC ELECTRONICS II

**3 Units**

Not offered.

### 210-ELECTRONICS INSTRUMENTS AND MEASUREMENTS

**4 Units**

Electronics and Computer Technology 210 is a comprehensive study of the theory of operation, characteristics, and applications of electronics specialized test and measurement instruments, including analog and digital meters, oscilloscopes, oscillators, generators, electronic counters, and impedance bridge networks. Precision measurements and relevant mathematical procedures are emphasized in the test, measurement and analysis of the operational parameters and performance of electronic printed circuits. Lecture 3 hours, laboratory 3 hours. **Recommended Preparation:** Electronics and Computer Technology 101, 103 or 110 or equivalent. **Transfer credit:** CSU

### 212-ADVANCED MICROCOMPUTER REPAIR TECHNOLOGIES

**4 Units**

Electronics and Computer Technology 212 teaches students the methods of troubleshooting and repairing advanced microcomputer systems. Specific areas of concentration include network hardware for both IBM and Apple systems. Some emphasis on network software, such as Novell and X.25, is placed on troubleshooting and repairing of the systems. Lab experiences consist of diagnosis and repair of computer systems at campus locations, or during lab experience. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** Electronics and Computer Technology 112.

### 222-COMMUNICATIONS SYSTEMS

**4 Units**

Electronics and Computer Technology 222 is a comprehensive study of electronic communications systems, from the theory of fundamental radio frequency (RF) circuits to complex space-age technology. Specific areas of concentration in this course include RF oscillators, modulators and amplifiers, radio communications, AM and FM techniques, pulse and data communications, transmission lines, antennas and waveguides, and satellite communications. Laboratory experiments deal with RF circuit/system troubleshooting and instrumentation applications, including microcomputer simulation. Lecture 3 hours, laboratory 3 hours. **Prerequisite:** Electronics and Computer Technology 201.

### EMERGENCY MEDICAL TECHNOLOGY

### 101-EMERGENCY MEDICAL TECHNICIAN

**6 Units**

Acquisition of basic knowledge, skills and attitudes necessary to effectively respond to emergency situations that threaten the lives of individuals. Lecture-laboratory 6 hours per week, plus 44 clinical hours and 16 hours of ambulance training to be arranged during the course. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** Upon completion of Emergency Medical Technology 101 with a grade of “C” or better the student will meet the California State Department of Health Criteria for EMT-1 (Ambulance) Training and will be eligible to sit for the National Registry Examination.

### 102-REFRESHER COURSE

**1 Unit**

This program is required every two years by the State Department of Health, Emergency Services, to update the original course. New equipment and medical techniques will be introduced. Lecture/laboratory, total of 20 hours. **Prerequisite:** Emergency Medical Technology 101.
ENGINEERING

101-ENGINEERING DRAWING  3 Units
Engineering 101 is an in-depth study course
designed to present training in the manipulation
of instruments, lettering, orthographic projec-
tion, sketching, drawing auxiliary and pictorial
views, sectioning and dimensioning. Lecture 2 hours, laboratory 4 hours. Recommended
Preparation: Eligibility for English 120 or
ESL 151. Transfer credit: CSU

103-DESCRIPTIVE GEOMETRY  3 Units
Engineering 103 presents a study of a valuable
engineering tool which facilitates the solution of
engineering problems graphically. A study
of lines and planes in space. The representation
of surfaces, solids, interferences, and intersec-
tions. Excellent training in visualization and
interpretation of engineering drawings. Lecture
2 hours, laboratory 4 hours. Prerequisite:
Architecture 101 or Drafting 131 or Engineer-
ing 101 or one year of mechanical drawing in
high school. Note: This course may not be
taken for credit by students who have com-
pleted Architecture 103. Transfer credit: CSU,
UC, USC

104-ADVANCED ENGINEERING
DRAWING  3 Units
Engineering 104 is designed to acquaint the
trainee with delineation of simple machine
parts including problems in visualization,
dimensioning and tolerances, screw threads
and fasteners, freehand sketching, pictorial
drawing, piping, welding, gears and cams, as-
sembly and working drawings. Special empha-
sis is laid upon the interpretation and produc-
tion of drawings which conform to standard
practice. Lecture 2 hours, laboratory 4 hours.
Prerequisite: Engineering 101 or Drafting 131
or one year of mechanical drawing in high
school. Transfer credit: CSU, UC, USC

110-STATICS  3 Units
Not offered. Transfer credit: CSU, USC

ENGLISH

101-FRESHMAN ENGLISH  3 Units
English 101 is a foundation course in critical
reading and writing skills required of those
students intending to transfer to a university.
Through their reading and discussion of
selected prose works, students learn to identify
problems, examine possible solutions, recog-
nize unstated assumptions and values, appraise
evidence, evaluate arguments, draw inferences,
and test conclusions. Through their writing,
students learn to analyze, synthesize, organize
information logically, and propose original
ideas. Lecture 3 hours. Prerequisite: Place-
ment is based on a composite of test scores and
academic background or satisfactory comple-
tion of English 120 or ESL 151. Transfer
credit: CSU, UC, USC (CAN ENGL 2)
102-FRESHMAN ENGLISH 3 Units
English 102 is an introduction to literature which continues instruction and practice in composition related to the study and evaluation of types of imaginative literature, including the short story, novel, drama, and poetry. Lecture 3 hours. Prerequisite: English 101. Transfer credit: CSU, UC, USC (CAN ENGL 4)

103-CREATIVE WRITING WORKSHOP 3 Units
English 103 consists of an introduction to the theory and practice of creative verbal expression in the major imaginative literary forms: (1) non-fiction and fiction prose, (2) poetry, and (3) drama. Emphasis is placed on step by step instruction in creating the finished piece of writing, with much group discussion of student writing. Lecture 3 hours. Prerequisite: Eligibility for English 101 or equivalent. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU, UC, USC (CAN ENGL 6)

104-ADVANCED COMPOSITION: CRITICAL THINKING AND ARGUMENTATION 3 Units
English 104 is designed to be a continuation of English 101. Consequently, the primary focus of the course will be instruction in writing. In addition, students will learn to read and think critically and to develop their analytical and argumentative writing skills. The course takes students beyond the level of English 101 by providing a more advanced understanding of the relationship of language to logic and by further promoting the ability to reason effectively and reach valid conclusions. Writing forms and strategies are taught within the contexts of contemporary ideas and cultural diversity as reflected in selected readings. Lecture 3 hours. Prerequisite: English 101. Transfer credit: CSU, UC, USC

105-SURVEY OF ENGLISH LITERATURE FROM THE ANGLO-SAXON PERIOD TO 1780 3 Units
English 105 is a survey course covering the development of English literature from the beginning to 1780 and emphasizing the development of thought in relation to historical and social backgrounds. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC (CAN ENGL 8)

106-SURVEY OF ENGLISH LITERATURE FROM 1780 TO THE PRESENT TIME 3 Units
English 106 is a survey course covering the development of English literature from 1780 to the present time. English 106 continues to study the development of thought as an expression of our cultural heritage. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC (CAN ENGL 10)

107-TWENTIETH CENTURY POETRY I 3 Units
English 107 consists of an historical orientation to twentieth century poetry a discussion of the significant poets to approximately mid-century, and an intensive study of the most important modernist and contemporary poets of this period. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

108-TWENTIETH CENTURY POETRY II 3 Units
English 108 consists of a historical orientation to twentieth century poetry from about mid-century to the present. The course examines the influences of modernist poets on contemporary English and American poetry, including the innovations of Russian, European, and Latin-American poets. An in-depth study of the major poets of this period emphasizes the development of new trends in response to aesthetic and cultural changes in society. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

109-INTRODUCTION TO LITERATURE OF THE WESTERN WORLD 3 Units
English 109 is a survey of the literature of the Western World from ancient times to the Renaissance. It includes selections from the Old and New Testaments; Celtic, Germanic, Norse, and French mythologies; and representative works from the Middle Ages and the Renaissance. Emphasis is placed on the Greek and Roman classics. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

110-INTRODUCTION TO LITERATURE OF THE WESTERN WORLD 3 Units
English 110 is a survey of the literature of the Western World from the Enlightenment to the present time. Emphasis is placed on the cultural history and history of important ideas reflected in the literary works, as well as the development of literary techniques and style. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC
111-WOMEN IN LITERATURE 3 Units
English 111 is a comparative study of the roles assigned to women in literature by both male and female authors. The course critically examines the literary and cultural stereotypes of women in the short story, novel, poetry, and drama. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

112-SCREENWRITING 3 Units
English 112 is a basic course in the principles and practice of writing for movies and television. Emphasis is placed upon the essentials of structure, characterization, and format as required by this type of writing. Students must complete a finished script by the end of the course. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

113-AN INTRODUCTION TO LIBRARY RESEARCH 1 Unit
English 113 offers an introduction to using libraries and doing research. It provides practical experience, in tutorial style, for using typical library classification systems, gathering data from reference works, and evaluating sources. The student will also be introduced to online computer searches. Laboratory 3 hours. Prerequisite: None. Transfer credit: CSU, UC

114-INTRODUCTION TO POETRY 3 Units
English 114 consists of an introduction to the basic structural, stylistic, and thematic elements of poetry with emphasis on the major poets and their contribution to the craft. An analysis of poetic techniques will allow students to compare and contrast the development of various forms of poetry including traditional and experimental verse. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC

115-INTRODUCTION TO FICTION 3 Units
English 115 will introduce students to a variety of structural and stylistic elements, critical concepts, and themes that will help them analyze and appreciate works of fiction. Students will be encouraged to express their interpretations of readings in classroom discussions, and they will learn and practice effective methods of writing about works of fiction. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC

116-INTRODUCTION TO DRAMA 3 Units
English 116 is an historical survey of drama as a genre from the Classical period to the present day. The course will introduce students to the elements of drama, and will emphasize class analysis or representative plays from selected periods. Students will be encouraged to express their interpretations of plays and will write critical papers about dramatic works. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC

118-ANALYTICAL READING 3 Units
English 118 provides students with the techniques to analyze and critically evaluate written and oral communication, to make logical judgments about that material, and to reach independent conclusions on the views and ideas that have been presented. Lecture 3 hours. Prerequisite: Eligibility for English 101. Transfer credit: CSU

120-COMPOSITION AND READING 3 Units
English 120 is designed for the student who wants to prepare for the writing required in college classes. The course will emphasize practice in the writing of thesis-based essays and the critical analysis of selected prose works dealing with important contemporary ideas. English 120 will provide practice in the mechanics, style, and organization of paragraphs and essays. It satisfies the Associate degree writing requirement and is a prerequisite for English 101, a composition course required for all four-year schools. Lecture 3 hours. Prerequisite: English 191 (3 units) or placement based on a composite of test scores and academic background. Recommended Preparation: English 192. (Enrich 192 may be taken concurrently.) Note: This course may not be taken for credit by students who have completed English 101 or Business-General 110 and allows 2 units of credit to those who have completed Business-General 101.

121-READING LITERATURE 3 Units
English 121 is designed to introduce students to the major forms of creative literature - short story, novel, drama, and poetry written by the best modern authors and poets. The course is planned to develop a greater appreciation and understanding of the literature of our time, with special emphasis on the literary expression of contemporary issues. It is designed for the non-English major and for the student planning to
earn an Associate in Arts degree. Lecture 3 hours. **Prerequisite:** Eligibility for English 120 or ESL 151.

**122-AMERICAN LITERATURE TO 1865** 3 Units

English 122 is designed to give the student a generous sample of the works of major American writers from Colonial days to the Civil War, and to relate these works to the history of ideas. Important historical movements are traced so that students may gain increased understanding of America's heritage. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC (CAN ENGL 14)

**123-AMERICAN LITERATURE FROM 1865 TO THE PRESENT** 3 Units

English 123 is designed to give a generous sample of the works of major American writers from the Civil War to the present day. The course is intended to enrich the student's understanding of selected major American works. The important literary movements, with their sociological implications, are traced so that the student can acquire a background for critical judgment of contemporary American writing. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC (CAN ENGL 16)

**124-CONTEMPORARY LITERATURE** 3 Units

English 124 is a study of representative literature after World War II focusing on fiction and drama with some consideration given to poetry. The course deals with contemporary philosophical, political and psychological issues and problems addressed in the works of contemporary authors selected internationally, and considers the artistic techniques employed in those works. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**125-SHAKESPEARE** 3 Units

English 125 is an introduction to the works of Shakespeare. The course is focused on a close study of Shakespeare's major plays. It also provides a background and insights into the Elizabethan world so that the student may more fully understand and appreciate Shakespeare's writings. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**126-THE MODERN DRAMA** 3 Units

English 126 is a survey of modern plays and playwrights. Representative works of European and American dramatists are read with special attention given to the literary and sociological importance of plays written since 1870. Also considered are important developments in stagecraft and theatre construction which have had an influence on the playwrights. The aim of the course is to enable students to recognize differing views of human problems as dramatized by a wide variety of playwrights in the last one hundred years and to encourage objective, analytical judgments of literary excellence. Lecture 3 hours. **Prerequisite:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**127-CHILDREN’S LITERATURE** 3 Units

English 127 is designed to develop the ability of students to select and use literature with children. As students read and discuss a broad range of children's literature, including both prose and poetry, they develop standards for judging children's literature and determining the appropriateness of a given literary work for an individual child. Students practice storytelling techniques and prepare activities to help children appreciate literature and grow through exposure to it. Lecture 3 hours. **Prerequisite:** Eligibility for English 101. **Transfer credit:** CSU, USC

**128-THE BIBLE AS LITERATURE** 3 Units

English 128 is a general introduction to the Bible: its characters, recurrent themes, images and symbols. The course presents information regarding the literary divisions, the language, and text of each book as well as its composition, authorship, date, and contents. Attention is given to literary, historical, geographical, archaeological, and theological matters, including the formation of the canon, modern approaches to biblical study, and principal English versions of the Scriptures. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**130-SCIENCE FICTION LITERATURE** 3 Units

English 130 is a survey of science fiction from the late 19th Century to the present, concentrating on 20th Century writers. The student will read, analyze, and discuss the history of science fiction, major themes, genres (short story, novels, drama, poetry), media (radio, cinema,
television), fandom (clubs, fan publications, conventions), and the function of science fiction as a literary form that reflects human concern with solving or escaping problems in an increasingly scientific and technological age. Lecture 3 hours. Recommended Preparation: English 101. Transfer credit: CSU, UC, USC

131-TECHNICAL ENGLISH 3 Units
Not offered

132-INDUSTRIAL ENGLISH 3 Units
NON-DEGREE APPLICABLE
Not offered

150-READING SKILL BUILDING FOR ADULTS WITH LEARNING DISABILITIES 2 Units
NON-DEGREE APPLICABLE

English 150 is designed for the learning disabled adult with disorders in processing written information or with dyslexia. The course provides exposure to and practice in reading skills appropriate to the student's demonstrated strengths and weakness. Lecture 2 hours, laboratory 1 hour. Prerequisite: Student must have a professionally verified learning disability. Note: This course may be taken 4 times; a maximum of 8 units may be earned.

151-DEVELOPING FUNDAMENTAL WRITING SKILLS FOR ADULTS WITH LEARNING DISABILITIES 2 Units
NON-DEGREE APPLICABLE

English 151 is designed to provide the learning disabled student with skills in the areas of sentence construction, syntax, language development, and an understanding of the relationship between correct oral and written English communication. Lecture 2 hours, laboratory 1 hour. Prerequisite: Student must have an identified learning disability. Note: This course may be taken 4 times; a maximum of 8 units may be earned.

155-VOCABULARY BUILDING I 1 Unit
NON-DEGREE APPLICABLE

English 155 is a course designed to help Title 5 eligible students increase their basic vocabulary comprehension and usage. Through class discussion, written assignments, and computer aided laboratory assignments, students will enhance their basic vocabulary. Lecture 2 hours, laboratory 1 hour. (9 weeks) Prerequisite: Eligibility is contingent upon meeting Title 5 Section 56028 guidelines for learning disabled students and recommendation of the Learning Disabilities Specialist. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

156-VOCABULARY BUILDING II 1 Unit
NON-DEGREE APPLICABLE

English 156 is a continuation of English 155 and is designed to help Title 5 eligible students increase their course related vocabulary comprehension and usage. Through class discussion, written assignments, and computer aided laboratory assignments, students will enhance their technical vocabulary. Lecture 2 hours, laboratory 1 hour. (9 weeks) Prerequisite: Eligibility is contingent upon meeting Title 5 Section 56028 guidelines for learning disabled students and recommendation of the Learning Disabilities Specialist. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

157-ESSENTIAL SPELLING SKILLS 1 Unit
NON-DEGREE APPLICABLE

English 157 is a course designed to improve spelling proficiency with special emphasis on developing practical spelling techniques. Lecture 2 hours, laboratory 1 hour. Prerequisite: Eligibility is contingent upon meeting Title 5 Section 56028 guidelines for learning disabled students and recommendation of the Learning Disabilities Specialist. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

180-ENGLISH FOR THE PARA-PROFESSIONAL 3 Units
Not offered. Transfer credit: CSU

181-BASIC COMMUNICATION-SPELLING 1 Unit
NON-DEGREE APPLICABLE

English 181 is a course specifically for the community college student who lacks basic spelling skills. It is a practical see, hear, and write approach to spelling the words of a basic and everyday vocabulary. Its emphasis is on the world of work; its method is based on programmed learning techniques as assisted by audio coaching. Diagnostic testing locates specific weaknesses and prescribes a program to meet these needs. Credit to be awarded upon completion of all the modules. Laboratory 3 hours. Prerequisite: None
182-BASIC COMMUNICATION-
VOCABULARY 1 Unit
NON-DEGREE APPLICABLE

English 182 is designed to help students develop a wide variety of vocabulary skills. The modular system allows students to work on one skill at a time and to work first on the skills they need the most. The audio-tutorial format allows students to work individually, progressing at their own rate and reviewing a topic as many times as necessary to achieve full understanding and mastery of it. Credit will be awarded upon completion of all the modules. Laboratory 3 hours. Prerequisite: None.

183-BASIC COMMUNICATION-
GRAMMAR 1 Unit
NON-DEGREE APPLICABLE

English 183 is designed to provide the student with the basic background and skills necessary for recognizing and remedying frequently made grammatical errors. This course, which is individualized, self-paced, interactive, and audio tutorial, introduces the student to basic English constructions and sentence-level writing problems. Credit will be awarded upon completion of all the modules. Laboratory 3 hours. Prerequisite: None.

184-BASIC SPELLING1 Unit
NON-DEGREE APPLICABLE

English 184 is designed for students who need to practice spelling English words the way they sound. Students practice spelling both short and longer words in English. The course focuses on sound-letter relationships, taking into account the factors of position, environment, and stress. In other words, students learn to predict the letter or combination of letters that will most likely be used to spell each English sound at the beginning, middle, and end of English syllables or words. Lecture 1 hour. Prerequisite: None.

185-ADVANCED SPELLING 1 Unit
NON-DEGREE APPLICABLE

English 185 is designed for students who spell words the way they sound, but who need practice in applying more complex spelling generalizations, and in spelling longer words or words that do not follow these generalizations. The course reviews sound-letter relationships, but focuses on the changes that take place in words as they change form or part of speech. Context, history, and meaning are emphasized as ways to predict the correct spelling of English words. Lecture 1 hour. Prerequisite: None.

188-INTRODUCTION TO
ACADEMIC READING 1-3 Units
NON-DEGREE APPLICABLE

English 188 is a reading course designed for students who lack basic skills. Various word attack skills are covered, including phonics, word analysis through the study of prefixes and word roots, and the use of context clues. Methods to improve comprehension are covered. Students are grouped into ability levels and organized into study sessions. There is extensive use of computer assisted instruction to drill vocabulary and to practice skills covered in class. Lecture 3 hours, laboratory 3 hours. Prerequisite: Placement is based on a composite of test scores and academic background. English 188 must be taken prior to or concurrently with English 189. Note: This course may be taken 3 times; a maximum of 3 units may be earned.

189-WRITING WORKSHOP I 1-3 Units
NON-DEGREE APPLICABLE

English 189 is designed for students who need to practice writing clear sentences and paragraphs in standard English. The course is a writing workshop. It involves the students actively in reading, writing, discussing, and re-writing. Individualized computer lessons provide tutorials and practice in the grammar and mechanics of writing. Word processors help students plan, write, check, and revise what they have written. The course helps students increase their familiarity with the style, form and structures of written English and improves their ability to compose and edit sentences and paragraphs in English. Lecture 3 hours, laboratory 2 hours. Prerequisite: Placement is based on a composite of test scores and academic background, and satisfactory completion of English 188. (English 188 may be taken concurrently.) Note: This course may be taken 3 times; a maximum of 3 units may be earned.

190-INTERMEDIATE
ACADEMIC READING 1-3 Units
NON-DEGREE APPLICABLE

English 190 is a reading course designed for students who wish to improve their college reading skills. Various textbook study methods
are covered, as are memory improvement, vocabulary building through the study of prefixes and roots, and the use of context clues. Some basic word attack skills are reviewed, but the emphasis of the course is on strengthening higher level reading comprehension as well as improving critical reading. Methods to improve literal and inferential comprehension are covered. Lecture 3 hours, laboratory 3 hours. Prerequisite: Placement is based on a composite of test scores and academic background. English 190 must be taken prior to or concurrently with English 191. Note: This course may be taken 3 times; a maximum of 3 units may be earned.

191-WRITING WORKSHOP II 1-3 Units NON-DEGREE APPLICABLE

English 191 is designed for students who need practice writing more sophisticated sentences, paragraphs, and short compositions in standard English. Class is conducted as a writing workshop. It involves the students actively in reading, writing, discussing, and re-writing. Individualized computer lessons provide tutorials and practice in the grammar and mechanics of writing. Word processors help students plan, write, check, and revise what they have written. The course helps students increase their familiarity with the style, form, and structures of written English and improves their ability to compose and edit sentences, paragraphs, and short compositions. Lecture 3 hours, laboratory 1-3 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of English 189. Concurrent enrollment in or satisfactory completion of English 190 is required. Note: This course may be taken 3 times; a maximum of 3 units may be earned. All 3 units must be satisfactorily completed to advance to English 120.

192-ADVANCED COLLEGE READING 1-3 Units

English 192 is a reading course designed for students who are generally good readers, but who wish to improve their reading speed and comprehension. Various speed reading techniques are covered, as well as vocabulary building through the study of prefixes and roots, and the use of context clues. Comprehension skills are reviewed as are the use of analogies and critical reading methods. Written book reviews and summaries are assigned. Lecture 3 hours, laboratory 1-3 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of English 190. Recommended Preparation: Concurrent enrollment in English 120. Note: This course may be taken 3 times; a maximum of 3 units may be earned.

200-SPEED READING 1 Unit

English 200 is a college-level speed reading course designed for advanced students who read well yet who need to increase their reading rate. There is heavy emphasis on matching improvements in reading rates with consistent or increased comprehension. A variety of self-pacing techniques are taught. Also covered are ways to increase eyespan and to cut down on vocalization and regression. Lecture 2 hours. Prerequisite: Eligibility for English 101. Note: The instructor may require up to 2 hours of laboratory work each week in the Learning Center. This course may be taken 2 times; a maximum of 2 units may be earned.

111-GRAMMAR AND WRITING I 3 Units
(Formerly ESL 171) NON-DEGREE APPLICABLE

English as a Second Language 111 is designed for students at the beginning level of English. This course provides instruction in vocabulary, basic sentence structure, and simple reading and writing. Students write short paragraphs with correct punctuation and spelling. They practice idiomatic expressions used in writing and discuss cultural differences to help them adapt more quickly to college life in the United
States. Lecture 5 hours. **Prerequisite:** Placement is based on a composite of test scores and academic background. **Recommended Preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course.

**115-LISTENING AND SPEAKING I**  
3 Units  
(Formerly ESL 172)  
NON-DEGREE APPLICABLE

English as a Second Language 115 is designed for students who cannot communicate effectively even in the most basic situations on the community college campus. Dialogues are presented, and students participate in role plays of campus-related situations in class and on the campus at large. Clear speaking, listening, and pronouncing are stressed in classroom drills and activities. Laboratory assignments may be made by the instructor based on individual student needs. Lecture 5 hours. **Prerequisite:** Placement is based on a composite of test scores and academic background. **Recommended Preparation:** Concurrent enrollment in an ESL grammar and writing course. **Note:** The course grade will be “credit” or “no credit.” There will be no letter grades for ESL 115.

**116-READING AND VOCABULARY FOR ESL I STUDENTS**  
3 Units  
(Formerly ESL 173)  
NON-DEGREE APPLICABLE

English as a Second Language 116 is designed to help beginning ESL students read simple passages. The course places heavy emphasis on basic vocabulary development and dictionary skills. Students study the relationships between sounds and spelling, and practice using various reading strategies to increase their reading comprehension. Lecture 3 hours. **Prerequisite:** Placement is based on a composite of test scores and academic background. **Recommended Preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and an ESL grammar and writing course and a reading course. **Note:** The course grade will be “credit” or “no credit.” There will be no letter grades for ESL 116.

**121-GRAMMAR AND WRITING II—**  
FIRST HALF 2 Units  
(Formerly ESL 163-A)

English as a Second Language 121 is designed for students at the low intermediate level of English. This course focuses on grammar, reading, and composition. Students write one-paragraph compositions. Special emphasis is placed on the acquisition of vocabulary, idioms, and structures appropriate for writing. The course stresses the correct use of a variety of grammatical structures and verb tenses within short paragraphs. Lecture 5 hours. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 111. **Recommended Preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. **Transfer credit:** UC

**122-GRAMMAR AND WRITING II—SECOND HALF**  
2 Units  
(Formerly ESL 163B)

English as a Second Language 122 is designed for students at the low intermediate level of English. This course focuses on grammar, reading, and composition. Students write one- to two-paragraph compositions. Special emphasis is placed on the acquisition of vocabulary, idioms, and structures appropriate for writing. The course stresses the correct use of a variety of grammatical structures and verb tenses within compositions. Lecture 5 hours. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 121. **Recommended Preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. **Transfer credit:** UC

**123-GRAMMAR AND WRITING II**  
4 Units  
(Formerly ESL 163)

English as a Second Language 123 is designed for students at the low intermediate level of English. This course focuses on grammar, reading, and composition. Students write one- to two-paragraph compositions. Special emphasis is placed on the acquisition of vocabulary, idioms, and structures appropriate for writing. The course stresses the correct use of a variety of grammatical structures and verb tenses within compositions. Lecture 5 hours. **Prerequisite:** Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 116. **Recommended Preparation:** Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. **Transfer credit:** UC, USC.
125-LISTENING AND SPEAKING II  2 Units  
(Formerly ESL 162) 
NON-DEGREE APPLICABLE

English as a Second Language 125 presents listening comprehension strategies as well as practice in the pronunciation of individual sounds, word and sentence stress, and intonation patterns. Oral communication skills are strengthened through such activities as dialogues and role playing, as well as pair, group, and class discussion. Both formal and informal vocabulary and idioms are taught and tested. Lecture 4 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 115. Recommended Preparation: Concurrent enrollment in an appropriate ESL grammar and writing course and a reading course.

126-READING AND VOCABULARY FOR ESL II STUDENTS  3 Units

English as a Second Language 126 is designed to help lower-intermediate ESL students read academic materials. The course emphasizes vocabulary development by inferring meaning from context and by understanding affixes. Reading skills are practiced on passages from various fields, and a complete work is read. Lecture 3 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 116. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and an ESL grammar and writing course.

131-GRAMMAR AND WRITING III—FIRST HALF  2 Units  
(Formerly ESL 164A)

English as a Second Language 131 is designed for students at the high intermediate level of English. The course focuses on grammar, controlled composition, and reading. Students study complex grammatical structures and write three-paragraph compositions using them. Lecture 5 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 123 or ESL 122. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. Transfer credit: CSU, UC

132-GRAMMAR AND WRITING III—SECOND HALF  2 Units  
(Formerly ESL 164B)

English as a Second Language 132 is designed for students at the high intermediate level of English. The course focuses on grammar, controlled composition, and reading. Students study increasingly complex grammatical structures and write three-paragraph compositions using them. Lecture 5 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 131. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. Transfer credit: CSU, UC

133-GRAMMAR AND WRITING III  4 Units  
(Formerly ESL 164)

English as a Second Language 133 is designed for students at the high intermediate level of English. The course focuses on grammar, controlled composition, and reading. Students study complex grammatical structures and write three-paragraph compositions using them. Lecture 5 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 123 or ESL 122. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. Transfer credit: CSU, UC, USC

135-LISTENING AND SPEAKING III  2 Units  
(Formerly ESL 167)

English as a Second Language 135 stresses listening comprehension as well as oral communication by means of reports, short speeches, and small group and class discussion of high-interest topics. The standard pronunciation of individual sounds, as well as stress and intonation patterns are presented, drilled and tested. The students will study formal and informal idioms and vocabulary to improve their ability to communicate orally. Some work is done to correct the problems of individual students. In addition, laboratory assignments may be made based on individual student needs. Lecture 4 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 125. Recommended Preparation: Concurrent enrollment in an appropriate ESL grammar and writing course and a reading course. Transfer credit: CSU
136-READING AND VOCABULARY FOR ESL III STUDENTS  3 Units
English as a Second Language 136 is designed to encourage intermediate ESL students to read extensively and promote English language proficiency and reading skills. Students read complete works of fiction and non-fiction, determine what questions those works raise, and discuss and write about their understanding of the texts. Lecture 3 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 126. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and in an ESL grammar and writing course. Transfer credit: CSU

141-GRAMMAR AND WRITING IV  4 Units
(Formerly ESL 166)
English as a Second Language 141 is designed for students at the advanced level of grammar in English. The course provides practice in applying advanced grammatical structures through writing exercises and original compositions. Critical analysis of academic reading passages encourages independent thinking and the expression of informed opinion. Topic selection and paragraph and essay development are also stressed. Lecture 5 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 133 or ESL 132. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course and a reading course. Transfer credit: CSU, UC, USC

145-LISTENING AND SPEAKING IV  2 Units
(Formerly ESL 144)
English as a Second Language 145 stresses fluency and clarity in delivery of speeches as well as in various communicative activities. These may involve the preparation and presentation of reports, summaries, and persuasive speeches. Students are exhorted to use the vocabulary and grammatical structures appropriate to formal settings. Culturally appropriate subtleties such as body language are reviewed in order to maximize the efficacy of communication. Listening comprehension and lecture/note-taking skills are practiced and evaluated. Lecture 3 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 135. Recommended Preparation: Concurrent enrollment in an appropriate ESL grammar and writing course and a reading course. Note: This course is taught at a level of vocabulary equivalent to ESL 141. Transfer credit: CSU

151-READING AND COMPOSITION V  4 Units
(Formerly ESL 165)
English as a Second Language 151 is designed for non-native students who are proficient in English and are able to compete with native students in most college courses except those that may require essay exams. The course gives students extensive practice in rhetorical modes of exposition and argument. It emphasizes analytical and expository writing at the essay level, as well as critical reading, and gives students practice in writing essay examinations. The course stresses both organization and in-depth essay development. Students work to eliminate weaknesses in syntax, idiomatic usage, and grammar. Library research techniques are introduced and a short research paper is completed. Lecture 4 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 141. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course. Transfer credit: CSU, UC, USC

155-LISTENING AND SPEAKING V  2 Units
(Formerly ESL 168)
English as a Second Language 155 concentrates on reducing foreign accents in the speech of otherwise articulate non-native students. Intensive practice in the production of individual sounds, rhythm, stress, intonation, phraseology helps students communicate more effectively and helps prepare them for upper division ESL phonetics courses. Students learn to use formal diction by making oral presentations and participating in class debates. They practice expressive speaking, appropriate facial expressions, and hand and body gestures. Laboratory assignments may be made at the discretion of the instructor. Lecture 3 hours. Prerequisite: Placement is based on a composite of test scores and academic background or satisfactory completion of ESL 145. Recommended Preparation: Concurrent enrollment in an appropriate ESL grammar and writing course and a reading course. Transfer credit: CSU
177-ENGLISH FOR SPECIAL PURPOSES 2 Units
NON-DEGREE APPLICABLE

English as a Second Language 177 is designed to familiarize vocational education students with the terminology used in individual vocational training programs. Students learn effective notetaking techniques and study the idiomatic expressions and basic introductory material needed for them to understand and complete entry level course work. Lecture 2 hours, laboratory 1 hour. Prerequisite: ESL 123 or equivalent or a satisfactory score on the Glendale Community College ESL Placement Test. Recommended Preparation: Concurrent enrollment in an appropriate ESL listening and speaking course, ESL grammar and writing course, and a reading course.

ETHNIC STUDIES

101-LATIN AMERICAN CULTURAL EXPRESSION 3 Units

Ethnic Studies 101 surveys the cultural background that has shaped the present Latin American societies. The course will analyze such areas as: society culture, the psychology of the Latin American, city and rural life styles, religion, women, education and the role of the university, the artists and their role in politics, cultural imperialism, music and artistic expression, Latin American cinema, art in revolutionary societies, new song movement. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

102-LATINOS IN THE UNITED STATES 3 Units

Ethnic Studies 102 surveys the social, political, economic and cultural development and experience of the various Latin Americans in the United States. The survey will include the following groups: Mexicans, Puerto Ricans, Cubans and other Caribbeans, Central and South Americans. The course will also analyze the contributions made by the Latin Americans to the economic development of the North American society. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

110-CONTEMPORARY ETHNIC WOMEN 3 Units

Ethnic Studies 110 is a survey of the contemporary status of ethnic women in North American society. This course will make relevant cross-cultural comparisons using contemporary issues and their relation to the ethnic women of today. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

111-EUROPEAN IMMIGRANTS IN AMERICA, 1776 TO PRESENT 3 Units

Ethnic Studies 111 is a survey course which examines the history and experiences of Euro-
pean immigrants in America from the late eighteenth century to the present. The course will examine the immigration process itself, consider specific groups (British, Irish, German, Italian, Polish, Jewish, Greek, etc.) assess the reaction to immigration by white Americans, and evaluate the contribution made by European immigrants to American society. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

122-INTRODUCTION TO ASIAN AMERICAN CULTURE 3 Units
Ethnic Studies 122 is a survey course which will introduce students to the special elements unique to Asian culture. This course will also focus on the various dilemmas faced by Asian Americans as their respective cultural "roots" come into contact with the cultural values of the dominant society. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

124-JAPANESE EXPERIENCE IN AMERICA 3 Units
Ethnic Studies 124 is an in-depth survey of the history of Japanese immigrants and their descendents in America from the 19th century to the present. The course is designed to meet the needs of students who wish to more fully understand the experience of the Japanese immigrants and their descendents in America. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

132-THE BLACK EXPERIENCE IN AMERICA 3 Units
Ethnic Studies 132 surveys the Black experience in the United States. It will trace the role and contributions of Black people in the development of the United States. The course will include such major topics as: the slave trade, the Revolutionary War and Civil War, the development of Black communities and culture, as well as contemporary Black issues. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

164-THE ARMENIAN DIASPORA 3 Units
Ethnic Studies 164 examines the development of the Armenian Diaspora from the abandonment of the Armenian Question by the United States and the European Powers in 1923, to the unfolding of current events that are critically affecting the Armenian case today. The course focuses on: the growing Armenian-American community; Armenian emigration from the Middle East and Soviet Armenia; pressures of assimilation in the U.S.; activities of community organizations toward preserving Armenian culture; current Armenian affairs and U.S. foreign policy. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

FAMILY AND CONSUMER STUDIES

139-CONSUMER MANAGEMENT 3 Units
Not offered. Transfer credit: CSU

161-THE DYNAMICS OF FOSTER PLACEMENT ½-1 Unit
Not offered.

162-THE ABUSED CHILD IN FOSTER PLACEMENT ½-1 Unit
Not offered.

163-DISCIPLINE AND FOSTER PARENTING ½-1 Unit
Not offered.

164-CONFICT RESOLUTION IN FOSTER HOMES ½-1 Unit
Not offered.

FASHION

100-FASHION DESIGN FUNDAMENTALS 1 Unit
Not offered. Transfer credit: CSU (CANHEC 20)

103-FLAT PATTERN CLOTHING DESIGN I 2 Units
Not offered. Transfer credit: CSU

104-FLAT PATTERN CLOTHING DESIGN II 2 Units
Not offered. Transfer credit: CSU

105-CREATIVE PATTERN APPLICATION 2 Units
Not offered. Transfer credit: CSU

106-ADVANCED FLAT PATTERN I 2 Units
Not offered. Transfer credit: CSU
107-PRODUCTION PATTERN MAKING AND GRADING  2 Units
Not offered. Transfer credit: CSU

108-PROFESSIONAL DRAPING TECHNIQUES I  2 Units
Not offered. Transfer credit: CSU

109-PROFESSIONAL DRAPING TECHNIQUES II  2 Units
Not offered. Transfer credit: CSU

123-FASHION ILLUSTRATING  2 Units
Fashion 123 includes the development of a fashion figure including design concepts. Use of various media includes, pencil, watercolor, chalk, as well as ink, in order to render the figure in costume detail. Students develop skills necessary to render various fabrics, furs, feathers, as well as accessories, including jewelry. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: This course may be taken 3 times; a maximum of 6 units may be earned. Four units will be applied to the certificate.

124-FASHION RETAILING  2 Units
Not offered. Transfer credit: CSU

125-FASHION MERCHANDISING  2 Units
(Also listed as Marketing 125)
Fashion 125 is a study of principles of fashion. The course includes a study of fashion designers, apparel producers, and fashion retailers. Lecture 2 hours. Prerequisite: None. Note: No credit will be granted to students who have completed Marketing 125. Transfer credit: CSU

133-PROFESSIONAL APPEARANCE DEVELOPMENT  3 Units
Not offered.

203-COMPUTER PATTERN MAKING AND GRADING  2 Units
(Also listed as Drafting 203)
Fashion 203 introduces the digitizing of pattern shapes used in the apparel manufacturing industry. Original patterns are designed for an apparel related grouping. Patterns are graded up and down in size by creating a grade scale. A lay-out marker is created. Lecture 1 hour, laboratory 3 hours. Recommended Preparation: Fashion 103 or equivalent, and eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Drafting 203. This course may be taken 2 times; a maximum of 4 units may be earned.

FINANCE

101-INTRODUCTION TO FINANCE  3 Units
Finance 101 introduces the student to the many financial decisions faced by a modern business, along with the analytical tools and concepts necessary for an evaluation of these decisions. The material is applicable to large corporations, small businesses and nonprofit organizations. Lecture 3 hours. Prerequisite: None. Note: One year of accounting is recommended. Transfer credit: CSU

110-FINANCIAL STATEMENT ANALYSIS  3 Units
Finance 110 provides a complete understanding of the Income Statement and the Balance Sheet. These financial statements are further analyzed as to components, and ratios are developed to determine the firm’s financial positions. Lecture 3 hours. Prerequisite: Accounting 101 or equivalent. Transfer credit: CSU

140-INVESTMENTS  3 Units
Finance 140 is designed to develop the student’s understanding of the various public investments available, their potential risks and rewards, and the situations in which they are best used. Topics include investment principles and objectives, the operation of securities markets, investment banking, and asset selection and allocation. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

150-MONEY AND BANKING  3 Units
Finance 150 is a course designed to help students secure employment with investment banking houses, commercial banks, finance companies, stock and commodity exchanges, and securities dealers. It is a study of the American monetary system and American financial institutions. The course allows students to obtain a critical understanding of the Federal Reserve structure, monetary and fiscal policy, and the commercial banking process. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU
161-MONEY MANAGEMENT 3 Units
Finance 161 covers the basic principles of effective money management. The fundamentals of financial planning and the control of current financial actions to reach future financial goals are studied, including such topics as providing for major investments, retirement and pension planning, the tax environment, and the effect of new laws and regulations. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

200-BUYING AND SELLING A BUSINESS 3 Units
(Also listed as Real Estate 200)
Finance 200 presents all the information necessary to conduct the purchase or sale of a small business. This course focuses on what a real estate agent should know so that he or she could properly list, offer, negotiate and sell a business. The techniques of marketing, financing, financial reporting, taxation, merging and business management are covered in detail. Lecture 3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Real Estate 200. Transfer credit: CSU

FIRE TECHNOLOGY

Classes in Fire Technology are offered for students interested in preparing for careers in fire prevention and fire fighting. The course also provides in-service and upgrading instruction for fire fighting personnel. A certificate of completion may be earned.

101-INTRODUCTION TO FIRE PROTECTION AND SUPPRESSION ½-3 Units
Fire Technology 101 is a study to understand the philosophy and history of fire protection; history of loss of life and property by fire; review of municipal fire defenses; study of the organization and function of Federal, State, and County, and private fire protection agencies; and survey of professional fire protection career opportunities. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

103-FUNDAMENTALS OF FIRE PREVENTION ½-3 Units
Fire Technology 103 continues to present organization and function of the fire prevention organizations; inspection; surveying and mapping procedures; recognition of fire hazards; engineering a solution to the hazard; enforcement of the solution; public relations as affected by fire prevention. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

104-FIRE FIGHTING TACTICS AND STRATEGY ½-3 Units
Fire Technology 104 presents the review of fire chemistry, equipment, and personnel; basic fire fighting tactics and strategy; methods of attack; pre-planning fire problems. Review of related codes and ordinances. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

105-FIRE PROTECTION EQUIPMENT AND SYSTEMS ½-3 Units
Fire Technology 105 presents the methods, techniques and practical application of portable fire extinguishing equipment; sprinkler systems; protection systems for special hazards; and fire alarm and detection systems. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

107-FIRE HYDRAULICS ½-3 Units
Fire Technology 107 is designed for review of basic mathematics; hydraulic laws and formulas as applied to the fire service; application of formulas and mental calculation to hydraulic problems; water supply problems; underwriters' requirements for pumps. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

108-FIRE APPARATUS AND EQUIPMENT ½-3 Units
Fire Technology 108 covers the general technical knowledge of driving laws, driving techniques, construction, and operation of pumping engines, ladder trucks, aerial platforms, specialized equipment, and apparatus maintenance. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU
109-RESCUE PRACTICES  ½-3 Units
Fire Technology 109 offers instruction in rescue practices, the human body, emergency care of victims, childbirth, artificial respiration, toxic gases, chemicals and diseases, radioactive hazards, rescue problems and techniques. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

110-FIRE COMPANY ORGANIZATION AND PROCEDURE  ½-3 Units
Fire Technology 110 consists of the review of fire department organization; fire company organization; the company officer; personnel administration; communications; fire equipment; maintenance; training; fire prevention; fire fighting, company fire fighting capability; records and reports; supervision and leadership techniques. Lecture 3 hours. Prerequisite: Fire Technology 101 and 103 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

111-FIRE INVESTIGATION  ½-3 Units
Fire Technology 111 offers an introduction to arson and incendiaryism, arson laws, and types of incendiary fires. Methods of determining fire cause, recognizing and preserving evidence, interviewing and detaining witnesses. Procedures in handling juveniles; court procedure and giving court testimony. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

112-WILDLAND FIRE CONTROL  ½-3 Units
Fire Technology 112 is designed to provide the employed firefighter or fire science major with a fundamental knowledge of the factors affecting wildland fire prevention, fire behavior, and control techniques. Lecture 3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

114-HAZARDOUS MATERIALS  ½-3 Units
Fire Technology 114 is an introduction to basic fire chemistry and physics. This course covers problems of flammability as encountered by fire-fighters when dealing with toxic substances, fuels, explosives, oxidizers and radioactive materials. It also covers fire fighting practices pertaining to hazardous materials in storage and transit. Lecture 1/2-3 hours. Prerequisite: Fire Technology 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

115-FIRE ACADEMY  10 Units
Not offered.

150-FIRE SERVICE INSTRUCTOR TRAINING I  2 Units
Fire Technology 150 offers students the basic methods and techniques employed by fire service personnel to select, develop, and organize material for in-service training programs, evaluation, and application of principles of learning through practice demonstration. Lecture 36 semester hours. Prerequisite: Fire Technology 110 and 115 or employment in a related occupation.

151-FIRE SERVICE INSTRUCTOR TRAINING II  2 Units
Fire Technology 151 provides fire service personnel with a variety of methods and techniques for training others in accordance with the latest concepts in vocational education. Lecture 36 semester hours. Prerequisite: Fire Technology 150 or equivalent. Note: This course will be offered in various time segments depending upon scheduling needs.

FOOD AND NUTRITION STUDIES

110-FOODS FOR MODERN LIVING  3 Units
Food and Nutrition Studies 110 offers practical, scientific, and artistic approaches to foods. Emphasis is on basic information relating to food groups. Students gain experience in planning, purchasing, and procedures of food preparation to meet individual situations. Lecture 2 hours, laboratory 3 hours. Prerequisite: None. Transfer credit: CSU

111-BEGINNING FOOD PREPARATION  5 Units
Food and Nutrition Studies 111 provides an introduction and application of the principles of food preparation for the consumer by professionals. The course emphasizes high production standards, attractive service, use of proper equipment, and efficient use of time. The course also stresses food selection, food storage, food sanitation, and recipe and product evaluation. Lecture 3 hours, laboratory 6 hours. Prerequisite: None. (Food and Nutrition Studies 111 and 112 may be taken concurrently.) Transfer credit: CSU (CAN H EC 8)
112-ADVANCED FOOD PREPARATION 5 Units
Food and Nutrition Studies 112 is a continuation of Food and Nutrition Studies 111. It is the introduction and application of the principles of food preparation. The course emphasizes high production standards, attractive service, use of proper equipment, and efficient use of time. The course also stresses work simplification, nutrition requirements, and preparation of specialized food. Lecture 3 hours, laboratory 6 hours. **Prerequisite:** Food and Nutrition Studies 111 or equivalent. (Food and Nutrition Studies 111 may be taken concurrently.) **Corequisite:** Concurrent enrollment in Cooperative Education/Work Experience (2 units). **Transfer credit:** CSU

113-SANITATION AND SAFETY CONTROL 3 Units
Food and Nutrition Studies 113 studies personal cleanliness, sanitary practices in food preparation, cause, control and investigation of illness caused by food contamination. Dishwashing procedures, sanitation of kitchen equipment, storage and refrigeration procedures are investigated. Investigation of cleaning materials and use of proper disposal of garbage and refuse according to Environmental Protection Agency standards are presented. Necessary safety precautions and accident prevention to meet O.S.H.A. standards are offered. Lecture 3 hours. **Prerequisite:** None.

114-NUTRITION AND MENU PLANNING 3 Units
Food and Nutrition Studies 114 examines the principles of nutrition and their relation to quantity food preparation and menu planning. The course emphasizes menu planning in relation to food custom, various age groups, and deficiency disease applied to quantity food production. Lecture 3 hours. **Prerequisite:** None.

116-QUANTITY FOOD PURCHASING 3 Units
Food and Nutrition Studies 116 examines purchasing of food for institutions with regard to season, convenience, price, kind, and principles of storage and use. Learn to prepare purchasing schedules, inventory forms, and graphs showing seasonal variations. Lecture 3 hours. **Prerequisite:** None.

117-FOOD MANAGEMENT AND COST CONTROL 3 Units
Food and Nutrition Studies 117 is an analysis of menu planning procedures: inventories, costs, profit and loss sheets, menu work sheets, and weight and measures in quality recipes. The student learns to prepare weekly, monthly, and annual reports and determine food cost per meal, labor cost per meal, operational and total cost per meal. Lecture 3 hours. **Prerequisite:** None.

118-DIETARY HEALTH CARE 3 Units
Food and Nutrition Studies 118 is a study of the function of a health care facility dietary department, its policies, financial management and organization of the food service. Consideration is given to appropriate menus for all age groups, modified diets, terminology used, types of food service available, standards of tray and cafeteria service, uniform system of accounting, and the general legal and operational problems. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151.

119-ADVANCED FOOD SERVICES PRACTICE 3 Units
Not offered.

120-ORIENTAL COOKING 3 Units
Food and Nutrition Studies 120 includes an introduction to and application of the principles of Oriental cooking in relation to the food industry. The course emphasizes the use of proper equipment, cutting methods, food preparation, utilization of time, and the blending of flavors and ingredients. Lecture 3 hours. **Prerequisite:** None.

121-FUNDAMENTALS OF MICROWAVE COOKING 1 Unit
Food and Nutrition Studies 121 is a survey and practice course on basic microwave cooking skills and the operation, safety factors, and current use of microwave ovens. Lecture 2 hours (8 weeks). **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 2 units may be earned.

122-INTERNATIONAL COOKING 3 Units
Food and Nutrition Studies 122 is an introduction to culinary principles and techniques derived from countries throughout the world. Specific areas of instruction covered include selection of proper equipment and utensils, correct methods of preparation and procedures.
Food preparation and presentation are also emphasized. Lecture 3 hours. **Prerequisite:** None.

**123-ITALIAN COOKING** 1 Unit
Food and Nutrition Studies 123 presents the application of the principles of Italian cooking in relation to the food service industry. This course is designed to demonstrate various regional Italian cuisines in the use of sauces, entrees, salads and desserts. Lecture 1 hour. **Prerequisite:** None.

**124-BASIC BAKING AND DESSERT MAKING** 3 Units
Food and Nutrition Studies 124 is a professional approach to all aspects of the pastry kitchen as related to the food service industry. The course emphasizes various methods of cake preparation, as well as the basics of baking technology. The course is designed to give students enough knowledge to understand the works of the pastry kitchen and bake shop. Lecture 3 hours. **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned.

**125-ELEMENTS OF NUTRITION** 3 Units
Food and Nutrition Studies presents an overview of the many aspects of nutrition including problems of today, the nutritive processes of the body and dietary planning. Functions, utilization, and recommended allowances of nutrients are emphasized. Consumer education is included. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC *(CAN H EC 2)*

**128-NUTRITION AND PHYSICAL FITNESS** 3 Units *(Also listed as PE 128 and Health 128)*
Food and Nutrition Studies 128 is a course in nutrition and physical fitness. It provides the student with an overall study of the relationship between nutrition and physical fitness. The effects of nutrition on the anatomical and physiological aspects of the body are emphasized. The course also examines the production of energy from the intake of a variety of nutritional sources. The process of metabolism as a means toward energy production and physical activity is also discussed. Meal planning, basic physiology, current nutritional practices, eating disorders, weight control and athletic training are examined as they relate to the nutritional aspects of physical fitness. Lecture 3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Health 128 or Physical Education 128. **Transfer credit:** CSU, UC, USC

**141-NUTRITION AND WEIGHT CONTROL** 2 Units
Food and Nutrition Studies 141 explores causes and control of various eating disorders: including overweight, underweight, and Bulimia (Anorexia Nervosa). The relationship of corrective dietary planning to these disorders is studied. Lecture 2 hours. **Prerequisite:** None.

**142-NUTRITION CONTROVERSIES** 2 Units
Food and Nutrition Studies 142 is a presentation of current nutrition and dietary controversies. Emphasis is placed on dietary planning for optimum health and disease prevention as it relates to menu planning in the food service industry. Lecture 2 hours. **Prerequisite:** None.

**201-RESTAURANT MANAGEMENT** 3 Units
Food and Nutrition Studies 201 covers the principles of operating a food service which are common to all types of commercial and industrial food service. The course covers such areas as sales promotion, advertising, personnel, legal aspects, insurance, labor management relations. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151.

**203-CATERING I** 3 Units
Food and Nutrition Studies 203 studies the theory and practice of operating a catering operation. Practice is given in the managing of the total operation as well as some experience in specialty food preparation. Lecture 2 hours, laboratory 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151.

**207-DINING ROOM SERVICES** 3 Units
Food and Nutrition Studies 207 is an introduction and application of the principles of preparing food sales and presenting service at special events and functions within the scope of the hospitality industry such as teas, receptions, weddings and banquets. The course covers the management of a dining room including good housekeeping techniques, fine food, and efficient service. Types of dining service included are: waited table service (French, Russian, American, English), limited service, counter, tray service, catering, and vending. Lecture 2 hours, laboratory 4 hours. **Recommended**
**Preparation:** Eligibility for English 120 or ESL 151.

**214-BEVERAGES AND WINE SERVICE 3 Units**
Food and Nutrition Studies 214 is a study of the beverage costs, and uses in commercial restaurants and hotels. Analysis of the operation, sales, costs and profit functions are studied. Produce information and the study of the historical background of beverages are covered. The organization of the operation of a bar, wine cellar, or catered services is studied. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151.

**225-ADVANCED NUTRITION 3 Units**
Not offered. **Transfer credit:** CSU

---

**FRENCH**

**101-BEGINNING FRENCH I 5 Units**
French 101 presents the fundamentals of French grammar. The students are trained to pronounce correctly, to acquire a small working vocabulary which they use in conversation and writing, and to learn to read simple French. In addition to the regular class hours, the student must spend one hour a week in the laboratory. Lecture 5 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** Not open to students with oral proficiency or who have attended schools where French was the language of instruction. **Transfer credit:** CSU, UC, USC (CAN FREN 2)

**102-BEGINNING FRENCH II 5 Units**
French 102 continues to present the fundamentals of French grammar. It trains further in correct pronunciation, and presents more difficult elementary prose. The discussions in French will stress the correct use of verbs and idioms and efficient methods of vocabulary building. In addition to the regular class hours, the student must spend one hour a week in the laboratory. Lecture 5 hours. **Prerequisite:** French 101 or two years of French in high school completed within the last two years, or equivalent. **Transfer credit:** CSU, UC, USC (CAN FREN 4)

**103-INTERMEDIATE FRENCH I 4 Units**
French 103 completes the presentation of French grammar, stressing correct diction and efficient methods of vocabulary building. In addition to the regular class hours, the student must spend one hour a week in the language laboratory. Lecture 4 hours. **Prerequisite:** French 102 or three years of French in high school completed within the past two years, or equivalent. **Transfer credit:** CSU, UC, USC (CAN FREN 8)

**104-INTERMEDIATE FRENCH II 4 Units**
French 104 reviews the fundamentals of French grammar. It continues to stress correct diction and efficient methods of vocabulary building. Students will read intermediate French prose of increasing difficulty and engage in conversation and composition with emphasis on critical thinking. They will evaluate aspects of their own and French culture in the new medium of the French language. Lecture 4 hours. **Prerequisite:** French 103 or four years of French in high school completed within the past two years, or equivalent. **Transfer credit:** CSU, UC, USC (CAN FREN 10)

**105-CONVERSATIONAL FRENCH 3 Units**
French 105 is an intensive practice in oral expression and comprehension of spoken French. Lecture 3 hours. **Prerequisite:** French 102 or three years of French in high school, or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**106-ADVANCED CONVERSATIONAL FRENCH 3 Units**
French 106 is designed for those students who wish to sharpen their ability to articulate in French issues that go beyond concrete descriptions into the area of ideas. Lecture 3 hours. **Prerequisite:** French 105 or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**110-BASIC CONVERSATIONAL FRENCH I 2 Units**
**NON-DEGREE APPLICABLE**
French 110 is an introduction to French with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course also develops a working knowledge of reading and writing French. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Note:** Must be taken prior to French 102. This course may be taken 2 times; a maximum of 4 units may be earned.

</tr>
<tr>
<td>121-INTRODUCTION TO FRENCH LITERATURE IN ENGLISH TRANSLATION</td>
<td>3 Units</td>
<td></td>
<td>French 121 is an introduction to French literature for students with no knowledge of the French language. French 121 provides a study of representative French works in major genres in English translation. This course, conducted in English, acquaints students with French literature and gives them a solid basis on which to continue further reading. Lecture 3 hours. <strong>Prerequisite:</strong> Eligibility for English 101. <strong>Note:</strong> This course may not be taken for credit by students who have completed French 124. <strong>Transfer credit:</strong> CSU, UC, USC</td>
</tr>
<tr>
<td>124-INTRODUCTION TO FRENCH LITERATURE: GENRES</td>
<td>3 Units</td>
<td></td>
<td>French 124 is an introduction to French literature through a study of representative works of major genres. This course, conducted exclusively in French, naturally maintains and enriches the students’ language skills, but its primary purpose is to acquaint them with French literature and give them a solid basis on which to continue further reading. Lecture 3 hours. <strong>Prerequisite:</strong> French 104 or equivalent. <strong>Transfer credit:</strong> CSU, UC, USC</td>
</tr>
<tr>
<td>125-INTRODUCTION TO FRENCH LITERATURE: MIDDLE AGES THROUGH THE 18TH CENTURY</td>
<td>3 Units</td>
<td></td>
<td>French 125 is an introduction to early French literature through a survey of its historical development and representative works. This course, conducted exclusively in French, naturally maintains and enriches the students’ language skills, but its primary purpose is to acquaint them with French literature and give them a solid basis on which to continue future reading. Lecture 3 hours. <strong>Prerequisite:</strong> French 104 or 124 or equivalent. <strong>Transfer credit:</strong> CSU, UC, USC</td>
</tr>
<tr>
<td>126-INTRODUCTION TO FRENCH LITERATURE: 19TH CENTURY TO PRESENT</td>
<td>3 Units</td>
<td></td>
<td>French 126 is an introduction to modern French literature through a survey of its historical development and representative works, covering the 19th Century to the present. This course, conducted exclusively in French, naturally maintains and enriches the students’ language skills, but its primary purpose is to acquaint them with French literature and give them a solid basis on which to continue future reading. Lecture 3 hours. <strong>Prerequisite:</strong> French 104 or 124 or equivalent. <strong>Transfer credit:</strong> CSU, UC, USC</td>

</thead>
<tbody>
<tr>
<td>101-PHYSICAL GEOGRAPHY</td>
<td>3 Units</td>
<td></td>
<td>Geography 101 is a study of the basic physical elements of geography, their correlation and integrated patterns of world distribution. Special attention is given to the earth and its astronomical relationships, weather, climate, and landforms. Lecture 3 hours. <strong>Recommended Preparation:</strong> Eligibility for English 120 or ESL 151. <strong>Transfer credit:</strong> CSU, UC, USC (CAN GEOG 2)</td>
</tr>
</tbody>
</table>
102-CULTURAL GEOGRAPHY 3 Units
Geography 102 is a systematic study of the cultural variables of humankind: population, religion, language, economic activities, settlements. Emphasis upon selected cultural problems of humankind's occupancy. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (CAN GEOG 4)

105-ECONOMIC GEOGRAPHY 3 Units
Geography 105 is a study of the physical and cultural elements of environment and their relation to the economic activities of humankind. Special attention is given to the climatic regions, the soils, the products and the resultant economy. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

110-GEOGRAPHY OF CALIFORNIA 3 Units
Geography 110 is a systematic study of the spatial distributions of California's bio-physical and cultural phenomena. Special emphasis is placed on the impact of human occupancy. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

114-GEOGRAPHY OF BAJA CALIFORNIA 1 Unit
Geography 114 is a field study of the Baja California peninsula of Mexico using the geographic methodology. Emphasis is placed on the landscape; the exposure of students to such basic geographic concepts as spatial distribution, spatial associations, and spatial interactions; the observation by students of the relationships between the bio-physical environment and human activities. Students observe and take notes in specific locations of the Baja California peninsula. Lecture 16 hours. (1 week) Prerequisite: Geography 101 or 102 or 110 or equivalent. Transfer credit: CSU, UC

GEOLOGY

101-PHYSICAL GEOLOGY 3 Units
Geology 101 is a study of the physical materials and processes of the earth. Lecture 3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Geology 110. Second semester standing or a good high school record is recommended. Transfer credit: CSU, UC, USC

102-ENVIRONMENTAL GEOLOGY 3 Units
Geology 102 is a study of human interaction with geologic processes and hazards, natural resource supplies and their utilization, soil depletion, water and atmospheric pollution. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

103-GEOLOGY OF CALIFORNIA 3 Units
Geology 103 is a study of the characteristics and historical development of the geologic provinces of California. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

104-FIELD GEOLOGY 2-6 Units
Geology 104 is a field study of geologic features within several geologic provinces. Emphasis is placed on the recognition, interpretation, recording, and reporting of geologic information observed in the field. Petrologic, paleontologic, structural, and stratigraphic information is compiled and integrated into an interpretation of the geologic history of the area investigated. An extended period in the field may be substituted for a number of shorter field trips. Field trips will normally be taken on weekends and/or during vacation periods. The itinerary, schedule, and field area will be determined at the first class meeting (see current class schedule). The student is responsible for the cost of food and transportation; the approximate cost is $35 for each two units of work; this figure may vary considerably depending on the location of the study area. Travel is usually by chartered bus. Field Geology requires a great deal of rigorous activity and living conditions in the field are often primitive. Lecture and field study will be the semester equivalent of one hour of lecture and three hours of laboratory per week for each two units of credit; a typical semester of work would include 16 hours of lecture and six days in the field. Prerequisite: Completion of one of the following courses: Geology 101, 102, 103, 105, 110; Oceanography 115; Paleontology 101; or equivalent. Note: Two units of non-overlapping field study will often be offered for the fall and spring semesters; extended periods of study may be available during summer session. Weather conditions may require rescheduling of some trips. This course may be taken 3 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC
105-HISTORICAL EARTH SCIENCE  4 Units
Geology 105 is a study of the geologic and paleontologic history of the North American continent. Lecture 3 hours, laboratory 3 hours. Prerequisite: Completion of any one of the following courses: Geology 101, 102, 103, 110; Oceanography 115; Paleontology 101; or equivalent. Transfer credit: CSU, UC, USC (CAN GEOL 4)

110-PHYSICAL EARTH SCIENCE  4 Units
Geology 110 is a study of various geologic processes, their products, ecologic implications, and related natural resources. Lecture 3 hours, laboratory 3 hours. Prerequisite: None. Note: Students who have taken Geology 101 will receive only 1 unit of credit for Geology 110. Transfer credit: CSU, UC, USC

GERMAN

101-BEGINNING GERMAN I  5 Units
German 101 presents the fundamentals of German grammar. The students learn accurate pronunciation and a working vocabulary which they will use in conversation and writing. Students will read and express themselves in simple prose. The student must spend one hour a week in the laboratory. Lecture 5 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Not open to students with oral proficiency or who have attended schools where German was the language of instruction. Transfer credit: CSU, UC, USC (CAN GERM 2)

102-BEGINNING GERMAN II  5 Units
German 102 is a continuation of the elementary grammar essentials introduced in German 101. The student will read and interpret prose of increasing difficulty. The discussions in German will stress the correct use of verbs and idioms. Essential geographical and historical data concerning German people are introduced. In addition to the regular class hours, the student must spend one hour a week in the laboratory. Lecture 5 hours. Prerequisite: German 101 or two years of German in high school completed within the past two years or equivalent. Transfer credit: CSU, UC, USC (CAN GERM 4)

103-INTERMEDIATE GERMAN I  4 Units
German 103 offers a review of German grammar stressing sentence structure, word analysis, vocabulary building and composition. The student is introduced to simple texts of German prose and poetry. Discussions in German of contemporary literature and topics of interest will enable the student to gain fluency in speaking the German language. In addition to the
regular class hours, the student must spend one hour a week in the language laboratory. Lecture 4 hours. **Prerequisite:** German 102 or three years of German in high school completed within the past two years. **Transfer credit:** CSU, UC, USC (CAN GERM 8)

**104-INTERMEDIATE GERMAN II** 4 Units
German 104 reviews the fundamentals of German grammar. It continues to stress word analysis, vocabulary building and correct diction. Students read intermediate German of increasing difficulty and engage in conversation and composition with emphasis in critical thinking. They evaluate aspects of their own and German culture in the medium of the German language. Lecture 4 hours. **Prerequisite:** German 103 or four years of German in high school completed within the past two years. **Transfer credit:** CSU, UC, USC (CAN GERM 10)

**105-CONVERSATIONAL GERMAN** 3 Units
German 105 offers intensive practice in oral expression and comprehension of spoken German. Lecture 3 hours. **Prerequisite:** One year of college German, or three years of high school German, or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**106-ADVANCED CONVERSATIONAL GERMAN** 3 Units
German 106 is designed for those students who wish to learn more advanced conversational topics in order to further improve their language skills. Lecture 3 hours. **Prerequisite:** German 105 or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**110-BASIC CONVERSATIONAL GERMAN I** 2 Units **NON-DEGREE APPLICABLE**
German 110 is an introduction to the German language with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course develops a working knowledge of reading and writing as well, and includes the use of tapes, cassettes, and films. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 4 units may be earned.

**111-BASIC CONVERSATIONAL GERMAN II** 2 Units **NON-DEGREE APPLICABLE**
German 111 is a further study of the language with continued emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course further develops a working knowledge of reading and writing as well, and includes the use of tapes, cassettes, and films. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** German 110 or equivalent. **Note:** This course may be taken 2 times; a maximum of 4 units may be earned.

**112-BASIC CONVERSATIONAL GERMAN III** 2 Units **NON-DEGREE APPLICABLE**
German 112 is the academic progression of German 111 and continues the use of the German language with emphasis on developing essential communication skills and aural and written comprehension. The pragmatic methodological approach stresses oral expression. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** German 111 or equivalent. **Note:** This course may be taken 2 times; a maximum of 4 units may be earned.

**113-BASIC CONVERSATIONAL GERMAN IV** 2 Units **NON-DEGREE APPLICABLE**
German 113 is the academic progression of German 112 and the German language with emphasis on advanced communication skills and aural and written comprehension. Oral expression will be stressed. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** German 112 or equivalent.

**125-INTRODUCTION TO GERMAN LITERATURE** 3 Units
German 125 is an introduction to German literature. It provides a survey of Germany’s historical and cultural development as seen in representative works from 100 A.D. to the present. Lecture 3 hours. **Prerequisite:** German 102 or equivalent. **Transfer credit:** CSU, UC, USC

**126-INTRODUCTION TO GERMAN LITERATURE** 3 Units
German 126 is an introduction to German literature. It provides a survey of its historical development as seen in representative works covering the period of the 18th Century to the present. Reading and lectures will be in Ger-
HEALTH

101-FIRST AID 1 Unit
Health 101 covers prevention and cause of accidents or sudden illness. It meets the requirements of the American Red Cross for certification in Community First Aid and CPR. Lecture and skill practice 2 hours. (9 weeks) Prerequisite: None. Note: Recommended for physical education majors. Transfer credit: CSU, UC, USC

102-STANDARD FIRST AID AND CPR 2 Units
Health 102 covers the prevention and care of accidents or student illnesses. It meets the requirements of the American Red Cross for certification in Community First Aid and CPR. Lecture and skill practice 2 hours, laboratory 1 hour. Prerequisite: None. Note: Health 102 allows only 1 unit of credit for students who have completed Health 101 or Health 107 and no credit for those who have completed both Health 101 and Health 107. Transfer credit: CSU, UC, USC

103-HEALTH EDUCATION 2 Units
Not offered. Transfer credit: CSU

104-HEALTH EDUCATION 3 Units
Health 104 considers current issues in health and their effect upon the quality of human life. The bodily effects of exercise and fatigue, the prevention of specific diseases, the significance of nutrition in health and disease, the interrelatedness of mind and body, and substance use and abuse are covered. Lecture 3 hours. Prerequisite: None. Note: Health 103 or 104 is required of all students for graduation. Students who have taken Health 103 will receive only one unit of credit for Health 104. Transfer credit: CSU, UC, USC

107-CARDIO-PULMONARY RESUSCITATION 1 Unit
Health 107 is a course covering the life-saving techniques of cardio-pulmonary resuscitation and stresses mouth-to-mouth resuscitation, manual cardiac compression, first aid for obstructed airway, one and two-person CPR, and infant/child CPR. Lecture 2 hours. (8 weeks) Prerequisite: None. Transfer credit: CSU

109-DECISIONS IN CHILD HEALTH AND CRISIS 3 Units
Health 109 is a course which includes the fundamentals of basic anatomy and physiology of children, common childhood acute illness and injury, the emergency medical system, principles of emergency care of children, and safety and preventive techniques. The course will enable the student to be aware of the day-to-day health care problems of children and the overwhelming complexity of today's emergency medical services system. Those who are in contact with children on a regular basis will learn to cope with day-to-day and emergency situations and will be able to respond in the most appropriate manner upon completion of this course. Lecture 2½ hours, laboratory 1½ hours. Prerequisite: None. Note: This course satisfies the First Aid requirement for graduation. Transfer credit: CSU

110-PREVENTION AND CARE OF ATHLETIC INJURIES 2 Units
Health 110 is a course of in-depth examination of selected topics in sports medicine. The course will provide a thorough knowledge of the prevention and care of injuries commonly occurring during physical activity. Lecture 2 hours, laboratory 1 hour. Prerequisite: Health 101. Transfer credit: UC, USC

128-NUTRITION AND PHYSICAL FITNESS 3 Units
(Also listed as Physical Education 128 and Food and Nutrition Studies 128)
Health 128 is a course in nutrition and physical fitness. It provides the student with an overall study of the relationship between nutrition and physical fitness. The effects of nutrition on the anatomical and physiological aspects of the body are emphasized. The course also examines the production of energy form the intake of a variety of nutritional sources. The process of metabolism as a means toward energy production and physical activity is also discussed. Meal planning, basic physiology, current nutritional practices, eating disorders, weight control and athletic training are examined as they relate to the nutritional aspects of physical fitness. Lecture 3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Food and Nutrition Studies 128 or Physical Education 128. Transfer credit: CSU, UC, USC
HEMODIALYSIS
Not offered

HISTORY

101-HISTORY OF WESTERN EUROPE 3 Units
History 101 studies the growth of western European civilization from the decline of the Roman Empire to the 17th Century. An introduction to the study of history, giving a general perspective of the development of those political, economic, and social institutions which explain our present-day civilization. An attempt is made to orient the student's thinking to present world problems. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Note: Students who have taken History 108 will receive only 1 unit of credit for History 101. Transfer credit: CSU, UC, USC (CAN HIST 2)

102-HISTORY OF WESTERN EUROPE 3 Units
History 102 studies the growth of western European civilization from the 17th Century to the present time. It is introduction to the study of history; giving a general perspective of the development of those political, economic, and social institutions which explain our present-day civilization. An attempt is made to orient the student's thinking to present world problems. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Note: Students who have taken History 102 will receive only 1 unit of credit for History 102. Transfer credit: CSU, UC, USC (CAN HIST 4)

103-HISTORY OF EARLY LATIN AMERICA 3 Units
History 103 is a general survey of the history of Latin America from discovery to independence. The planting of the European civilization in Latin America, the growth of the different colonies, viceroyalties, supporting systems, the international contest for the continents, and the wars of independence in Latin America. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

104-HISTORY OF CONTEMPORARY LATIN AMERICA 3 Units
History 104 is a general survey of 19th and 20th century Latin American history. The course focuses on the political, economic and social development of Latin America. In addition, the course offers an historical review of U.S.-Latin America relations. The course is designed to acquaint the student with the area's basic history so as to better appreciate and understand contemporary social and political change in Latin American societies. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

105-20TH CENTURY CENTRAL AMERICA AND THE CARIBBEAN 3 Units
History 105 is an introductory course focusing on the contemporary political, economic and social history in Central America and the Caribbean. The course stresses the 20th Century, with special attention given to the role and impact of United States policy in the region. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

106-HISTORY AND POLITICS OF THE RUSSIAN PEOPLE 3 Units
History 106 is a study of the political, social, economic, and cultural development of the Russian people from earliest days to the contemporary period. Emphasis will be laid on the development of the modern Soviet ideology and power politics. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

107-HISTORY OF CIVILIZATION (Pre-History to 800) 3 Units
History 107 is a general political survey of the world from earliest times to the Carolingian Empire, c. 800, with emphasis on the development of human ideas, arts, and institutions. Emphasis is placed upon the contributions to civilization made in ancient times by Egypt, Greece, Rome, India, China, and other powers. An attempt is made to give the student a perspective on the past. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

108-HISTORY OF CIVILIZATION (Carolingian Empire to the French Revolution, c. 1789) 3 Units
History 108 is a general political survey of the world from the Carolingian Empire, c. 800, to the French Revolution, c. 1789, with emphasis on the development of human ideas, arts, and institutions. The characteristics of the medieval and modern worlds are examined. The prin-
110-UNITED STATES HISTORY 3 Units

History 110 is an interpretation of the more meaningful and significant issues, events, and ideas which have played a major role in shaping present day America. Main attention is focused upon political and economic aspects with some treatment of social and cultural developments. This course meets the California State requirement in American History. Lecture 3 hours. Prerequisite: Eligibility for English 120 or ESL 151. Note: This course allows only 1 unit of credit for students who have completed History 117, 118, or Social Science 131. Transfer credit: CSU, UC, USC

111-THE WOMAN IN AMERICAN HISTORY 3 Units

History 111 is a survey of the history of women in America from the colonial period to the present with emphasis on relevant political, economic, and social factors. Traditional roles of women in society are analyzed in terms of literary images, popular culture, and stereotypes. Attitudes and prejudices held by both sexes toward each other, reform movements, religious crusades, women's rights, and emancipation movements are examined in the context of American History. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course allows only 1 unit of credit for students who have completed History 117, or Social Science 131 and no credit for those who have completed History 118. Transfer credit: CSU, UC, USC

112-PACIFIC COAST HISTORY 3 Units

History 112 is a survey of the discovery, exploration, and settlement of Mexico, California, Oregon, Washington, British Columbia, and Alaska. Emphasis is placed upon the development of their particular political, economic, and cultural institutions, along with their relationships with each other and the rest of the world. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

113-HISTORY OF MEXICO 3 Units

History 113 is an in-depth study of the emergence of the Mexican institutions and traditions from Pre-Colombian societies to the present. The course is designed to meet the needs of the college student who wishes to understand the development of the modern Mexican nation. Modern Mexico and its development is the primary concern of this course. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

114-HISTORY OF BAJA CALIFORNIA 3 Units

History 114 is a survey of the prehistory, discovery, exploration, settlement, and modern development of the Baja California states of Mexico. Emphasis is placed on the development of their political, economic and cultural institutions. Their relationship with the United States, and California in particular, is analyzed in terms of their historical and present day experience. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Note: Optional field trips to places of historical interest in the states of Baja California may be offered. Transfer credit: CSU, UC, USC

116-ECONOMIC HISTORY OF THE UNITED STATES 3 Units

(Also listed as Economics 111)

History 116 is a history of the economic development of the United States from its settlement to the present. Emphasis is placed on the growth and development of economic institutions, slavery, reconstruction, work, the industrial revolution, workers' movement, and U.S. imperialism. This course meets the California State requirements in American History. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Economics 111. Transfer credit: CSU, UC, USC
117-HISTORY OF THE UNITED STATES  3 Units
History 117 is a survey course that looks in depth at United States history from the colonial period to Reconstruction. The English colonies, the Revolutionary War, the Constitution, the New Nation, Jeffersonian and Jacksonian democracy, slavery, Civil War, and Reconstruction will all be examined. This course (if both semesters are completed) meets the California State requirements in United States history. Lecture 3 hours. Prerequisite: Eligibility for English 101. Note: History 117 allows only 1½ units of credit for students who have completed History 110. History 117-118 allows only 3 units of credit for students who have completed History 110. Transfer credit: CSU, UC, USC (CAN HIST 8)

118-HISTORY OF THE UNITED STATES  3 Units
History 118 is a survey course that looks in depth at United States history from the Post-Reconstruction period to the present. The Gilded Age, Populism and Progressivism, Imperialism, the Great Depression and New Deal, World War II, the Cold War, Vietnam, Watergate, and the Reagan years will all be examined. This course (if both semesters are completed) meets the California State requirements in United States history. Lecture 3 hours. Prerequisite: Eligibility for English 101. Note: History 118 allows only 1 unit of credit for students who have completed History 151 and 1½ units of credit for students who have completed History 110. History 117-118 allows only 3 units of credit for students who have completed History 110. Transfer credit: CSU, UC, USC (CAN HIST 10)

119-HISTORY OF THE FAR EAST  3 Units
History 119 is a general survey of East Asian civilization from antiquity through the nineteenth century. Primary emphasis is placed upon the political, religious, social, and economic development of China and Japan with some attention on Korea and Southeast Asia. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

120-HISTORY OF THE FAR EAST  3 Units
History 120 is a general survey of China, Japan, Korea, and Southeast Asia in the international community from the nineteenth century to the present. Primary emphasis is centered upon the impact of Western culture and the major political and social movements of the twentieth century, Nationalism and Communism. Lecture 3 hours. Recommended Preparation: History 119 and eligibility for English 101. Transfer credit: CSU, UC, USC

121-ARMENIAN HISTORY  3 Units
History 121 is a survey of the history of the Armenian people from 1,000 B.C. to the present. Topics include: The Artashesian, Arshaguni,
Bagratiun, and Cilician kingdoms; Armenia under the domination of Persian, Roman, Byzantine, Arab, Mongol, Turkish, and Russian empires; the religious, artistic and architectural dimensions of the Armenians' cultural heritage; the literary renaissance and emergence of the Armenian Question in the 19th century; World War I and the Armenian Genocide; the Republic of Armenia and international treaties up to 1923; and developments in Soviet Armenia from 1920 to the present. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

131-A HISTORY OF AFRICA SINCE 1800 3 Units
History 131 surveys the development of Africa from 1800 to the present. Themes to be covered include: colonization and underdevelopment, neo-colonialism, nationalism, and African independence movements. Case studies of individual African countries will be used to analyze the various themes. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

132-HISTORY OF THE PHILIPPINES 3 Units
History 132 examines the geographical, cultural, and historical realities of the Philippines, from the Spanish colonial period to the present. Particular emphasis is given to past and present U.S.-Philippine relations and to the contemporary social, economic, and political situation in the Philippines. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

133-A HISTORY OF SCIENCE 3 Units
History 133 is a history of the notable scientific ideas and discoveries in Western civilization. It is a seminar, colloquial style discussion class that examines the forces in history that led to the development of the major scientific revolutions and thinkers that have shaped modern industrialized man and his culture. Some of the subjects and scientists studied include the philosophy of science, the scientific method, science and pseudoscience, how science interacts with other cultural elements, ancient science, magic and renaissance science, the Copernican Revolution, the Newtonian Revolution, the Darwinian Revolution, Pasteur and the medical revolution, and the Einsteinian Revolution. The course enhances the student's understanding of the present by a better understanding of the past. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

135-HISTORY OF THE VIETNAM WAR 3 Units
History 135 studies the background of U.S. involvement in Vietnam from the French occupation to the winding down of the war during the Nixon years. The course focuses on such matters as the historical and cultural realities of the situation, the gradual and growing U.S. commitment during the Eisenhower and Kennedy Administrations, and the height of the American build-up during the Johnson Presidency. An attempt is made to discuss the "lessons" of Vietnam and major unresolved issues deriving from the war. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

136-WAR: HISTORY, CAUSES, SOLUTIONS 3 Units
(Also listed as Social Science 136)
History 136 explores the history, causes, and potential solutions to the problem of war. The history of individual wars is examined within a broader picture of war in general, including ancient warfare, the Middle Passage, the rise of modern war, and the development of total war. An interdisciplinary approach is taken in exploring the immediate causes of war, including historical, economic, political, anthropological, sociological, and psychological causes. The course probes moral and philosophical aspects for the ultimate causes of war. Finally, solutions are considered including diplomacy, treaties, the United Nations, a one-world government, and the dismantling of nation-states. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Note: This course may not be taken for credit by students who have completed Social Science 136. Transfer credit: CSU, UC, USC

150-UNITED STATES HISTORY AND ITS ARTISTIC EXPRESSION 3 Units
History 150 examines the political, social, and cultural or artistic history of the United States from the Colonial Era through the present. Special emphasis will be given to those epochs in which the ideas and institutions of "We the people of the United States" were brought forth and matured and to the artistic expressions of
the birth and growth of the nation. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

151-THE UNITED STATES IN THE TWENTIETH CENTURY 3 Units
History 151 analyzes the political, economic, and social history of the United States since 1900. Special emphasis is placed on the post-World War II period. Current issues are stressed with their historical background. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course allows only 1 unit of credit for students who have completed History 118. Transfer credit: CSU, UC, USC

HUMANITIES

101-EAST/WEST: CULTURE AND CIVILIZATION TO 1700 3 Units
Humanities 101 is an interdisciplinary, multicultural, team-taught course that examines the historic push and pull of eastern and western civilizations from primitive times until 1700. Important themes, events, and discoveries linking east and west are shown through literature, folklore, art history, philosophy, and science. Students compare and contrast eastern and western views of science and reason; romanticism, skepticism, and pessimism; the gradual change of traditional morals, manners, means and measures; the concept of relativity; and the quantum leap into contemporary thought as they explore some of the most compelling problems, questions, and issues faced by humans of both hemispheres. The course centers on critical thinking; students are challenged to analyze, synthesize, and propose original ideas through the media of reading, discussion, and writing. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

102-EAST/WEST: CULTURE AND CIVILIZATION FROM 1700 3 Units
Humanities 102 is an interdisciplinary, multicultural, team-taught course that examines the historic push and pull of eastern and western civilizations from 1700 until the present. Important themes, events, and discoveries linking east and west are shown through literature, folklore, art history, philosophy, and science. Students compare and contrast eastern and western views of science and reason; romanticism, skepticism, and pessimism; the gradual change of traditional morals, manners, means and measures; the concept of relativity; and the quantum leap into contemporary thought as they explore some of the most compelling problems, questions, and issues faced by humans of both hemispheres. The course centers on critical thinking; students are challenged to analyze, synthesize, and propose original ideas through the media of reading, discussion, and writing. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

105-THE HUMAN STRUGGLE 3 Units
Humanities 105 is an interdisciplinary, intercultural course designed to challenge students to further develop critical reading, writing, and thinking abilities through comparative study of materials from literature and various disciplines. Students evaluate some of the most relevant issues faced by humans throughout their history, with emphasis on values and ethics. The course examines the creative impulses and destructive forces that have influenced the human struggle for order, acceptance, knowledge, understanding, self expression, power, freedom, individuality and survival. Students improve their abilities to analyze, synthesize, develop original ideas, distinguish fact from opinion or belief, and use logic and reason in language and thought to determine whether the solutions of the past are compatible with the problems of today and tomorrow. Writing instruction focuses on improving advanced composition skills. The course may be team-taught. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

106-MODERN SOCIETY IN ITS MILIEUX 3 Units
Humanities 106 is an interdisciplinary, team-taught, cross-cultural course emphasizing for-
eign literatures in translation. Students are encouraged to read, think, discuss and write critically in dealing with some important concerns of modern times as interpreted by different societies. Students do comparative analyses of literature from various countries in their historical, political, and social contexts. The linguistic style of each foreign language is stressed. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**110-SCIENCE, LITERATURE, AND HUMAN INSIGHT** 3 Units

Humanities 110 is an interdisciplinary, intercultural team-taught course in which students further apply the principles of critical thinking and comparative analysis in order to better understand the relationships among literature, science, and technology. Through directed reading, class discussion, and writing, students continue to develop logical thought processes enabling them to reason inductively and deductively, to distinguish fact from judgment, to examine evidence and credibility of sources, to propose new ideas, and to reach logical conclusions. Through their study of literature, students learn about human values, behavior and motivations; through their study of scientific and technological achievements, they learn about the methods and limitations of science. Major historical and contemporary themes linking science and literature are presented for evaluation. Writing instruction focuses on improving advanced composition skills. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**111-IRISH HISTORY, LITERATURE, AND CULTURE FROM THE BEGINNING TO THE PRESENT** 3 Units

Humanities 111 is a broad-based, interdisciplinary team-taught course that covers the entire history of Ireland: its mythology, folklore, art, music, literature, and major political events. The course also focuses on the impact of Irish culture on England, Europe, Spain, Canada, and the United States through the centuries. Through assigned readings, discussions, and writing, the students gain critical insights into the causes and consequences of Ireland’s turbulent history and struggle for independence as well as its literary and socio-political contributions to world culture and civilization. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**115-WORLD MYTHOLOGY** 3 Units

Humanities 115 is an introduction to the body of mythology that has had the greatest impact, from antiquity until the present, on the western world. Through reading, discussion, and writing, the students critically examine important themes of major Egyptian, Judeo-Christian, Greek, Roman, Norse and Oriental myths as they are represented in literature and art. Students learn to analyze, synthesize, draw inferences, propose new ideas, support theses, and reach logical conclusions concerning the cultures the mythologies represent. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**117-CREATIVITY, CULTURE, AND SOCIETY: KALEIDOSCOPE** 3 Units

Humanities 117 is an interdisciplinary, team-taught course focusing on literature, drama, dance, and film and examining their relationships with other areas of college study. The course recognizes that, like the pieces in a kaleidoscope, individual art works and art forms are only components of larger patterns. As students compare and contrast works from various cultures and times, they are encouraged to read, think, discuss, and write critically about the interaction among artist, society, and work of art. Students explore the creative process and ask what has led to, as well as what results from, works of art. Students learn to analyze, synthesize, draw inferences, propose new ideas, support theses, reach logical conclusions, and become active participants in the artistic process. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**120-LITERATURE AND THE CULTURAL ARTS** 3 Units

Humanities 120 is an interdisciplinary course that focuses on the interrelationships of literature and the cultural arts (architecture, music, painting, and sculpture), with emphasis on the literature, to show not only their independence but also their synthesis. Through critical reading, discussion, and writing, students analyze the influences of each genre upon the creative impulses of the others. Humanities 120 examines literary and cultural achievements, developments, and values in the major periods of
western history that served as a foundation for modern thought and letters. The course may be team taught. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**125-CROSSCURRENTS: AMERICAN SOCIAL VALUES 3 Units**

Humanities 125 is an interdisciplinary course designed to enrich students' knowledge and understanding of the cultural influences of ethnic, racial and gender diversity in the shaping of American society - past and present - and to enable them to speculate critically on American society in the future. Students analyze materials from literature, history, and other disciplines. The course explores the development and current reality of commonly held American ideals, attitudes and institutions and their role in the unique balance between freedom and responsibility. Students are encouraged to develop their critical thinking skills through reading, writing, and discussion. This course may be interactively team-taught. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

**135-HUMANITIES AND THE WORLD OF WORK 3 Units**

Humanities 135 is an interdisciplinary course that combines instruction in literature, the arts, ethics, problem solving, and decision making to help students develop values that may influence their personal and professional growth throughout their lives. Students analyze and discuss contemporary issues, problems and trends, including intercultural historical considerations. Students participate in group and individual activities designed to develop and reinforce analytical skills. Critical analysis of course materials helps students learn to deal with the variety of situations and tasks they may encounter in their career fields. Students also develop an awareness of the relationship between cultural resources and career satisfaction. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151.

**INTERNATIONAL FIELD STUDY**

**148-INTERNATIONAL FIELD STUDY 1-6 Units**

International Field Study 148 provides units of credit for travel and study in foreign countries at the student's own expense in programs provided by agencies approved in advance by the College and under the direction of a Glendale Community College instructor. (The agency must be bonded or maintain a trust account.) One unit of elective credit to be offered for each six days of foreign travel and study, up to a maximum of 6 units. Lecture: Hours to be arranged. Laboratory: Hours to be arranged. **Prerequisite:** None. **Note:** Approval of program and units of credit attempted must be obtained from the Executive Vice President, Instructional Services prior to foreign travel. **Transfer credit:** CSU

**INDEPENDENT STUDIES**

**149-INDEPENDENT STUDY 1-3 Units**

Glendale Community College may make available in the curriculum of each division lower division units of study known as Independent Study. The purpose of the Independent Study course is to provide gifted students with an opportunity to explore a subject in greater depth than usual; to familiarize students with some basic research techniques; to interest students in possible career areas; and to take advantage of special academic interests. Emphasis shall be on individual research projects, library research and preparation of research papers. There is no prescribed course outline. Students develop a research project, have it approved by the sponsoring instructor and appropriate division chairperson, then submit the finished project, which may be library research, or perhaps a supervised experimental program related to a specific course of instruction. Registration is open to any student at Glendale Community College who is currently registered for 6 or more units and who is admitted to Independent Study by the instructor. A student is limited to one Independent Study per semester and to no more than 12 units for credit toward the AA Degree or Certificate and no more than 6 units per division. The units received may be acceptable for college transfer subject to the approval of the individual college. The instructor shall make arrangements for students' Independent Study registration with the Admissions office. Attendance accounting procedures shall be cleared with the Admissions and Records Office by the instructor. **Prerequisite:** Concurrent registration in 6 or more units. **Transfer credit:** CSU, UC
**INTERNSHIP**

**150-INTERNSHIP** 3-6 Units

Internship 150 is a cooperative effort between the college and the professional community to provide real-world experience in the student’s major field. For each 3 units, interns participate in 54 hours of supervised activities that correlate formal instruction with on-the-job learning opportunities. Internship 54 hours. Prerequisite: Completion of 12 units with a 2.5 grade-point average or better and concurrent enrollment in 3 additional units. (For the summer term, concurrent enrollment in 3 additional units is not required.) Note: Registration will be open to those students who have been accepted to intern in their major field at an Internship training site on a nonpaid basis. A student is limited to one Internship class per semester. This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

**ITALIAN**

**101-BEGINNING ITALIAN I** 5 Units

Italian 101 uses a modified audio-lingual approach to introduce the student to the fundamentals of pronunciation and grammar, practical vocabulary, useful phrases, and the ability to understand, read, write, and speak simple Italian. Basic information is included to cover the geography, customs, and culture of Italy. In addition to the regular class hours, the student must spend one hour a week in the laboratory. Lecture 5 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Not open to students with oral proficiency or who have attended schools where Italian was the language of instruction. Transfer credit: CSU, UC, USC

**102-BEGINNING ITALIAN II** 5 Units

Italian 102 is a continuation of Italian and completes the elementary grammar. It includes the reading and simplified texts with emphasis on oral expression, and further study of Italian history and culture. In addition to the regular class hours, students must spend one hour a week in the laboratory. Lecture 5 hours. Prerequisite: Italian 101 or equivalent. Transfer credit: CSU, UC, USC (CAN ITAL 4)

**103-INTERMEDIATE ITALIAN I** 4 Units

Italian 103 includes further study of Italian grammar. The aim of the course is to train students in reading comprehension of intermediate prose with stress on documentary aspects of Italian life, character analysis, and the study of ideas. Oral and written discussions will be stressed. Lecture 4 hours. Prerequisite: Italian 102 or three years of Italian in high school completed within the past two years or equivalent. Transfer credit: CSU, UC, USC

**104-INTERMEDIATE ITALIAN II** 4 Units

Italian 104 completes the review of the fundamentals of grammar. The aim of the course is to train students in reading intermediate prose of increasing difficulty with stress on the study of ideas. The training also includes oral discussion and written exposition. Lecture 4 hours. Prerequisite: Italian 103 or four years of Italian in high school completed within the past two years or equivalent. Transfer credit: CSU, UC, USC

**110-BASIC CONVERSATIONAL ITALIAN I** 2 Units

Non-Degree Applicable

Italian 110 teaches the fundamentals of Italian grammar and correct pronunciation. The purpose of the course is to enable students to employ a small working vocabulary in conversation and writing. The ability to read simple Italian is also developed. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned. This course may not be taken for credit by students who have completed Italian 102 prior to Italian 110, or who take Italian 102 concurrently with Italian 110.

**111-BASIC CONVERSATIONAL ITALIAN II** 2 Units

Non-Degree Applicable

Italian 111 is a continuation of the study of Italian as a conversational language with emphasis on lifelike situations. Attention is given to essential grammar principles and cultural information. Lecture 2 hours, laboratory 1 hour. Prerequisite: Italian 110 or equivalent. Note: This course may be taken 2 times; a maximum of 4 units may be earned. This course may not be taken for credit by students who have taken Italian 102 prior to Italian 111, or who take Italian 102 concurrently with Italian 111.

**112-BASIC CONVERSATIONAL ITALIAN III** 2 Units

Non-Degree Applicable

Italian 112 presents the fundamentals of Italian
grammar and includes training in accurate pronunciation through regular in-class drill and comprehension, speaking, reading, and writing of simple Italian. Lecture 2 hours, laboratory 1 hour. Prerequisite: Italian 111 or equivalent. Note: This course may not be taken for credit by students who have completed Italian 102. This course may be taken 2 times; a maximum of 4 units may be earned.

**113-BASIC CONVERSATIONAL ITALIAN IV** 2 Units
NON-DEGREE APPLICABLE

Italian 113 presents a completion of the fundamentals of Italian grammar and includes continued training in correct pronunciation, diction, and intonation as well as training in reading comprehension of prose of increasing difficulty and discussion in Italian of cultural readings. The course also introduces the notion and characteristics of Italian folklore. Lecture 2 hours, laboratory 1 hour. Prerequisite: Italian 112 or equivalent. Note: This course may not be taken for credit by students who have completed Italian 102. This course may be taken 2 times; a maximum of 4 units may be earned.

**JAPANESE**

**101-BEGINNING JAPANESE I** 5 Units

Japanese 101 presents the fundamentals of Japanese grammar. The students are trained to pronounce correctly, to acquire a small working vocabulary for conversation and writing, and to read and write both hiragana and katakana (native Japanese alphabets). In addition to the regular class hours, the student must spend one hour a week in the language laboratory. Lecture 5 hours. Recommended Preparation: Eligibility for English 120 and ESL 151. Note: Not open to students with oral proficiency or who have attended schools where Japanese was the language of instruction. Transfer credit: CSU, UC, USC

**102-BEGINNING JAPANESE II** 5 Units

Japanese 102 continues to present the fundamentals of Japanese grammar. It trains further in correct pronunciation, and presents kanji (Chinese characters). Discussions in Japanese will stress verb forms and vocabulary building. In addition to the regular class hours, the student must spend one hour a week in the language laboratory. Lecture 5 hours. Prerequisite: Japanese 101, or two years of Japanese in high school completed within the past two years or equivalent. Transfer credit: CSU, UC, USC

**110-BASIC CONVERSATIONAL JAPANESE I** 2 Units
NON-DEGREE APPLICABLE

Japanese 110 is an introduction to the Japanese language with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. This course also develops a working knowledge of reading and writing and includes the use of cassettes and films. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

**111-BASIC CONVERSATIONAL JAPANESE II** 2 Units
NON-DEGREE APPLICABLE

Japanese 111 is a continuation of basic conversational Japanese. It teaches the students to communicate on a more advanced level and provides them with the ability to read and write for further study. Classroom activities emphasize oral expression. Reading and writing are introduced on a limited basis. Lecture 2 hours, laboratory 1 hour. Prerequisite: Japanese 110 or equivalent. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

**JOURNALISM**

**101-INTRODUCTION TO MASS COMMUNICATIONS** 3 Units

Journalism 101 is an introductory course exploring the history, institutions, and social impact of mass communication media, including print, photography, recordings, film, television, computers, and the role of advertising and public relations. The course is taught from a perspective of theories of persuasion, the symbolic power of images, and the relationship between information and knowledge. Special attention is given to the impact of these media on how we live and believe as individuals and as a society. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC (CAN JOUR 4)

**102-REPORTING THE NEWS** 3 Units

Journalism 102 is an introductory course in the gathering and writing of news, features, and editorials. Emphasis on clear and concise writ-
ten expression with laboratory drill in English fundamentals. Study of news sources, acceptable forms for stories, style and methods of various media, elementary editing, and law and ethics of communication. Newspapers and other media at the local community level as well as the national metropolitan levels are utilized. Lecture 3 hours, laboratory 1 hour. Prerequisite: Eligibility for English 101. Transfer credit: CSU, UC, USC

103-NEWS WRITING AND NEWSPAPER PRODUCTION 3 Units
Journalism 103 is a course in writing news, feature, and editorial copy, copy reading and editing, headline writing, newspaper layout and make-up and the mechanics of newspaper production. Study of law and ethics of the press and over-all emphasis on the function and responsibility of the newspaper. Second semester stress is on interpretative reporting. Class produces the campus newspaper El Vaquero. Lecture 2 hours, laboratory 4 hours. Prerequisite: Journalism 102, professional publication experience or newspaper experience on the college level. Transfer credit: CSU, UC, USC

104-ADVANCED NEWS WRITING AND NEWSPAPER PRODUCTION 3 Units
Journalism 104 is an advanced course in writing news, feature, and editorial copy, copy reading and editing, headline writing, newspaper layout and makeup, and the mechanics of newspaper production. Study of law and ethics of the press and over-all emphasis on the function and responsibility of the newspaper. Second semester stress is on interpretative reporting. Class produces the campus newspaper El Vaquero. Lecture 2 hours, laboratory 4 hours. Prerequisite: Journalism 102 or 103. Note: An interview and instructor consent may be required. This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU, UC, USC

106-INTRODUCTION TO BROADCAST JOURNALISM 3 Units
Journalism 106 is an interdisciplinary course combining the practice of modern journalism with the techniques of small-crew, on-location video taping. Students will produce several one-hour news magazine programs to ultimately be cablecast via the educational cable channel. Students will learn to gather, write, edit and present news for broadcast; they will also learn to operate cameras and recorders, direct and produce complete programs. Lecture 2 hours, laboratory 3 hours. Prerequisite: None. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

107-FEATURE WRITING 3 Units
Journalism 107 focuses on feature writing for magazines and newspapers. Students learn how to find feature ideas and develop them into articles for student or professional publications. The creative, story-telling side of journalism is stressed. The free-lance market for feature writers is discussed. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

120-INTRODUCTION TO PUBLIC RELATIONS 3 Units
Journalism 120 is a practical guide to effective public relations, its history and its relationship with the media. The course is designed for persons who wish to make public relations a career, untrained persons who are currently or plan to be involved in publicity activities, and for journalism majors or minors who wish to enhance their studies. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

KOREAN

110-BASIC CONVERSATIONAL KOREAN I 2 Units
NON-DEGREE APPLICABLE
Korean 110 is an introduction to the Korean language with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. This course also develops a working knowledge of reading and writing. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

111-BASIC CONVERSATIONAL KOREAN II 2 Units
NON-DEGREE APPLICABLE
Korean 111 is a continuation of Korean 110. It teaches the students to communicate on an advanced level and provides them with the ability to read and write for further study.
Classroom activities emphasize conversational repetition and oral expression. Reading and writing will be introduced on a limited basis. Lecture 2 hours, laboratory 1 hour. Prerequisite: Korean 110 or equivalent. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

**LATIN**

101-BEGINNING LATIN I  
5 Units  
Not offered. Transfer credit: CSU, USC

102-BEGINNING LATIN II  
5 Units  
Not offered. Transfer credit: CSU, USC

103-INTERMEDIATE LATIN I  
3 Units  
Not offered. Transfer credit: CSU, USC

104-INTERMEDIATE LATIN II  
3 Units  
Not offered. Transfer credit: CSU, USC

**LAW, BUSINESS**

See Business Administration 120, 125

**LIBRARY TECHNOLOGY**

101-INTRODUCTION TO LIBRARY SERVICES  
3 Units  
Not offered.

**LINGUISTICS**

101-INTRODUCTION TO LANGUAGES AND LINGUISTICS  
3 Units  
Not offered. Transfer credit: CSU, USC

**MACHINE TECHNOLOGY**

101-MACHINE TECHNOLOGY I  
5 Units  
Machine Technology 101 covers the fundamentals of the machinist trade. Instructions in the proper care and use of precision and hand tools are given. Basic training in tool grinding, machine set-up, and the operation of lathes, shapers, milling machines, drill presses, and grinders is presented. Lecture 3 hours, laboratory 6 hours. Prerequisite: None. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU

102-MACHINE TECHNOLOGY II  
5 Units  
Machine Technology 102 is a continuation of the fundamentals of the machinist trade. Advanced training in set-up work, tool grinding, and machine operations is presented. Related lectures cover types of threads and threading, calculating and cutting of tapers, gears and gear trains. Basic design and capacity of machine tools are investigated. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 101. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU

103-MACHINE TECHNOLOGY III  
5 Units  
Machine Technology 103 covers more advanced and complicated operations of machine tools and equipment. Precision inspection, production and assembly are studied. Lectures and demonstrations on specialized machine tools and equipment give the student a better understanding of their use and capacities. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 102. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU

104-MACHINE TECHNOLOGY IV  
5 Units  
Machine Technology 104 is a continuation of advanced and complicated operations of machine tools and equipment. Lectures and demonstrations include a thorough investigation of heat-treatment of metals, special metals and their uses, abrasives, grinding wheels, and efficient use of surface, cylindrical, and tool cutter grinders. Basic tool and die work in which the student designs and builds jigs and fixtures is offered to students showing advanced abilities. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 103. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU

107-MACHINE PRACTICE I  
2 Units  
NON-DEGREE APPLICABLE  
Machine Technology 107 provides practice on machine shop equipment. Students work on individual projects which they retain for their use. Training received in this course develops
an ability to visualize and perform various functions necessary in the machine trade. Lecture 1 hour, laboratory 3 hours. Prerequisite: None. Note: Credit per semester will be indicated on the Schedule. This course may be taken 3 times; a maximum of 6 units may be earned.

108-MACHINE PRACTICE II 2 Units NON-DEGREE APPLICABLE

Machine Technology 108 provides practice on machine shop equipment. Students work on individual projects which they retain for their use. Training received in this course develops an ability to visualize and perform various functions necessary in the machine trade. Lecture 1 hour, laboratory 3 hours. Prerequisite: Machine Technology 107. Note: Credit per semester will be indicated on the Schedule. This course may be taken 3 times; a maximum of 6 units may be earned.

109-PRINCIPLES OF TOOL ENGINEERING 5 Units

Machine Technology 109 is an advanced course in machine shop training presenting systems of production. Interchangeability, and dimensioning as they pertain to tool design and construction of drill jigs, milling, grinding, and lathe fixtures, locating and clamping of parts, tooling for horizontal turret lathes, and toolroom inspection and gauging are examined. Training required for engineers and designers noting duties and positions in manufacturing organizations are investigated. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 104. Note: Students must register for the full number of hours for which the course is scheduled, but late registration is permitted provided a vacancy in the class exists. Transfer credit: CSU

110-PRINCIPLES OF NUMERICAL CONTROL 5 Units

Machine Technology 110 is an advanced course in machine technology presenting principles of numerical control, preparation of machining programs and development of control tapes. Design and construction of tools and fixtures, selection and modification of tooling are studied. Lecture 3 hours, laboratory 6 hours. Prerequisite: Machine Technology 102. Transfer credit: CSU

111-PRINCIPLES OF NUMERICAL CONTROL 3 Units

Machine Technology 111 presents principles of numerical control, preparation of machining programs and development of control tapes. It is designed for the advanced machine technology student who wishes to explore the field of numerically controlled machining. Lecture 3 hours. Prerequisite: Machine Technology 101. (Machine Technology 101 may be taken concurrently.) Note: This course may not be taken for credit by students who have completed Machine Technology 110.
112-MACHINE PRACTICE III 1-4 Units
Machine Technology 112 is designed to allow students or industrial workers to improve and update their machining skills. Techniques practiced are uses of lathe, mill, drill, grinder. Inspection strategies for the purpose of job advancement are presented. Laboratory 3-12 hours. Prerequisite: Machine Technology 107. Note: Hours to vary according to students’ needs; 48 hours laboratory equals one unit. This course may be taken 2 times; a maximum of 8 units may be earned.

113-INTERMEDIATE ENGINE LATHES PROCESSES 2 Units NON-DEGREE APPLICABLE
Machine Technology 113 is a course that provides specialized training on the engine lathe processes. Building on the basic processes, this class will develop skills working on tapering, threading, grooving, contouring both inside and out. The use of the 3 and 4 jaw chucks, faceplate, rubber chuck and collets is studied. Lecture 1 hour, laboratory 3 hours. Prerequisite: None.

114-INTERMEDIATE VERTICAL MILL PROCESSES 2 Units NON-DEGREE APPLICABLE
Machine Technology 114 is a course that provides specialized training on the vertical mill. Building on the basic processes, this class develops skills working on vises, fixturing, angular milling, end mills, shell mills, fly cutting, radius cutting, and undercutting. Lecture 1 hour, laboratory 3 hours. Prerequisite: None.

MANAGEMENT
Classes in management are offered for students interested in preparing for positions requiring supervision and management skills. The classes are scheduled from semester to semester on a rotation basis according to student need. The courses are also of value to personnel already employed as supervisors and other group leaders in business, public service, and industry. A Certificate of Completion may be earned.

101-INTRODUCTION TO MANAGEMENT 3 Units
Management 101 introduces the student to the basic managerial functions within an organization, which include planning and decision making, organizing, staffing, directing, leading, and controlling. These functions apply to managers at all levels, from small business to top executive management. Lecture 3 hours. Recommended Preparation: One year of occupational training or equivalent service, industrial or business experience before taking this course. Transfer credit: CSU

110-MANAGEMENT/EMPLOYEE RELATIONS 3 Units
Management 110 covers development of human relations climate; patterns, function, and types of leadership, simulation training; organizational levels; staff relationships; and organizational and group dynamics; informal organizations; working with unions; managing change; wage administration and incentives; procedures and work systems; attitudes; and development of participations. Lecture 3 hours. Prerequisite: None.

115-PERSONNEL MANAGEMENT 3 Units
Management 115 presents personnel techniques for which supervisors are partially responsible and for which they should have some training in selection, testing, placement, orientation, training, counseling, merit rating, promotion, transfer, and training for responsibility. Lecture 3 hours. Prerequisite: None.

120-PLANNING AND ORGANIZATION 3 Units
Management 120 covers techniques for planning; staffing; organization objectives, and flexibility; functions of directing, control, coordinating, and training; service departments; job descriptions; grievance procedures, and maintaining production. Lecture 3 hours. Prerequisite: None.

125-INDUSTRIAL ECONOMICS 3 Units
Not offered.

130-PRODUCTION AND OPERATIONS MANAGEMENT 3 Units
Management 130 presents an overview of production and operations management. It deals primarily with the management of the production of products by manufacturing organizations. The use of computer-based production and inventory planning and control systems is emphasized. Lecture 3 hours. Prerequisite: Computer Science/Information Systems 101 or equivalent.

135-COST CONTROL AND ANALYSIS 3 Units
Management 135 covers analysis of cost control in industry and its functions. This course presents the supervisor’s responsibility for the
factors in cost control: costs, materials, waste, salvage, quality control, quantity control, and time control. Lecture 3 hours. **Prerequisite:** None.

**140-WAGE ADMINISTRATION AND LABOR RELATIONS** 3 Units
Not offered.

**145-MANAGEMENT COMMUNICATIONS—ORAL** 3 Units
Management 145 covers planning interpersonal communication, speaking techniques, conducting question-and-answer periods, conference leading on the job, objectives of good presentations, use and misuse of visuals in oral presentations, interviewing, bridges and barriers to communications, and what to do about rumors. Lecture 3 hours. **Prerequisite:** None.

**150-MANAGEMENT COMMUNICATIONS—WRITTEN** 3 Units
Management 150 covers principles of business communications, informal and formal reporting, interpreting written directions, the report and memorandum, and building a vocabulary. Lecture 3 hours. **Prerequisite:** None.

**155-ENVIRONMENTAL HAZARDOUS MATERIALS MANAGEMENT** 3 Units
Management 155 covers management and supervisory responsibility for hazardous materials and safety in the workplace, compliance with regulatory requirements, and fire and accident prevention. Students will be introduced to environmental chemistry and toxicology as applied to the industrial setting, to an overview of federal, state and local regulations and requirements and to the manager's responsibility for job and safety instruction, informational programs, and the design and implementation of an effective industrial safety program. Lecture 3 hours. **Prerequisite:** None.

**160-MANAGEMENT CONTROL** 3 Units
Management 160 emphasizes the basic principles of controls, such as, delegation of responsibility, purpose and objectives of controls, manufacturing costs, quality control, quantity control, production control, control over materials, control over the organization, and control over personnel. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU

**155-SMALL BUSINESS MANAGEMENT** 3 Units
Management 165 teaches small business start up and small business management. The course includes the role of small business in our free enterprise system, a profile of the successful entrepreneur, and instruction in starting and managing a small business. Some of the topics covered are marketing, budgeting, pricing, staffing, accounting, capital acquisition, principles of management, the business plan, and a survey of the retail, wholesale, service, and manufacturing industries. The course is directly aimed at persons who wish to start their own small business or improve the profitability of their existing small business. Lecture 3 hours. **Prerequisite:** None.

**212-BUSINESS SECURITY AND LOSS PREVENTION MANAGEMENT** 3 Units
(Also listed as Admin. of Justice 212)
Management 212 presents an overview of security management issues confronting business. The content of the course will be divided into the following areas: the role of private security in the business environment, the relationship between security and business management, law and security, crime in the workplace, crime prevention theory and practice, risk management issues, and information security issues. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may not be taken for credit by students who have completed Administration of Justice 212. **Transfer credit:** CSU

**MARKETING**

**105-PRINCIPLES OF MARKETING** 3 Units
Marketing 105 is an introductory course intended to acquaint students with the business practices involved in the activities of moving goods and services from the producer to the ultimate consumer. The course reviews the marketing system and the psychology and sociology of consumer decisions. Additional areas of interest include retailing, wholesaling, new product decisions, pricing, distribution, advertising, and marketing research. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU
110-RETAILING  3 Units
Marketing 110 considers problems which are of concern to the store manager, a department store buyer, or to the person who wishes to organize and operate a small store. The course covers plans for financing, selection of location, choice of partnership or corporation, selection and training of employees, merchandising policies, problems of mark-up, mark-down, turnover, stock control, inventory methods, layouts, advertising, and display. Outside speakers from local stores will be scheduled. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

115-FUNDAMENTALS OF SELLING  3 Units
Marketing 115 is a salesmanship class in which each student selects a sales proposition, makes a careful study of it, and presents it before the class. The methods of approaching a prospect, demonstrating the goods, and closing the sale are discussed and reviewed. Fundamental principles of retail, wholesale and specialty selling are discussed. Successful salespersons are invited to give demonstrations of how sales actually are made. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

120-ADVERTISING  3 Units
Marketing 120 is an introductory course in the purpose and principles of advertising, including the organization and functions of advertising agencies. Buying motives and the writing of good copy are studied. Radio, television, and outdoor advertising methods and costs are covered. This course is not intended to develop artistic ability, but those who can illustrate their copy will find an opportunity to do so. Courses in advertising art are offered by the Art Department. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

122-THE BUSINESS OF RADIO  3 Units
Marketing 122 presents a history of the business of radio from its inception to the present day. The course focuses on the various modes of communication and advertising which are unique to radio. As an audio-course, offered through the Southern California Television Consortium, the written textual materials will be augmented by a series of radio tapes entitled "Please Stand By: A History of Radio", narrated by the well-known radio and television actor Les Tremayne, with Jack Brown. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

123-DESKTOP PUBLISHING TECHNIQUES  2 Units
(Also listed as Computer Science/Information Systems 123)
Marketing 123 is intended to acquaint the student with currently available desktop publishing technology. Students compose and create flyers, brochures and newsletters as well as explore the use of graphics programs. Students develop the skills necessary to plan, install and maintain a desktop publishing system. This course does not teach basic design concepts, but rather provides the student with new production tools. Lecture 2 hours, laboratory 1 hour. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Computer Science/Information Systems 123. This course may be taken 3 times using different hardware or software; a maximum of 6 units may be earned. Transfer credit: CSU

125-FASHION MERCHANDISING  2 Units
(Also listed as Fashion 125)
Marketing 125 is a study of principles of fashion. Includes a study of fashion designers, apparel producers, and fashion retailers. Lecture 2 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Fashion 125. Transfer credit: CSU

MATERIALS AND PROCESSES

146-MATERIALS AND PROCESSES  3 Units
(Formerly Technical Education 146)
Materials and Processes 146 is a study of the manufacture and properties of ferrous and non-ferrous alloys, ceramic products, wood, cements, plastics, fuels, glass, concrete, rubber, etc. Their uses, adaptability and limitations in industry are studied. Current methods of manufacture and technique are covered. The course covers testing of materials by the destructive and nondestructive methods and the physical properties of materials. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU
MATHEMATICS

All students who have not taken a Mathematics course at Glendale College are required to take a mathematics placement examination before enrolling in any mathematics course except Mathematics 190. Contact your counselor for additional information.

100-COLLEGE ALGEBRA  3 Units
Mathematics 100 is a more detailed study of the basic concepts of algebra, including first and second degree equations and inequalities, graphs of linear and quadratic functions, conic sections, polynomial functions, systems of equations, matrices and determinants, Cramer's rule, and remainder and factor theorems, mathematical induction, and probability. Lecture 3 hours. Prerequisite: Mathematics 101 or 2 years of high school algebra with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. (Mathematics 102 may be taken concurrently.) Transfer credit: CSU, UC, USC (CAN MATH 10)

101-INTERMEDIATE ALGEBRA  5 Units
Mathematics 101 includes fundamental laws, curve plotting, linear equations, negative and fractional exponents, quadratic equations, arithmetic and geometric progressions, the binomial theorem, the remainder theorem, logarithms, second and third order determinants. Lecture 5 hours. Prerequisite: Mathematics 141 or Mathematics 145 and 146 or one year of algebra in high school with a grade of "C" or better and a satisfactory score on the Mathematics Placement Examination.

102-TRIGONOMETRY  3 Units
Mathematics 102 is a course in plane trigonometry that emphasizes the analytic aspects of the subject including trigonometric functions of right, acute and related angles, trigonometric identities and equations, radian measure, functions of two angles, logarithms, right and oblique triangles, inverse functions, complex numbers. Lecture 3 hours. Prerequisite: Mathematics 101 and 140, or two years of algebra and one year of plane geometry in high school with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. Transfer credit: CSU (CAN MATH 8)

103-CALCULUS AND ANALYTIC GEOMETRY  5 Units
Mathematics 103 is the first of a sequence of three courses combining the subject matter of analytic geometry and calculus. Functions and their graphs are studied with special attention to differentiation, indefinite and definite integrals with applications. Lecture 5 hours. Prerequisite: Mathematics 110, or Mathematics 102 and 100, or four years of high school mathematics including principles of mathematics with grades of "C" or better, and a satisfactory score on the Mathematics Placement Examination. Transfer credit: CSU, UC, USC (CAN MATH 18)

104-CALCULUS AND ANALYTIC GEOMETRY  5 Units
Mathematics 104 is a study of transcendental functions, polar coordinates, techniques of integration, conic sections, indeterminate forms and infinite series. Lecture 5 hours. Prerequisite: Mathematics 103. Transfer credit: CSU, UC, USC (CAN MATH 20)

105-CALCULUS AND ANALYTIC GEOMETRY  4 Units
Mathematics 105 is a course in vector calculus. Topics covered include vector functions, vector differentiation, parametric equations, vectors in 3 and higher dimensional space, multiple integration, and an introduction to vector analysis including divergence, curl, and Stoke's Theorem. Lecture 4 hours. Prerequisite: Mathematics 104. Transfer credit: CSU, UC, USC (CAN MATH 22)

107-LINEAR ALGEBRA  3 Units
Mathematics 107 covers the topics of vector spaces, linear transformations and matrices, matrix algebra, determinants, eigenvalues and eigenvectors, and solutions of systems of equations. Lecture 3 hours. Prerequisite: Mathematics 104 or equivalent. Transfer credit: CSU, UC, USC

108-ORDINARY DIFFERENTIAL EQUATIONS  3 Units
Mathematics 108 covers the solution of ordinary differential equations using various techniques including variation of parameters, the Laplace transform, power series, and numerical methods. Systems of linear differential equations and an introduction to Fourier Series are also covered. Applications are drawn from the physical sciences. Lecture 3 hours. Prerequisite: Mathematics 104 or equivalent. Transfer credit: CSU, UC, USC (CAN MATH 24)
110-PRECALCULUS 5 Units
Mathematics 110 is a course designed for review of those algebraic concepts needed for the study of calculus. The course includes a more thorough study of algebraic and trigonometric functions. The course emphasizes linear and quadratic equations and inequalities, graphs of linear and quadratic functions, conic sections, polynomial functions, systems of equations, matrices and determinants, mathematical induction, trigonometric functions, inverse trigonometric functions, trigonometric identities and equations, and right and oblique triangles. Lecture 5 hours. Prerequisite: Mathematics 101 and 140, or two years of algebra and one year of plane geometry in high school with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. Note: No more than 6 units may be earned from any combination of Mathematics 100, 102, and 110. Transfer credit: CSU, UC, USC

111-FINITE MATHEMATICS 5 Units
Mathematics 111 is an integrated course in mathematics for business, management, and social science majors. Topics in this course include: the mathematics of finance; matrices; linear programming, including the simplex method; graphs and networks; logic and set theory; probability with an introduction to statistics; Markov chains; and game theory. Lecture 5 hours. Prerequisite: Mathematics 101, or two years of algebra in high school with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. Transfer credit: CSU, UC, USC (CAN MATH 12)

112-CALCULUS FOR BUSINESS 5 Units
Mathematics 112 is a one semester course in calculus for business, management, and social science majors. Topics in this course include: techniques of differentiating; maximum-minimum problems; curve sketching; derivatives and applications of exponential and logarithmic functions; techniques of integration; simple differential equations, the calculus of functions of several variables, including Lagrange multipliers and multiple integration. Lecture 5 hours. Prerequisite: Mathematics 101, or two years of algebra in high school with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. Transfer credit: CSU, UC, USC (CAN MATH 34)

115-SURVEY OF MATHEMATICS 3 Units
Mathematics 115 is a non-transferable course designed to satisfy the mathematics proficiency requirement for the A.A. or A.S. degree. There is an emphasis on problem solving and decision making. Topics which may be covered include problem solving techniques, using measurement in decision making, calculating possibilities, measuring certainty, tree diagrams, probabilities and estimation, individual and group behavior, and methods of recognizing consensus. Lecture 3 hours. Prerequisite: Mathematics 141, or Mathematics 145 and 146 or one year of high school algebra with a grade of "C" or better and a satisfactory score on the Mathematics Placement Examination.

128-INTRODUCTION TO PROGRAMMING 2 Units
Mathematics 128 is an introduction to problem solving and algorithms, including representation, design, and structuring of algorithms. The course includes primitive computer architecture and internal organization, data representation, and implementation of algorithms as structured computer programs using the PASCAL language. Lecture 2 hours, laboratory 1 hour. Prerequisite: Mathematics 110, or Mathematics 102 and 100, or four years of high school mathematics including principles of mathematics or its equivalent with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. Transfer credit: CSU, UC, USC

130-FORTRAN 2 Units
Mathematics 130 is designed to introduce the student to the techniques of writing a program in FORTRAN 77, with mathematical and scientific applications. The use of a computer to test programs will be a significant part of the course. Lecture 2 hours. Prerequisite: Mathematics 128. Transfer credit: CSU, UC, USC

135-LIBERAL ARTS MATHEMATICS 3 Units
Mathematics 135 is a one-semester course designed for liberal arts majors. Topics in this course include voting systems and how to measure power, game theory, apportionment, patterns and tilings, probability and statistical inference. Lecture 3 hours. Prerequisite: Mathematics 101, or two years of algebra in high school with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. Transfer credit: CSU
136-STATISTICS 3 Units
Mathematics 136 is a one-semester course designed for students whose major requires a course in statistics. Topics in this course include: the nature of statistical methods, types of data, introductory probability, sampling theory, experimental design, confidence intervals, hypothesis testing, regression analysis, and decision making. Emphasis will be placed on the application of statistical concepts and the interpretation of results. Lecture 3 hours. Prerequisite: Mathematics 101 or two years of algebra in high school with grades of "C" or better and a satisfactory score on the Mathematics Placement Examination. Note: A maximum of 3 units may be earned for Mathematics 136, Economics 107, Political Science 107, Psychology 107, or Sociology 107. Transfer credit: CSU, UC

140-PLANE GEOMETRY 3 Units
Mathematics 140 is a comprehensive course in plane geometry. The course includes sets and geometric figures, congruence, parallel lines and parallelograms, circles, inequalities, proportion and similar polygons, loci, constructions, and areas of polygons. Lecture 3 hours. Prerequisite: Mathematics 141 or 146, or one year of algebra in high school with a grade of "C" or better and a satisfactory score on the Mathematics Placement Examination.

141-FUNDAMENTALS OF ALGEBRA 4 Units
Mathematics 141 is a course in the fundamental operations of algebra. The course focuses on solution of linear and quadratic equations, algebraic operations, algebraic fractions, and exponents and square roots. This course is the equivalent of one year of algebra in high school. Lecture 5 hours. Prerequisite: Mathematics 145 or one year of high school algebra and a satisfactory score on the Mathematics Placement Examination. Note: This course may not be taken for credit by students who have completed Mathematics 146. A maximum of 4 units of credit will be granted for Mathematics 141 and Mathematics 145.

145-ELEMENTARY ALGEBRA I 2 Units
Mathematics 145 is designed to cover the fundamental operations of algebra normally included in the first semester of a year course taught in the secondary school, and will include signed numbers, solution of linear equations, algebraic manipulations, powers and roots. The course should be elected by students who have never studied algebra or who have studied it for less than one year. Lecture 4 hours. Recommended Preparation: Math 153 or placement based on a composite of test scores and academic background. Note: This course may not be taken for credit by students who have completed Mathematics 141.

146-ELEMENTARY ALGEBRA II 2 Units
Mathematics 146 is a continuation of Mathematics 145 and completes the topics covered in one full year of beginning algebra as taught in the secondary school. This course covers the fundamental operations of algebra including solutions of quadratic equations, algebraic fractions, the solution of word problems and radical expressions. Lecture 4 hours. Prerequisite: Mathematics 145. Note: This course may not be taken for credit by students who have completed Mathematics 141.

151-BASIC ARITHMETIC ½-2 Units
NON-DEGREE APPLICABLE
Mathematics 151 is a remedial course in the fundamental processes of arithmetic designed to develop both accuracy and speed in the computation using whole numbers, fractions, decimals, percent, and properties of the decimal number system. Lecture 2 hours, laboratory 1 hour. Recommended Preparation: Placement is based on a composite of test scores and academic background. Note: The student will receive ½ unit of credit for each module successfully completed.

152-BASIC MATHEMATICS 2 Units
NON-DEGREE APPLICABLE
Mathematics 152 is a remedial course in the fundamental processes of arithmetic designed to develop skill in computation, using whole numbers, fractions, decimals, percent, and properties of the decimal number system. The use of calculators is integrated into the course. Lecture 2 hours. Recommended Preparation: Placement is based on a composite of test scores and academic background. Note: A maximum of 2 units of credit will be granted for Mathematics 151 and Mathematics 152.

153-PREALGEBRA 1½ Units
NON-DEGREE APPLICABLE
Mathematics 153 is a remedial course in the fundamental processes of prealgebra, with an emphasis on the arithmetic of signed numbers.
Rules of exponents, first degree equations, study and test-taking techniques related to mathematics are also covered. Lecture 1½ hours. **Recommended Preparation:** 2 units of credit in Math 151 or credit in Math 152 or placement based on a composite of test scores and academic background.

**190-OVERCOMING MATH ANXIETY** 1 Unit
**NON-DEGREE APPLICABLE**

Mathematics 190 is designed to provide students of varying mathematical backgrounds with the knowledge, skills, and attitudes to be successful in their mathematics related goals. Topics include problem solving, test-taking, and stress reduction. Lecture 2 hours. **Prerequisite:** None.

### MATHEMATICS, BUSINESS

See Business - General 135

### MATHEMATICS, TECHNICAL

See Technical Education 142, 143; Electronics & Computer Technology 100

### METALLURGY

**150-PRINCIPLES OF METALLURGY AND HEAT TREATING** 3 Units
(Also listed as Metals 150)

Metallurgy 150 is the study of principles governing the selection, use, and treatment of metals and alloys in manufacturing and related technologies. Lecture 3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Metals 150.

### METALS

**150-PRINCIPLES OF METALLURGY AND HEAT TREATING** 3 Units
(Also listed as Metallurgy 150)

Metals 150 is the study of principles governing the selection, use, and treatment of metals and alloys in manufacturing and related technologies. Lecture 3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Metallurgy 150.

### MUSIC

Some Music courses were renumbered in Spring, 1994. Use the following list to find the new course numbers

<table>

The following Music performance/ensemble courses may be offered for fewer than the stated units: Music 141, 143, 144, 145, 146, 147, 152, 159, 170, 230, 231, 232, 233, 234, 235, 236, 237, 238.

**101-MUSIC FUNDAMENTALS** 3 Units

Music 101 is a beginning course for those students who seek a basic knowledge of the fundamentals of music theory. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC (CAN MUS 2)

**102-FUNDAMENTALS FOR MUSIC MAJORS** 3 Units

Music 102 is a course designed for those who have some knowledge of scales, all intervals, and primary chords and their resolutions. This course pursues these fundamentals in greater depth and prepares the student for musicianship and theory courses. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**104-MUSICIANSHIP I** 2 Units

Music 104 is a course designed to train the student to recognize the various intervals and rhythms used in composition and to use them in functional application through sight singing and ear training exercises. Music 104 is required for music majors. Lecture 2 hours, laboratory 1 hour. **Recommended Preparation:** Study of piano is strongly recommended. Students should have some knowledge of rhythmic patterns, scales, intervals and notation. **Transfer credit:** CSU, UC, USC
105-MUSICIANSHIP II  2 Units
Music 105 is a continuation of Music 104 with further emphasis on sight singing and ear training as well as the ability to perform melodic passages based on the major and minor modes. Basic harmonic progressions are also emphasized with application to melodic patterns and rhythms. Music 105 is required for music majors. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** Music 104. **Note:** For the non-pianist, concurrent study of piano is strongly recommended. Students should have some knowledge of scales, intervals, key signatures, triad notation and identification, time signatures and note values. **Transfer credit:** CSU, UC, USC

107-HARMONY I  3 Units
Music 107 develops an understanding of compositional techniques. Emphasis is placed on scales, intervals, triads, inversions, basic voice leading, figured bass, and simple harmonization. Music 107 is required for music majors. Lecture 3 hours. **Prerequisite:** None. **Corequisite:** Music 104. **Note:** For the non-pianist, concurrent study of piano is strongly recommended. **Transfer credit:** CSU, UC, USC

108-HARMONY II  3 Units
Music 108 develops an understanding of compositional techniques. Emphasis is placed on cadences, modulations, dominant sevenths, secondary dominants and analysis. Music 108 is required for music majors. Lecture 3 hours. **Prerequisite:** Music 107. **Corequisite:** Music 105. **Note:** For the non-pianist concurrent study of piano is strongly recommended. **Transfer credit:** CSU, UC, USC

110-MUSIC/ART APPRECIATION  3 Units
(Also listed as Art 110)
Music 110 is a team-taught course which offers a comparative overview of western art and music from the prehistoric period to the present. This introductory course presents influential figures in each period and analyzes important influences on their work. The relationship between music and art is explored, along with changing trends in thought and techniques. Lecture 3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Art 110. **Transfer credit:** CSU, UC, USC

120-MUSIC APPRECIATION  3 Units
Music 120 traces the evolution of music over the past 1500 years, with a special emphasis on understanding how to listen for greater enjoyment. Students learn the basic elements of music, such as form and structure, families and subgroups of musical instruments, as well as learning about specific composers and works. Lecture 3 hours. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Music 125 or 126. This course is designed especially for non-music majors. Music majors should enroll in Music 125 and 126. The student is required to attend five (5) classical concerts and submit concert reports. **Transfer credit:** CSU, UC, USC

125-HISTORY AND LITERATURE  3 Units
Music 125 covers the history of music from the early Christian era through the Baroque Period. In addition to lectures and readings, the course includes a study of live and recorded musical performances. Recognition of composers and styles is emphasized. Lecture 3 hours, directed listening 2 hours. **Recommended Preparation:** It is strongly recommended that students entering Music 125 be able to read music well enough to identify key signatures and transpositions, and be able to follow a musical score. **Note:** Students are required to attend six (6) concerts featuring music from the historical periods being studied, and to submit six (6) concert reports. Students are urged to take Music 125 and 126 within the same academic year. **Transfer credit:** CSU, UC, USC (CAN MUS 8)

126-HISTORY AND LITERATURE  3 Units
Music 126 begins with the mid-18th century and continues with musical history through the present day. In addition to lectures and readings, the course includes a study of live and recorded musical performances. Recognition of composers and styles is emphasized. Lecture 3 hours, directed listening 2 hours. **Recommended Preparation:** It is strongly recommended that students entering Music 126 be able to read music well enough to identify key signatures and transpositions, and be able to follow a musical score. **Note:** Students are required to attend six (6) concerts featuring music from the historical periods being studied, and to submit six (6) concert reports. Students are urged to take Music 125 and 126 within the same academic year. **Transfer credit:** CSU, UC, USC (CAN MUS 10)
127-WORLD MUSIC  3 Units
Music 127 is designed to provide non-majors with a broader understanding of the multicultural world community. Students are introduced to non-western music as it occurs in Africa, the Middle East and Asia. Musical expression is viewed as an outgrowth of diverse cultural needs. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU

128-MUSIC OF AMERICA  3 Units
Music 128 is a survey of the music from Provincial America to the present day, focusing on the major musical forms of each historical period and the events that influenced them. Historical information and musical examples of hymnody, gospel, folk, frontier music, ragtime, jazz, music theatre, concert music, motion picture, television, and electronic music will be included. The course is designed for elective credit for music majors and humanities. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

129-COMMERCIAL VOICE  2 Units
Music 129 is an introduction to the basic principles of vocal production as they apply to singing songs from contemporary commercial idioms, including popular songs, jazz, gospel, Broadway show tunes, and track singing. Emphasis is placed on posture, breathing, resonance, style, microphone technique, movement, program development, and presentation. Literature appropriate for each voice range and ability is studied. Students are required to perform songs from memory. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

135-VOICE TRAINING I  2 Units
Music 135 stresses the principles of correct vocal production and their application to songs and ballads in English. Emphasis is placed on the following: proper breathing habits, the relationship between breathing and tone making, vocal health, range, resonance, registration, poise, posture, and song presentation. The development of an appreciation for the vocal arts is an important aspect of the course. Lecture 2 hours. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned. Transfer credit: CSU

136-VOICE TRAINING II  2 Units
Music 136 is a continuing focus upon the principles of correct vocal production and their application to songs and ballads in English. Foreign art songs are introduced; more difficult exercises both musically and vocally are stressed. Further emphasis is placed on legato singing, diction, interpretation, and expression. The development of an appreciation for the vocal arts is of continuing importance. Lecture 2 hours. Prerequisite: Music 135 or equivalent. Note: This course may be taken 2 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC

137-VOICE TRAINING III  2 Units
Music 137 is a continuation and broadening of the principles of vocal production and proper use of the breath in singing as outlined in Music 135 and 136. More difficult literature is explored, including contemporary music and several songs in foreign languages. Performances and recital. Lecture 2 hours. Prerequisite: Music 136 or equivalent. Note: This course may be taken 2 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC

138-PRIVATE STUDY IN MUSIC WITH OFF-CAMPUS TEACHERS  1 Unit
Music 138 provides students with college credit for pursuing the serious study of music with off-campus teachers who are approved by the college faculty. Students must receive at least one lesson per week for sixteen weeks, and each lesson must be thirty minutes or more. Daily practice of one hour is expected. A factual written report of dates of lessons, their duration, and amount of weekly practice by students must be regularly presented to the music department member serving as "instructor of record". Both a midterm-semester and a final performance are required of students for evaluation by the college music faculty, and upon consideration of a letter grade suggested by the private teacher, the official grade awarded for these studies will be determined by the music faculty of the college. Lecture 1 hour, laboratory 5 hours. Prerequisite: None. Corequisite: Concurrent enrollment in one of the following courses relating to their private study. These may include: Music 135, 136, 137, 140, 144, 145, 146, 147, 151, 156, 157, 158, 159, 160, 161, 162, 163, 165, 230, 231, 232, 233. Note: This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC
140-APPLIED MUSIC 1 Unit
Music 140 is a course which offers students the opportunity to study privately with an instrumental or vocal teacher and to participate in regularly scheduled recitals as part of their college education. Students receive one half-hour private lesson each week in the Music Lab. In addition, students must spend 1 hour each week in the Applied Music class attending a recital. Students are also required to enroll in an appropriate performing ensemble. Lecture 1 hour, laboratory ½ hour. Prerequisite: None. Note: An audition is required. The student must demonstrate a basic proficiency on his or her instrument and show the potential to benefit from private lessons. The student must practice a minimum of 5 hours per week. This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC

141-COMMUNITY ORCHESTRA: LITERATURE 1725-1850 ½-1 Unit (Formerly Music 151)
Music 146 is a performance class which emphasizes standard orchestral repertoire from the Baroque era through the romantic period. Literature includes overtures, symphonies and suites. Emphasis is placed on interpretation and style. Lecture 3 hours. Prerequisite: Ability to perform on a standard orchestral instrument. Note: This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU

143-CONCERT BAND 1 Unit
The repertoire includes both serious music for concert band, and music of a more popular nature. The concert band performs at both college and community activities. Lecture 2 hours. Prerequisite: Ability to perform on a standard band instrument. Note: This course may be taken 4 times; a maximum of 4 units may be earned. An audition may be required. Transfer credit: CSU, UC, USC

144-WOODWIND ENSEMBLE 1 Unit
Music 144 is a small instrumental group which plays for college and community activities. Emphasis is on balance, dynamics, phrasing, and interpretation. Lecture 2 hours, directed practice by arrangement 3 hours. Prerequisite: Ability to play a musical instrument in a band or orchestra. Note: This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC

145-CLASSICAL GUITAR I 2 Units
Music 156 is for students who wish to learn the elementary techniques of guitar playing. Included are the studies of fundamental music reading, skills, notation for guitar, tuning, playing techniques, fingerings, key signatures and
scales, and the performance of easy solo guitar music in the first position. Another aspect of the course is to foster an appreciation for the classic guitar, its literature and performing artists. No previous musical training is required. Lecture 1 hour, laboratory 1 hour. Prerequisite: None. Note: Students are required to have a standard six (6) string guitar to use in class and are expected to practice one (1) hour a day. This course may be taken 2 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC

157-CLASSICAL GUITAR II 2 Units
Music 157 continues with the study of basic classic guitar techniques. Dynamics, ligados, and grace Notes are introduced. Students become acquainted with the entire fingerboard through scales in the 2nd, 4th, 5th, 7th, and 9th positions, and also through selected compositions for the guitar from the 18th and 19th centuries, and solo arrangements of familiar tunes. Chord structure is discussed and applied to the fingerboard. Lecture 1 hour, laboratory 1 hour. Three (3) hours practice by arrangement. Prerequisite: Music 156 or equivalent. Note: Students are required to have a standard six (6) string guitar to use in class and are expected to practice one (1) hour a day. This course may be taken 2 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC

158-CLASSICAL GUITAR III 2 Units
Music 158 proceeds with techniques and compositions of intermediate level. Included for study are selected pieces from the Renaissance, Baroque, Classic, and Romantic eras, as well as solo arrangements of familiar tunes. Knowledge of the entire fingerboard is further enhanced by the practice of two and three octave scales. Basic skills for transcribing music written for keyboard are introduced. Lecture 1 hour, laboratory 1 hour. Three (3) hours practice by arrangement. Prerequisite: Music 157 or equivalent. Note: Students are required to have a standard six (6) string guitar to use in class and are expected to practice one (1) hour a day. This course may be taken 2 times; a maximum of 4 units may be earned. Transfer credit: CSU, UC, USC

159-CLASSICAL GUITAR ENSEMBLE 1 Unit
Music 159 is for students who wish to learn the techniques used in performing guitar duos, trios, and quartets, or performing with other instruments and/or voice. Emphasis is placed on developing music reading skills and furthering familiarity with the fingerboard, precise execution of rhythms, observance of tempo, dynamics, timbre, intonation, elements of style and interpretation, and synthesizing the individual musical parts into an artistic whole. Selected works from the various periods of music history are studied, rehearsed, and performed. Music 159 fosters an appreciation for ensemble playing, for literature, for concerts, and for recording artists. Lecture 1 hour, laboratory 1 hour. Prerequisite: Music 157 or equivalent. Note: This course may be taken 4 times; a maximum of 4 units may be earned. Students are required to have a standard acoustic guitar equipped with six (6) nylon strings to use in class and for practice hours. A minimum of 3 hours practice per week is required. (Prior to Fall 1991, Music 159 was Classical Guitar IV) Transfer credit: CSU, UC, USC

160-PIANO I 2 Units
Music 160 is designed for students who wish to gain an elementary knowledge of piano keyboard and the rudiments of music reading. The content of the course will be based on the assumption that students have had no previous musical training. Lecture 2 hours. Prerequisite: None. Note: Music 160 is not open to students having previous instruction or experience in piano playing. This course may be taken 2 times; a maximum of 4 units may be earned. It is recommended that the student have a piano available for practice and is expected to practice one (1) hour a day. Transfer credit: CSU, UC, USC

161-PIANO II 2 Units
Music 161 is a course for the advancement of the beginning pianist in skills, interpretation and tonal coloring. Lecture 2 hours. Prerequisite: Music 160 or one-half year of piano experience. Note: This course may be taken 2 times; a maximum of 4 units may be earned. It is recommended that the student has a piano available for practice and is expected to practice one (1) hour a day. Transfer credit: CSU, UC, USC

162-PIANO III 2 Units
Music 162 covers the theory and interpretation of works from the preclassical, classical, and romantic periods as well as modern or contemporary music. Emphasis on development of technique, style, tone-color, dynamics and phrasing. Lecture 2, hours. Prerequisite:
Music 161 or one year of piano experience.  
*Note:* This course may be taken 2 times; a maximum of 4 units may be earned. It is recommended that the student has a piano available for practice and is expected to practice one (1) hour a day.  
**Transfer credit:** CSU, UC, USC

**163-PIANO WORKSHOP**  
1 Unit  
Music 163 is for advanced students who can benefit from individual study and supervised practice time. Piano Lab allows students to study solo repertoire, accompanying, ensemble playing, sight-reading, and improvisation. Lecture 1 hour, laboratory 1 hour.  
*Prerequisite:* Music 161 or equivalent.  
*Note:* This course may be taken 4 times; a maximum of 4 units may be earned. (Prior to Fall 1991, Music 163 was Piano IV.)  
**Transfer credit:** CSU, UC, USC

**170-MUSIC THEATRE WORKSHOP**  
3 Units  
Music 170 is designed to provide training and experience in the art of musical theatre. Performance of a major production is the objective of the course. Students have the opportunity to participate in the rehearsals and the development of the performances. Course work provides experience in the techniques of stage ensemble, acting, technical stage, costuming, and makeup. Auditions are held for all roles. Lecture 2 hours, laboratory 3 hours.  
*Prerequisite:* Ability to sing with good pitch and acceptable vocal quality.  
*Note:* This course may be taken 4 times; a maximum of 12 units may be earned.  
**Transfer credit:** CSU, UC, USC

**171-COMMERCIAL MUSIC**  
3 Units  
Music 171 offers prospective musicians an introduction into the many vocational aspects of their field. It is designed to provide a basic understanding of such essentials as fields of commercial music employment opportunities, seeking employment, copyright law, typical financial transactions, modern recording procedures. Lecture 3 hours.  
*Prerequisite:* None.  
**Transfer credit:** CSU

**172-COMMERCIAL MUSIC WORKSHOP**  
2 Units  
Not Offered.  
**Transfer credit:** CSU

**175-SYNTHESIZER—ELECTRONIC MUSIC I**  
3 Units  
Music 175 is a study of the synthesizer and electronic music through discussion of the history and literature and the practical use of electronic instruments. Instruction 3 hours, directed practice by arrangement 3 hours.  
*Prerequisite:* None.

**230-CHORUS**  
½-1 Unit  
(Formerly Music 130)  
Music 230 is a beginning course in the appreciation and performance of standard choral literature, with special emphasis on principles of part singing, vocal control, interpretation, diction, phrasing, and breath control. Public performances may be required. Lecture 3 hours.  
*Prerequisite:* None.  
*Note:* An audition is required. This course may be taken 4 times; a maximum of 4 units may be earned.  
**Transfer credit:** CSU, UC, USC

**231-COLLEGE CHOIR**  
½-1 Unit  
(Formerly Music 131)  
Music 231 is a beginning course in the appreciation and performance of advanced choral literature, with special emphasis on principles of part singing, vocal control, interpretation, diction, phrasing, and breath control. Public performances may be required. Lecture 3 hours.  
*Prerequisite:* None.  
*Note:* Students must demonstrate the ability to match pitches and maintain steady rhythm. An audition may be required. This course may be taken 4 times; a maximum of 4 units may be earned.  
**Transfer credit:** CSU, UC, USC

**232-CHAMBER CHORALE—WINTER PRODUCTIONS**  
1 Unit  
(Formerly Music 133)  
Music 232 is a course in the appreciation and performance of choral literature written for treble voices. Emphasis is placed on music written prior to 1800 and appropriate seasonal literature. Public performance is required. Lecture 3 hours.  
*Prerequisite:* None.  
*Note:* Students must have the ability to match pitches and maintain a steady rhythm. An audition is required. This course may be taken 4 times; a maximum of 4 units may be earned.  
**Transfer credit:** CSU

**233-CHAMBER CHORALE: FESTIVAL**  
½-1 Unit  
(Formerly Music 133)  
Music 233 is a course in the appreciation and performance of choral literature written for treble voices. Emphasis is placed on music written after 1800 and other art music suitable for performance at adjudicated festivals. Public performance is required. Lecture 3 hours.  
*Prerequisite:* None.  
*Note:* Students must have the
ability to match pitches and maintain a steady rhythm. An audition is required. This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU

234-CONCERT SINGERS: MADRIGAL FEASTE
(Formerly Music 134)
Music 234 is a course in the appreciation and performance of traditional choral literature. Emphasis is placed on music composed prior to 1700. Public performance is required. Lecture 3 hours. Prerequisite: None. Note: Students must demonstrate the ability to match pitches and maintain steady rhythm. An audition is required. This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU

235-CONCERT SINGERS: MASTERWORKS
(Formerly Music 134)
Music 235 is a course in the appreciation and performance of traditional choral literature. Emphasis is placed on music composed after 1700. Public performance is required. Lecture 3 hours. Prerequisite: None. Note: Students must demonstrate the ability to match pitches and maintain steady rhythm. An audition is required. This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU

236-VOCAL ENSEMBLE: HOLIDAY REVIEW
(Formerly Music 132)
Music 236 is the study and performance of choral literature composed for small vocal ensembles. Vocal music in both popular and jazz idioms is studied. Traditional seasonal music is emphasized. Some of the music may be choreographed. Lecture 3 hours. Prerequisite: None. Note: An audition is required. Membership in other performance groups may be required. This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU

237-VOCAL ENSEMBLE: BROADWAY/JAZZ CLASSICS
(Formerly Music 132)
Music 237 is the study and performance of choral literature composed for small vocal ensembles. Vocal music in both popular and jazz idioms is studied. Broadway show music is emphasized. Some of the music may be choreographed. Lecture 3 hours. Prerequisite: None.

Note: An audition is required. Membership in other performance groups may be required. This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: CSU

238-CHORALOGRAPHY
(Formerly Music 178)
Music 238 is the study and performance of movement for choral literature composed for small vocal ensembles. Vocal music in both popular and jazz idioms is studied in this course. Some traditional seasonal music is also studied. Emphasis is placed on movement that is appropriate for the choral singer. Lecture 3 hours. Prerequisite: None. Corequisite: Music 236 or 237. Note: An audition with the instructor is required. Membership in other performance groups may be required. This course may be taken 4 times; a maximum of 4 units may be earned. Transfer credit: UC, USC

239-TOUR CHOIR
(Formerly Music 139)
Music 239 is a course which offers singers the opportunity to travel and perform choral masterworks in the great performance halls and churches of the world. Emphasis is placed on a combination of American literature and on the literature of the countries that are visited on the tour. All solo material is performed by members of the tour choir. Lecture 3 hours. Prerequisite: None. Note: Students must demonstrate good musicianship, be able to sing on pitch, maintain steady rhythm and display a sensitivity to choral blending of voices. An audition may be required. This course may be taken 4 times; a maximum of 4 units may be earned. See instructor for estimated cost. Transfer credit: CSU

NATURAL HISTORY
See Biology 130

NATIONAL FIELD STUDIES

148-NATIONAL FIELD STUDY 1-6 Units
One unit of elective credit to be offered for six days of supervised travel and study up to a maximum of six units for 36 days, under the direction of a credentialed instructor. Prerequisite: Approval of program and units of credit attempted must be obtained from the Executive Vice President, Instructional Services prior to the domestic travel. Transfer credit: CSU
NURSING
See Allied Health

NUTRITION
See Food and Nutrition Studies

OCEANOGRAPHY

115-OCEANOGRAPHY  3 Units
Oceanography 115 is an introduction to the physical, chemical, and geological aspects of oceanography. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

116-OCEANOGRAPHY  1 Unit
Oceanography 116 is an introduction to the common laboratory practices and exercises on the physiochemical and geological aspects of oceanography. Laboratory 3 hours per week including 8 hours of supervised observations and data collection aboard an oceanographic research vessel. Prerequisite: Oceanography 115. (Oceanography 115 may be taken concurrently.) Transfer credit: CSU

OFFICE ADMINISTRATION

101-OFFICE PROCEDURES  3 Units
Office Administration 101 is a detailed study of general office procedures, including the selection of office supplies; processing of mail; use of postal and telegraph services; receptionist and telephone techniques; handling travel arrangements; data processing; preparation of reports; banking procedures; payroll, insurance, and tax records; legal forms; and job interview. Lecture 3 hours. Prerequisite: Office Administration 205 (2 units) or one year of typing in high school. Recommended: Eligibility for Business-General 101 or English 120.

105-FILING METHODS AND SYSTEMS  1 Unit
Office Administration 105 covers principles and procedures for establishment and use of various filing systems including practice in alphabetic, numeric, geographic, and subject filing methods and covers principles and procedures for storage and retrieval, retention, transfer, and disposal of records. Lecture 2 hours, laboratory 1 hour. (8 weeks) Recommended Preparation: Eligibility for Business-General 101 or English 120.

110-MACHINE TRANSCRIPTION-BUSINESS  2 Units
Office Administration 110 is a machine transcription course which enables students to transcribe business communications, with emphasis on excellence in typing and proficiency in the use of English skills, such as spelling, grammar, and punctuation. Lecture 1½ hours, laboratory 1½ hours. Prerequisite: Office Administration 205 or Business-General 105 or Office Administration 250 or equivalent. (Office Administration 205 may be taken concurrently.) Recommended: Business-General 110.

120-BEGINNING SHORTHAND  1-5 Units
Office Administration 120 is an introductory course in shorthand covering theory, speed development, and beginning transcription skills. Lecture 5 hours. Prerequisite: Office Administration 205 or equivalent. Recommended: Eligibility for Business-General 101. Note: Students who can take dictation at least 60 words a minute should enroll in Office Administration 125 (3 units). In classes where individualized instruction is given, a student may complete one module of instruction for one unit of credit. This course may be taken 4 times; a maximum of 5 units may be earned. Transfer credit: CSU

125-SHORTHAND TRANSCRIPTION I  3 Units
Office Administration 125 is a continuation of Office Administration 120, which incorporates review of theory, transcription techniques, and English skills to produce mailable letters. Lecture 3 hours. Prerequisite: (1) Office Administration 120 or equivalent; (2) Office Administration 210 or equivalent. (Office Administration 210 may be taken concurrently.) Recommended: Concurrent enrollment in Office Administration 215. Note: Students who have earned "B" grade in second-year shorthand in high school should enroll in Office Administration 130 (3 units). In classes where individualized instruction is given, a student may complete one module of instruction for 1 unit of credit. Transfer credit: CSU

130-SHORTHAND TRANSCRIPTION II  1-3 Units
Office Administration 130 is a finishing course for the executive secretary. Emphasis is on office style dictation of business communications, applying transcription skills acquired in Office Administration 125. Lecture 3 hours. Prerequisite: (1) Office Administration 125 (3 units) or a "B" grade in second-year shorthand
in high school; (2) Business-General 105; (3) Business-General 101 or 120 or eligibility for 110; (4) Office Administration 110 (3 units); and (5) Office Administration 215 (3 units) or equivalent (concurrent enrollment is permitted if fewer than 3 units were earned); concurrent enrollment in Office Administration 140 (enrollment for the second unit is optional upon achievement of 100 wpm). Note: This course may be taken 3 times; a maximum of 3 units may be earned. Transfer credit: CSU

135-SHORTHAND REVIEW 1-2 Units
Office Administration 135 is a quick, thorough review of the theory of shorthand, which provides an opportunity to brush up on principles, brief forms, phrases, and high-frequency words. Lecture 2 hours. Prerequisite: Prior training in shorthand. Note: This course may be taken 2 times; a maximum of 2 units may be earned.

140-SHORTHAND SPEED DEVELOPMENT 1-2 Units
Office Administration 140 is a course offering shorthand speed development on an individualized basis with dictation ranging from 50 words a minute to 160 words a minute. Lecture 2 hours. Prerequisite: Office Administration 120 (4 units) or 135 (1 unit) or one year of high school shorthand or equivalent. Note: This course may be taken 4 times; a maximum of 6 units may be earned.

162-LEGAL PROCEDURES 3 Units
Office Administration 162 is a course offering specialized training in preparation of legal paper and forms, development of specialized vocabulary and spelling, familiarization with law office routines, and other legal procedures. Lecture 3 hours. Prerequisite: (1) Office Administration 210 (3 units) or equivalent; (2) Office Administration 101 (3 units), and Office Administration 254 (3 units) or equivalent. (Office Administration 254 may be taken concurrently.) Transfer credit: CSU

165-LEGAL MACHINE TRANSCRIPTION 2 Units
Office Administration 165 is a machine transcription course which will enable students to transcribe legal communications and to type legal forms commonly used in legal offices. Emphasis will be placed on excellence in typing and proficiency in use of English skills, such as spelling, grammar, and punctuation. Lecture 1½ hours, laboratory 1½ hours. Prerequisite: (1) Office Administration 182, (2) Office Administration 210 (3 units) or equivalent, (3) Business-General 105, (4) Office Administration 250 (1½ units) or equivalent. Recommended Preparation: Eligibility for Business-General 110.

182-MEDICAL TERMINOLOGY 5 Units
Office Administration 182 is designed to familiarize those interested in the medical field with origin, correct spelling, pronunciation, meaning and current usage of common medical terms and their application to clinical records and reports. Emphasis is placed on the roots, prefixes, suffixes, and word combinations. Lecture 5 hours. Recommended Preparation: Eligibility for English 120.

185-MEDICAL OFFICE INSURANCE PROCEDURES 3 Units
Office Administration 185 is a course offering an introduction to the medical office and concentrating on the Medical Assistant's role in the maintenance of a professional and efficient medical office, including career guidelines and professional qualifications; public relations; courteous and effective handling of patients, doctors, and co-workers; preparation and care of medical records; correspondence; financial records; insurance; and general management of a medical facility. Training is applicable in offices of physicians, medical hospitals and clinics, dental and medicolegal agencies and government-sponsored medical facilities. Lecture 3 hours. Prerequisite: Office Administration 182 or equivalent.

190-MEDICAL MACHINE TRANSCRIPTION 2 Units
Office Administration 190 is a machine transcription course which enables students to transcribe medical communications and to type medical forms commonly used in medical offices. Emphasis is placed on excellence in typing and proficiency in use of English skills, such as spelling, grammar, and punctuation. Lecture 1½ hours, laboratory 1½ hours. Prerequisite: (1) Office Administration 182, (2) Office Administration 210 (3 units) or equivalent, (3) Business-General 105, (4) Office Administration 250 (1½ units) or equivalent. Recommended Preparation: Eligibility for Business-General 110.
195-MEDICAL MACHINE TRANSCRIPTION II  2 Units
Office Administration 195 covers machine transcription of case histories, surgical and pathological reports for hospital records, and letters dictated by physicians representing the medical specialties. Lecture 1½ hours, laboratory 1½ hours. **Prerequisite:** Office Administration 190 and concurrent enrollment in or completion of Office Administration 215 (3 units) or equivalent.

196-MEDICAL TRANSCRIPTION PLUS I  5-10 Units
Not offered.

198-MEDICAL TRANSCRIPTION PLUS II  5-10 Units
Not offered.

201-COMPUTER KEYBOARDING  1 Unit
Office Administration 201 develops the basic skills and keyboard techniques used in the method of "touch" keyboarding. This method involves the ability to read copy and transmit what is seen to the keyboard without having to look at the fingers. Speed is emphasized in order to operate the equipment quickly. Accuracy is stressed because a single error may result in inputting or retrieving incorrect information or no information at all. Lecture 1 hour, laboratory 3 hours. (9 weeks) **Recommended Preparation:** Eligibility for Business-General 101 or equivalent. **Note:** This course may be taken 3 times; a maximum of 3 units may be earned.

205-BEGINNING TYPING  1-3 Units
Office Administration 205 develops the basic skills of keyboard techniques to give the foundation for advanced training in typing. Training is given in the preparation of memorandums, personal letters, business letters, simple tabulation, outlines, and manuscripts. Lecture 2 hours, laboratory 3 hours. **Recommended Preparation:** English 191 or ESL 141. (English 191 or ESL 141 may be taken concurrently.) **Note:** Students who can type at least 30 words a minute should enroll in Office Administration 210. The student will receive one unit of credit for each module of individualized instruction successfully completed. This course may be taken 3 times; a maximum of 3 units may be earned. **Transfer credit: CSU**

210-INTERMEDIATE TYPING  1-3 Units
Office Administration 210 is a continuation of Office Administration 205, providing refinement and development of technique with increased emphasis on accuracy and speed. The course provides a detailed study of business letters, special office forms, tabulated reports, and manuscripts. Lecture 2 hours, laboratory 3 hours. **Prerequisite:** Office Administration 205 (3 units) or equivalent. **Recommended Preparation:** Eligibility for one of the following: Business-General 101 or English 120. **Note:** Students who can type at least 40 words a minute should enroll in Office Administration 215. The student will receive one unit of credit for each module of individualized instruction successfully completed. This course may be taken 3 times; a maximum of 3 units may be earned. **Transfer credit: CSU**

215-ADVANCED TYPING  1-3 Units
Office Administration 215 is a vocational course and the standards are set in terms of business demands. This program is designed to help the student to develop and integrate all of the "back-up" skills, knowledge, and techniques into complete production typewriting skill. Emphasis is placed upon the development of accuracy and speed both in straight-copy material and production projects and upon the application of related learnings. Lecture 2 hours, laboratory 3 hours. **Prerequisite:** Office Administration 210 (3 units) or equivalent. **Recommended Preparation:** Eligibility for either Business-General 110 or English 101. **Note:** The student will receive one unit of credit for each module of individualized instruction successfully completed. This course may be taken 3 times; a maximum of 3 units may be earned. **Transfer credit: CSU**

225-LEGAL TYPING  1 Unit
Office Administration 225 is a course offering specific training in and supervision of preparation of legal documents. Lecture 1 hour, laboratory 1 hour. **Prerequisite:** Office Administration 210. **Recommended Preparation:** Eligibility for one of the following: Business-General 101 or English 120.

230-TYPING SPEED/CONTROL BUILDING  1-2 Units
Office Administration 230 is designed to provide intensive training and practice in building
typing speed and control. The student is allowed to pursue individual goals. Lecture 1½ hours, laboratory ½ hours. **Prerequisite:** Office Administration 205 (3 units) or equivalent. **Note:** This course may be taken 4 times; a maximum of 4 units may be earned. Concurrent enrollment in Office Administration 210 and 215 is permissible if the student needs additional speed and/or accuracy practice.

**240-WORD PROCESSING—IBM MEMORY TYPEWRITER**  
1 Unit  
Not Offered.

**245-WORD PROCESSING—IBM MAG CARD II TYPEWRITER**  
1-2 Units  
Not Offered.

**246-WORD PROCESSING—IBM MEMORY/MAG CARD II TYPEWRITERS**  
1-2 Units  
(Formerly Office Administration 240 and 245)  
Not offered.

**252-VOICE PROCESSING/DICTATION**  
1 Unit  
Not offered.

**254A-WORD PROCESSING I/WORDPERFECT**  
3 Units  
Office Administration 254A enables students to develop competency in operating a microcomputer using word processing software. Hardware used in this course is IBM compatible. Word processing software is WordPerfect 5.1 or the current version. This is an introductory course that involves learning basic operating system commands, along with creating, editing, printing, and storing simple documents. It also includes learning routine formatting and text editing features such as search and replace, merge, sort, headers and footers, redline and strikeout, footnotes and endnotes, etc. Lecture 3 hours, laboratory 2 hours. **Recommended Preparation:** Eligibility for one of the following: Business-General 101 or English 120, and a typing speed of 25 wpm.

**256A-WORD PROCESSING II/WORDPERFECT**  
3 Units  
Office Administration 256A is a continuation of Office Administration 254A. This course is designed to prepare students with the advanced skills and knowledge to handle more difficult and challenging tasks. Lecture 3 hours, laboratory 1 hour. **Prerequisite:** Office Administration 254A or equivalent.

**270-WORD PROCESSING MANAGEMENT**  
3 Units  
Not Offered.

**285-INFORMATION WORD PROCESSING UPGRADE**  
1 Unit  
Office Administration 285 is a course designed to further enhance the skills and knowledge of those students who are presently employed in, or have had prior experience in, information word processing. This course will encompass a wide spectrum of advanced information systems applications, tailor-made to meet the students' specific needs. Lecture 1 hour, laboratory 3 hours. (9 weeks) **Prerequisite:** Office Administration 255 or equivalent. **Note:** This course may be taken 4 times; a maximum of 4 units may be earned on different hardware and software.

---

### PALEONTOLOGY

**101-GENERAL PALEONTOLOGY**  
3 Units  
Paleontology 101 is a survey of the classification and history of life including both plants and animals. It also includes an interpretation of the significance of fossils as evidence of organic evolution and the adaptations of life to its physical and biological environments. Students will study the sequences of floras and faunas as found in the rocks. Lecture 3 hours. **Prerequisite:** None. **Note:** A good high school record or second semester standing is recommended. **Transfer credit:** CSU, UC, USC

---

### PHILOSOPHY

**101-INTRODUCTION TO PHILOSOPHY**  
3 Units  
Philosophy 101 is an overview of the classical and modern problems of philosophy. A consideration of the nature of knowledge, views of the cosmos or world, and the problems of truth, beauty, ethics, and theology. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC (CAN PHIL 2)

**112-HUMAN VALUES AND ENVIRONMENTAL ISSUES**  
2 Units  
Philosophy 112 is a study of human attitudes toward the physical world and the biological organisms within it. Topics covered will be the definition of values, a study of historical viewpoints, and a brief assessment of the consequences of such attitudes in creating and/or
solving environmental problems. The course will consider various ways in which a consciously considered value system might be deliberately applied to specific solutions. Lecture 2 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

113-COMPARATIVE WORLD RELIGIONS: NEAR EAST 3 Units
Philosophy 113 is a comparative study of the salient ideas and philosophical developments in Zoroastrianism, Judaism, Christianity, Islam, and primitive and national religions of the past. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

114-COMPARATIVE WORLD RELIGIONS: FAR EAST 3 Units
Philosophy 114 is a comparative study of the salient ideas and philosophical developments in Hinduism, Buddhism, other Indian religions, Taoism, Confucianism, and Shinto. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

116-ETHICS FOR MODERN LIFE 3 Units
Philosophy 116 is an analysis of the concept of the good, the scope of morality, the deterministic controversy, the ethical yardsticks, and the major ethical systems and their roots. Attention is given to contemporary positivism, John Dewey, Marxist ethics, authority as an ethical principle, intuitionism, egoistic hedonism, utilitarianism, ethical idealism, Immanuel Kant, modern Aristotelianism, and existentialism and recent ethical theories. The nature and scope of contemporary moral problems are also examined. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC (CAN PHIL 4)

117-INTRODUCTION TO LOGIC 3 Units
Philosophy 117 is a study of the structure and function of language, inductive and deductive forms of reasoning and argumentation. Includes the study of formal argumentation, the methods of experimental inquiry, the nature of scientific hypothesis, and probability theory. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC (CAN PHIL 6)

119-HISTORY OF PHILOSOPHY: ANCIENT PERIOD 3 Units
Philosophy 119 is a critical study of the philosophic systems and ideas of the Western civilization from the ancient Greeks to the end of the Medieval period, with special emphasis on the Pre-Socratics, Plato, Aristotle, Roman philosophical thinkers, and the impact of Christian thought on Western culture. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

120-HISTORY OF PHILOSOPHY: MODERN PERIOD 3 Units
Philosophy 120 is a critical study of the philosophic systems and ideas of the modern period which have had a dominant impact on Western civilization, with special emphasis on Descartes, Spinoza, Leibniz, Locke, Berkeley, Hume, Kant, Hegel, Marx, Neitzsche, twentieth century British and American philosophers. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

121-ISLAM: A WAY OF LIFE 3 Units
Philosophy 121 is a study of Islam as both a religion and a culture. The study of the religion includes a consideration of beliefs and practices of the faith, and the history of the man, Muhammad, who revealed the faith. The study of the culture includes a consideration of the early successors to Muhammad, religious movements and sects, philosophy, science, and political power. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

122-LATIN AMERICAN PHILOSOPHY 3 Units
Philosophy 122 is the study of the various forms which philosophy has taken in Latin America. The course examines the background of Inca, Aztec, and European thought patterns. It emphasizes philosophy of civilization and philosophy of art, including the contributions of the Mexican muralist. Representative viewpoints, such as scholasticism, romanticism, and evolutionism are described. The course underlines the vitality of Latin American positivism, and it concludes with rival twentieth century currents of thought. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC
PHOTOGRAPHY

101-INTRODUCTION TO PHOTOGRAPHY 3 Units
Photography 101 is an introductory black and white photo course covering basic camera types; camera operations; characteristics of light, film, paper; film processing; print enlargement; darkroom procedures and safety; print finishing; and compositional theory. Aesthetic concerns and technical skills are developed and applied to photographing print quality, and print presentation. The course consists of: lectures, demonstrations, specific shooting and printing assignments; and class critiques. Students must have a manually adjustable 35mm or 2½ camera. Lecture 2 hours, studio 2 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

102-INTRODUCTION TO DARKROOM 3 Units
Photography 102 enables photography students to increase their laboratory skills relative to concurrent enrollment in photography courses. Lecture 2 hours, studio 2 hours. Prerequisite: Concurrent enrollment in a Glendale Community College photography course. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

103-INTERMEDIATE PHOTOGRAPHY 3 Units
Photography 103 is an intermediate level black-and-white course which covers the characteristics of various types of black-and-white films, papers, developers, printing techniques, and methods in handcoloring. There is an emphasis on print quality, aesthetics, advanced techniques and concepts in photography through photographic assignments. Lecture 2 hours, studio 2 hours. Prerequisite: Photography 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

105-ADVANCED PHOTOGRAPHY 3 Units
Photography 105 is a black-and-white course emphasizing advanced techniques and theories that enable students to work with greater competence. The course covers film contrast control through exposure and development, reduction and intensification of the negative, contrast control with filters, the use of toners, methods of multiple exposure, the use of flash, further introduction and discussion of photographers, and related movements or issues. Emphasis throughout the course is on refining technical skills and individual expression. Lecture 2 hours, studio 2 hours. Prerequisite: Photography 103. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

107-SPECIAL PROJECTS 3 Units
Photography 107 is designed for advanced students who wish to concentrate on an in-depth individual direction. The student explores and combines an aesthetic and expressive use of the photographic medium to complete projects with developed personal statements. At the beginning of the semester, the student presents a written proposal outlining three specific areas of concentration: 1. theme, 2. medium, 3. techniques. Students are required to complete a professional portfolio at the end of the semester. Research and reading assignments are made where applicable. Lecture 2 hours, studio 2 hours. Prerequisite: Photography 105. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

108-PHOTO COMMUNICATIONS 3 Units
Photography 108 allows students to explore various approaches and uses of the photograph for publication. The course covers concepts in the impact of the single image, candid and contrived subject matter, image with text, and the photo essay form. Emphasis throughout the course is on development of technical skills and a personal point of view. Lecture 2 hours, studio 2 hours. Prerequisite: Photography 103 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

109-COLOR PHOTOGRAPHY 3 Units
Photography 109 covers the basic knowledge and steps involving C-41 film processing (color negatives), printing from color negatives by tube processing, characteristics of light, film, and paper, and the effects of color relationships. Emphasis is placed on comprehending technical skills and on the development of both aesthetic concerns and individual expression. Lecture 2 hours, studio 2 hours. Prerequisite: Photography 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU
110-COLOR SLIDE PHOTOGRAPHY  3 Units
Photography 110 covers the basic knowledge and steps involving E-6 film processing (color transparencies), printing from color slides by tube processing, characteristics of light, color theory, film, and paper. Emphasis is on color printing techniques and the development of personal ideas. Lecture 2 hours, studio 2 hours. Prerequisite: Photography 101 or equivalent. Note: This course may be taken 2 times; a maximum of 6 units may be earned. Transfer credit: CSU

PHYSICAL EDUCATION
The Physical Education department offers a wide variety of activities to meet the varied interests of the Glendale College student. Two units of physical education are required in order to be eligible for the Associate in Arts and/or Associate in Science degree. The following classes do not meet the physical education requirement: Physical Education 120, 124, 125, 126, 128, 146, 149, 195, 196. Individuals may be exempt from the physical education requirement upon presentation of evidence that they meet one of the following: 1) have attained the age of 21 years prior to the start of their last semester toward the degree, or 2) have a medical excuse on file, or 3) are enrolled in one of the following block unit occupational programs: Aviation and Transportation—Aircraft and Powerplant Maintenance and Overhaul (FAA Powerplant and Airframe License); Registered Nursing; or Vocational Nursing.

It is recommended that a variety of activities be taken during a student’s attendance at Glendale Community College. Courses in dance satisfy the physical education requirement. Physical education activity classes may be taken four (4) times unless otherwise noted. All classes are coeducational unless otherwise noted.

120-INTRODUCTION TO PHYSICAL EDUCATION  ½ -2½ Units
Physical Education 120 is a course designed to acquaint prospective teachers with the social, physical, and professional demands of physical education. A preview of the profession of physical education as a whole is gained through testing, class recitation and field trips. Opportunities in health and recreation are explored.

Lecture ½-1½ hours, laboratory 1½-3½ hours. Prerequisite: None. Note: Recommended for physical education majors. This course will not fulfill physical education activity requirements. Transfer credit: CSU, UC, USC

124-SPORTS OFFICIATING— VOLLEYBALL, BASKETBALL  2 Units
Physical Education 124 is a course in the theoretical and practical techniques of officiating basketball and volleyball. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: Recommended for physical education majors and recreation majors and for prospective community youth leaders. Transfer credit: CSU, UC, USC

125-SPORTS OFFICIATING  2 Units
Physical Education 125 is a theory and practical course in the techniques of officiating basketball, volleyball, softball, and track and field. Lecture ½-1½ hours, laboratory 1½-3½ hours. Prerequisite: Participation in basketball, volleyball, and softball. Note: Recommended for physical education and recreation majors and for prospective community youth leaders. This course will not fulfill physical education activity requirements. Transfer credit: CSU, UC, USC

126-SPORTS OFFICIATING— TRACK AND FIELD, SOFTBALL  2 Units
Physical Education 126 is a course in the theoretical and practical techniques of officiating softball and track and field. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: Recommended for physical education majors and recreation majors and for prospective community youth leaders. Transfer credit: CSU, UC, USC

127-PHYSICAL EDUCATION ACTIVITIES  ½-2½ Units
Instruction in the fundamentals of individual activities and seasonal sports. Lecture ½-1½ hours, laboratory 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

128-NUTRITION AND PHYSICAL FITNESS  3 Units
(Also listed as Health 128 and Food and Nutrition Studies 128)
Physical Education 128 is a course in nutrition and physical fitness. It provides the student with an overall study of the relationship between nutrition and physical fitness. The
effects of nutrition on the anatomical and physiological aspects of the body are emphasized. The course also examines the production of energy from the intake of a variety of nutritional sources. The process of metabolism as a means toward energy production and physical activity will also be discussed. Meal planning, basic physiology, current nutritional practices, eating disorders, weight control and athletic training are examined as they relate to the nutritional aspects of physical fitness. Lecture 3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Health 128 or Food and Nutrition Studies 128. This course will not fulfill physical education activity requirements. Transfer credit: CSU, UC, USC

129-STRENGTH AND CONDITIONING FOR INTERCOLLEGIATE ATHLETICS ½-2½ Units
Physical Education 129 is designed to increase strength, flexibility, body coordination (agility), speed, and aerobic/anaerobic conditioning as it relates to optimal athletic performance. Lecture ½-1½ hours, laboratory 1½-3½ hours. Recommended Preparation: Enrollment in Intercollegiate Athletics during the school year. Note: This class is structured to provide strength and conditioning programs specific to intercollegiate athletics both during participation and in the “off-season.” Transfer credit: CSU, UC, USC

130-ADAPTED ACTIVITIES ½-2½ Units
Physical Education 130 is a diversified program of developmental activities for students with disabilities which prevent their participation in a regular physical education program. The emphasis is on the student’s remaining abilities, not their disabilities. Lecture ½-1½ hours, laboratory 1½-3½ hours. Prerequisite: None. Note: Verification of disability must be on file with the instructor. Transfer credit: CSU, UC, USC

140-BEGINNING BADMINTON ½-2½ Units
Physical Education 140 is instruction in the rules and practice in individual fundamentals, development of singles and doubles play, and competitive participation. Lecture ½-1½ hours, laboratory 1½-3½ hours. Prerequisite: None. Transfer credit: CSU, UC, USC

141-INTERMEDIATE BADMINTON ½-2½ Units
Physical Education 141 is additional practice and more detailed instruction in fundamentals, development of singles and doubles play, and court strategy. Lecture ½-1½ hours, laboratory 1½-3½ hours. Prerequisite: Physical Education 140. Transfer credit: CSU, UC, USC
142-ADVANCED BADMINTON  
(Varsity)  
½-2½ Units  
Not Offered. Transfer credit: CSU

146-ADVANCED BASEBALL THEORY  
2 Units  
Physical Education 146 covers advanced theory and strategies used in the sport of baseball. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** Physical Education 149. **Note:** Physical Education 146 is recommended for Physical Education majors and students planning to participate in varsity baseball for a second year. Transfer credit: CSU, UC, USC

147-INTERMEDIATE BASEBALL  
½-2½ Units  
Physical Education 147 is instruction in rules and game strategy for baseball as well as practice in fundamental techniques of throwing, fielding, batting, and team play. Fall Semester only. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. Transfer credit: CSU, UC, USC

148-ADVANCED BASEBALL  
(Varsity)  
½-2½ Units  
Physical Education 148 is development of team play for competitive participation. Spring Semester only. Daily. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** Some previous playing experience in baseball. **Note:** Limited to students trying out for the varsity team. Transfer credit: CSU, UC, USC

149-BASEBALL THEORY  
2 Units  
Physical Education 149 covers the theoretical foundations of the sport of baseball. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Note:** Physical Education 149 is recommended for Physical Education majors and students planning to participate in varsity baseball. Transfer credit: CSU, UC, USC

150-BEGINNING BASKETBALL  
½-2½ Units  
Physical Education 150 is instruction and practice in the fundamental techniques and rules of the game. Development of team play and competitive participation. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. Transfer credit: CSU, UC, USC

154-INTERMEDIATE BASKETBALL  
½-2½ Units  
Physical Education 154 is instruction in rules and game strategy, practice in fundamental techniques. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. Transfer credit: CSU, UC, USC

157-ADVANCED BASKETBALL  
(Varsity)  
½-2½ Units  
Physical Education 157 is individual instruction and development of team play for competitive participation. Fall semester only. Daily. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** Some experience on an organized team. **Note:** Limited to students competing on an organized team. Transfer credit: CSU, UC, USC

160-ADVANCED BASKETBALL  
(Varsity)  
½-2½ Units  
Physical Education 160 provides the opportunity for individual instruction and development of team play for competitive participation with other community colleges. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** Some previous playing experience in basketball. **Note:** Limited to students competing for the varsity team. Transfer credit: CSU, UC, USC

164-RHYTHMIC AEROBICS  
(Also listed as Dance 164)  
½-2½ Units  
Physical Education 164 offers vigorous exercise set to contemporary music. The course is designed for students wishing to develop or maintain aerobic fitness while also learning about the physiology of fitness. Routines of rhythmic exercise are designed to develop or maintain cardio-respiratory endurance and body flexibility. The course is designed for students at all levels of fitness. Lecture ½-1½, laboratory 1½-3½ hours. **Prerequisite:** None. Transfer credit: CSU, UC, USC

166-WEIGHT TRAINING  
FOR WOMEN  
½-2½ Units  
Physical Education 166 is designed to give the female student an opportunity to develop a physical fitness program through weight training. It provides opportunity for the further development of body flexibility, strength and coordination, along with contributing to the general physical well-being of the individual. Students will be prepared to set up and design a personal weight training program to fit their individual needs. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. Transfer credit: CSU, UC, USC

167-BODY MECHANICS AND WEIGHT TRAINING  
½-2½ Units  
Physical Education 167 is conditioning exercises to increase body flexibility and strength
of musculature in various parts of the body; to develop skilled body control with respect to agility, balance, and coordination; and to produce skills in relaxation. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**168-INTERMEDIATE BODY MECHANICS** ½-2½ Units

Physical Education 168 is conditioning exercises to increase strength, body flexibility, and overall physical fitness. Instruction and practice and techniques of weight training. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** Physical Education 167 or equivalent. **Transfer credit:** CSU, UC, USC

**169-BODY MECHANICS—WOMEN** ½-2½ Units

Physical Education 169 offers the student experiences in conditioning exercises to increase body flexibility, increase cardio-respiratory endurance, and increase the strength of the musculature in various parts of the body. The course helps to develop skilled body control with respect to agility, balance, and coordination; and to produce skills in relaxation. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**172-CROSS COUNTRY RUNNING** (Varsity) (Men) ½-2½ Units

Physical Education 172 is designed for competitive participation. Fall semester only. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. **Note:** Recommended for distance runners and track students wishing to condition themselves for track. **Transfer credit:** CSU, UC, USC

**173-CROSS COUNTRY RUNNING** (Varsity) (Women) 2½ Units

Physical Education 173 is designed to offer women competitive participation in cross-country running. Fall semester only. Lecture 1½ hours, laboratory 3½ hours. **Prerequisite:** None. **Note:** Recommended for distance runners and track students wishing to condition themselves for track. **Transfer credit:** CSU, UC, USC

**194-STRUCTURAL DYNAMICS AND STRETCH** ½-2½ Units

(Also listed as Dance 194)

Physical Education 194 provides practical experience through exercise in conjunction with discussion periods to enable the student to develop a knowledge of body-mind interaction in the area of athletics. The student learns how to influence and control this interaction, with regard to pain and energy flow, suppleness, relaxation, stretch and strength factors. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**195-FOOTBALL THEORY** 2 Units

Physical Education 195 is theory and development of offensive and defensive formations and strategies. Lecture 4 hours. **Prerequisite:** None. **Note:** Recommended for physical education majors. This course may be taken 2 times; a maximum of 4 units may be earned. **Transfer credit:** CSU, UC, USC

**196-ADVANCED FOOTBALL THEORY** 2½ Units

Physical Education 196 covers advanced theoretical foundations and strategies of football. Lecture 4 hours, laboratory 1 hour. **Prerequisite:** Physical Education 195. **Note:** Recommended for Physical Education majors and students who are participating in varsity football for a second year. **Transfer credit:** CSU, UC, USC

**197-INTERMEDIATE FOOTBALL** ½-2½ Units

Physical Education 197 is instruction and practice in techniques of individual offense and defense. Spring semester only. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**198-ADVANCED FOOTBALL** (Varsity) ½-2½ Units

Physical Education 198 is development of team play for competitive participation. Fall semester only. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** Previous experience on an organized football team. **Note:** Limited to students wishing to compete on the varsity team. **Transfer credit:** CSU, UC, USC

**200-TOUCH FOOTBALL** ½-2½ Units

Physical Education 200 is instruction and practice in fundamentals, with the development of team play and competition. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

**202-BEGINNING GOLF** ½-2½ Units

Physical Education 202 is instruction and practice in the fundamentals of golf. Lecture
½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**203-INTERMEDIATE GOLF** ½-2½ Units
Advanced instruction and practice on the golf course are included in this course. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: Physical Education 202 or equivalent. **Transfer credit**: CSU, UC, USC

**205-ADVANCED GOLF (Varsity)** ½-2½ Units
Physical Education 205 is development of play for competitive participation. Spring semester only. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: Some previous playing experience in golf. **Note**: Limited to students competing for the varsity team. **Transfer credit**: CSU, UC, USC

**207-BEGINNING GYMNASTICS** ½-2½ Units
(Men)
Not offered. **Transfer credit**: CSU, USC

**208-BEGINNING GYMNASTICS** ½-2½ Units
Physical Education 208 covers techniques in tumbling and apparatus activities with emphasis upon body balance, coordination, and rhythm. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**222-PADDLE TENNIS** ½-2½ Units
Physical Education 222 is instruction and practice in the basic strokes, fundamental techniques, and rules of the game. A sport very similar to regular tennis. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**224-RACQUETBALL** ½-2½ Units
Physical Education 224 is introduction and practice in the fundamental techniques and rules of the game. Each student is responsible for a minimal court fee. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**226-RUNNING AEROBICS** 1-2½ Units
Physical Education 226 is an introduction to running aerobics as a lifetime activity. The purpose of this course is to make the student aware of the physiological and psychological benefits derived from running aerobics. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**227-SELF DEFENSE**
**FOR THE WOMAN** ½-2½ Units
Physical Education 227 teaches practical self defense techniques for women stressing both physical and psychological preparedness for defense. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**228-SOCCER THEORY** 2 Units
Physical Education 228 is designed for men and women. It covers the theoretical foundations of the sport of soccer, with emphasis on strategy, game tactics, philosophy, and FIFA laws of the game. Lecture 2 hours, laboratory 1 hour. **Prerequisite**: None. **Note**: Physical Education 228 is recommended for Physical Education majors and students planning to participate in varsity soccer. **Transfer credit**: CSU

**229-SOCCER** ½-2½ Units
Physical Education 229 is instruction and practice in the basic fundamentals, techniques, and rules of soccer. Development of team play, with emphasis on offensive and defensive strategy. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**230-ADVANCED SOCCER** ½-2½ Units
Physical Education 230 is instruction and practice in intercollegiate play including techniques, rules, strategy, and history as well as comprehensive physical training. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Recommended Preparation**: Some previous playing experience in soccer. **Transfer credit**: CSU, UC, USC

**231-SOFTBALL** ½-2½ Units
Physical Education 231 will furnish practice in the fundamental skills of throwing, fielding, hitting, and team play. Instruction in rules and game strategy will be given. Conditioning and stretching exercises are presented to increase strength and flexibility. Lecture ½-1½ hours, laboratory 1½-3½ hours. **Prerequisite**: None. **Transfer credit**: CSU, UC, USC

**235-ADVANCED SOFTBALL**
(Varsity) ½-2½ Units
Physical Education 235 provides the opportunity for individual instruction and development of team play for competitive participation with other community colleges. Lecture
1½-1¾ hours, laboratory 1½-3¼ hours. **Prerequisite:** Some previous playing experience in softball. **Note:** Limited to students competing for the varsity team. **Transfer credit:** CSU, UC, USC

### 261-BEGINNING TENNIS 1½-2½ Units

Physical Education 261 offers instruction and practice in the basic strokes, fundamental techniques and rules of the game. Lecture 1½-1¾ hours, laboratory 1½-3¼ hours. **Prerequisite:** Some previous playing experience in tennis. **Transfer credit:** CSU, UC, USC

### 262-INTERMEDIATE TENNIS 1½-2½ Units

Physical Education 262 offers instruction and practice in individual fundamentals, development of team play and court strategy in tennis. Lecture 1¼-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** Some previous playing experience in tennis. **Transfer credit:** CSU, UC, USC

### 263-ADVANCED TENNIS 1½-2½ Units

Physical Education 263 offers individual instruction and development of advanced techniques for competitive participation. Lecture ½-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** Physical Education 262 or equivalent. **Transfer credit:** CSU, UC, USC

### 266-ADVANCED TENNIS (Varsity) 1½-2½ Units

Physical Education 266 is development of team play for competitive participation. Offered Spring semester only. Daily. Lecture ½-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** Some previous playing experience in tennis. **Note:** Limited to students trying out for the varsity team. **Transfer credit:** CSU, UC, USC

### 267-ADVANCED TENNIS (Varsity) 1½-2½ Units

Physical Education 267 offers advanced techniques for competitive participation with other community colleges. Lecture ½-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** Some previous experience in tennis. **Note:** Recommended for students trying out for the varsity team. Offered Spring semester only. **Transfer credit:** CSU, UC, USC

### 270-INTERMEDIATE TRACK AND FIELD 1½-2½ Units

Physical Education 270 is instruction and practice in fundamental techniques of running and field events. Lecture ½-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

### 272-ADVANCED TRACK AND FIELD (Varsity) 1½-2½ Units

Physical Education 272 is designed for competitive participation. Lecture ½-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** None. **Note:** Spring semester only. Limited to students trying out for the varsity team. **Transfer credit:** CSU, UC, USC

### 273-ADVANCED TRACK AND FIELD (Varsity) (Women) 2½ Units

Physical Education 273 is designed for competitive participation in track and field. Lecture 1½ hours, laboratory 3½ hours. **Prerequisite:** None. **Note:** Spring semester only. Limited to students trying out for the varsity team. **Transfer credit:** CSU, UC, USC

### 274-BEGINNING VOLLEYBALL 1½-2½ Units

Physical Education 274 offers instruction and practice in volleyball techniques with team tournaments. Lecture ½-1¼ hours, laboratory 1½-3¼ hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

### 275-INTERMEDIATE VOLLEYBALL 1½-2½ Units

Physical Education 275 offers instruction and practice in volleyball techniques with team tournaments for experienced players. Lecture ½-1¼ hours, laboratory 1½-3¼ hours. **Prerequisite:** Physical Education 274 or equivalent. **Transfer credit:** CSU, UC, USC

### 276-ADVANCED VOLLEYBALL 1½-2½ Units

Physical Education 276 gives the student the opportunity for development of advanced techniques in volleyball for competitive participation with other community colleges. Lecture ½-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** Physical Education 275 or equivalent. **Transfer credit:** CSU, UC, USC

### 281-ADVANCED VOLLEYBALL (Varsity) 1½-2½ Units

Physical Education 281 offers instruction and practice in individual fundamentals, development of team play and court strategy for competitive participation. Lecture ½-1½ hours, laboratory 1½-3¼ hours. **Prerequisite:** Previous playing experience in volleyball. **Note:** Recommended for physical education majors. Limited
to students trying out for varsity volleyball teams.  

**Transfer credit: CSU, UC, USC**

282-ADVANCED VOLLEYBALL  
(Varsity) (Women)  
½-2½ Units  
Physical Education 282 provides the opportunity for individual instruction of development of team play for competitive participation with other community colleges. Lecture ½-1½ hours, laboratory 1½-3½ hours.  
**Prerequisite:** Some previous playing experience in volleyball.  
**Note:** Limited to students competing for the varsity team.  
**Transfer credit:** CSU, USC

285-BEGINNING WATER SKIING  
½-2½ Units  
Not Offered.  
**Transfer credit:** CSU, UC, USC

287-BEGINNING WRESTLING—  
(Men)  
½-2½ Units  
Not Offered.  
**Transfer credit:** CSU, USC

288-ADVANCED WRESTLING—  
(Men) (Varsity)  
½-2½ Units  
Not Offered.  
**Transfer credit:** CSU, USC

294-STRESS REDUCTION  
½-2½ Units  
Physical Education 294 will provide the student with specific tools for recognizing and combating stress. Attention will be given to the physiological aspects of stress along with practical knowledge of stress reduction techniques. Lecture ½-1½ hours, laboratory 1½-3½ hours.  
**Prerequisite:** None.  
**Transfer credit:** CSU, USC

295-WALKING FOR  
HEALTH & FITNESS  
½-2½ Units  
Physical Education 295 is an introduction to the benefits of an organized walking program. The class provides the student with various methods of walking to achieve whole-body fitness, flexibility, and increased cardio-vascular health efficiency. The course also discusses methods of using walking as a form of weight control and stress management in addition to achieving a healthful life style. This class is ideal for the student wishing a low-impact aerobic work-out. Lecture ½-1½ hours, laboratory 1½-3½ hours.  
**Prerequisite:** None.  
**Transfer credit:** CSU, UC

**PHYSICAL SCIENCE**

131-GENERAL PHYSICAL SCIENCE  
4 Units  
Physical Science 131 is designed to give a cultural appreciation of the scientific method and an elementary working knowledge of the fields studied. Emphasis is placed on the scientific theories. The course is an integrated survey of physics, chemistry, geology, and astronomy. Elementary mathematical concepts are introduced as required. Lecture 4 hours, discussion 1 hour, laboratory 1 hour.  
**Prerequisite:** None.  
**Transfer credit:** CSU, UC, USC

**PHYSICS**

101-ENGINEERING PHYSICS  
5 Units  
Physics 101 involves the study of mechanics and properties of matter. An intensive study of motion, dynamics and statics, oscillations, wave motion, and sound, with emphasis upon vector analytical methods. The MacIntosh computer and spreadsheets will be used extensively. Lecture 5 hours, laboratory 3 hours.  
**Prerequisite:** Physics 105 or physics taken in high school with a grade of "C" or better and Mathematics 103. (Mathematics 104 must be taken concurrently with or prior to taking Physics 101.)  
**Note:** Physics 101 is restricted to engineering and science majors.  
**Transfer credit:** CSU, UC, USC (CAN PHYS 8)

102-ENGINEERING PHYSICS  
4 Units  
Physics 102 is a study of static electricity including Gauss' Law, potentials and electric fields, direct and alternating current theory, laws of magnetism and magnetic properties of matter, electromagnetism and induced currents, Maxwell's equations and radiation theory. Lecture 4 hours, laboratory 2 hours.  
**Prerequisite:** Physics 101 and Mathematics 104.  
**Transfer credit:** CSU, UC, USC (CAN PHYS 12)

103-ENGINEERING PHYSICS  
5 Units  
Physics 103 covers heat, thermodynamics, optics, and modern physics and involves an intensive study of the concepts of fluids, temperature, heat, calorimetry, heat transfer, thermodynamics, entropy, and kinetic theory. The course focuses on a thorough presentation of geometrical and physical optics with considerable emphasis on modern physics including quantum physics, wave mechanics, and special relativity. Lecture 5 hours, laboratory 2 hours.  
**Prerequisite:** Physics 101 and Mathematics 104.  
**Transfer credit:** CSU, UC, USC (CAN PHYS 14)
105-GENERAL PHYSICS 4 Units
Physics 105 is a general course that focuses on properties of matter, mechanics, heat, wave motion, and sound. It includes lectures, demonstrations, problems, and laboratory work. Lecture 3 hours, discussion 1 hour, laboratory 2 hours. **Prerequisite:** Algebra and trigonometry (Mathematics 102 or 110, or equivalent). **Note:** Required of pre-dental and pre-medical students. **Transfer credit:** CSU, UC, USC (CAN PHYS 2)

106-GENERAL PHYSICS 4 Units
Physics 106 is a general course that focuses on the study of light, electricity, magnetism, and modern physics. Lectures, demonstrations, problems, and laboratory work. Lecture 3 hours, discussion 1 hour, laboratory 2 hours. **Prerequisite:** Physics 105. **Note:** Required of pre-dental and pre-medical students. **Transfer credit:** CSU, UC, USC (CAN PHYS 4)

110-INTRODUCTION TO PHYSICS 3 Units
Physics 110 is a brief presentation of some of the more important and usual phenomena in physics with classroom demonstrations and lectures in mechanics, heat, sound, light, magnetism, and modern physics. Lecture 3 hours. **Prerequisite:** Mathematics 140 and 141 or one year of algebra and one year of geometry in high school. **Note:** This course may not be taken for credit by students who have completed Physics 101 or 105. **Transfer credit:** CSU, UC, USC

POLITICAL SCIENCE

101-INTRODUCTION TO GOVERNMENT 3 Units
Political Science 101 is an introduction to the principles and problems of government in the United States with emphasis placed on the Federal government and politics at the national level. Political Science 101 meets the California State requirement in the United States Constitution. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Note:** Political Science 101 allows only one unit of credit for students who have completed Political Science 105 or Social Science 132. Recommended for students seeking a Baccalaureate (4-year) degree. **Transfer credit:** CSU, UC, USC (Pol.Sci. 101 & 106 CAN GOVT 2)

102-MODERN COMPARATIVE GOVERNMENTS 3 Units
Political Science 102 is a comparative study of the constitutional principles, governmental institutions, political parties, and recent history of policy and action of selected foreign governments. Lecture 3 hours. **Prerequisite:** Political Science 101 or 103 or 105 or Social Science 132. **Transfer credit:** CSU, UC, USC

103-INTRODUCTION TO WORLD POLITICS 3 Units
Political Science 103 develops an intellectual framework which will order students' thoughts on world politics and enable them to analyze and evaluate present and potential issues and events that affect international power and the pursuit of peace. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Transfer credit:** CSU, UC, USC

105-AMERICAN POLITICAL IDEALS 2 Units
Political Science 105 is a study of the theory and practices of the American democratic political process and formal institutional functions. Special emphasis is placed on the Federal Constitution and how it operates in the context of political democracy. The role of parties and groups in politics is analyzed. Political Science 105 meets the California State requirement in the United States Constitution. Lecture 2 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** It is recommended that the California State requirement in American History be completed prior to enrollment in this course. This course may not be taken for credit by students who have completed Political Science 101 or Social Science 132. Students who have successfully completed Political Science 105 and Political Science 106 will not be granted credit for Political Science 151. Recommended for students seeking an Associate in Arts degree. **Transfer credit:** CSU, UC, USC
106-AMERICAN STATE AND LOCAL GOVERNMENT 1 Unit
Political Science 106 is a study of the origins, structures, and functions of California government and politics with emphasis on the State level, but including the city, county and district levels. Lecture 2 hours. (9 weeks) 
**Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** It is recommended that this course be taken after the completion of the Constitution requirement. This course or Social Science 132 is a graduation requirement. This course may not be taken for credit by students who have completed Social Science 132. Students who have successfully completed Political Science 106 will be granted only two units of credit for completion of Political Science 151. Students who have successfully completed Political Science 105 and 106 will not be granted credit for Political Science 151. **Transfer credit: CSU (Pol.Sci. 101 & 106 CAN GOVT 2)**

107-INTRODUCTION TO STATISTICS 3 Units
(Also listed as Economics 107, Psychology 107, Sociology 107)
Political Science 107 is an introduction to the theory of probability and to the methodology of statistical analysis. Methods of classifying and describing natural events in quantitative terms will be considered. The course will emphasize both descriptive and inferential techniques of analyzing scientific data. Lecture 3 hours. **Recommended Preparation:** Mathematics 141 or one year of high school algebra or equivalent and eligibility for English 101. **Note:** A maximum of three units may be earned for Political Science 107, Economics 107, Psychology 107, Sociology 107, or Mathematics 136. **Transfer credit: CSU**

109-FIELD STUDIES IN COMPARATIVE GOVERNMENT-AREA STUDIES 1-6 Units
Political Science 109 provides units of credit for the study of government and politics in foreign countries at the student’s own expense in programs provided by agencies approved in advance by the College and under the direction of a Glendale Community College instructor. (The agency must be bonded or maintain a trust account.) One unit of credit is earned for each 48 hours of course activity. **Recommended Preparation:** Eligibility for English 101. **Note:** Approval of program and units of credit attempted must be obtained from the Executive Vice President, Instruction prior to foreign travel. **Transfer credit: CSU**

110-CONTEMPORARY WORLD PROBLEMS 3 Units
Political Science 110 examines the controversial issues in world politics - from regional conflicts, international economic relations, arms and disarmament, human rights and foreign policy, to environmental considerations. The format of the course will be multidimensional, using lecture, discussion, and debate techniques. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit: CSU, UC, USC** (Transfer limitation: See counselor.)

111-THE MODERN MIDDLE EAST: ITS POLITICAL AND ECONOMIC IMPACT 3 Units
Political Science 111 is a survey of the historical background and current politics of the Middle East. Topics covered include: introduction to the land, peoples, cultures, and religions; overview of the history of the region, with an emphasis on the Eastern Question; emergence of the modern nation-states following World War I; internal political developments in major countries up to the present; Westernization and Islamic resurgence; regional conflicts and international connections; the economic and political impact of oil; European and Soviet influences; Middle East lobbies in the United States and U.S. foreign policy. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Transfer credit: CSU, UC, USC**

151-FUNDAMENTALS OF GOVERNMENT AND YOU 3 Units
Political Science 151 deals with the individual as a student, as a worker, and as a member of society. It examines the benefits, controls, and rights of the individual which result from our political system as it operates through government. Meets the requirements of the A.A. Degree in the United States Constitution and state and local government. Lecture 3 hours. **Recommended Preparation:** English 191 or eligibility for ESL 151 or English 120. **Note:** Students who have successfully completed Political Science 106 will be granted only two
units of credit for completion of Political Science 151. Students who have successfully completed Political Science 105 and Political Science 106 will not be granted credit for Political Science 151.

PRESCHOOL CHILD

See Child Development 135

PRINTING

101-SURVEY OF GRAPHIC ARTS FUNDAMENTALS 2 Units
Not Offered. Transfer credit: CSU

102-LETTERPRESS PRESSWORK PROCEDURES 2 Units
Not Offered. Transfer credit: CSU

103-OFFSET PRINTING PROCESS 2 Units
Not Offered. Transfer credit: CSU

104-ADVANCED OFFSET PROCESSES 2 Units
Not Offered. Transfer credit: CSU

PSYCHOLOGY

101-GENERAL PSYCHOLOGY 3 Units
Psychology 101 is an intensive study of human behavior. The course examines scientific principles, biological basis of behavior, sensation, perception, learning, memory, motivation, thinking, individual differences, intelligence, personality, behavior disorders, and therapeutic behavior change. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Note: Sophomore standing preferred. Transfer credit: CSU, UC, USC (CAN PSY 2)

103-PHYSIOLOGICAL PSYCHOLOGY 3 Units
Psychology 103 is an exploration of the relationship between mind and body, emphasizing the neurological correlates of behavior. The course includes the structure and functions of the nervous system, methodology, concepts of physiological psychology, and current developments. Lecture 3 hours. Prerequisite: Psychology 101. Transfer credit: CSU, UC, USC

104-SOCIAL PSYCHOLOGY 3 Units
Psychology 104 deals with people as social beings. Topics covered include moral development, cooperation and competition, violence and war, aggression, prejudice, attitudes, conformity, sexual behavior, group processes, non-verbal communication, interpersonal attraction, and altruism. Lecture 3 hours. Prerequisite: Psychology 101. Transfer credit: CSU, UC, USC

105-PSYCHOLOGY OF HUMAN SEXUALITY 3 Units
Psychology 105 is a survey of human sexuality. The course will focus on internal and external anatomy, physiological functioning and dysfunctioning, causes and possible corrections of dysfunctions. It will cover such matters as conception, pregnancy, childbirth, methods of birth control and family planning, and cultural and psychological influences. Lecture 3 hours. Prerequisite: Psychology 101 or 131. Transfer credit: CSU, UC, USC

106-DEVELOPMENTAL PSYCHOLOGY 3 Units
Psychology 106 is the study of the psychological development of the person from the prenatal period through old age and death. This course emphasizes theories and their applications to physical, cognitive, social, and emotional development throughout the human life-span. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. Transfer credit: CSU, UC, USC

107-INTRODUCTION TO STATISTICS 3 Units
(Also listed as Economics 107, Political Science 107, Sociology 107)
Psychology 107 is an introduction to the theory of probability and to the methodology of statistical analysis. Methods of classifying and describing natural events in quantitative terms will be considered. The course will emphasize both descriptive and inferential techniques of analyzing scientific data. Lecture 3 hours. Recommended Preparation: Mathematics 141 or one year of high school algebra or equivalent and eligibility for English 101. Note: A maximum of three units may be earned for Psychology 107, Economics 107, Political Science 107, Sociology 107, or Mathematics 136. Transfer credit: CSU

108-THE PSYCHOLOGY OF LOSS EXPERIENCE 3 Units
Psychology 108 is a study of loss experiences, including but not limited to loss by death, together with their impact on the grieving survivor. This course will examine historical and contemporary attitudes and practices and the historical factors that have influenced
significant changes between the two. Various kinds of losses will be defined and explored. Stages of dying, death preparation, and stages of grieving and recovery will be included together with recommendations from modern experts for facilitating recovery. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

109-INTRODUCTION TO
GERONTOLOGY 3 Units
(Also listed as Sociology 105)
Psychology 109 is an introduction to the study of social gerontology, aging and its implications for the individual and society utilizing a multidisciplinary approach. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Sociology 105. Transfer credit: CSU, UC, USC

110-THE PSYCHOLOGY OF PERSONAL
AND SOCIAL ADJUSTMENT 3 Units
Psychology 110 is a study of the processes of human adjustment. The characteristics of healthy and unhealthy personality patterns, and the forces that shape them, will be studied. Psychological principles will be applied to problems of personal growth, self-awareness, problem-solving, stress and crisis management and interpersonal relationships and the skills needed to maintain them in various life situations. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

113-PSYCHOLOGY OF WOMEN 3 Units
Psychology 113 is a study of the psychological factors which contribute to the present emotional, sexual and economic status of the American woman. This study is designed to help the student better understand the experiences of women through the examination of family structure, social structure, female sexuality and self-esteem. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

114-PSYCHOLOGY OF HUMAN
COMMUNICATION 3 Units
Psychology 114 is a study of the process of human communication. The characteristics of effective communication and its uses will be studied and the specific skills for the achievement of effective communication will be explored. The application of communication skills to the building of interpersonal relationships, the resolution of conflicts, and the attainment of personal growth will be included in this course of study. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, USC

115-ABNORMAL PSYCHOLOGY 3 Units
Psychology 115 deals with maladaptive or abnormal behavior of human beings. Topics covered include classifications, clinical pictures, causal factors, treatment and outcomes of maladaptive patterns, assessment, therapy, and prevention. Lecture 3 hours. Prerequisite: Psychology 101. Transfer credit: CSU, UC, USC

131-MARRIAGE AND FAMILY LIVING 3 Units
(Also listed as Sociology 131)
Psychology 131 is a study of the factors that contribute to marital adjustment. Major topics will include single adulthood vs. married adulthood, the nature of historical and contemporary marriages, marital compatibility and conflict, family dynamic interactions, including kinship roles, children vs. childless marriage, child-rearing techniques, dissolution and speculations concerning the future of the family. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Sociology 131. Transfer credit: CSU (CAN H.E.C 12)

PUBLIC ADMINISTRATION

101-PUBLIC SERVICE
ADMINISTRATION PRACTICES 3 Units
Not Offered.

102-FEDERAL ORGANIZATIONS,
FUNCTIONS, AND
RELATIONSHIPS 3 Units
Not Offered.

103-GOVERNMENTAL FINANCIAL
MANAGEMENT 3 Units
Not Offered.
QUALITY ASSURANCE

101-PROCESS AND PRODUCTION PLANNING  3 Units
Quality Assurance 101 is an introduction to the concepts of industrial production planning. Emphasis is placed on technical skills required in efficiently creating and planning work orders and related documentation to meet industrial standards. Lecture 3 hours. Prerequisite: Technical Education 143 or Electronics and Computer Technology 100 or Mathematics 141. Transfer credit: CSU

QUALITY CONTROL

101-PRINCIPLES OF METROLOGY  3 Units
Quality Control 101 presents the principles of measurement systems, units, measurement standards, and calibration control. Metrification, basic standards, and traceability applications of instruments and gauges are presented as they relate to quality control. Lecture 3 hours. Prerequisite: Technical Education 143 or Electronics and Computer Technology 100 or Mathematics 141. Transfer credit: CSU

102-QUALITY CONTROL APPLICATION 3 Units
Quality Control 102 is an analysis of engineering drawing and technical skills in researching standard requirements used in creating practical work sequenced assembly methods. Lecture 3 hours. Prerequisite: Technical Education 143 or Electronics and Computer Technology 100 or Mathematics 141. Transfer credit: CSU

103-STATISTICAL PROCESS CONTROL  3 Units
Quality Control 103 presents an in-depth study of probability and statistics in relation to quality control. Emphasis is placed on current industrial standards and procedures used throughout the Aerospace Industry. Lecture 3 hours. Prerequisite: Technical Education 143 or Electronics and Computer Technology 100 or Mathematics 141. Transfer credit: CSU

REAL ESTATE

Classes in Real Estate are offered for students interested in the field of real estate. The courses are designed to accommodate the real estate education needs of students in preparing for real estate careers as well as those already engaged in real estate services. The curriculum provides instruction designed to assist those wishing to obtain real estate sales and real estate broker licenses. Most of the courses are scheduled in the Evening College program. A Certificate of Completion may be earned.

101-REAL ESTATE PRINCIPLES  3 Units
Real Estate 101 covers the basic laws and principles of California real estate and gives understanding, background, and terminology necessary for advanced study in specialized courses. The course is of assistance to those preparing for the real estate sales license examination. Lecture 3 hours. Prerequisite: None. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

110-COMPUTERS AND REAL ESTATE 3 Units
Real Estate 110 is designed to introduce students to computers and teach them how to use the computer as a tool in the real estate industry. Current software is used to increase the productivity of the professional in the field and the office. This software emphasizes the following: Direct and remote access to Multiple Listing Service (MLS); time scheduling; farming letters and fliers; database of past, current, and potential clients; wordprocessing; mail merge; and search and retrieval by sales criteria from the MLS. Lecture 3 hours, laboratory 1 hour. Prerequisite: Real Estate 101 or current Real Estate Salesperson’s or Broker’s license. Transfer credit: CSU

120-REAL ESTATE PRACTICE  3 Units
Real Estate 120 covers the day-to-day operations in real estate roles and brokerage, including listing, prospecting, advertising, financing, sales techniques, escrow, and ethics. This course applies toward State’s educational requirement for the broker’s examination. Lecture 3 hours. Prerequisite: Real Estate 101 or equivalent. Transfer credit: CSU

125-REAL ESTATE SALES SOFTWARE  1 Unit
Real Estate 125 is designed to introduce students to computers and teach them how to use the computer as a tool in the real estate industry. The course’s primary emphasis is on understanding the theories and concepts of the computer and how use of the computer is going to change the concepts and theories
taught in other real estate courses. Current software emphasizing database management and remote communicating is taught. Lecture 1 hour, laboratory 3 hours (9 weeks). Prerequisite: Real Estate 101 or current real estate salesperson's or broker's license. Transfer credit: CSU

130-REAL ESTATE ECONOMICS 3 Units
Real Estate 130 deals with those trends and factors which affect the value of real estate; the nature and classification of land economics; the development of property, construction and subdivision; economic values and real estate evaluation; real estate cycles and business fluctuations, residential market trends, real property, and special purpose property trends. Lecture 3 hours. Prerequisite: Real Estate 101 or equivalent. Recommended Preparation: Real Estate 120 or 140 or a valid California real estate license. Transfer credit: CSU

140-LEGAL ASPECTS OF REAL ESTATE 3 Units
Real Estate 140 is a study of California real estate law, including rights incident to property ownerships and management, agency, contracts, and application to real estate transfer, conveyancing, probate proceedings, trust deeds, and foreclosure, as well as recent legislation governing real estate transactions. This course applies toward education requirement of broker's examination. Lecture 3 hours. Prerequisite: Real Estate 101 or equivalent. Transfer credit: CSU

150-REAL ESTATE FINANCE 3 Units
Real Estate 150 analyzes real estate financing, including lending policies and problems in financing transactions in residential, apartment, commercial, and special purpose properties. Methods of financing properties are emphasized. Lecture 3 hours. Prerequisite: Real Estate 101 or equivalent. Recommended Preparation: Real Estate 120 or 140 or a valid California real estate license. Transfer credit: CSU

160-REAL ESTATE APPRAISAL I 3 Units
Real Estate 160 covers the purposes of appraisals, the appraisal process, and the different approaches, methods, and techniques used to determine the value of various types of property. Emphasis is on residential and single-unit property. Lecture 3 hours. Prerequisite: Real Estate 101 or equivalent. Recommended Preparation: Real Estate 120 or 140 or a valid California real estate license. Transfer credit: CSU

161-REAL ESTATE APPRAISAL II 3 Units
Real Estate 161 covers real estate appraisal including methods of appraising such properties as apartment buildings, industrial properties, subdivisions, and rural properties. Lecture 3 hours. Prerequisite: Real Estate 160 or equivalent.

190-PROPERTY MANAGEMENT 3 Units
Real Estate 190 is a basic course in the management of income properties which analyzes specific types of properties that are managed; formulates and discusses the major problems of leasing, collections, rent schedules, tenant selection, neighborhood analysis, purchasing, evictions, preventive maintenance, depreciation, record keeping, and economics of property; and compiles a set of procedures for practical utilization in property management. Lecture 3 hours. Prerequisite: Real Estate 101 or equivalent. Transfer credit: CSU

200-BUYING AND SELLING A BUSINESS 3 Units
(Also listed as Finance 200)
Real Estate 200 presents all the information necessary to conduct the purchase or sale of a small business. This course focuses on what a real estate agent should know so that he or she could properly list, offer, negotiate and sell a business. The techniques of marketing, financing, financial reporting, taxation, merging and business management are covered in detail. Lecture 3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Finance 200. Transfer credit: CSU

250-ESCRROW I 3 Units
Real Estate 250 is an introduction to the terminology, legal aspects, and process in the escrow function in real estate transactions. Emphasis is on the process of taking, processing, and closing of escrow. Lecture 3 hours. Prerequisite: Real Estate 101 or equivalent. Transfer credit: CSU

251-ESCRROW II 3 Units
Real Estate 251 is an advanced study of the principles and methods of handling escrows involving title to land, exchanges, sale of Deed of Trust and Note, and Leasehold. Included is a study of the various forms and practices employed in the drawing of the escrow instructions, required documents, and buyers' and sellers' closing statement.
Lecture 3 hours. **Prerequisite:** Real Estate 250 or equivalent.

252-ESCROW III 3 Units
Not offered.

253-ESCROW IV 3 Units
Not offered.

275-TAX ASPECTS AND EXCHANGE OF REAL ESTATE 3 Units
Real Estate 275 is an advanced course on tax principles governing the acquisition, ownership, operation, and disposition of real property as well as tax planning and integration of tax concepts and procedures. Lecture 3 hours. **Prerequisite:** Real Estate 120 and 140 or equivalent.

**RECREATION LEADERSHIP**

105-PHYSICAL EDUCATION AND RECREATION FOR THE HANDICAPPED 2 Units
Recreation Leadership 105 is designed to train people to provide physical education and recreational activities for the handicapped, this course will help the student understand and appreciate needs, desires, and problems related to various handicaps as well as learn how to provide such activities. Lecture 2 hours, laboratory 2 hours. **Prerequisite:** None. **Transfer credit:** CSU

109-RECREATION LEADERSHIP 2 Units
Recreation Leadership 109 is a basic training course for playground directors and recreation leaders. A study in the organization and administration of community and school recreation programs. Emphasis is placed on training in leadership techniques and on the development of programs in recreation, sports, and athletics. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Note:** Recommended for physical education majors and students entering the recreation field. **Transfer credit:** CSU

**RUSSIAN**

101-BEGINNING RUSSIAN I 5 Units
Russian 101 presents the fundamentals of Russian grammar. The skills of listening comprehension, speaking, reading, and writing are developed at a basic level. In addition to the regular class hours, the student must spend one hour a week in the language laboratory. Lecture 5 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** Not open to students with oral proficiency or who have attended schools where Russian was the language of instruction. **Transfer credit:** CSU, UC, USC
102-BEGINNING RUSSIAN II 5 Units
Russian 102 is a continuation of Russian 101. The skills of listening comprehension, speaking, reading, and writing of contemporary standard Russian are developed at a basic level. In addition to the regular class hours, the student must spend one hour a week in the language laboratory. Lecture 5 hours. Prerequisite: Russian 101 or equivalent. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This class is not designed for native speakers of Russian. Transfer credit: CSU, UC, USC

110-BASIC CONVERSATIONAL RUSSIAN I 2 Units
NON-DEGREE APPLICABLE
Russian 110 teaches the fundamentals of grammar and correct pronunciation so that the student can employ a small working vocabulary in conversation and writing. The ability to read simple Russian is also developed. Lecture 2 hours, laboratory 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

111-BASIC CONVERSATIONAL RUSSIAN II 2 Units
NON-DEGREE APPLICABLE
Russian 111 is a further study of the language with continued emphasis on developing essential communication skills. Fundamentals of grammar and oral expression are stressed. The course further develops a working knowledge of reading and writing as well. Lecture 2 hours, laboratory 1 hour. Prerequisite: Russian 110 or equivalent. Note: This course may be taken 2 times; a maximum of 4 units may be earned.

SECRETARIAL STUDIES
See Office Administration

SIGN LANGUAGE

101-SIGN LANGUAGE I 4 Units
Sign Language 101 is an introductory course which provides instruction on deafness, deaf culture, and the language used by the deaf community. Lecture 4 hours, laboratory 2 hours. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 8 units may be earned. Transfer credit: CSU, UC

102-SIGN LANGUAGE II 4 Units
Sign Language 102 is designed to provide a continuation of the first course for students interested in vocationai opportunities and for those with family members who can profit from this method of communication. Lecture 4 hours, laboratory 2 hours. Prerequisite: Sign Language 101 or equivalent. Note: This course may be taken 2 times; a maximum of 8 units may be earned. Transfer credit: CSU, UC

103-SIGN LANGUAGE III 4 Units
Sign Language 103 expands on the first two courses by utilizing basic learnings, and incorporating idiomatic language, and developing smooth transitions from character to character to build competency. Lecture 4 hours, laboratory 2 hours. Prerequisite: Sign Language 102 or equivalent. Note: This course may be taken 3 times; a maximum of 12 units may be earned. Transfer credit: CSU, UC

SOCIAL SCIENCE

101-INTRODUCTION TO EDUCATION 3 Units
Social Science 101 is an introductory course designed to acquaint the student with the field of education. The course covers teacher preparation, the professional qualifications needed by the teacher, the duties and opportunities of the professional educator, and the contemporary issues in the field of education. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

103-EDUCATIONAL PARTICIPATION IN THE COMMUNITY II 1 Unit
Not Offered. Transfer credit: CSU

121-ETHNIC AND RACIAL MINORITIES 3 Units
Social Science 121 surveys the major ethnic and racial minorities in the United States to provide a basis for a better understanding of the socio-economic, cultural and political conditions among the following minorities: Afro-American, Mexican-American, Chinese, Japanese, American Indian, women, and other social minority groups. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC
122-MEXICAN-AMERICAN STUDIES  3 Units
Social Science 122 is designed to provide the student with an understanding and appreciation of the social, political, economic and cultural experiences of the Mexican people in the United States. The course will focus on the Chicano experience after the signing of the Treaty of Guadalupe Hidalgo in 1848. The course will continue to explore and analyze the contemporary problems of the Chicano people throughout the nation. Special attention will be given to such topics as: immigration, political and labor participation, education, the family and cultural expression. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

123-ASIANS IN AMERICA  3 Units
Social Science 123 is a survey course which examines the experience of Asian American groups (Chinese, Japanese, Filipinos, Koreans, and others) from the mid-nineteenth century to the present. The course emphasizes these themes as it considers each immigrant group: stereotypes, push and pull factors in immigration, labor experiences, racism and discrimination in American society as applied to Asian Americans, contributions of Asian Americans to American society, community life before and since World War II, problems of the Asian American community today. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

124 INTERNATIONAL/ INTERCULTURAL STUDIES  3 Units
Social Science 124 is designed to provide a critical and analytical introduction to the problems of global understanding. Studies are conducted on the ways in which the individual personality is shaped in a particular culture and civilization. The course is designed for all students, regardless of cultural background, who wish to enhance their ideas of what it means to belong in a peer group, or in a family, or in the larger community. This is a cross-cultural communication skills building course. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

126-THE AMERICAN EXPERIENCE—MODERN AMERICA  3 Units
Social Science 126 covers issues and events from colonial times through the Civil War which are discussed and evaluated in relation to their social, cultural, political, and economic significance. Important contributions of significant men and women to the historical development of the country are highlighted. Students are introduced to the contemporary American political process and its formal institutional functions in a comparative study of federal, state, and local governments. The operation of the federal constitution in a political democracy is emphasized. The roles of political parties and special interest groups are examined. Students learn the structure and function of government in relation to the individual.

125-THE AMERICAN EXPERIENCE—AMERICAN HERITAGE  3 Units
Social Science 125 covers issues and events in the social, cultural, political, and economic significance. Important contributions of significant men and women to the historical development of the country are highlighted. Students are introduced to the contemporary American political process and its formal institutional functions in a comparative study of federal, state, and local governments. The operation of the federal constitution in a political democracy is emphasized. The roles of political parties and special interest groups are examined. Students learn the structure and function of government in relation to the individual.
Major rights and freedoms of citizens and noncitizens in the United States and California are delineated and discussed. The completion of Social Science 125 and 126 fulfills the California State requirements in American History, Institutions, and State and Local Government. Lecture 3 hours. **Prerequisite:** Social Science 125. **Note:** Social Science 125 and 126 are designed for F-1 visa students who speak a language other than English as their first language, or naturalized citizens, or immigrants seeking naturalization who have never taken U.S. Government or U.S. History taught in English or in a U.S. high school. All others should take the standard courses in U.S. History and Government. No credit allowed for students who have completed History 110, 111, 117, 118, or 151; Economics 111; Political Science 101, 105, 106, or 151; Social Science 131 or 132. **Transfer credit:** CSU

**131-INTRODUCTION TO SOCIAL SCIENCE** 4 Units
Social Science 131 examines the interrelationship of the social sciences and their application to the problems of group living in the twentieth century through a survey of the principal facts and concepts of history and sociology. Problems are studied in relationship to the historical development of the United States. The student is led to acquire a body of knowledge through an analysis of historical and contemporary social problems. This course meets the California State requirements in American History. Lecture 4 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** Social Science 131 allows only two units of credit for students having credit in History 110 or 111. If History 117-118 are completed for credit, then no units are allowed for Social Science 131. **Transfer credit:** CSU, UC, USC

**132-INTRODUCTION TO SOCIAL SCIENCE** 4 Units
Social Science 132 examines the interrelationship of the social sciences and their application to the problem of group living in the twentieth century through a survey of the principal facts and concepts of political science and economics. Problems are studied in relationship to governments in the United States. The student is led to acquire a body of knowledge through an analysis of contemporary political and economic problems. This course meets the California State requirements in the American Constitution, and State and Local Government. Lecture 4 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** Social Science 132 allows only two units of credit for students having credit in Political Science 101 or Political Science 105. If only Political Science 106 has been completed for credit, three units are allowed. **Transfer credit:** CSU, UC, USC

**134-WOMEN, MEN, AND SOCIETY** 3 Units
Social Science 134 is a survey course which explores the experience of women and men in American society. The course will use an interdisciplinary approach to look at old and new research about women and men. The sexist assumptions of most academic disciplines requires not just that material on women be integrated into these disciplines but that material on both sexes must be studied in new ways. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU, UC, USC

**136-WAR: HISTORY, CAUSES, SOLUTIONS** (Also listed as History 136) 3 Units
Social Science 136 explores the history, causes, and potential solutions to the problem of war. The history of individual wars is examined within a broader picture of war in general, including ancient warfare, the Middle Passage, the rise of modern war, and the development of total war. An interdisciplinary approach is taken in exploring the immediate causes of war, including historical, economic, political, anthropological, sociological, and psychological causes. The course probes moral and philosophical aspects for the ultimate causes of war. Finally, solutions are considered including diplomacy, treaties, the United Nations, a one-world government, and the dismantling of nation-states. Lecture 3 hours. **Recommended Preparation:** Eligibility for English 101. **Note:** This course may not be taken for credit by students who have completed History 136. **Transfer credit:** CSU, UC, USC

**145-INTRODUCTION TO COMMUNITY VOLUNTEERISM** 2 Units
Social Science 145 is designed to give students an academic background in volunteerism as well as to allow them an opportunity to do
community volunteer work for credit. It fits in with national legislation (1993) promoted to create greater commitment to society on the part of today's college students. The course includes 1 lecture hour per week and 3 lab hours of volunteer work per week. Lecture 1 hour, laboratory 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU

101-INTRODUCTION TO SOCIOLOGY 3 Units
Sociology 101 is an introduction to sociology, its methods and resources. The course focuses on the following areas: society and culture, personality organization, social interaction and social processes, human groups and collective behavior, role and status, class and stratification, ethnic and other intergroup relations, ecology and urban sociology, population and social change. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC (CAN SOC 2)

102-SOCIAL CRISIS OF TODAY 3 Units
Sociology 102 develops a definition and criteria of social crises. The course examines social problems within the context of culture and economics. Selected social issues such as crime, ethnic tensions, poverty, work, youth, the changing nature and role of the family, homelessness, and related urban issues are addressed within functional and conflict theoretical frameworks. Lecture 3 hours. Prerequisite: Sociology 101. Transfer credit: CSU, UC, USC (CAN SOC 4)

104-SOCIOLOGY OF SEX AND GENDER 3 Units
Sociology 104 is a survey course that explores biological, anthropological, psychological, and sociological perspectives of sex and gender roles in American society and various other societies, such as Sweden, Russia, China, India, and so on. Focusing on power relations, the course uses a sociological and psychological approach to analyze sex and gender roles in major social institutions: Family, education, mass media, religion, work, law, political or economic structures, and medical systems. The analysis is placed in historical and contemporary contexts. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Transfer credit: CSU, UC, USC

105-INTRODUCTION TO GERONTOLOGY 3 Units
(Also listed as Psychology 109)
Sociology 105 is an introduction to the study of sociology of gerontology, aging and its implications for the individual and society utilizing a multidisciplinary approach. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Psychology 109. Transfer credit: CSU, UC, USC

107-INTRODUCTION TO STATISTICS 3 Units
(Also listed as Economics 107, Political Science 107, Psychology 107)
Sociology 107 is an introduction to the theory of probability and to the methodology of statistical analysis. Methods of classifying and describing natural events in quantitative terms will be considered. The course will emphasize both descriptive and inferential techniques of analyzing scientific data. Lecture 3 hours. Recommended Preparation: Mathematics 141 or one year of high school algebra or equivalent and eligibility for English 101. Note: A maximum of three units may be earned for Sociology 107, Economics 107, Political Science 107, Psychology 107, or Mathematics 136. Transfer credit: CSU

131-MARRIAGE AND FAMILY LIVING 3 Units
(Also listed as Psychology 131)
Sociology 131 is a study of the factors that contribute to marital adjustment. Major topics will include single adulthood vs. married adulthood, the nature of historical and contemporaneous marriages, marital compatibility and conflict, family dynamic interactions, including kinship roles, children vs. childless marriages, child-rearing techniques, dissolution and speculations concerning the future of the family. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Psychology 131. Transfer credit: CSU (CAN H EC 12)
SPANISH

101-BEGINNING SPANISH I 5 Units
Spanish 101 teaches the fundamentals of Spanish grammar. Students are trained to pronounce Spanish correctly, to acquire a small working vocabulary which they use in conversation and writing, and to read simple Spanish. Lecture 5 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** Not open to students with oral proficiency or who have attended schools where Spanish was the language of instruction. This course may not be taken for credit by students who have completed Spanish 115. In addition to the regular class hours, the student must spend one hour a week in the laboratory. **Transfer credit:** CSU, UC, USC (CAN SPAN 2)

102-BEGINNING SPANISH II 5 Units
Spanish 102 continues to present the fundamentals of Spanish grammar. It emphasizes correct pronunciation and presents more difficult elementary prose. The discussions in Spanish will stress the correct use of verbs and idioms and efficient methods of vocabulary building. Lecture 5 hours. **Prerequisite:** Spanish 101 or two years of Spanish in high school completed within the past two years or equivalent. **Note:** This course may not be taken for credit by students who have completed Spanish 116. In addition to the regular class hours, the student must spend one hour a week in the laboratory. **Transfer credit:** CSU, UC, USC (CAN SPAN 4)

103-INTERMEDIATE SPANISH I 5 Units
Spanish 103 includes further study of Spanish grammar and idioms, intensive and extensive reading in contemporary Spanish, and written compositions in Spanish. This class is conducted entirely in Spanish. Lecture 5 hours. **Prerequisite:** Spanish 102 or 116 or three years of Spanish in high school completed within the past two years. **Note:** In addition to the regular class hours, the student must spend one hour a week in the laboratory. **Transfer credit:** CSU, UC, USC (CAN SPAN 8)

104-INTERMEDIATE SPANISH II 4 Units
Spanish 104 is a continuation of Spanish 103 with reading of more difficult literary texts, and increased emphasis on composition and conversation. This class is conducted entirely in Spanish. Lecture 4 hours. **Prerequisite:** Spanish 103 or four years of Spanish in high school completed within the past two years. **Note:** In addition to the regular class hours, the student must spend two half-hour periods a week in the laboratory. **Transfer credit:** CSU, UC, USC (CAN SPAN 10)

105-CONVERSATIONAL SPANISH 3 Units
Spanish 105 is a course of intensive practice in the expression and comprehension of spoken Spanish. Lecture 3 hours. **Prerequisite:** One year of college Spanish or three years of high school Spanish or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

106-ADVANCED CONVERSATIONAL SPANISH 3 Units
Spanish 106 is a course of intensive practice in the expression and comprehension of spoken Spanish. Lecture 3 hours. **Prerequisite:** One year of college Spanish or three years of high school Spanish or equivalent. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

110-BASIC CONVERSATIONAL SPANISH I 2 Units
NON-DEGREE APPLICABLE
Spanish 110 is an introduction to Spanish with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course develops a working knowledge of reading and writing as well. It includes use of tapes or cassettes in the language laboratory. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Note:** This course may not be taken for credit by students who have completed Spanish 102 or 116 or who take Spanish 102 concurrently with Spanish 110. This course may be taken 2 times; a maximum of 4 units may be earned.

111-BASIC CONVERSATIONAL SPANISH II 2 Units
NON-DEGREE APPLICABLE
Spanish 111 is an introduction to Spanish with emphasis on developing essential skills in communication. The verbal active method used stresses oral expression. The course develops a working knowledge of reading and writing as well. It includes use of tapes or cassettes in the language laboratory. Lecture 2 hours, labo-
117-BASIC CONVERSATIONAL SPANISH FOR MEDICAL PERSONNEL 1 Unit
NON-DEGREE APPLICABLE
Spanish 117 is an introduction to Spanish, with emphasis on developing essential skills in communication, for medical personnel. The verbal active method is used and oral expression is stressed. The course also develops working knowledge of reading and writing Spanish. Lecture 3 hours. Prerequisite: Spanish 111 or equivalent. Note: This course may be taken 2 times; a maximum of 2 units may be earned.

118-CONVERSATIONAL SPANISH FOR LAW ENFORCEMENT AND FIRE FIGHTING PERSONNEL 1 Unit
NON-DEGREE APPLICABLE
Spanish 118 is an introduction to Spanish, with emphasis on developing essential skills in communication, for law enforcement and fire fighting personnel. The verbal active method is used and oral expression is stressed. The course also develops a working knowledge of reading and writing Spanish. Lecture 3 hours. Prerequisite: Spanish 111 or equivalent. Note: This course may be taken 2 times; a maximum of 2 units may be earned.

124-ENGLISH TRANSLATIONS OF MASTERPIECES OF HISPANIC LITERATURE 3 Units
Spanish 124 is a study of major works of literature of Spain and Spanish America in English translation. No knowledge of Spanish is necessary. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: This course may not be taken for credit by students who have completed Spanish 125 or 126. Transfer credit: CSU, UC, USC

125-SURVEY OF SPANISH LITERATURE 3 Units
Spanish 125 is a lower division survey of the literature of peninsular Spain, from the ballads of the Medieval period to the twentieth century. Reading and class lectures are entirely in Spanish and are supplemented by tapes, records and films. Lecture 3 hours. Prerequisite: Spanish 104 and 106 or equivalent. Note: Students may receive only one unit of credit for Spanish 125 if they have received credit for Spanish 124. Transfer credit: CSU, UC, USC
126-SURVEY OF SPANISH AMERICAN LITERATURE 3 Units
Spanish 126 is a lower division survey of the literature of Spanish America, from the prehispanic literature of the Incas, as recorded by el Inca Garcilaso de la Vega, and the histories of the Mayas in the Popol Vuh, to the literature of the twentieth century. Reading and lectures will be entirely in Spanish. Tapes and records will be used to supplement text and lectures. Lecture 3 hours. Prerequisite: Spanish 104 and 106 or equivalent. Note: Students may receive only one unit of credit for Spanish 126 if they have received credit for Spanish 124. Transfer credit: CSU, UC, USC

127-MEXICAN LITERATURE 3 Units
Spanish 127 is a study of the literature of Mexico from Nahauatl poetry to current authors. Reading and class lectures are entirely in Spanish and are supplemented by tapes, records and films. Lecture 3 hours. Prerequisite: Spanish 104 and 106 or equivalent. Transfer credit: CSU, UC, USC

128-CUBAN LITERATURE 3 Units
Spanish 128 is a study of the literature of Cuba from the period of exploration to the present. Readings and class lectures are entirely in Spanish. Lecture 3 hours. Prerequisite: Spanish 104 and 106 or equivalent. Transfer credit: CSU, UC, USC

138-Spanish for School Personnel 2 Units
NON-DEGREE APPLICABLE
Spanish 138 provides the student with the minimum fundamentals of Spanish grammar and correct pronunciation so that teachers and other school personnel can communicate with parents and pupils whose language is Spanish. Dialogues are emphasized. Lecture 2 hours. Prerequisite: None.

146-Language for Business—Bilingual 5 Units
Not offered.

SPECIAL PROJECTS

150-Special Projects 1-3 Units
Glendale Community College makes available in the curriculum of some divisions, units of study designated as special projects. The purpose of the Special Projects Program is to provide all students with an opportunity to explore subjects in the non-transfer courses of community college grade in greater depth than usual; to familiarize students with basic study technique; to interest students in possible career areas; and to take advantage of special interests relating to the instructional program. Emphasis is placed on a study relating to the individual needs of a student to enhance and reinforce the college learning experience. The courses do not follow a prescribed outline, but a project and/or contract is developed with the assistance of the sponsoring instructor and appropriate division. The instructor will supervise the program requiring community college level of work to be completed in not less than eighteen (18) hours of each unit of credit earned. Registration will be open to those students enrolled in six (6) or more units and is approved for the program by an instructor. No more than twelve units of special projects and independent study will be credited toward A.A., A.S. degree or certificate with a limit of six (6) units per division. A student may not register in more than one special project per semester and may not be enrolled concurrently in independent study. The instructor shall make arrangements for students’ special projects registration with the Admission and Records Office. Attendance accounting procedures shall be cleared with the Admissions and Records Office by the instructor. Prerequisite: None.

SPEECH COMMUNICATIONS

100-Interpersonal Communication 3 Units
Speech 100 is designed to provide students with an understanding of factors affecting human communication on a day-to-day basis and to provide laboratory experiences aimed at developing skills in such areas as language, listening, assertiveness, conflict resolution, nonverbal behaviors, group problem solving, and cross cultural communication. The instructional approach is deductive-inductive-deductive, involving lecture/discussions, activities demonstrating concepts covered, and further lecture/discussion for purposes of additional clarification. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. ESL students should complete ESL 155. Transfer credit: CSU
101-PUBLIC SPEAKING 3 Units
Speech 101 places emphasis upon organization and delivery of extemporaneous speeches. Experience is provided in group discussion, oral reading, and informative and persuasive speaking. This course satisfies speech requirements of those expecting to transfer to colleges and universities. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. ESL students should complete ESL 155. Transfer credit: CSU, UC, USC (CAN SPCH 4)

102-PUBLIC SPEAKING 3 Units
Speech 102 places emphasis on the development of further effectiveness in the organization and delivery of speeches, and on the preparation of students for effective participation in group discussion and debate. Lecture 3 hours. Prerequisite: Speech 101. Transfer credit: CSU, UC, USC

103-GROUP DISCUSSION 3 Units
Speech 103 involves techniques and theories of discussion with emphasis on group productivity and oral communication in groups. Use of logical, clear reasoning in research, analysis of problems, effectiveness of participation, and leadership in the discussion mode are also examined. Class activities include role playing, problem solving, panel discussions, and symposium forum discussions. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. ESL students should complete ESL 155. Transfer credit: CSU, UC, USC

104-ARGUMENTATION AND DEBATE 3 Units
Speech 104 is designed to provide students with an understanding of the factors affecting basic argumentation and debate on a day-to-day basis and to provide laboratory experiences aimed at developing skills in such areas as language, listening, assertiveness, conflict resolution, non-verbal behaviors, group problem solving, and cross cultural communication. The instructional approach is deductive-inductive-deductive, involving lecture/discussions, formal, in-class debates and critical analysis of contemporary issues. Lecture 3 hours. Prerequisite: One of the following:
1. Speech 101
2. Speech 103
3. high school public speaking
4. high school debate
Transfer credit: CSU, UC, USC (CAN SPCH 6)

105-VOICE AND DICTION 3 Units
Speech 105 is designed to improve vocal quality and force, pitch flexibility, rate, articulation, and pronunciation. The student will develop an understanding of the speech mechanism. Emphasis is placed on improvement through increased self-perception and practice exercises. Lecture 3 hours. Recommended Preparation: Eligibility for Speech 101. ESL students should complete ESL 155. Transfer credit: CSU, UC, USC

106-ORAL INTERPRETATION OF LITERATURE 3 Units
Speech 106 is designed to teach the skills and techniques of oral interpretation of literary works. Students will learn to use their voices and articulation techniques to communicate emotional energy through the words of the text. Class exercises and instructor feedback will be used to teach these concepts and to focus on the students’ individual strengths and weaknesses. Selected students will be chosen to participate in a reader’s theatre production. Lecture 3 hours. Prerequisite: Speech 105. Recommended Preparation: Eligibility for English 101. Note: An audition may be required. Transfer credit: CSU, UC, USC

107-BUSINESS AND PROFESSIONAL SPEECH 3 Units
Speech 107 provides techniques for effective oral communication in the business environment. Emphasis is placed on audience analysis, organization, and speaking deportment. Class activities include interviewing, informative and persuasive presentations, and presentations in small group settings. Students have the opportunity to work extensively on videotape. Lecture 3 hours. Recommended Preparation: Eligibility for English 101. ESL students should complete ESL 155. Transfer credit: CSU

150-COGNITIVE AND LINGUISTIC REINTEGRATION 2 Units
NON-DEGREE APPLICABLE
Speech 150 is designed for students evidencing functional difficulty in the areas of auditory memory, processing and comprehension, and/or oral expression—secondary to an acquired brain injury. Lecture 2 hours, laboratory 1 hour. Prerequisite: The student must
have a medically verifiable acquired neurological disorder affecting cognitive and linguistic competence. Note: This course may be taken 4 times; a maximum of 8 units may be earned.

151-COMMUNICATION SKILLS FOR THE LANGUAGE DISABLED ADULT  2 Units NON-DEGREE APPLICABLE

Speech 151 is designed for students who demonstrate a significant deficit in receptive language skills and/or expressive language skills. Emphasis will be placed on active student experimentation with specific communication skills acquired in the individual's laboratory component of the class. Lecture 2 hours, laboratory 1 hour. Prerequisite: Only students who have a verifiable communication disability may enroll. Note: This course may be taken 4 times; a maximum of 8 units may be earned.

152-SPEECH LAB  1 Unit NON-DEGREE APPLICABLE

Speech 152 provides a setting for diagnostic testing and the subsequent development of an individualized educational plan for specialized group instruction of students who have communication disorders. Laboratory 3 hours. Prerequisite: Student must meet the Title V regulations for eligibility to receive special education services. Note: This course may be taken 4 times; a maximum of 4 units may be earned.

153-LISTENING SKILLS  ½ Unit NON-DEGREE APPLICABLE

Speech 153 is designed to develop techniques and strategies to compensate for students' auditory perceptual and auditory processing difficulties. Auditory perceptual and processing difficulties may be due to hearing deficits, speech-language disorders, learning disabilities, physical disabilities and/or acquired brain injuries. Instruction is provided on a small group basis, specifically concentrating on the areas of listening strategies, critical listening, and auditory memory. Practice in making effective use of tape recorded textbook materials is strongly emphasized. Lecture ½ hour, laboratory ½ hour. Prerequisite: Only students who have an auditory, visual, physical, speech-language, or learning disability verifiable under Title V may enroll.

STATISTICS

See Economics 107, Political Science 107, Psychology 107, Sociology 107, Mathematics 136

STUDENT DEVELOPMENT

A maximum of 3 units of degree applicable Guidance and/or Student Development courses may be counted toward an Associate degree and/or certificate.

100-COLLEGE ORIENTATION  ½-2 Units

Student Development 100 is an introductory college orientation course for newly enrolled and matriculated students. The course covers the following topics: college academic regulations, four-year schools' requirements for transfer, AA degree requirements, Certificate programs' requirements, college services and specialized student support services. At the conclusion of the course, the student is able to produce a Student Educational Plan. Lecture ½-2 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Student Development 145. This course allows ½ unit of credit for students who have earned one unit or are enrolled in this course for one unit, and have completed Student Development 145. This course may be taken 2 times; a maximum of 2 units may be earned.

102-ASSESSMENT ORIENTATION—DISABLED STUDENTS  1 Unit

Student Development 102 is a course designed to assess eligibility for special classes and services for students with learning disabilities, communication disabilities, and acquired brain injuries. The course provides an orientation to services designed to accommodate for the disability thereby providing equal access to the educational process. Emphasis is placed on completion of an individual in-depth assessment to identify strengths and limitations. At the conclusion of the course the student and the instructor design a Student Educational Plan (SEP). Lecture 1 hour. Prerequisite: None.
103-COLLEGE ORIENTATION FOR INTERNATIONAL STUDENTS 1 Unit
Student Development 103 is an introduction to customs unique to the American culture, prevalent American attitudes, United States immigration regulations affecting international students, and general principles for living and studying in the United States of America. Additionally, the course covers college academic regulations, requirements for transfer to four-year colleges and universities, college services, and specialized student support services. At the conclusion of the course, the student is able to produce a Student Educational Plan. Lecture 1-3 hours. Prerequisite: None. Note: Student Development 103 is designed specifically for newly-enrolled international (F-1 visa) students. Placement is based upon TOEFL results and/or previous college experience.

104-COLLEGE ORIENTATION FOR STUDENTS WITH DISABILITIES 1 Unit
Student Development 104 is an introduction to issues unique to students with disabilities. Additionally, the course covers college academic regulations, requirements for transfer to four-year colleges and universities, college services, and disabled student support services. At the conclusion of the course, the student is able to produce a Student Educational Plan. Lecture 1 hour. Prerequisite: Eligibility is contingent upon meeting the Title 5 Section 56028 guidelines for students with disabilities.

115-ORIENTATION TO FINANCIAL AID ½ Unit
NON-DEGREE APPLICABLE
Student Development 115 is an introduction to financial aid programs, policies, and issues with special emphasis on Glendale Community College’s program procedures. It is designed to help students plan their academic career taking into account financial aid entitlements and responsibilities. Lecture ½ hour. Prerequisite: None.

120-TRANSFER ORIENTATION 1 Unit
NON-DEGREE APPLICABLE
Student Development 120 is an orientation course for students who plan to transfer to one of California’s 90 four-year colleges or universities. Topics include: the value of pursuing higher education, admissions, and academic requirements, university comparison, financial aid options, special programs, priority filing periods, and developing an autobiographical essay. Lecture 1 hour. Prerequisite: None.

125-CAREER PLANNING 1 Unit
Student Development 125 is a course that helps students choose a career goal by assessing and analyzing personal values, aptitudes, skills, interests, and traits and relating them to career areas. Decision-making strategies are taught and a tentative career plan is developed. Lecture 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 2 units may be earned. This course allows ½ unit of credit for students who have completed Student Development 145.

126-JOB SEARCH STRATEGIES 1 Unit
Student Development 126 is a course designed to teach methods in job search skills. Students learn how to prepare a job resume and cover letter, how to prepare for a job interview, and how to locate sources of job leads. Lecture 1 hour. Prerequisite: None. Note: This course may be taken 2 times; a maximum of 2 units may be earned.

127-MAJOR EXPLORATION ½ Unit
Student Development 127 is a course designed to help students identify majors they might be interested in pursuing. Emphasis is placed on introducing students to the required education and training needed for a particular major. Students analyze factors such as interests, values, and skills that influence their choice of a major. Lecture ½ hour. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Student Development 145.

128-VOCATIONAL PLANNING FOR STUDENTS WITH DISABILITIES 1-2 Units
Student Development 128 is a course designed to help students with disabilities choose a career goal by assessing and analyzing values, aptitudes, skills, and interests and relating them to a career area and to their specific disabilities. Decision-making strategies are taught, and a tentative vocational plan is developed. Lecture 1-2 hours. Prerequisite: Eligibility is contingent upon meeting the Title 5, Section 56028 guidelines for students with disabilities. Note: Allows only 1 unit of credit for students who have completed Student Development 126.
141-LEARNING SKILLS 1 Unit
Student Development 141 is designed to present straightforward practical study techniques. A special emphasis is placed on techniques to increase concentration while reading and listening, developing skill in Notetaking, preparing for and taking of examinations, writing a research paper, time management, the study environment, controlling stress and gaining motivation for success. Lecture 1 hour. Prerequisite: None. Note: Students may wish to complete Student Development 142 (lab) in conjunction with this course. This course may not be taken for credit by students who have completed Student Development 142 or 145. This course may be taken 2 times; a maximum of 2 units may be earned.

142-STUDY SKILLS 1 Unit
NON-DEGREE APPLICABLE
Student Development 142 places special emphasis on the time schedule, the discovery of the nature and extent of reading difficulties, outlining the lecture and reading assignments, efficient use of the facilities for study, developing skill in Note-taking, and preparing for examinations. Laboratory 3 hours. Recommended Preparation: Eligibility for English 164. Note: This course may not be taken for credit by students who have completed Student Development 141 or 145.

143-STUDY SKILLS LAB ½-2 Units
NON-DEGREE APPLICABLE
Student Development 143 is a laboratory course designed to meet the individualized needs of students with disabilities. Specialized tutoring is offered to assist students in developing compensatory strategies necessary for success in mainstream classes and daily living. Laboratory 1½-6 hours. Prerequisite: Permission of a learning disabilities specialist or DSC counselor is required for enrollment.

144-ACADEMIC PROBATION ½-3 Units
NON-DEGREE APPLICABLE
Student Development 144 is a comprehensive introduction to study skills methods, academic support services, and students’ academic assessment. The course is designed for students on academic probation. Lecture ½-3 hours. Prerequisite: None. Note: This course may not be taken for credit by students who have completed Student Development 145.

145-ACADEMIC SUCCESS 2 Units
Student Development 145 is a performance-oriented course designed to increase success in college. Students will develop their own success plans through self-evaluation and by learning to use specific techniques and resources. They will select a major and develop a Student Educational Plan. Topics covered include self-motivation and discipline, memory development, time management,
study skills and techniques, short and long-term goal setting, college resources, and problem solving techniques. Lecture 2 hours, laboratory 1 hour. **Prerequisite:** None. **Note:** This course allows ½ unit of credit for students who have completed all of the following: Student Development courses: 100, 125, and 127. This course allows 1 unit of credit for students who have completed Student Development 141, 142, or 144. This course allows ½ units of credit for students who have completed Student Development 100 or 125 or 127. **Transfer credit:** CSU

146-EFFECTIVE STUDY TECHNIQUES 1 Unit
**NON-DEGREE APPLICABLE**

Student Development 146 is a lecture course designed to familiarize students with disabilities with memory techniques, test preparation strategies, time management, and notetaking skills. This course helps students develop critical thinking skills as well as compensatory strategies. Lecture 3 hours. **Prerequisite:** Recommendation by a learning disabilities specialist or a DSC counselor is required for enrollment.

150-TUTOR TRAINING 1 Unit
**NON-DEGREE APPLICABLE**

Student Development 150 is an introduction to tutoring skills for students wishing to act as tutors at the college. The course emphasizes the linking of course content and critical thinking skills with the ability and skills necessary to assist students in their learning process. Lecture 1-2 hours. **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 2 units may be earned.

155-SUPPLEMENTAL INSTRUCTION TRAINING 1 Unit
**NON-DEGREE APPLICABLE**

Student Development 155 is designed for student leaders who are participating in Supplemental Instruction as Supplemental Instruction Leaders or Workshop Facilitators. The course content enables student leaders to help their fellow students learn critical thinking skills and collaborative learning strategies. Lecture 1 hour. **Prerequisite:** None.

165-STRESS MANAGEMENT 1 Unit
**NON-DEGREE APPLICABLE**

Student Development 165 is a course designed to assist the student to become aware of stress management and stress reduction. Students will learn the basic techniques of relaxation, breathing processes, self awareness and assertiveness training. The student will develop a stress reduction program to enhance their life. The student will also be able to recognize the stressors encountered in school, work place and home environment. Lecture 1 hour. **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 2 units may be earned.

171-STUDENT LEADERSHIP 1 Unit
(Formerly Social Science 141)

Student Development 171 presents the fundamentals of student leadership. Students study leadership theory, parliamentary law, committee techniques, democratic organization, principles and functions of student government, and group leadership problems. Lecture 1 hour, discussion 1 hour. **Prerequisite:** None. **Note:** Open to all students interested in developing leadership skills. Officers of all student organizations are urged to enroll. This course may not be taken for credit by students who have completed Social Science 141.

TECHNICAL EDUCATION

140-FUNDAMENTALS OF ENGINEERING DOCUMENTATION 3 Units
Technical Education 140 is a fundamental course in reporting technical information for those participating in engineering or manufacturing programs. Lecture 3 hours. Recommended Preparation: Eligibility for English 120 or ESL 151. Note: Technical Education 140 is required in Architectural Drafting and Design and Drafting/Electro-Mechanical Design certificate programs.

142-TECHNICAL MATHEMATICS I 3 Units NON-DEGREE APPLICABLE
Technical Education 142 is a review of basic mathematics as required in the mechanical trade programs. Subject areas covered include units of measurement (inch and S.I. metric), decimals, percentages and fractions. Problems are drawn from the industrial field. Lecture 3 hours. Prerequisite: None.

143-TECHNICAL MATHEMATICS II 3 Units
Technical Education 143 is an advanced study of algebra, trigonometry, and quadratic equations as required in the mechanical trade programs. Problems are drawn from the industrial field. Lecture 3 hours. Prerequisite: Technical Education 142 or equivalent.

145-APPLIED PHYSICS 3 Units
Technical Education 145 studies the application of physics to industry. The course covers fundamental concepts, pressure and buoyancy in fluids, simple and compound machines, hydraulic and pneumatic machines, work, energy, and power, composition and resolution of forces, heat - its measurement, transfer, and conversion to work, light and color, magnetism, atomic energy, and electronics. Lecture 3 hours. Prerequisite: Technical Education 142 or Electronics and Computer Technology 100 or Mathematics 141 or equivalent. Transfer credit: CSU

147-SURVEY OF ROBOTICS 1 Unit
Technical Education 147 is a survey course designed to familiarize students enrolled in technical education industrial courses with the fundamentals of robotics and robot industrial systems. It is a basic study of the high-technology field of robotics, in order to develop an awareness of the field as it applies to individual areas of technical expertise. Areas covered include artificial intelligence, robot classifications and axis geometry, elements of robot systems, power and positioning, Servo Systems, teach-pendents, controllers, and sensors. Hands-on experience in the use and positioning of actual robot trainers is emphasized. Lecture 2 hours, laboratory 1 hour. (9 weeks) Prerequisite: None.

TELEVISION

101-INTRODUCTION TO TELEVISION PRODUCTION 3 Units
Television 101 is intended for the student majoring in the preparation of instructional television materials and the operation of video equipment. The topics covered include the recognition and utilization of video equipment, production of instructional television programs, and an examination of the most recent video technologies. Field trips to professional production facilities are also included. Lecture 2 hours, laboratory 4 hours. Prerequisite: None. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU

102-TELEVISION PRODUCTION SYSTEMS 3 Units
Television 102 teaches students how to operate professional television production equipment such as three-tube color cameras, 3/4" videocassette recorders, waveform monitors, vectorscopes, character generators, and computerize 1/2" video editing systems. Projects emphasize portable production techniques. Related topics include Time Code, components of the video signal, on-line and off-line editing, and time-base correction. Lecture 2 hours, laboratory 4 hours. Prerequisite: Television 101 or equivalent. Transfer credit: CSU

104-INTERMEDIATE TELEVISION PRODUCTION 3 Units
Television 104 is designed to meet the needs of the student majoring in the techniques and disciplines of television production. The emphasis is on actual production of television programs for the campus and community. Students are also involved in programming operations for the educational cable channel. Lecture 2 hours, laboratory 4 hours. Prerequisite: Television 101 or equivalent. Note: This course may be taken 3 times; a maximum of 9 units may be earned. Transfer credit: CSU
107-AUDIO PRODUCTION  3 Units
Television 107 teaches students the basic principles, aesthetics and techniques required in the production of audio programs and soundtracks for video programs. Specific topics include magnetic recording, digital recording, selection and use of microphones, sound studio operation, multi-tracking, mixing, editing, and synchronization with video. Hands-on practice with professional equipment is emphasized. Lecture 2 hours, laboratory 4 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Transfer credit:** CSU

111-INTRODUCTION TO INTERACTIVE MULTIMEDIA  3 Units
(Also listed as Computer Science/Information Systems 111)
Television 111 familiarizes students with the techniques of multimedia, combining the latest in video and computer technologies. Topics include interactive videodiscs, HyperCard, desktop video, computer animation, and virtual reality systems. Students create projects on computers. Lecture 2 hours, laboratory 4 hours. **Recommended Preparation:** English 120 or ESL 151. **Note:** This course may not be taken for credit by students who have completed Computer Science/Information Systems 111. **Transfer credit:** CSU

BROADCASTING-JOURNALISM

See Journalism 106

THEATRE ARTS

101-INTRODUCTION TO THEATRE, TELEVISION AND MOTION PICTURES  3 Units
Theatre Arts 101 is designed to give students a broad introduction to the performing arts and technical skills of television, film, and theatre. The course will use field trips, play analysis, lectures, and audiovisual presentations to give students a first or renewed appreciation of these three dramatic media. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

102-THEATRE HISTORY  3 Units
Theatre Arts 102 is a survey of the history of the theatre through its major influences con- centrating on Greek, Roman, Renaissance, Elizabethan, Restoration and Modern eras. Lecture 3 hours. **Prerequisite:** None. **Transfer credit:** CSU, UC, USC

103-FUNDAMENTALS OF ACTING
(Vocal Interpretation)  3 Units
Theatre Arts 103 is a course planned to introduce the student to the theory and basic mechanics of vocal control and interpretation necessary for the successful study of acting. Lecture 3 hours, laboratory 2 hours. **Prerequisite:** None. **Corequisite:** Concurrent enrollment in Dance 183 is required. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

104-FUNDAMENTALS OF ACTING
(Body Control)  3 Units
Theatre Arts 104 deals with the development of bodily control and interpretation and the integration of a controlled voice and body. Lecture 3 hours, laboratory 2 hours. **Prerequisite:** Theatre Arts 103, Speech 105, Dance 191. (Dance 191 may be taken concurrently.) **Transfer credit:** CSU, UC, USC

105-THEATRE ARTS WORKSHOPS  1-3 Units
Theatre Arts 105 is a production class. The students enrolled in this course will be formed into a company to present the Glendale Community College drama productions. Each student will be assigned projects in accordance with his or her interests and talents. The projects will involve some phase of theatrical production: acting, directing, playwriting, business administration, or publicity. The rehearsal laboratory consists of 10-15 hours per week. **Prerequisite:** None. **Note:** This course may be taken 4 times; a maximum of 12 units may be earned. A proportionate amount of work will be assigned according to the number of units elected. **Transfer credit:** CSU, UC, USC

106-INTRODUCTION TO THEATRICAL DIRECTING  3 Units
Theatre Arts 106 is designed to introduce theatre students to the theory, techniques, and skills of theatrical directing as well as to offer them practice in directing short scenes from plays. Lecture 3 hours, laboratory 2 hours. **Prerequisite:** Theatre Arts 101, 103, and 104. **Transfer credit:** CSU, UC, USC
107-DRAMA HERITAGE 3 Units
Theatre Arts 107 is a survey of dramatic literature from the classical to the modern period from the production point of view. Periods of study include Greek, Medieval, Renaissance, Restoration, and Modern Realism. The course will combine the reading of plays with field trips to local theatres and in-class audio-visual presentations to give the student the means to analyze and appreciate the plays both as literature and performance. Lecture 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

109-STAGE MAKE-UP 1 Unit
Theatre Arts 109 provides instruction in the use and application of all types of stage make-up. Students from this course will compose the make-up crew for all college productions. Theatre Arts majors should have at least one semester of make-up. Laboratory 3 hours. Prerequisite: None. Transfer credit: CSU, UC, USC

110-STAGE MAKE-UP 1 Unit
Theatre Arts 110 is a continuation of Theatre Arts 109 with emphasis on unusual character make-up. Laboratory 3 hours. Prerequisite: Theatre Arts 109. Transfer credit: CSU, UC, USC

121-STAGE SCENIC DESIGN 2 Units
Theatre Arts 121 is a practical course in instruction in the fundamentals of designing stage scenery. All the sets used in Glendale Community College productions are designed by this class. Some ability in art, costuming, or theatre techniques is helpful. Lecture, 1 hour, laboratory 3 hours. Prerequisite: Theatre Arts 131 (3 units) or equivalent. Transfer credit: CSU, UC, USC

122-STAGE SCENIC DESIGN 2 Units
Theatre Arts 122 is a continuation of Theatre Arts 121 with more emphasis on originality of design. Lecture 1 hour, laboratory 3 hours. Prerequisite: Theatre Arts 121. Transfer credit: CSU, UC, USC

123-STAGE COSTUME DESIGN WORKSHOP 1-3 Units
Theatre Arts 123 is a course in the designing and construction of group costumes for stage, ensembles, etc. This course includes the planning for and the buying of suitable materials, design and color schemes, the design and construction of costumes and accessories, arrangement and maintenance of the costume wardrobe. Students in this course design and make costumes for school dramatic programs. Lecture 2 hours, laboratory 3 hours. Recommended Preparation: Fashion 103. Note: This course may be taken 4 times; a maximum of 8 units may be earned. A proportionate amount of work will be required according to the number of units elected by the students (2 To be Arranged hrs. per unit). Transfer credit: CSU, UC, USC

130-PERFORMING ARTS TECHNICAL SUPPORT 1-3 Units
Theatre Arts 130 teaches the technical support aspects for the performing arts, including: dance, music, and theatre arts. Through lecture and laboratory experiences the students are prepared to stage manage, run sound, run lights, manage props, execute scenery changes using the fly system, and manage costumes for productions. Lecture 1 hour, laboratory/studio 3-9 hours. Prerequisite: None. Note: This course may be taken 4 times; a maximum of 12 units may be earned. Transfer credit: CSU

131-TECHNICAL STAGE 1-3 Units
Theatre Arts 131 is a laboratory class in the construction, painting, and handling of scenery and scenic effects and in the operation of the stage. All technicians for staging the various Glendale Community College productions will be drawn from this class. It is required that class members have free time to devote to rehearsals and performances. Theatre Arts majors should have at least one semester of technical stage. See also Theatre Arts 105. The laboratory consists of 10-15 hours per week by arrangement. Prerequisite: None. Note: This course may be taken 4 times; a maximum of 9 units may be earned. A proportionate amount of work will be required according to the number of units elected by the student and signed for at the time of registration. Transfer credit: CSU, UC, USC

134-PRACTICAL AND THEORETICAL ASPECTS OF STAGE LIGHTING 2 Units
Theatre Arts 134 is for the advanced student in technical theatre. It is a course designed to develop the skills and techniques which are necessary for the student’s participation and appreciation of the art of stage lighting. It is hoped that the student will develop, as a result of familiarity with stage lighting practice, a
sense of balance and rhythm with regard to color, light and shadow, and mass. Laboratory 6 hours. **Prerequisite:** Theatre Arts 131 (6 units) or equivalent. **Note:** This course may be taken 3 times; a maximum of 6 units may be earned. **Transfer credit:** CSU, UC, USC

**140-INTRODUCTION TO PERFORMANCE FOR THE CAMERA 3 Units**

Theatre Arts 140 is a comprehensive introduction to performing in the media of television and film. The course explores the styles and the mastery of technical specifics demanded by each medium. The approach is to teach on-camera techniques simply and correctly, while providing a broad understanding of why and how things are done in media production. Practical aspects of facilitating a performance career are covered: getting an agent, joining the unions, and acquiring the necessary tools of the trade, such as pictures and resumes. Lecture 3 hours, laboratory 2 hours. **Prerequisite:** None. **Note:** This course may be taken 2 times; a maximum of 6 units may be earned.

**151-THEATRE MANAGEMENT 3 Units**

(Also listed as Business Administration 151)

Theatre Arts 151 is designed to provide an introduction to economic and managerial aspects of American theatre, especially as they apply to professional resident theatre and non-professional community and educational theatre organizations. It is assumed that students have a background in theatre history and production but that they are comparatively untutored in economics and business administration. Lecture 3 hours. **Recommended Coerequisite:** Concurrent enrollment in Theatre Arts 131. **Note:** This course may not be taken for credit by students who have completed Business Administration 151. **Transfer credit:** CSU

**VOCATIONAL NURSING**

See Allied Health

**WELDING**

**117-INTRODUCTION TO WELDING 1-3 Units**

Welding 117 consists of oxyacetylene welding, flame cutting, (manual and automatic), bronze and silver brazing and soldering. These processes are discussed and demonstrated. The student is given experience in applying the principles by individual practice on a sequence of selected plates and manipulative exercises on various metals. Lecture 1-2 hours, laboratory 3-4 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may be taken 4 times; a maximum of 12 units may be earned. **Transfer credit:** CSU

**118-GENERAL WELDING 2-3 Units**

Welding 118 consists of theory and techniques in basic Shielded Metal Arc Welding and Flux Cored Arc Welding. The student is given experience in applying the principles by individual practice on a sequence of selected plates and manipulative exercises on mild steel. Lecture 1-2 hours, laboratory 3-4 hours. **Prerequisite:** Welding 117. **Note:** This course may be taken 4 times; a maximum of 12 units may be earned.

**121-OCCUPATIONAL WELDING 5 Units**

Welding 121 is the first in a series of occupational welding courses designed to prepare the student for employment in the welding industry. It covers the theory of welding processes, welding safety, terms, basic metallurgy, and the fundamentals of metallic arc and oxyacetylene welding. Lecture 3 hours, laboratory 6 hours. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may be taken 3 times; a maximum of 15 units may be earned.

**122-OCCUPATIONAL WELDING 5 Units**

Welding 122 is second in a series of occupational welding courses designed to prepare the student for employment in the welding industry. It covers fundamentals of blueprint reading, interpreting shop drawings and sketches, advanced metallic arc and oxyacetylene welding and provides, an introduction to tungsten inert gas and metal inert gas arc welding. Lecture 3 hours, laboratory 6 hours. **Prerequisite:** Welding 121 or equivalent. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may be taken 3 times; a maximum of 15 units may be earned.

**123-OCCUPATIONAL WELDING 5 Units**

Welding 123 is third in a series of occupational welding courses designed to prepare the student for employment in the welding industry. It covers basic preparation for welding certification, advanced metallic arc, tungsten inert gas, metal inert gas, and oxyacetylene
welding, including specific welding exercises needed to prepare the student for the manipulative phase of the certification examination. Lecture 3 hours, laboratory 6 hours. **Prerequisite:** Welding 122 or equivalent. **Recommended Preparation:** Eligibility for English 120 or ESL 151. **Note:** This course may be taken 3 times; a maximum of 15 units may be earned.

**124-OCCUPATIONAL WELDING** 5 Units
Welding 124 is fourth in a series of occupational welding courses designed to prepare the student for employment in the welding industry. It covers the preparation for a welding certification in metallic arc, tungsten inert gas, and metal inert gas arc welding. Lecture 3 hours, laboratory 9 hours. **Prerequisite:** Eligibility for English 120 or ESL 151 and Welding 123 or equivalent. **Note:** This course may be taken 3 times; a maximum of 15 units may be earned.

**125-ADVANCED WELDING PROCEDURES** 1-4 Units
Welding 125 is advanced welding procedures and practices for experienced students or industrial workers who wish to improve and update their manipulative skills or prepare for a specific certification in metallic arc, tungsten inert gas, or metal inert gas welding. Laboratory 3-12 hours by arrangement. **Prerequisite:** Welding 117 or 121 or equivalent. **Note:** Hours to vary according to student needs; 48 hours laboratory equals 1 unit. This course may be taken 4 times; a maximum of 16 units may be earned.

**126-OCCUPATIONAL WELDING CERTIFICATION WORKSHOP 1-3 Units**
Welding 126 is designed for the student or industrial worker with a welding background to gain practical experience in specific skill areas of concentration, resulting in state welding certification. Laboratory 3-9 hours. **Prerequisite:** Welding 117 or 118 or 125 or related occupational experience. **Note:** This course may be taken 3 times; a maximum of 9 units may be earned.
FACULTY
FALL, 1994

ABDELMESSIH, A.N.
Instructor of Chemistry
B.S., M.S., Alexandria University
Ph.D., Oklahoma State University

ADAMS, ALICE
Associate Professor of English
A.B., Cornell University
M.A., Chapman College

AEBI, ANDREAS
Assistant Professor of German
M.A., Ph.D., University of Southern California

AGHEKIAN, ROSETTE M.
Counselor
A.A., American River Community College
B.A., M.S., California State University, Sacramento

AGOSTON, JOZSEF
Head Soccer Coach
Associate Professor of Theatre Arts
A.A., Glendale Community College
B.A., California State University, Northridge
M.F.A., University of Southern California

AGUON, FRANCES SABLON
Instructor of Business
B.A., M.A., University of Guam
M.A., Arizona State University
Ed.D., Western Michigan University

ALCALA, RITA
Instructor of Spanish
B.A., University of Texas, San Antonio
M.A., M.A., University of Wisconsin, Madison

ALEXANDRE, GORDON
Assistant Professor of Social Science
B.A., A.B.D., University of California, Los Angeles
M.A., California State University, Los Angeles

ALLI, SAEED M.
Instructor of English as a Second Language
Non-Credit
Diploma TESL, Central Institute of English
M.A., University of California, Los Angeles

ALLEN, MICHAEL SMITH
Instructor of Mathematics
M.A., B.S., California State University, Los Angeles
M.A., University of California, Los Angeles

ALPERIN, BARRY J.
Assistant Professor of Real Estate
A.A., Valley College

ANDERSEN, CHERYL L.
Associate Professor of English as a Second Language
B.A., University of California, Santa Barbara
M.A., University of California, Los Angeles

ANDREASYAN, GRAYR
Instructor of Mathematics
M.S., Moscow State University

ANKETELL, CHRISTINA
Instructor of English as a Second Language
M.A., California State University, Los Angeles

APABLAZA, JUDITH PETERS
Coordinator/Counselor Career Center
B.S., M.S., California State University, Los Angeles

ARUTIAN, CAROL L.
Assistant Professor of Art
B.A., California State University, Northridge
M.F.A., Rhode Island School of Design

ASSADI, BARBARA DIANE
Associate Professor of English as a Second Language, Non-Credit
B.A., M.A., University of Missouri

ATKINS, MARY JANE
Instructor of English
B.A., California State University, Los Angeles
M.A., Claremont Graduate School

AUGUSTUS, LINDA
Instructor of Adapted Computer Technology
B.A., Northwestern University
M.A., California State University, Los Angeles

AVERILL, DONALD F.
Administrative Dean, Human Resources
B.A., M.A., California State University, Los Angeles
Ed.D., University of La Verne

AYLMER, ANNABELLE
Instructor of Art
M.F.A., Claremont Graduate School

BAER, ALAN
Instructor of History
B.A., California State University, Northridge
M.A., C.Phil., University of California, Los Angeles

* Adjunct Faculty
BAGDASARIAN, SHOGER
Instructor of Mathematics
B.S., University of Tehran
M.S., University of Pierre and Marie Curie, Paris, France

*BAKER, JOANN N.
Assistant Professor of English
B.S., Woodbury College
B.A., Occidental College
M.A., Syracuse University

BALCER, THEODOLINDE
Professor of Allied Health
B.S.N., California State University, Long Beach
B.S., Loma Linda University
M.A., Central Michigan University

*BALDRIDGE, JOHN
Instructor of English
A.B., B.A., M.A., Western State College of Colorado

BALDWIN, MARY KATHRYN
Instructor of English as a Second Language
B.A., M.A., California State University, Northridge

*BALIAN, MURIEL
Instructor of Music
B.A., University of California, Berkeley
M.M., University of Southern California

*BARAN, GARY L.
Instructor of Philosophy
B.A., Northwestern University
M.A., University of Wisconsin, Madison
M.A., California State University, Northridge

*BARBER, DEBRA
Instructor of Legal Procedures

*BARDEN, FREDERICK K.
Instructor of Photography
B.A., Appalachian State University
M.A., M.F.A., University of New Mexico

*BARRE, GUY A.
Instructor of Real Estate
B.A., M.B.A., University of California, Los Angeles

BARRIO-SOTILLO, RAMONA
Counselor, Transfer Center
B.A., M.A., California State University, Northridge

*BATTAGLIA, ANTONIO
Instructor of Food and Nutrition Studies
A.A., Los Angeles City College

BAUGH, W. JAMES
Associate Dean, Special Projects
A.A., Glendale Community College
B.A., San Jose State College
M.A., California State University, Los Angeles

BAUMANN, MELITA
Lead Instructor Child Development Credit Program
Associate Professor of Child Development
B.S., Fairleigh Dickinson University
M.A., Pacific Oaks College

BEAUCHEMIN, BRIAN
Head Basketball Coach
Instructor of Physical Education
B.A., University of San Francisco
M.A., California Lutheran College

BEEMAN, JOSEPH
Instructor of Biology
B.S., University of California, Irvine
M.S., California State University, Los Angeles

*BENONE, JIREL C.
Instructor of Theatre Arts
B.A., University of Bristol, Old Vic Repertory School, England

*BERKENBILE, FRENY
Assistant Professor of Business
B.S., University of Bombay, India
M.S., Ph.D., University of Oklahoma

*BIVINS-PESQUEIRA, LARRY JAY
Assistant Professor of English
B.A., B.A., M.A., University of Southern California

*BLACK, DONALD G.
Assistant Professor of Business
B.A., California State University, Los Angeles

*BLOOM, SUZANNE
Instructor of Psychology
Ph.D., Cambridge Graduate School of Psychology

*BLOWERS, MARY
Assistant Professor of Business
A.A., Pasadena City College
B.A., M.A., California State University, Los Angeles

*BOLAND, RUTH T.
Librarian
B.A., University of California, Los Angeles
M.S.L.S., University of Southern California

*BOWERMAN, ROGER
Instructor of History
B.A., M.A., University of California, Los Angeles

BRAY, SUZANNAH
Instructor of Reading
B.S., St. John's University
Ed.M., Boston University

*BRENNER, CRISTY L.
Instructor of Geography
M.A., California State University, Los Angeles

* Adjunct Faculty
BRINKMEYER, SUSAN L.
Professor of English
A.B., M.A., Occidental College

BROUKAL, MILADA
Assistant Professor of English as a Second Language
B.A., University of Paris
M.A., University of California, Los Angeles

*BROUSSARD, ANNE
Instructor of Child Development
M.A., California State University, Los Angeles

*BROWN, MILTON L.
Instructor of Mathematics
B.S., University of Washington
M.A., University of Southern California

*BRUCK, SHIRLEY
Low Vision Specialist
B.S., California State Polytechnic University, Pomona

*BUNCE, SANDRA
Instructor of Sociology
B.A., Mount St. Mary's College
M.A., M.M.F.T., University of Southern California

BURKE-KELLY, KATHLEEN
Division Chair, Visual and Performing Arts
Assistant Professor of Art
B.A., B.A., University of California, Irvine
M.A., California State University, Northridge

*BUSAILAH, MOHAMMAD Y.
Assistant Professor of Business
B.S., B.S., University of Arizona
M.S., Woodbury University

*BUSH-ZURN, TERESA
Instructor of Food and Nutrition Studies
B.S., M.A., California State University, Northridge

BYRD, LARRY R.
Professor of Chemistry
B.S., St. Mary's College of California
Ph.D., University of California, Irvine

*CADY, BETTY RUTH
Instructor of English as a Second Language
M.S., University of LaVerne

*CALDIERO, SUSAN
Instructor of Mathematics
M.S., California State University, Los Angeles

*CALER, THERESE M.
Instructor of English
A.A., Los Angeles City College
B.A., California State University, Northridge
M.A., Point Loma Nazarene College

*CALMETTE, MILA
Instructor of Art
A.A., Glendale Community College

*CAMPANA, DANIEL
Assistant Professor of Philosophy
M.A., Fuller Theological Seminary
Ph.D., Claremont Graduate School

*CAMPBELL, EVELYN
Assistant Professor of Sign Language
A.A., Los Angeles Pierce College

*CARUSO, MARGARET M.
College Nurse
Assistant Professor
R.N., Glendale Adventist Hospital
B.S., California State University, Northridge
M.P.H., Loma Linda University

CASADY, VIRGINIA
Division Chair, Human Development, Non-Credit
Associate Professor of Adult Education
B.A., University of Wyoming
M.A., Pacific Oaks College

*CASANAVE, ERNESTO
Assistant Professor of Spanish
B.A., Mount St. Mary's College
M.A., California State University, Los Angeles

*CEASE, DOREEN
Assistant Professor of Music
B.M., Texas University of Arts and Industries
M.M., University of Southern California

*CHANG, REBEKAH
Instructor of Business
B.S., M.S., University of Southern California

*CHANMUGATHAS, CHELLAPPAR
Instructor of Chemistry
B.S., University of Ceylon
M.S., Bowling Green State University
Ph.D., Pennsylvania State University

*CHAVEZ, ROBERT M.
Instructor of Business
A.A., Glendale Community College
B.S., California State University, Northridge

*CHING, LONNLY
Assistant Professor of Computer Science/Information Systems
A.A., Glendale Community College
B.S., University of California, Los Angeles
M.S., West Coast University

*CHO, LEONARD YOUNG
Instructor of Mathematics
B.S., University of California, Los Angeles
M.S., University of Southern California

* Adjunct Faculty
CHO, RICHARD
Instructor of Mathematics
B.A., M.A., University of California, Los Angeles

CHOW, ILDIKO
Instructor of Architecture
B.S., B.A., University of Redlands
M.A.R.C.H., Southern California Institute of Architecture

CHRIST, DAVID
Instructor of Applied Science
B.A., Occidental College
M.A., Union Theological Seminary, New York

CICUTO, JOHN M.
Head Football Coach
Associate Professor of Physical Education
B.A., California State University, Fresno
M.A.E., California Lutheran College

CLARKE, ORVILLE
Instructor of Art History
B.A., University of California, Los Angeles
M.A., California State University, Fullerton

CLEMENTS, PHILIP A.
Assistant Professor of Mathematics
B.A., California State University, Northridge
M.S., West Coast University

COBLENZ, TERRY
Women’s Athletic Director
Associate Professor of Physical Education
A.A., Pierce College
B.A., M.A., California State University, Los Angeles

COCHRANE, HAROLD B.
Professor Emeritus Dean
A.A., Los Angeles Pacific College
A.B., M.A., Ed.D., University of Southern California

COLESSI, ELENA G.
Instructor of Chemistry
Ph.D., University of Buenos Aires, Argentina

COMBS, SHARON
Counselor, Admissions and Records
B.A., M.A., California State University, Los Angeles

COOK, JOY V.
Instructor of Special Education
B.A., M.A., California State University, Northridge

COOTS, STEVEN
Head Baseball Coach
Instructor of Physical Education
B.S., University of California, Riverside
M.A., University of LaVerne

CORTAY, TERESA
Professor of French
B.A., M.A., Ph.D., University of California, Berkeley

COX, PATI
Instructor of Physical Education/Dance
B.A., Southern Colorado State University
M.A., San Jose State University

CRANDALL, WILLIAM H.
Assistant Professor of Social Sciences
B.A., M.A., California State University, Los Angeles

CRAWFORD, HELEN
Instructor of Business Calculators
A.S., Glendale Community College
B.S., LaVerne University

CRAVEN, JOHN B.
Professor Emeritus of English
A.B., La Sierra College
M.A., University of Southern California

CREIG, QUALLA
Assistant Professor of Accounting
A.A., American River College
B.S., California State University, Los Angeles

CROSBY, BRIAN
Instructor of Computer Science/Information Systems
B.A., M.A., California State University, Northridge

CUDNEY, LARRY L.
Instructor of Mathematics
A.A., Santa Monica City College
B.A., M.A., University of California, Los Angeles

CUNNINGHAM, JEANNE E.
Professor of Psychology
A.A., Glendale Community College
B.A., California State University, Los Angeles
M.S.W., University of Southern California

CUTLER, ROBERT
Assistant Professor of Business
B.S., Brooklyn College
M.P.A., University of Southern California

DAAR, KAREN
Instructor of Anthropology
B.A., California State University, Northridge
M.A., University of New Mexico

DALLY, MICHAEL J.
Professor of English
B.A., California State University, Northridge
M.A., Ph.D., University of Southern California

DANCOFF, JUDITH
Instructor of English as a Second Language
M.A., Columbia University
M.F.A., Warren Wilson College

* Adjunct Faculty
DANIELS, CAROL  
Assistant Professor of Mathematics  
A.A., Pasadena City College  
B.A., M.S., California State University, Los Angeles

*DANIELS, LYONDA  
Assistant Professor of Physical Education  
B.S., California State Polytechnic University, Pomona  
M.A., California State University, Los Angeles

*DANIELS, SUSAN  
Instructor of English as a Second Language  
M.A., University of California, Irvine

*DAIELSON, ERIC D.  
Instructor of Computer Science/Information Systems  
B.S., Harvey Mudd College

*DAUBNEY DAVIS, ANN ELIZABETH  
Instructor of English as a Second Language  
B.S., University of Wisconsin, Madison  
M.A., University of Houston  
M.A., University of Southern California

DAVENPORT, DAVID A.  
Professor of Chemistry  
A.A., Glendale Community College  
B.S., University of California, Berkeley  
M.S., California State University, Northridge

*DAVISON, GRETCHEN  
Instructor of English  
B.A., M.A., University of California, Riverside

DAVIS, TERESA AGUILAR  
Counselor, EOPS  
A.A., Glendale Community College  
B.A., California State University, Northridge  
M.S., University of LaVerne

DAVITT, JOHN A.  
Superintendent/President  
B.S., M.A., University of San Francisco  
Ed.D., University of Southern California

*DAVITT, MICHAEL  
Instructor of Real Estate  
B.A., Loyola Marymount University

DEFRAIN, PATRICIA L.  
Professor of Business  
B.S., Ohio State University  
M.A., University of Washington

*DEGRASSI, LEONARD R.  
Professor Emeritus of Art  
A.B., B.F.A., M.A., University of Southern California  
Corso Perfezionamento Storia d'Arte, Universita Di Roma

*DELANEY, PAUL M.  
Instructor of Biology  
B.S., Loyola Marymount University  
M.S., Ph.D., University of Southern California

DeLANGE, GLENN  
Associate Professor of Music  
B.A., M.A., California State University, Los Angeles

*DE MARCO, DIANNE  
Instructor of Psychology  
B.A., California State University, Northridge  
M.A., Azusa Pacific University

*DENTLER, DEBORAH  
Instructor of History  
B.A., M.L.A, Boston University  
J.D., University of California, Los Angeles

*DEPOMPA, RONALD L.  
Assistant Professor of Administration of Justice  
A.S., Glendale Community College  
B.S., University of San Francisco  
M.P.A., University of Southern California

*De SANTOS, SUSAN  
Instructor of English as a Second Language  
B.A., University of Maryland, College Park  
M.S., Georgetown University

DEVINCENTIS, LANI EDIE  
Dean, Non-Credit Education  
B.S., California State Polytechnic University, Pomona  
M.A., United States International University

*DIAZ-LOPEZ, FELIX  
Assistant Professor of Economics  
B.S., Kent State University  
M.S., University of Wisconsin  
Ph.D., University of Southern California

*DILLON, KATHLEEN  
Instructor of Russian  
B.S., Georgetown University  
M.A., Ph.D., University of Southern California

DILUCCHIO, JANE E.  
Coordinator, Developmental Skills Laboratory  
B.A., Occidental College  
M.A., California State University, Los Angeles

*DISTASO, MARK  
Instructor of Administration of Justice  
B.S., California State University, Los Angeles

DOMÍNGUEZ, ROXANNE  
Counselor  
Associate Professor  
B.A., University of California, Los Angeles  
M.A., California State University, Dominguez Hills

* Adjunct Faculty
DONAGHY, ROBERT
Instructor of Physical Education
Men's Tennis Coach
B.A., M.S., California State University, Los Angeles

*DONELLY, LYNN
Instructor of English as a Second Language
B.A., California State University, Fullerton
M.A., California State Polytechnic University, Pomona

*DOS REMEDIOS, ROBERT
Assistant Football Coach
Instructor of Health and Physical Education
B.A., University of California, Berkeley
M.A., California State University, Northridge

*DOUGLAS, EDWARD A.
Instructor of Speech
A.A., Lake City Community College
B.A., University of West Florida
M.F.A., California Institute of the Arts

DOYLE, DENNIS M.
Associate Professor of Reading Education
B.A., St. John's College
M.A., California State University, Los Angeles

DOZOIS, PAUL C.
Professor of Engineering
A.A., Glendale Community College
B.A., California State University, Los Angeles
M.A., California State University, San Jose

*DRESSER, NORINE
Instructor of English as a Second Language
B.A., M.A., University of California, Los Angeles

*DUGAN, SALLY
Instructor of Political Science
B.A., Scripps College
M.A., University of California, Los Angeles

*DUNN, FRANCES
Assistant Professor of English
A.A., Valley College
B.A., M.A., California State University, Los Angeles

*DUTTON, DEBRA
Assistant Professor of Biology
B.S., M.S., California State Polytechnic University, Pomona

*DUTTON, PAULINE
Librarian
B.A., California State University, Fullerton
M.S., University of Southern California

*DZHRNAZYN, LEVON
Instructor of Psychology
B.A., M.A., Bryusov State Pedagogical Institute
Ph.D., Yerevan State Educational Institute

* Adjunct Faculty

EBERTS, MICHAEL
Assistant Professor of Journalism
A.A., Los Angeles Valley College
B.A., M.A., California State University, Los Angeles
Ph.D., University of Southern California

*ECKLER, PHYLLIS
Instructor of Dance
B.F.A., York University
M.F.A., California Institute of the Arts

EDELMAN, BART
Professor of English
B.A., M.A., Hofstra University

EDGAR, R. DANIEL
Division Chair, Physical Science
Associate Professor of Chemistry
A.A., Glendale Community College
B.A., University of California, Santa Barbara
M.S., San Diego State University

*EDWARDS, BARBARA
Instructor of Child Development
M.A., Pacific Oaks College

*EKMAN, THOMAS
Instructor of Business
B.A., California State University, Northridge
M.B.A., University of La Verne

*EILAND, THOMAS T.
Instructor of English as a Second Language
B.S., M.A., California State Polytechnic University, Pomona

ERSELIUS, ROBERT
Associate Professor of Accounting
B.S., University of California, Los Angeles
M.B.A., University of Southern California

*FARRAN, CAROLYN S.
Assistant Professor of Office Administration
B.S., West Virginia State College
M.S., Marshall University

*FARRINGTON, JOAN KEELER
Assistant Professor of Psychology
B.A., California State University, Los Angeles
M.A., Azusa Pacific College

*FARWELL, LISA A.
Instructor of Psychology
B.A., California State University, Northridge
Ph.D., University of California, Santa Barbara

*FEIN, SUSAN S.
Instructor of English as a Second Language
B.A., University of California, Los Angeles
M.A., M.A., California State University, Northridge
**FELDMAN, JEROME**
Instructor of English as a Second Language  
B.S., University of Illinois, Urbana-Champaign  
M.A., University of Southern California

**FIELD, MONA**  
Associate Professor of Social Sciences  
B.A., Immaculate Heart College  
M.A., California State University, Los Angeles

**FITCH, ROBERT**  
Instructor of Alcohol/Drug Studies  
A.A., Glendale Community College  
B.A., M.A., California State University, Los Angeles

**FLAKE, JULIE ANN**  
Instructor of Political Science  
B.A., University of California, Berkeley  
M.P.A., University of West Florida

**FLETCHALL, DONALD**  
Assistant Professor of Allied Health  
B.A., University of Redlands

**FLYNN, KATHLEEN F.**  
Division Chair, English as a Second Language—Credit  
Associate Professor of English as a Second Language  
B.A., Queens College, City University of New York  
M.A., The Graduate School and University Center, City University of New York  
M.A., Ph.D., University of Southern California

**FORBES, GREGORY**  
Professor of Biology  
A.A., Los Angeles Pierce College  
B.S., M.S., California Polytechnic University, San Luis Obispo

**FORDE, DAPHNE**  
Associate Professor of Allied Health  
A.A., East Los Angeles College  
B.S., M.S., California State University, Los Angeles

**FORDYCE, JAMES FORREST**  
Assistant Professor of English as a Second Language, Non-Credit  
B.A., M.A., University of Florida  
C.Phil., Ph.D., University of California, Los Angeles

**FRAZIER, ALAN**  
Instructor of Administration of Justice  
B.S., Middle Tennessee State University  
M.P.A., University of Southern California

**FREEMYER, JANICE**  
Supplemental Instruction Coordinator  
Instructor of Music  
B.M.E., Southeast Missouri State University  
M.A., Central Missouri State University  
* Adjunct Faculty

**FREIDENREICH, ERIC**  
Instructor of Mathematics  
B.A., University of California, Los Angeles  
M.A., University of California, San Diego

**FREMGEN, ELIZABETH**  
Division Chair, Business Education, Non-credit  
Instructor of Business Education, Non-Credit  
B.S., M.B.A., National University

**FRY, JOAN**  
Instructor of English  
B.A., University of Michigan  
M.F.A., University of Southern California

**FRYER, EDWARD**  
Instructor of Accounting  
B.S., Woodbury University  
M.B.T., University of Southern California

**GAULOISIAN, ROOBIK**  
Instructor of Mathematics  
B.S., California State University, Northridge  
M.A., University of California, Berkeley

**GARDNER, CHARLES**  
Assistant Professor of Mathematics  
A.A., Glendale Community College  
B.A., California State University, Los Angeles  
M.A., Pasadena College

**GEE, YOUNG**  
Assistant Professor of English as a Second Language  
B.A., San Francisco State University  
M.A., University of California, Los Angeles

**GEORGIAS, ANDREW J.**  
Professor of Art  
B.F.A., Bradley University, Illinois  
M.F.A., University of Southern California

**GERZ, JOHN**  
Instructor of Physics  
B.S., California State University, Los Angeles

**GAHAZARIAN, SARKIS**  
Counselor, EOPS  
B.A., University of California, Los Angeles  
M.S., University of Southern California

**GILLOOLY, JESSICA**  
Assistant Professor of Psychology  
B.S., University of Missouri  
M.A., California State University, Los Angeles  
Ph.D., United States International University

**GIRARD, KINDRA A.**  
Professor of Biology  
B.S., M.A., University of California, Davis

**GLANZER, ALLYN**  
Professor of Speech  
A.A., Orange Coast College  
B.A., M.A., California State University, Long Beach
GLIENNA, RAYMOND
Professor of Chemistry
B.S., University of Southern California
M.S., Ph.D., University of California, Berkeley

*GLOVER, DAVID G.
Instructor of Computer Science/Information Systems
B.F.A., Art Center College of Design
M.A., M.F.A., California State University, Los Angeles

*GOERSS, HAROLD
Assistant Professor of Economics
B.A., M.A., San Diego State University

GOLD, JON
Track Coach
Instructor of Physical Education
B.A., University of California, Los Angeles
M.A., Azusa Pacific University

*GOMEZ, JOSE J.
Instructor of Health
B.S., California State University, Fullerton

*GOODHEART, DIANA
Instructor of English as a Second Language
B.A., University of Chicago
M.S., University of Southern California

*GRAHAM, DAVID
Assistant Professor of Accounting
B.S., State University of New York
M.S., Northrop University

GRAY, KENNETH R.
Professor of Theatre Arts
A.A., College of the Sequoias
B.A., M.A., San Diego State University

*GREENE, MARY JANE
Assistant Professor of Accounting
B.A., New York University

*GREENWALT, CASPER
Instructor of Chemistry
B.S., M.S., University of Nebraska
Ph.D., University of Utah

GRIFFITH, LINDA
Instructor of English as a Second Language
B.A., Reed College
M.A., University of Wisconsin
M.S., University of Southern California

*GRIST, JOHN
Instructor of Architecture
B.Arch., University of Southern California

*GROOM, STEVEN
Instructor of Computer Science/Information Systems
B.S., M.S., University of California, Riverside

* Adjunct Faculty

GUGLIELMINO, RICHARD
Assistant Professor of Physics
B.S., M.A., University of Southern California

*HAASE, WALTER J., JR.
Assistant Professor of History
B.A., Occidental College

*HABEL, LOWELL
Instructor of Speech
B.A., University of Toledo
M.A., University of California, Santa Barbara

HANDLEY, JUDITH B.
Instructor of Chemistry
B.S., California State University, Los Angeles
Ph.D., University of Southern California

HANLEY, TIMOTHY G.
Professor of English
B.A., M.A., California State University, Los Angeles

HARLAN, JEAN
Associate Professor of Business
B.A., Morehead State University
M.P.A., California State University, Sacramento

HARLAN, RONALD K.
Professor of Biology
A.A., Chabot College
B.S., California State University, Hayward
M.A., University of California, Santa Barbara

*HARPER, KATE GALE
Instructor of English
B.A., Arizona State University
M.A., California State University, Northridge

HARRIS, AUDREY
Counselor, Career Center
B.S., M.S., California State University, Los Angeles

*HART, JEANNE
Assistant Professor of French
Ph.D., University of Southern California

HAWKINS, DRAKE C.
Division Chair, Social Science
Professor of Political Science
B.S., U.S. Naval Academy, Annapolis
M.A., University of California, Los Angeles

HAWKINS, ROBERT N.
Professor of Geography
B.A., California State University, Los Angeles
M.A., University of California, Los Angeles
HAYNE, RICHARD  
*Assistant Professor of Emergency Medical Technology  
B.A., Whittier College  
Mobile Intensive Care Paramedic, Los Angeles County-University of Southern California Medical Center  
R.N., Los Angeles County-University of Southern California Medical Center  
Ph.D., University of California, Los Angeles  

HAYNES, CHERYL  
*Associate Professor of Business  
B.S., University of Bridgeport  
M.S., State University of New York, Albany  

HAYRAPETIAN, AKOB  
Instructor of Armenian  
B.A., University of Isfahan  
M.A., University of Tehran  

HEBERT, BLAINE  
Instructor of Biology  
B.S., California State University, Los Angeles  
M.S., California State University, Northridge  

HERGERT, KEVIN J.  
Instructor of Real Estate  
B.S., Oregon State University  
M.B.A., National University  

HERRERA, LUIS O.  
Assistant Professor of Electronics and Computer Technology  
B.S.E.E., California State Polytechnic University, Pomona  
M.B.A., Pepperdine University  

HICKS, DONALD R.  
Assistant Professor of Biology  
B.S., Auburn University  
M.S.T., Florida Atlantic University  
Ph.D., Florida Institute of Technology  

HILL, STEVEN  
Instructor of Music  
A.A., Glendale Community College  
B.A., California State University, Fullerton  
M.A., California State University, Northridge  

HODGE, RICK  
Instructor of Speech Communication  
B.S., University of Oregon  
B.A., Walla Walla College  
M.Div., Andrews University  

HOLDEN-FERKICH, KAREN B.  
Associate Dean, JPTA/GAIN  
B.S., Indiana University of Pennsylvania  
M.A., California Lutheran University  
Ed.D., Pepperdine University  

HOLLAND-DICHTER, KATHERINE  
Instructor of Health  
B.S., M.A., San Diego State University  
* Adjunct Faculty  

HOLMES, MARY KATHLEEN  
Professor of Mathematics  
B.A., M.A., University of California, Los Angeles  

HOLMES, ROBERT C.  
Assistant Professor of Business  
B.A., Carleton College  
M.B.A., University of Michigan  

HOLMES, ROBERT K.  
Assistant Professor of Business  
B.A., University of Southern California  
J.D., Southwestern University  

HOLTON, JUDY ANN  
Instructor of Allied Health  
B.S.N., M.S.N., California State University, Los Angeles  

HOOVER, DAVID  
Band Director  
Instructor of Music  
B.M., M.A., California State University, Northridge  

HOOVER, JOHN G.  
Instructor of English as a Second Language  
M.A., University of Pittsburgh  
Ph.D., University of Southern California  

HOOVER, PHYLLIS  
Associate Professor of English  
B.A., Pacific Lutheran University  
M.A., University of New Mexico  

HORTON, ERNEST H., JR.  
Professor Emeritus of Philosophy  
A.B., Los Angeles Pacific College  
M.Div., Asbury Theological Seminary  
Ph.D., University of Southern California  

HOWE, SUSAN  
Assistant Professor of Mathematics  
B.A., M.A.T., Occidental College  

HUBER, WALTER R.  
Professor of Business  
A.A., Mount San Antonio College  
B.S., M.S., California State University, Los Angeles  

HUESTIS, KAREN  
Counselor, Non-Credit  
B.A., University of Redlands  
M.S., University of La Verne  
Ph.D., University of Southern California  

HUNT, VALERIE  
Instructor of Political Science  
B.A., Rhodes College  
M.A., University of Southern California  

HURST, DAVID O.  
Professor of Chemistry  
B.S., Wheaton College  
M.S., University of Illinois
*IMPERT, WALTER
Instructor of Art
B.A., Duke University
M.F.A., Denver University

INJEKJIAN, SUSAN A.
Assistant Professor of English
B.A., California State University, Northridge
M.A., Columbia University

IRWIN, DIANNE E.
Professor of Psychology
A.A., San Bernardino Valley College
B.A., California State University, San Bernardino
M.A., California State University, Fullerton
Ph.D., United States International University

*JACKSON, DONNALEE
Assistant Professor of Clothing and Textiles
A.A., Glendale Community College

*JAKL, SANDRA
Assistant Professor of Physical Education
B.A., California State University, Long Beach

*JENSEN, JEFFRY
Librarian
B.A., La Verne College
M.S.L.S., University of Southern California

*JOHNSON, ANNE MARIE
Instructor of Computer Science/Information Systems
M.S., Pepperdine University

JOHNSTON, ERIC
Instructor of Anthropology
A.A., Fresno City College
B.A., University of California, Santa Barbara
M.A., University of New Mexico

JONES, BRENDA L.
Librarian
B.S., University of Illinois, Urbana-Champaign
M.L.S., University of California, Los Angeles

JONES, DAVID PAUL
Assistant Professor of Mathematics
A.S., Compton College
B.S., M.S., California State University, Los Angeles

*KABA, CAROLINE
Instructor of Economics
M.A., American University of Beirut

KABATECK, GLADYS
Coordinator/Counselor Adult Re-entry Center
Assistant Professor
B.A., California State University, Fresno
B.A., M.S., California State University, Los Angeles

KAMARA-KAY, PHILIP S.
Counselor
Associate Professor
B.A., M.A.Ed., Azusa Pacific College
Ed.D., University of Southern California

*KAREL, JOYCE
Instructor of Reading
M.A., Wayne State University
M.A., California State University, Northridge

KAST, LYNN
Associate Professor of Mathematics
B.S., Loyola Marymount University
M.S., California State University, Northridge

KEEFE, JOSEPH M.
Professor of Botany
B.A., M.A., University of California, Santa Barbara

*KENWOOD, SERAFINA
Instructor of Stage Costume Design
B.F.A., State University of New York, Purchase
M.A., Teachers College, Columbia University

KESHISHIAN, OSHEEN
Student Personnel Worker, EOPS
Instructor of Armenian
B.A., California State University, Los Angeles
M.Ed., University of La Verne

KIBLER, ROBERT L.
Professor of Art
B.S., Southeast Missouri State University
M.A., San Diego State University

*KILEDJIAN, MINAS
Instructor of Physics
B.S., M.S., Ph.D., University of California, Los Angeles

KILKEARY, DESMOND B.
Professor of English
B.A., California State University, Humboldt
M.A., California State University, Los Angeles

*KIM, JUNG EUN
Instructor of Music
B.M., San Francisco Conservatory of Music
M.M., D.M.A., University of Southern California

*KITTLESRUD, JAMES D.
Assistant Professor of Computer Science/Information Systems
B.S., Cleveland State University

*KLEIN, JERRY
Instructor of Anthropology
B.A., California State University, Northridge
M.A., California State University, Los Angeles

* Adjunct Faculty
*KLINT, RONALD, A.H.
Assistant Professor of Mathematics
A.A., Glendale Community College
B.A., University of California, Los Angeles
M.A., California State University

*KLOEZEMAN, CHRISTINE
Assistant Professor of Accounting
B.S., Brigham Young University
M.A., University of Redlands

KNIGHT, NANCY
Vice President, College Services
B.A., Brooklyn College
M.A., California State University, Los Angeles

KNIGHTON, JAMES
Assistant Professor of Computer Science/Information Systems
B.G.S., Simon Fraser University

*KNUDSEN, MARY CHRISTINE
Assistant Professor of English
B.A., Russell College
M.A., California State University, Los Angeles

*KOBLER, MARK A.
Instructor of English as a Second Language
B.A., M.A., University of Southern California

*KOLB, JAMES
Instructor of Dance

KOLPAS, SIDNEY
Instructor of Mathematics
B.A., M.S., California State University, Northridge
Ed.D., University of Southern California

*KONOVNITZINE, PETER
Instructor of Geography
B.A., M.A., California State University, Los Angeles

*KRAFT, EMIL
Instructor of English as a Second Language
B.A., Seminario Mayor- Recoletos
M.A., United States International University

*KRANNIG, DORA
Instructor of Dance

KRAY, JOHN S.
Associate Professor of Technical Education
A.S., Los Angeles Trade Technical College
B.A., California State University, Los Angeles

KUNZE, WILLIAM
Counselor
Associate Professor
A.A., A.S., Glendale Community College
B.A., M.A., M.S., California State University, Northridge
Ed.D., Nova University

*LAHEY, ANNE
Instructor of Allied Health
B.S.P.A., St. Joseph's College

*LAI, WENDY
Instructor of Speech
B.A., Humboldt State University
M.A., California State University, Los Angeles

*LAM, RUTH S.
Instructor of English as a Second Language
B.A., Biola University
M.S., University of Southern California

*LANCE, JEFFREY M.
Assistant Professor of Psychology
M.S., University of La Verne
Ph.D., United States International University

LANG, VELORIS B.
Division Chair, Language Arts
Professor of English
B.A., M.A. Stanford University
Ed.D., University of California, Los Angeles

*LAPP, RONALD E.
Instructor of English as a Second Language
M.A., University of Hawaii

LARSON, JILLAYNE
Director, Parent Education
Acting Division Chair, Human Development
Associate Professor of Parent Education
B.A., Wheaton College
M.A., Pacific Oaks College
Ph.D., Claremont Graduate School

*LASHLEY, VIRGINIA S.
Professor Emeritus of Computer Science/Information Systems
A.B., University of Kansas
M.A., Occidental College
Ph.D., University of Southern California

*LAUSCH, DONALD E.
Instructor of Mathematics
B.A., M.S., University of California, Los Angeles

*LE, TIENG
Instructor of Mathematics
Ph.D., University of Southern California

LECUYER, JEAN
Professor of Physics
B.S., University of Montreal
Ph.D., University of Chicago

*LEE, JEFFREY
Instructor of Psychology
B.A., M.A., California State University, Los Angeles

* Adjunct Faculty
*Lee, Lisa Shiuling
Instructor of Mathematics
B.S., California State University, Dominguez Hills
M.S., California State University, Northridge

Lee, Sandra K.O.
Counselor
Professor
B.Ed., University of Hawaii
M.S, California State University, Los Angeles

Lamieux, Hilary J.
Professor Emeritus of Dance
D.P.E., University of Otago, New Zealand
Dip. Tchg., Auckland Teachers College, New Zealand
M.S., University of Wisconsin

*Léonard, Victoria
Instructor of Speech
B.A., M.A., California State University, Northridge

Levatter, Theodore
Assistant Professor of Speech
B.A., University of California, Santa Barbara
M.A., California State University, Los Angeles

Levy, Murray
Affirmative Action Coordinator
Associate Professor of Business
B.B.A., City University of New York
M.B.A., Fordham University
Ed.D., University of Southern California

Lew, Kim
Associate Professor of Allied Health
B.S., M.S., California State University, Los Angeles

*LeWIs-goldstein, Diane
Assistant Professor of Clothing and Textiles
B.A., University of California, Santa Cruz
B.S., M.S., California State University, Northridge

*Lomen, William H.
Assistant Professor of English as A Second Language
B.A., M.A., California State University, Los Angeles

*Longo, Joseph P.
Instructor of English
B.S., University of Massachusetts
M.A., Emerson College

*LoPez, Eduardo
Men’s Cross Country Coach
Assistant Track Coach
Instructor of Health and Physical Education
B.A., California State University, Los Angeles
M.A., Azusa Pacific University

Lottie, Joyelen
Instructor of Business
B.S., Western Michigan University
M.Ed., University of Houston

*Ludberg, Fred
Assistant Professor of Computer Science/
Information Systems
B.A., California State University, Long Beach

Ludford, Deborah
Assistant Professor of Computer Science/
Information Systems
B.A., M.S., University of Southern California

Luu, Thi Dinh
Counselor, EOPS
B.A., Dalat University, Vietnam
M.S.W., University of California, Los Angeles

Mack, David
Articulation Officer
A.A., Glendale Community College
B.A., M.S., California State University, Los Angeles

Mackey, Jiwon C.
Assistant Professor of Sociology
B.A., M.A., California State University, Northridge
M.A., Ewha Women's University, Korea

*Maech, Alexandra
Instructor of English as a Second Language
B.A., Dartmouth College
M.A., Columbia University

Maier, Mark H.
Professor of Economics
A.B., Oberlin College
Ph.D., New School For Social Research

*Malakar, Subhash R.
Instructor of Mathematics
M.S., California State University, Los Angeles
M.S., University of Southern California

*Malinowski, Louis E.
Assistant Professor of Engineering Drawing
B.A., University of Minnesota
M.Ed., University of North Dakota

Mallory, William L.
Division Chair, Aviation and Transportation
Professor of Applied Science
A.S., Pierce College
B.V.Ed., M.V.,Ed., California State University, Los Angeles

FAA Ratings: Private Pilot, Airframe and
Powerplant Mechanic, Authorized Inspector,
Designated Mechanics Examiner

* Adjunct Faculty
*MANZANO-LARSEN, LINDA
Director, Child Development Center
Instructor of Child Development
A.A., Glendale Community College
B.A., California State University, Los Angeles
B.A., M.A., Pacific Oaks College

MARASHLIAN, LEVON
Professor of History
B.A., University of Illinois
M.A., C.Phil., Ph.D., University of California, Los Angeles

*MARKWELL, TERRY
Instructor of Dance
B.A., Butler University

MARS DEN, STEVEN P.
Division Chair, Mathematics
Professor of Mathematics
B.A., M.A. T., University of California, Los Angeles

*MARSTON, PETER J.
Instructor of Speech
B.A. Occidental College
Ph.D., University of Southern California

MASSION, GARY R.
Professor of Mathematics
B.A., University of California, Santa Barbara
M.A.T., University of California, Los Angeles

*MATTI, MICHELLE
Instructor of Business
B.S., M.B.A., University of Southern California
J.D., Loyola Law School

MAYO, PAUL
Professor of Music
B.Mus., University of Southern California

*MAZER, ALAN SCOTT
Instructor of Computer Science/Information Systems
B.S., University of California, Irvine
M.S., University of California, Los Angeles

*McCONVILLE, IRENE
Instructor of English
B.A., University of California, Los Angeles
M.A., California State University, Northridge

McCUE N, JO RAY
Dean, Evening College
A.B., Pacific Union College
M.A., Ph.D., University of Southern California

McGEE, DAVID
Instructor of Adapted Computer Technology
B.A., M.A., California State University, Los Angeles
Ph.D., University of California, Los Angeles

McMURREY, FRANK LYNN
Associate Professor of Dance
B.A., American University of Beirut

McMURRAY, THOMAS
Instructor of Health and Physical Education
B.A., California State University, Los Angeles

McRAE, MAUREEN
Associate Dean, Student Financial Services
B.A., University of Redlands
M.A., University of Sheffield

*MEADER, MELISSA ANN
Instructor of Biology
Ph.D., Pennsylvania State University

MEADOWS, ROBERT J.
Associate Professor of Administration of Justice
B.S., Northern Arizona University
M.S., Ed.D., Pepperdine University
Ph.D., Claremont Graduate School

MERCADÉ, JOSÉ
Division Chair
 Counselor
Director, Study Abroad Programs
Coordinator, Baja California Field Studies Program
A.A., Pasadena City College
B.A., M.S., California State University, Los Angeles
Ed.D., Nova University

MERRIMAN, HELEN
Division Chair, English as a Second Language, Non-Credit
Assistant Professor of English as a Second Language
B.A., M.A., California State University, San Francisco

MESEROW, JUDITH
Counselor
Associate Professor
B.S., University of Northern Colorado
M.A., California State University, San Bernardino

MEYER, DIANE L.
Counselor
Professor
A.B., University of Michigan
M.S., California State University, Los Angeles

*M EYERS, LINDA
Instructor of English
B.A., University of California, Los Angeles
M.A., California State University, Los Angeles

* Adjunct Faculty
MIKETTA, JAMES BRETT  
Instructor of Computer Science/Information Systems  
A.A., Glendale Community College  
B.S., University of Southern California  
M.S., Claremont Graduate School

*MILLER, K. ELAINE  
Assistant Professor of Biology  
B.S., M.S., California State University, Los Angeles

*MILLER, MICHAEL  
Instructor of Political Science  
B.S., University of Houston  
J.D., Southwestern University

MIRCH, MARY  
Associate Professor of Allied Health  
B.S.N., University of Virginia  
M.S., University of Arizona

MIZUNO, LYNN  
Assistant Professor of Biology  
B.S., University of Southern California  
M.S., California State University, Los Angeles  
Ph.D., University of Southern California

*MONDarus, MartIn  
Professor Emeritus of Art  
A.B., California State University, Los Angeles  
M.F.A., Claremont Graduate School

MONTANTE, ANGELO THOMAS  
Professor of History  
A.A., Santa Monica City College  
M.A., California State University, Northridge  
B.A., C.Phil., Ph.D., University of California, Los Angeles

MORALEs, MATILDE E.  
Director, Citizenship Center  
B.S., University of Mexico  
M.S., California State University, Los Angeles

*MORAN, BRIAN  
Assistant Professor of Drafting  
A.A., Glendale Community College

*MORGAN, KAREN OLIVIA  
Instructor of Fashion  
B.A., Brigham Young University

*MUDRA, SCOTT E.  
Instructor of Mathematics  
B.S., Kansas Newman College  
M.S., University of Nebraska

MURPHY, KATHLEEN  
Professor of Allied Health  
R.N., S.C.M., Edgware Hospital, London  
B.S.N., M.S.N., California State University, Los Angeles

*MYERS, KEVIN  
Instructor of Ceramics  
B.F.A., M.F.A., Otis Art Institute of Parsons School of Design

*NANDKISHORE, EDGAR R.  
Assistant Professor of Business  
B.A., St. Stephen's College, University of Delhi  
M.B.A., University of Delhi  
J.D., Western State University College of Law

NAUMER, JANET NOLL  
Associate Dean, Library and Media Services  
B.A., Pennsylvania State University  
M.A., University of Denver  
Ph.D., University of Colorado, Boulder

NEWBERRY, LARRY  
Assistant Professor of Mathematics  
B.S., M.S., Wichita State University

*NEwHOFF, ROBERT A.  
Instructor of Computer Science/Information Systems  
B.S., Northwestern University

*NEWLIN, JOAN  
Assistant Professor of Physical Education  
B.A., University of California, Berkeley  
M.A., California State University, Los Angeles

NEY, DONALD  
Associate Professor of Electronics and Computer Technology  
B.S., Southern Illinois University  
M.A., Azusa Pacific University

*NIBLEY, LINDA S.  
Professor Emeritus of English  
A.B., M.A., University of California, Los Angeles

*NISHIMOTO, MASAKO  
Instructor of Mathematics  
B.A., University of California, Los Angeles  
M.A., University of Southern California

*NISSEN, EDWARD  
Assistant Professor of Accounting  
B.S., Midland College  
M.A., Omaha University

*NOLLAR, JUDITH  
Librarian  
A.B., University of California, Los Angeles  
M.S., Immaculate Heart College

NOORI, PARIS  
Counselor  
B.S., Southern Illinois University, Carbondale  
M.A., California State University, Los Angeles

NORMAN, RUSSELL F.  
Professor of Business  
B.S., M.Ed., University of California, Los Angeles

* Adjunct Faculty
NORRIS, LEE  
Professor of Applied Science

NOVINGER, ANNE MARIE  
Professor  
Specialist, Health Services  
A.A., Pasadena City College  
B.A., M.A., California State University, Los Angeles

NOWINSKI, STUART  
Assistant Professor of Chemistry  
B.S., M.S., California State University, Long Beach

*NUNN, MARSHALL E.  
Professor Emeritus of History  
A.B., Stanford University  
M.S.L.S., University of Southern California

NUNNELEE, B.H. (JIM)  
Assistant Professor of Applied Science  
B.S. Northrop Institute of Technology  
FAA Ratings: Private Pilot, Airframe and Powerplant, Authorized Inspector, Designated Mechanical Examiner

*O'CONNOR, MICHAEL  
Assistant Professor of Geography  
B.A., University of California, Los Angeles  
M.A., California State University, Los Angeles

*ODEL, FRANKLIN  
Instructor of Photography  
B.F.A., M.F.A., California Institute of the Arts

*ODRICH, STEVE  
Instructor of Mathematics  
B.A., California State University, Northridge  
M.S., California State University, Los Angeles

*OLENIK, JANET L.  
Instructor of Art  
A.A., Moorpark College  
B.F.A., Otis Art Institute, Los Angeles  
M.A., California State University, Los Angeles

OPPENBERG, ELLYN  
Instructor of Learning Disabilities  
B.A., California State University, Northridge  
M.A., California State University, Los Angeles

*OSBORN, BARBARA  
Instructor of Journalism  
B.A., Barnard College  
M.A., Hunter College

OWEN, ANTHONY R.  
Assistant Professor of Applied Science  
FAA Airframe and Powerplant Mechanic License, Commercial Pilot License, Airplane single and Multi-Engine Land Instrument Rating, I.A.

*OWENS, ARTHUR E.  
Assistant Professor of Accounting  
B.A., California State University, Los Angeles

*PACK, PHILLIP  
Instructor of Biology  
Ph.D., Claremont Graduate School

*PACK, RICHARD  
Assistant Professor of Geography  
B.A., University of California, Los Angeles  
M.S., Oregon State University

PAL, POORNA  
Instructor of Geology  
B.S., M.S., Ph.D., Osmania University, India

PAPAIOANU, NICK  
Associate Professor of Electronics and Computer Technology  
A.A., Pasadena City College  
B.A., M.A., California State University, Long Beach

PARKER, GARY W.  
Dean, Admissions and Records  
B.A., M.A., Ph.D., University of California, Riverside

PARKER, RANDAL  
Instructor of Philosophy  
B.A., University of British Columbia  
M.A., University of California, Berkeley

*PARKER, WILLIAM L.  
Professor Emeritus of Philosophy  
A.B., Point Loma College  
M.A., University of Southern California  
J.D., Loyola University School of Law
